Fiscal Detail and Notes

The Office of Professional and Occupational Regulation (OPOR) within the Department of Professional and Financial Regulation will require a one-time Other Special Revenue Funds allocation of \$20,000 in fiscal year 2023-24 to contract for services to study ways to give financial incentives to plumbing and electrical contractors to take more small jobs for consumers. OPOR assumes that the Plumbers' Examining Board and the Electricians' Examining Board will split the cost of the study and has indicated that both boards have sufficient budgeted resources to fund the allocation without increasing fees.
