### Fiscal Note

No State fiscal impact

Local costs at discretion of governing boards

#### Fiscal Detail and Notes

This legislation may increase costs to local school administrative units to provide alternative breakfast delivery services if, after a public hearing, the governing board of a school administrative unit votes to implement the program. The cost to individual school administrative units can not be determined.

This fiscal note assumes that the required public hearing will occur during a regularly scheduled meeting of the local school administrative unit's governing board and that the required public notice will be provided as part of the regular notice of a meeting of the governing board.
