All essential service employees are required to take 3 temporary layoff days without pay; these days must be different than the temporary layoff days imposed on nonessential service employees and must be by agreement with the essential service employees' supervisors. Sec. KK-2. State Government closure; determination of essential service employees. Pursuant to section 1, all state departments, agencies and offices must be closed on the days specified in section 1 except for essential programs and federally funded services. The chief administrative officers of the legislative and judicial branches shall notify the Commissioner of Administrative and Financial Services of their determinations regarding essential programs, federally funded services and essential and nonessential service employees.

Any nonessential service employee who is not required to work because those departments, agencies and offices are closed on those days must take the days off without pay, but for each such day off is entitled to receive an additional day of compensation at the time that the employee leaves state service. Those additional days must be at the employee's rate of pay at the time the day off is taken or the rate at the time the employee leaves, whichever is higher.

Any essential service employee who works on those days is entitled to receive, in lieu of pay, compensating time off for such hours worked, and for each such day worked is entitled to receive an additional day of compensation at the time the employee leaves state service. Those additional days must be at the employee's rate of pay at the time the day off is taken or rate at the time the employee leaves, whichever is higher.
