Representative FREDETTE of Newport **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought Not to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER**: The Chair recognizes the Representative from Arundel, Representative Parry.

Representative **PARRY**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. This bill was my bill. I was a little surprised on how the Committee Report came out. It's just a basic reporting bill, and the reason I brought it forward was because there was an issue that actually happened to me in one of my races in 2014. My opponent paid for three mailers, but only one went out in the district, and I don't know if the mail house just lost them, I don't know what happened. But, I spoke with the Executive Director of the Ethics Commission and he explained to me that they have no way to track if a mailer is actually executed. They know when the money is spent, but they have no idea, and no way to track, if it's actually executed, actually goes out. So, I looked at this bill as a this-affects-everybody's bill, so I was kind of surprised at the party line vote. I just think that we've got to give Ethics the tools that they need in looking at any expenditures, rather at clean elections or traditional, rather it be a candidate or a PAC, and I really believe that this is something we should do. In the public hearing there was nobody that testified against the bill. The Ethics Commission testified neither for nor against. And also, the clean election, Mr. Bosse testified neither for nor against because he didn't know my intent, and as soon as he realized what my intent was, they had no problem with the extra reporting requirement. Basically, what the reporting requirement does is, the major part of the bill, was everyone that sends out a mailer needs to add the Ethics Commission into that mailer – their address – so one of the copies goes to the Ethics Commission that's exactly like the mailer that goes to every person in all of our districts. Rather that be a PAC mailer or one of our own mailers. So, I think this is a necessary tool for the Ethics

Commission, to be able to track when the mailers actually go out and if they go out, and I believe it's an important step. Thank you very much.

The SPEAKER: The Chair recognizes the Representative from Winthrop, Representative Hickman.

Representative **HICKMAN**: Thank you, Madam Speaker. Madam Speaker, Women and Men of the House, I have the testimony of the director from the Ethics Commission in front of me, and I will just read one sentence, called constitutionality: "When the state government restricts the time, place or manner of political speech, or preconditions political speech on a filing requirement with the state, there can be a risk that the provision will be challenged in federal or state court." That is why we voted Ought Not to Pass. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Ellsworth, Representative Luchini.

Representative **LUCHINI**: Thank you, Madam Speaker. Madam Speaker, Men and Women of the House, I'll also rise to briefly explain the majority's position for the Ought Not to Pass Report. I think this bill does really two things, primarily. The first has been described, which is to require one copy of every mailing to be sent to the Ethics Commission. The second puts in a provision that's very problematic, which would require that, once you spend money to pay for a mailing, that mailing needs to be posted for mail within 14 days. So that's very difficult, as was just discussed on a legal perspective, by placing timing on political speech. But, it's also difficult from a practical standpoint. I think many people here, when they are doing their mail programs, they may use a vendor. The way that this bill is written, once you make that expenditure, you'd have 14 days for the entire editing process, design process, revisions, print, and mail to thousands of people. Or if many people here send their own postcards, that means, from the day that you pay for those postcards, you have to design and print them, put them in the mail, label, stamp, within 14 days. As raised by ethics, anytime you place a restriction on political speech, that becomes an issue that could be challenged in the courts, and when we lose in the court on First Amendment claims, that means the state has to pay for the winning side's court costs and legal fees. The second element that was discussed was sending one copy of everything to the Ethics Commission. From a standpoint of the commission, they'd have to receive thousands of mailers and keep them sorted. Not necessarily a huge problem, but they did point out that if there was a concern that a vendor wasn't sending out mail, someone could simply put in a complaint to the Ethics Department, and then they would investigate the complaint that way, rather than writing a new law to try to get this one situation. So, for those reasons the majority voted Ought Not to Pass. Thank you, Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Arundel, Representative Parry.

Representative **PARRY**: Thank you, Madam Speaker, Ladies and Gentlemen of the House. Sorry for rising a second time. I don't believe this restricts political speech at all. It's just a reporting requirement, which we are all required to do. I don't know why we would want to make it so that the Ethics Commission does not know and cannot track at all if a mailer actually goes out. Thank you.

The SPEAKER: The Chair recognizes the Representative from Chelsea, Representative Sanderson.

Representative **SANDERSON**: Thank you, Madam Speaker. May I pose a question through the Chair?

The SPEAKER: The member may proceed.

Representative **SANDERSON**: Could anybody please answer, or explain to me, how just having one extra copy sent to the Ethics Commission restricts political speech?

The SPEAKER: The Representative from Chelsea, Representative Sanderson, has posed a question through the Chair. Is there anyone who would like answer? The Chair recognizes the Representative from Ellsworth, Representative Luchini.

Representative **LUCHINI**: Thank you, Madam Speaker. To address the question -- it's not the mail piece being sent to Ethics that raises the constitutionality question. It's the 14-day time requirement, because that is placing a time limit on political speech, that raises the constitutionality issue.

The SPEAKER: The Chair recognizes the Representative from Monmouth, Representative Ackley.

Representative **ACKLEY**: Thank you, Madam Speaker. Could I pose a question through the Chair?

The SPEAKER: The Representative from Monmouth, Representative Ackley, may proceed.

Representative **ACKLEY**: Thank you, Madam Speaker. If someone could answer this question for me from the chamber: If I were to hand write a postcard to one of my constituents, would that unique postcard then have to be sent to the Ethics Commission?

The SPEAKER: The Representative from Monmouth, Representative Ackley, has posed a question through the Chair for anyone who may answer. The Chair recognizes the Representative from Canaan, Representative Stetkis.

Representative **STETKIS**: Thank you, Madam Speaker. I'd like to pose a question through the Chair as well. I would like to know how this reporting requirement would differ from the current 24-hour reporting requirement we have now. As folks may know, in the last few weeks of the election cycle, you pay for, send out, a mailer, you're required currently to report that within 24 hours. I'm not sure how 14 days and 24 hours, how one is constitutional and one would not be.

The SPEAKER: Representative from Canaan, Representative Stetkis, has posed a question through the Chair. The Chair recognizes the Representative from Arundel, Representative Parry. Representative Parry, are you rising to answer one of these two questions, having spoken twice already?

Representative **PARRY**: No, I'm all set.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought Not to Pass Report. All those in favor will vote yes, those opposed will vote no.

**READ.**

Representative LUCHINI of Ellsworth moved that the House **ACCEPT** the Majority **Ought Not to Pass** Report.

Representative FREDETTE of Newport **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought Not to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Chair recognizes the Representative from Hancock, Representative Malaby.

Representative **MALABY**: Madam Speaker, I rise in opposition to the pending motion and wish to speak to my motion.

The SPEAKER: The member may proceed.

Representative **MALABY**: The motion before you today, Ladies and Gentlemen, negates a simple, nonpartisan bill which would require that clean election candidates must state in all paid advertising that the communication was paid for with Maine taxpayer funds. This would be in addition to the current requirements that, you know, indicate that we must

conspicuously state that the communication was authorized by either the candidate, the candidate's authorized political committee, or its agent. The Majority Report before you is a blatant attempt at subverting the whole truth in the interest of political expediency, and it perpetuates an advertising smokescreen. As such, it does not deserve your support and further erodes the integrity of the electoral process. It is time that the public be fully informed of the source of those clean election dollars, which are clearly Maine taxpayer funds, whether arising from a Maine taxpayer's voluntary contribution, funds from the Maine Income Tax checkoff, Maine taxpayer fines and penalties, or has been disbursed from the General Fund. I note that clean election funding is utilized by members of both political parties, as well as the unenrolled. My experience over the last five election cycles is that many constituents are unaware of the funding source for clean election candidates. This has often led to some heated discussions in which I attempted to educate my constituents of the fact that clean election funds were, in fact, taxpayer money. Many were flabbergasted at this, as nowhere in the communications they received was this documented. There were some who thought I was lying, and others who questioned the choice of the phrase, "clean elections," still others who question why this spending was a priority for the Legislature when we have so many other needy populations. I personally think the choice of the phrase, "clean election" was a brilliant marketing ploy. However, by omitting the fact that those are taxpayer funds, it is also significantly less than truthful and as such, is inaccurate. It is my belief that our citizens deserve nothing less than the full truth. As Thomas Jefferson stated, "Whenever the people are well informed, they can be trusted with their government." I would like to restore some integrity to the electoral process and I ask that you oppose the pending motion. Thank you.

The SPEAKER: The Chair recognizes the Representative from Ellsworth, Representative Luchini.

Representative **LUCHINI**: Thank you, Madam Speaker. Madam Speaker, Men and Women of the House, I'll briefly explain the majority's rationale for the Ought Not to Pass. As was just said, this adds an additional layer of disclosure for clean election candidates only. And it would say that this was paid for with Maine taxpayer dollars. I think, just to put it simply, there are a lot of cases where this would, may, not be accurate. This disclosure, in the clear instance, would be if you paid for a mailing with your seed money contributions. If that's considered to be taxpayer dollars, then so should every contribution that goes to a traditional candidate as well. As was just stated, money comes from various sources within the fund. The majority is public financing. But they do get money from seed money, you get voluntary contributions by people, people who check the box on their tax forms, you get fines, penalties, and the \$5 checks that come through. For those reasons, we're opposed to this because it simply isn't accurate in all cases, and it's really an attempt to weaken the Maine Clean Election system.

The SPEAKER: The Chair recognizes the Representative from Dixfield, Representative Pickett.

Representative **PICKETT**: Thank you, Madam Speaker. Madam Speaker, Ladies and Gentlemen of the House, I rise in opposition to the pending motion. I'm a clean election candidate. I was for the 127<sup>th</sup>. I was again for the 128<sup>th</sup>. I believe that as a clean election candidate. We, as anyone else, traditional or not, we should not be afraid of being transparent in the actions that are taken with the funds that we have. I have no problem with the last bill. I have no problem

with this bill. And as a clean election candidate, I would think that none of us would have problems with it because it is transparency and it's good government. Thank you.

The SPEAKER: A roll call has been ordered. The pending question before the House is Acceptance of Majority Ought Not to Pass Report. All those in favor will vote yes, those opposed will vote no.

The Following Communication: (H.C. 132)

**STATE OF MAINE  
OFFICE OF THE GOVERNOR  
1 STATE HOUSE STATION  
AUGUSTA, MAINE 04333-0001**

April 14, 2017

The 128th Legislature of the State of Maine  
State House

Augusta, Maine

Dear Honorable Members of the 128th Legislature:

Under the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing LD 172 "An Act to Improve Officer Safety at Roadside Incidents."

This bill would allow police to use red emergency lights on their vehicles. The bill specifies that 50 percent of the emergency lights on police vehicles may be red. My objections to this bill are many. First, and most importantly, we need to have uniformity when it comes to emergency lighting. It would be bad policy to have such a multitude of different colored lights on emergency vehicles that motorists are not able to identify one type of emergency vehicle from another.

Second, different colored emergency lights are treated differently by motorists. Since becoming Governor, I have had the privilege of being driven around the State by my Executive Protection Unit. Because I do not have to concentrate on driving, I have been able to watch the driving habits of my fellow citizens. In my travels, I have noticed motorists pull over much less frequently for red lights than they do for blue lights.

And the third flaw with this bill is that it allows red lights, but does not mandate them. Because of this, some departments would likely allow red lights and some would not. This patchwork approach would lead to confusion. Finally, if we were to mandate the use of red lights by police, then the Legislature should fund this local mandate.

Because LD 172 fails to take into account these important public safety hazards, I cannot support it. For this reason, I return LD 172 unsigned and vetoed. I strongly urge the Legislature to sustain it.

Sincerely,

S/Paul R. LePage

Governor

**READ and ORDERED PLACED ON FILE.** Sent for concurrence.

The accompanying item An Act To Improve Officer Safety at Roadside Incidents

(H.P. 128) (L.D. 172)

The SPEAKER: The Chair recognizes the Representative from Sanford, Representative Harrington.

Representative HARRINGTON: Thank you Madam Speaker, Ladies and Gentlemen of the House. Just briefly, I put this bill forward for a few basic reasons. The most of which

is that red lights provide better visibility during the day. Many police departments in the state already are doing this. This bill will put them in compliance, including some State Police vehicles. It's supported by the Maine Chiefs of Police --

The SPEAKER: The member will defer. The member will defer. The House will be in order. Any conversations need to be moved outside the Chamber at this time. The member may proceed.

Representative HARRINGTON: As I was saying, dozens of agencies are already doing this in the state, so this will put them in compliance. It is supported by the Maine Chiefs of Police Association, and had a strong report out of Transportation that was 12-1. This is very similar to legislation passed several years ago that allows fire trucks to have a blue light. This will just allow law enforcement vehicles to have red lights. Thank you.

After reconsideration, the House proceeded to vote on the question, 'Shall this Bill become a law notwithstanding the objections of the Governor?' A roll call was taken.

The SPEAKER: The pending question before the House is 'Shall this Bill become a law notwithstanding the objections of the Governor?' All those in favor will vote yes, those opposed will vote no.
