Please share on my behalf to the committee my opposing L.D. 337.

I feel the hunting of these beautiful creatures is inhumane, leaves homeless Cubs and it serves no benefit to the public as the baiting only teaches them to consume human food.

I work in a school and learned the hunting with 10 year old boys, to continue the tradition, leaves young boys with inner conflict showing in their drawings, as well as their classmates are too horrified by the stories. They typically act this out.

We condemn people who abuse animals labeling with mental illness then have a sport hunt to kill innocent wildlife does not make any sense. There has to be a better way.

I believe as civilized human beings we have evolved and there is no price tag that is worth throwing Compassion and Humanity to the side for the sake of a sport.

Please oppose LD 337.

Thank you,  
Perla Hannelore
