Hi Steve,

At the public hearing on LD 111, I indicated that I would provide the Committee with information about the plans that we administer and the Social Security benefit offsets. Attached is a chart that provides the key plan provisions for the State-sponsored plans that MainePERS administers. Some of this information was also presented in the January 27 briefing and can be found in that presentation. I'd be happy to walk through this information with the Committee if it would be helpful

Information about the Social Security benefit offsets can be found on their website as follows:

Government Pension Offset

Windfall Elimination Provision

<http://www.socialsecurity.gov/pubs/EN-05-10045.pdf>

If there is other information that you think would be helpful for the upcoming work session, please let me know

Best,

Kathy
