Thus, it is referenced here, rather than repeated in the “report” column for all 12 strategies. It should also be noted that the perspectives report did not make findings or include recommendations.

2. OCFS reported that they conducted internal surveys and sought input from staff at all levels across the state in mapping their strategic initiatives –those internal reports are not referenced in “report” column of this chart.

3. PCG produced 3 reports for OCFS:

December 2018 – Behavioral Health Services Assessment. **February 2019** – Child Welfare Business Process Redesign (permanency and adoption).
