BY GOVERNOR

State of Maine
Executive Department
FINANCIAL ORDER

OK 10/22/20

ORDERED,

That the State Controller increase allotment in account 014-03B-0144-01, Maine State Prison, by $500,000 in the Capital Expenditures line category for the purpose of meeting vendor obligations associated with the construction of a higher education center within the Maine State Prison; and,

Be it further ordered,

that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order will increase allotment by $500,000 to meet the obligations associated with the construction of a higher education center within the Maine State Prison. The facility has recently received a grant from the Sunshine Lady Foundation and will be working with The University of Maine at Augusta to construct the higher education center. Failure to allot these funds will have a detrimental impact of the facility's ability to provide high quality post-secondary education to inmates. The project start was delayed and is beginning now, in fiscal year 2020-21. The Building and General Services project number is PT 3110.

FINANCIAL ORDER

[redacted]

10/22/20

ORDERED,

That the State Controller increase allotment in account 014-07A-Z122-01, Governor's Energy Office, by $30,132 in the All Other line category for the purpose of funding a renewable energy assessment contract; and,

Be it further ordered,
the State Controller revise the allotment in account 014-07A-Z122-01, Governor's Energy Office, by increasing the second quarter allotment by $47,510 in the All Other line category and by decreasing the third quarter allotment by $22,591 and the fourth quarter by $24,919 in the All Other line category; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order increases and revises allotment in the All Other line category. The contractor will produce a renewable energy market assessment that provides modeling, an overview of other state energy policies and their interplay with Maine, as well as policy options for Maine to achieve its renewable energy objectives. Funding for this project will be provided by the Public Utilities Commission. Failure to allot this financial order will result in the agency's inability to obligate funds to achieve one of its renewable energy objectives.

FINANCIAL ORDER

APPROVED
OCT 2 2 2020
BY GOVERNOR

BW 10/22/20

ORDERED,

That the State Budget Officer be authorized to establish in account 013-07A-Z122-01, Governor's Energy Office, the following position in accordance with Title 5, section 1583-A: one limited-period Public Service Coordinator II position; and,
Be it further ordered,
that the State Controller increase allotment by $37,078 in account 013-07A-Z122-01, Governor's Energy Office, in the Personal Services line category and increase allotment by $37,078 in the Personal Services line category and increase allotment by $131,261 in the All Other line category in account 014-07A-Z122-01, Governor's Energy Office, for the purpose of funding the position and contractual obligations; and,
Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order establishes one limited-period Public Service Coordinator II position beginning November 30, 2020 and ending November 29, 2022 and increases allotment in the All Other line category. This position is critical to meeting the obligations of a recently awarded federal grant from the Department of Commerce, CFDA 11.307, to develop an offshore wind economic roadmap for the State of Maine. This position will be responsible for managing the full spectrum of developing the roadmap from detailed, day to day activities, to ensuring overall goals and deadlines are met. The roadmap, a federal-funded two-year effort, will give the State of Maine the tools necessary to jumpstart a new, innovative industry that complements existing industries and creates economic opportunities for our communities. This position will be funded 50% from the federal grant and 50% from a cash matching contribution from Maine Technology Institute. Failure to allot these funds will result in the agency's inability to meet the terms and conditions of the grant.

FINANCIAL ORDER

10/22/20

ORDERED,

That the State Controller increase allotment in account 014-07A-0072-01, Blaine House Renovations and Repairs Fund, by $77,769 in the All Other line category for the purpose of funding maintenance and repairs; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance for necessary maintenance and repairs to the Blaine House. Funding will be used for a fencing project, small miscellaneous building projects and maintenance of the Blaine House lawns and gardens. Failure to allot these funds will result in the inability of the agency to execute maintenance obligations and undertake needed repairs.

FINANCIAL ORDER

OK
10/22/20

ORDERED,

That the State Controller increase allotment in account 014-10A-Z219-22, Riverview Reimbursement, by $595,670 in the All Other line category for the purpose of allotting a portion of the unencumbered balance forward to fund roof repairs, the 10% state share of a new medical records system and a contracted outpatient psychiatrist position; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward to fund roof repairs, the 10% state share of a new medical records system and a contracted outpatient psychiatrist. The funding for the roof repairs will only take care of the damaged areas. Failure to allot these funds will not allow the roof to be repaired and it would become a dangerous infection control issue for patients and staff. If the 10% portion of the state share of the new medical records system is not paid this could cause a delay in the multimillion-dollar project moving forward. This could jeopardize the certification of the hospital with the Center for Medicare and Medicaid Services. There will not be a contracted outpatient psychiatrist for Riverview Psychiatric Center.

That the State Controller increase allotment in account 014-09A-0535-02, Fish Hatchery Maintenance Fund, by $10,000 in the Capital Expenditures line category for the purpose of allotting a portion of the unencumbered balance forward in order to purchase land adjacent to the Phillips fish hatchery; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order will allot a portion of the unencumbered balance forward in order to purchase property adjacent to the Phillips fish hatchery to secure property access at the site. Failure to approve this financial order would have a detrimental impact on the department's ability to definitively state where the property's driveway is located which is currently debatable. Without this purchase the department would need to research and survey the property to solidify its boundaries and likely incur expenses that would be equivalent to purchasing this property.

That the State Controller increase allotment in account 014-09A-0535-02, Fish Hatchery Maintenance Fund, by $132,000 in the Capital Expenditures line category for the purpose of allotting a portion of the unencumbered balance forward to purchase replacements for two two-ton stocking trucks, two one-ton stocking trucks, two fish stocking truck beds, and two sets of fish stocking tanks; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward in order to fund the replacement of two two-ton stocking trucks, two one-ton stocking trucks, two fish stocking truck beds, and two sets of fish stocking tanks. The Department will reallocate General Fund encumbered Capital Expenditures to Other Special Revenue Capital Expenditures to meet the $125,000 General Fund curtailment amount required on Statewide Financial Order 001152 F1. Failure to approve this financial order would cause the department to use outdated and unreliable stocking equipment for the department's fish stocking efforts.

FINANCIAL ORDER

10/22/20

ORDERED,

That the State Controller transfer $10,786 from the All Other line category to the Capital Expenditures line category within account 010-13A-0027-01, Bureau of Marine Science, for the purpose of purchasing electronic controls for the lab's heating, ventilation, and air conditioning (HVAC); and,

Be it further ordered,
that the State Controller increase the allotment in account 010-13A-0027-01, Bureau of Marine Science, by $10,786 in the Capital Expenditures line category, and decrease the allotment in account 010-13A-0027-01, Bureau of Marine Science, by $10,786 in the All Other line category for the purpose of purchasing electronic controls for the lab's heating, ventilation, and air conditioning (HVAC); and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order transfers funding from the All Other line category to the Capital Expenditures line category within the Bureau of Marine Science to complete the migration of the West Boothbay Harbor Laboratory from pneumatically controlled heating and air conditioning controls to electronic controls. This change will decrease the energy footprint by eliminating three large compressors and increase the ability to monitor and control heating/cooling in all office spaces. The modifications will allow a near full cost recovery within five years of the project. Current controls are original to the facility (1992) and replacements are no longer available. Due to the emergency nature of this request, the Department will manage expenditures within the All Other line category, and the reduction will not cause an additional need in the account in fiscal year 2021. Failure to allot these funds will have a detrimental impact on the department's ability to be able to complete the migration that was worked on with the Bureau of General Services and the contract with Honeywell International Inc.

That the State Controller increase allotment in account 014-16A-0547-01, Turnpike Enforcement, by $80,315 in the Capital Expenditures line category for the purpose of purchasing vehicles; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order increases allotment in the Capital Expenditures line category within the Turnpike Enforcement program to purchase 2 unmarked Ford Interceptors. Funding is derived from the Maine Turnpike Authority. The allotment for this purchase was previously encumbered in fiscal year 2018-19, however, the encumbrance lapsed before delivery of the vehicles could occur and the agency could take possession of the vehicles. Failure to approve this order will result in the inability to take possession of the vehicles.
