Fiscal Detail and Notes

Increasing the compensation for a career and technical education region cooperative board member by up to \$10 for each meeting the member attends will increase the total State and local cost of K-12 public education and the State's share of that cost. The cost to local school administrative units, estimated to be \$4,800 per year, will begin in the 2013-14 school year. These costs will be included in the subsidy calculation for Career and Technical Education in fiscal year 2015-16 with the State's share estimated to be \$4,800 * 55% or \$2,640 based on current law.
