SUMMARY

This resolution proposes to amend the Constitution of Maine to authorize the Legislature to require municipalities to cap property taxes on property owned and occupied as a person's primary residence if that person is at least 65 years of age. The tax would be stabilized at the amount assessed on the property on the later of the date by which the person attained 65 years of age or purchased the property. Upon transfer of the property to someone other than a family member of the owner, the property would assume the just value at the time of transfer.
