Presented by Representative MALABY of Hancock.

Be it enacted by the People of the State of Maine as follows:

- **Sec. 1. 34-B MRSA §3801, sub-§4-A, ¶D,** as enacted by PL 2009, c. 651, §4, is amended to read:
 - D. For the purposes of section 3873-A, in <u>In</u> view of the person's treatment history, current behavior and inability to make an informed decision, a reasonable likelihood that the person's mental health will deteriorate and that the person will in the foreseeable future pose a likelihood of serious harm as defined in paragraphs paragraph A, B or C.

9 SUMMARY

 Under current law, for the purpose of admission to a progressive treatment program a determination that a person poses a likelihood of serious harm takes into consideration the likelihood that a person's mental health will deteriorate and that the person will in the foreseeable future pose a likelihood of serious harm. This bill expands the definition of "likelihood of serious harm" to apply those same considerations for purposes other than admission to a progressive treatment program.
