Other Special Revenue Funds	\$0	\$103,540	\$231,520	\$88,520

Fiscal Detail and Notes

This bill bans the use of glyphosate under certain conditions and directs the Board of Pesticides Control (BPC), within the Department of Agriculture, Conservation and Forestry, to establish an environmental risk advisory committee to assess the environmental and human risks associated with the use of glyphosate and complete a final report of their findings by February 1, 2023. The BPC has indicated that it will require additional staffing to complete these tasks. The bill includes additional allocations of \$103,540 to the BPC to allow expenditure of existing resources for one toxicologist, contracted staffing, environmental sampling and literature review. The impact of these new unfunded costs on other programs in the BPC cannot be determined at this time.
