SUMMARY

The bill, as amended by Committee Amendment “B,” eliminates the requirement that notification of rulemaking relating to the status of a shellfish area be published in a newspaper. This amendment directs that the resulting savings be transferred to the Shellfish Fund, which is established for the management, enforcement, restoration, development and conservation of shellfish and mussels in the intertidal zone

or coastal waters, and allocates those funds for funding overtime for water quality staff and training volunteers in the water quality program.
