## Fiscal Note

No change to revenue

### Fiscal Detail and Notes

This amendment directs the Department of Marine Resources to annually issue one elver exporter's license to the Houlton Band of Maliseet Indians at no cost. This is in addition to the elver dealer's license required by the original bill. Since the Houlton Band of Maliseet Indians has not purchased an elver exporter's license in the past, there is no anticipated revenue loss from this directive.
