Secretary of the Senate

Presented by President JACKSON of Aroostook. (GOVERNOR'S BILL)

Cosponsored by Speaker GIDEON of Freeport and

Senator: DOW of Lincoln, Representative: DILLINGHAM of Oxford.

1           **Emergency preamble. Whereas,** acts and resolves of the Legislature do not  
2 become effective until 90 days after adjournment unless enacted as emergencies; and

3           **Whereas,** the spread of the novel coronavirus disease referred to as COVID-19 has  
4 created a public health emergency; and

5           **Whereas,** COVID-19 is a highly contagious and sometimes fatal disease that has  
6 infected more than 138,000 people and caused more than 5,000 deaths worldwide,  
7 including more than 1,600 infected and 41 deaths in the United States; and

8           **Whereas,** in response to this widespread disease, the World Health Organization has  
9 declared a pandemic, the President of the United States has declared a national  
10 emergency and the Governor of Maine has declared a civil state of emergency; and

11           **Whereas,** state and federal authorities, including the federal Centers for Disease  
12 Control and Prevention, the Department of Health and Human Services, Maine Center for  
13 Disease Control and Prevention and the Governor of Maine have recommended  
14 cancellation and postponement of gatherings during the spring of 2020; and

15           **Whereas,** the most recommended ways of avoiding infection and further spreading  
16 the virus that causes the disease are for the authorities to reduce the number of public  
17 gatherings and for people to avoid large crowds; and

18           **Whereas,** in an effort to comply with these recommendations, colleges and  
19 universities across the nation have suspended their academic years and closed their  
20 campuses; professional and collegiate sports teams have placed their seasons on an  
21 indefinite hiatus; concerts, conferences and conventions that attract large crowds have  
22 been cancelled; and the United States Congress has barred the public from the grounds of  
23 the United States Capitol; and

24           **Whereas,** municipal leaders seek to ensure public safety by acting in concert with  
25 public health guidelines by discouraging large gatherings and also recognize the  
26 likelihood of low voter turnout at meetings held, depriving voters of full participation in  
27 municipal decisions; and

28           **Whereas,** there is no procedure in Maine law to postpone a municipal secret ballot  
29 election or nomination process already in progress, and delay of municipal budget  
30 meetings will deprive municipal authorities of legal authority to spend and continue  
31 operations; and

32           **Whereas,** it is imperative that action be taken at the earliest possible moment to  
33 allow for continuity of services by municipalities despite the need to postpone meetings;  
34 and

35           **Whereas,** in addition to the assistance already being provided by the banks and  
36 credit unions in Maine, it is imperative that the State respond quickly and in an  
37 appropriate manner to the needs of its residents who have experienced a reduction in or  
38 loss of income due to the impact of COVID-19; and

1 available to work for, and maintains contact with, the relevant employer and the  
2 individual is:

3 A. Under a temporary medical quarantine or isolation restriction to ensure that the  
4 individual has not been affected by the subject condition of the state of emergency  
5 and is expected to return to work; or

6 B. Temporarily laid off due to a partial or full closure of the individual's place of  
7 employment as a result of the state of emergency and is expected to return to work  
8 once the emergency closure is lifted.

9 **3. Waiting period waived.** The waiting period requirement under section 1192,  
10 subsection 4-A is waived for an individual who is dislocated or temporarily laid off as a  
11 result of the state of emergency.

12 **4. Temporary leave of absence due to COVID-19.** Notwithstanding section 1193,  
13 subsection 1, during the state of emergency, an individual who is on a temporary leave of  
14 absence due to a medical quarantine or isolation restriction, a demonstrated risk of  
15 exposure or infection or a need to care for a dependent family member as a result of  
16 COVID-19 is not disqualified from receiving benefits during this absence as long as the  
17 individual continues to remain able and available to work for, and maintains contact with,  
18 the relevant employer.

## 15 PART L

16 **Sec. L-1. Facilitation of voting for June 9, 2020 elections.** Only for the  
17 elections scheduled to be held on June 9, 2020, the Governor may take any reasonable  
18 administrative actions the Governor considers necessary to facilitate voting by all  
19 residents registered to vote in this State in a manner that preserves and protects public  
20 health in response to COVID-19. Pursuant to the Constitution of Maine, Article II,  
21 Section 4, these administrative actions may include, but are not limited to, issuance and  
22 receipt of absentee ballots for the June 9, 2020 elections, as long as those actions are also  
23 designed to facilitate participation by all registered voters, protect the rights of those  
24 voters and safeguard the integrity of the election.

25 **Emergency clause.** In view of the emergency cited in the preamble, this  
26 legislation takes effect when approved.

## 27 SUMMARY

28 This bill provides the Governor, on a temporary basis, with additional powers for the  
29 duration of the state of emergency declared by the Governor in accordance with the  
30 Maine Revised Statutes, Title 37-B, section 742 due to the outbreak of COVID-19 to  
31 enable the Governor to reduce the impact of the pandemic.

32 Part A allows the Governor or the Governor's designee, in consultation with the  
33 Commissioner of Education, to:

34 1. Waive the compulsory school attendance requirements, including the minimum  
35 number of school days, or allow the compulsory attendance requirements to be met  
36 through nontraditional learning systems, including but not limited to remote access; and

37 2. Continue to provide nutrition services to students of schools that are closed due to  
38 COVID-19.

1 The authorization in Part A continues for the duration of the state of emergency and  
2 30 days after the termination of the state of emergency.

3 Part B revises certain unemployment insurance eligibility and benefit charging  
4 provisions under the Employment Security Law to protect public health during the state  
5 of emergency by allowing an individual who takes a temporary leave of absence due to  
6 COVID-19 to qualify for unemployment benefits.

7 Part C allows for the Department of Public Safety, Maine Emergency Medical  
8 Services' Board to delegate functions and authority to Maine Emergency Medical  
9 Services staff without requiring rulemaking. This modification will allow for the board to  
10 respond quickly to emergencies by convening emergency board meetings and  
11 empowering the Director of Maine Emergency Medical Services to undertake specific  
12 activities that the board delegates.

13 Part C also allows the Medical Direction and Practices Board to use  
14 videoconferencing and other technologies to conduct its meetings and, until December  
15 31, 2020, to delegate its duties to the statewide emergency medical services medical  
16 director and the statewide associate emergency medical services medical director.

17 Part D affects municipal budgets and elections by:

18 1. Establishing the prior year's budget as the budget for the ensuing year if an annual  
19 municipal budget meeting is delayed beyond the date the annual budget is customarily  
20 submitted to the legislative body of that municipality for approval due to public health  
21 concerns arising from COVID-19 until a final budget is approved. If a final budget is not  
22 approved in a timely manner and the municipal officers determine that property taxes  
23 must be committed in a timely manner to the collector, the municipal assessor or  
24 assessors may commit property taxes on the basis of the budget deemed approved.

25 2. Allowing a municipal treasurer to disburse money on the authority of a warrant  
26 that is seen and signed by individual municipal officers outside of a public meeting.

27 3. Allowing the municipal officers to postpone the date of a scheduled municipal  
28 secret ballot election when nomination papers have already been issued or filed by  
29 posting notice in a conspicuous public location at least 2 days prior to the date of the  
30 election. The notice must be signed by a majority of the board and must contain specific  
31 information regarding the election.

32 4. If ballots have been printed for the postponed election, allowing the municipality  
33 to use those ballots despite inclusion of the original election date. If absentee ballots have  
34 been issued and returned, the municipality is required to use the ballots printed for the  
35 originally scheduled election. The municipal clerk is required to safeguard and secure  
36 any absentee ballots already returned until the date of the rescheduled election and is  
37 required to process them as required by Title 21-A. During the interim period between the  
38 originally scheduled election and rescheduled election, the clerk may continue to issue  
39 and accept absentee ballots and applications and allow voting in the presence of the clerk  
40 pursuant to Title 21-A.

1 Part D applies retroactively to March 1, 2020 and is repealed January 15, 2021.

2 Part E authorizes a school board, if, due to the state of emergency declared by the  
3 Governor, the level of state subsidy for the 2020-2021 school year is not finalized in  
4 accordance with Title 20-A, chapter 606-B before June 1, 2020 or if school board  
5 meetings are delayed, to delay a school budget meeting otherwise required to be held  
6 before July 1, 2020 to a date on or after July 1, 2020. If a school board elects to delay a  
7 school budget meeting, the meeting must be held and the budget approved within 30 days  
8 of the date the Commissioner of Education notifies the school board of the amount  
9 allocated to the school administrative unit under Title 20-A, section 15689-B or following  
10 the end of the state of emergency.

11 Part E applies retroactively to March 1, 2020 and is repealed January 15, 2021.

12 Part F affects licenses and registrations, such as for motor vehicles, all-terrain  
13 vehicles, watercraft and dogs, issued by a municipality by extending until 30 days after  
14 the end of the state of emergency any registration or license issued by that municipality  
15 that expires during the state of emergency. The registration and licensing fees that would  
16 have been payable but for the extension are due within 30 days following the end of the  
17 state of emergency.

18 Part F also allows a municipality, without conducting a hearing, to grant a request for  
19 a renewal of a license to sell alcohol. This does not affect the ability of a municipality to  
20 deny a request for renewal for specified cause and is valid only during the state of  
21 emergency and the 30 days following the end of the state of emergency.

22 Part F also requires the Secretary of State, Bureau of Motor Vehicles and the  
23 Department of Inland Fisheries and Wildlife to allow a resident of this State to renew the  
24 registration of a motor vehicle, trailer, all-terrain vehicle or watercraft, regardless of  
25 whether the municipality in which that resident resides participates in the online  
26 registration service maintained by the bureau or department, for the duration of the state  
27 of emergency and 30 days following the end of the state of emergency.

28 Part G amends the Freedom of Access Act to allow entities subject to that Act, not  
29 including the Legislature, a legislative committee or the legislative body of a county,  
30 municipality or other public entity, to conduct a public proceeding through telephonic,  
31 video, electronic or other similar means of communication as long as certain specified  
32 conditions are met, including notice of the means of holding the meeting, ensuring that  
33 members of the body can speak and be heard by the other members of the body and  
34 requiring that all votes are taken by roll call. This authorization applies only during the  
35 state of emergency.

36 Part H provides the Governor additional powers under the Maine Emergency  
37 Management Act including:

38 1. To reasonably adjust time frames and deadlines imposed by law for state, county  
39 and municipal governments and other entities when such an adjustment is reasonably  
40 necessary to mitigate a substantial effect of the state of emergency;

1           2. In consultation with the Public Utilities Commission, to suspend the termination  
2 of residential electricity and water services during the period of the state of emergency  
3 and up to 60 days after the state of emergency is terminated; and

4           3. To modify or suspend the requirements for professional or occupational licensing  
5 or registration by any agency, board or commission if strict compliance with such  
6 requirements would in any way prevent, hinder or delay necessary action in dealing with  
7 the state of emergency.

8           These additional powers terminate 30 days after the termination of the state of  
9 emergency, except for the suspension of termination of electricity and water services.

10           Part I establishes the Loan Guarantee Program. The program, administered by the  
11 Finance Authority of Maine, provides easier access to no-interest loans for residents of  
12 this State, including self-employed residents, who experience a reduction in income due  
13 to the state of emergency arising from COVID-19. The program guarantees up to 10% of  
14 the loans eligible credit unions and financial institutions make to affected employees.  
15 Under the program, affected employees are eligible for up to 3 loans, each equal to their  
16 monthly after-tax pay, up to \$5,000, less unemployment benefits. Repayment is due  
17 starting 90 days after the end of the state of emergency and during the subsequent 6  
18 months; during that period, interest may not be charged or accrue on the loan. Following  
19 the end of the 270 days, a credit union or financial institution that made a loan under the  
20 program, after a good faith effort to collect the principal amount of the loan, may apply to  
21 the authority for repayment of the uncollected amount of the loan in default. The  
22 authority is required to make reasonable efforts to recoup the amount of any payments  
23 made to credit unions and financial institutions from the employee who defaulted on the  
24 loan. The authority may not make any loans after December 31, 2020 and the program  
25 ends once all obligations for payment, repayment or discharge of the loans are satisfied.  
26 The bill gives the Joint Standing Committee on Appropriations and Financial Affairs  
27 authority to report out legislation to address any funding needs of the program.

28           Part J delays from April 22, 2020 to January 15, 2021 the requirement that a retail  
29 establishment charge a fee of at least 5¢ per recycled paper or reusable plastic bag used at  
30 the point of sale. Part J also moves up from April 22, 2020 to March 17, 2020 the date on  
31 which the State occupies the whole field of regulation of single-use carry-out bags at  
32 retail establishments, but delays until January 15, 2021 the voiding of any municipal  
33 ordinance in conflict with state law.

34           Part K authorizes the Department of Health and Human Services to require a  
35 designated health care facility to report specific information to the department, such as  
36 the health care facility's emergency management plan and, on a daily basis, the number of  
37 beds available within that facility.

38           Part L authorizes the Governor, only for the elections scheduled to be held on June 9,  
39 2020, to take any reasonable administrative actions the Governor considers necessary to

1 facilitate voting by all residents registered to vote in this State in a manner that preserves  
2 and protects public health in response to COVID-19, including, but not limited to,  
3 issuance and receipt of absentee ballots for the June 9, 2020 elections.

#### Fiscal Detail and Notes

Part A of this bill allows the Governor, in consultation with the Commissioner of Education, to implement a plan to continue to provide lunches to students who are currently receiving free or reduced-priced meals at a school that is closed due to the COVID-19 virus. According to the Department of Education, schools that experience an unanticipated closure are allowed to serve students meals through the summer food service program if they meet certain requirements. Eligible schools that participate in the summer food service program will be federally reimbursed for the meals served.

Part B of this legislation may result in more benefits being distributed from the Unemployment Compensation Trust Fund (Fund) as a result of more individuals being eligible for the benefit in a time of a public health emergency. The cost to the Fund will depend on the number of individuals who experience a work disruption during this time.

Under Part B of the bill, benefits paid to individuals who are dislocated or temporarily laid off as a result of a public health emergency are not to be charged against the experience rating record of any employer. This means that the future contribution rate of employers will not be increased for unemployment benefits attributable to a public health emergency. The Department of Labor has estimated that if the unemployment rate were to increase from the approximately 3% rate (as of December 2019) to 4% from April 1, 2020 to May 30, 2020, the impact to the Fund would be approximately \$8.4 million. If the unemployment rate were to increase to 5% over the same time period, the impact to the Fund would be approximately \$16.2 million. The additional cost will depend on actual experience. Direct reimbursement employers would continue to be charged for benefits to their employees.

Legislation in Part B of this bill also waives the one week waiting period that must be served before an individual who is dislocated or temporarily laid off as a result of a public health emergency can begin collecting unemployment benefits. The cost to the State as a direct reimbursement employer will depend on such factors as the number of employees affected, the length of the work stoppage and the amount of leave employees have available to use during the time they are out.

Additional costs to the Department of Public Safety, Emergency Medical Services, associated with Part C can be absorbed within existing budgeted resources.

Part I of this bill establishes the Loan Guarantee Program Fund (Fund) within the Office of Treasurer of State with a one-time transfer of \$500,000 from the General Fund in fiscal year 2019-20. It also includes an Other Special Revenue Funds allocation to the Office of the Treasurer of State of \$500,000 in fiscal years 2019-20 and 2020-21 to expend the funds. If this amount is not sufficient to cover the State's liability, additional funding will be required. The Fund will be used to guarantee the repayment of the amount of loans made by eligible financial institutions to Maine residents who have experienced a reduction in income since January 1, 2020 until December 31, 2020 due to COVID-19. The bill allows loans up to a maximum of the lesser of \$5,000 or an individual's most recent monthly after-tax pay reduced by any unemployment compensation benefits. Individuals are eligible to apply for up to 3 loans under the program. Administrative costs incurred by the Office of Treasurer of State can be absorbed within existing budgeted resources. Part I also includes a provision that allows the Finance Authority of Maine (FAME) to retain a portion of the money it recovers from loans in default to pay for its costs to administer the loan guarantee program. FAME will not require a General Fund appropriation. However, this provision will reduce the amount of funds returned to the Loan Guarantee Program Fund from the recovery of defaulted loans.

Additional costs to the Department of Health and Human Services associated with Part K can be absorbed within existing budgeted resources.

Depending upon the actions the Governor takes, additional election costs to the Department of Secretary of State may be incurred. No estimate can be made until any such actions are determined. Additional costs to the Office of the Governor associated with Part L can be absorbed within existing budgeted resources.
