5 with regard to awarding the privilege to apply for a casino or slot machine operator

9           **2. Members.** The commission consists of 5 members appointed by the Governor.

16 Governor shall initially appoint one member for a term of one year, 2 members for a term  
17 of 2 years and 2 members for a term of 3 years. A vacancy is filled by appointment for

16           bidders to propose the scope of the gambling facility and amenities to be offered in  
17           conjunction with the facility and how the proposal will ensure that the proposed casino  
18           will provide the State with socially responsible economic growth while operating as a

34           as practicable, the provisions governing competitive bidding prescribed by Title 5,  
35           chapter 155, subchapter 1-A and rules adopted pursuant to that subchapter.

36           **2. Request for proposals; factors; southern casino.** When considering bids

13                  documented, expert market analysis;

24           the local and regional economies to assist with the consideration of bids and development  
25           of the point system required by this subsection. The development of a point system must

28           paragraphs C and D:

**SUMMARY**

This amendment replaces the bill and is a minority report of the committee. The amendment establishes a competitive bid process for the operation of a resort-style casino in either York County or Cumberland County. The amendment establishes the Casino Development Commission, which is an independent board of 5 members appointed by the Governor and confirmed by the Senate. The commission’s purpose is to develop a request for proposals for the privilege to submit an application to the Gambling Control Board for a casino operator license. The fee to submit a bid is \$250,000. The amendment provides for specific supporting information to be submitted by the bidder and considered by the commission including the bidder's ability to make a minimum \$250,000,000 capital investment in the resort-style casino and information regarding job creation, economic development and plans to mitigate negative infrastructure impacts. Under the amendment, the commission is directed to develop a point system for the factors to be considered and give priority to factors that create jobs, promote economic development, increase tourism and support a casino that fits the character of the State, with job creation and economic development being the highest priorities. The winning bidder must enter into a contract with the commission that obligates the casino operator to abide by the proposals made in the winning bid. Failure to abide by the terms of the contract could result in financial penalties to the operator.

The license fee for a casino under the amendment is \$10,000,000, which is deposited into an account to be used to mitigate the impact of lost revenue on the municipalities and a county in which casinos are currently located due to the operation of the new resort-style casino. Under the amendment, the Gambling Control Board will distribute money from the account to the municipalities and county based on past distribution amounts the municipalities and county had been receiving from the casino, with the intent of maintaining the same revenue stream.

The amendment sets the distribution of net slot machine revenue at 40% and the distribution of net table game revenue at 16% for the resort-style casino. Table game revenues would be deposited into a fund to develop a coordinated system of delivery of services and benefits to Maine veterans. Upon operation of slot machines at the resort-style casino, the board will hold distributions required of existing casinos until the Legislature establishes a single distribution structure that would apply to all casinos in the State.

The amendment also adds an appropriations and allocations section.

Finally, the amendment makes enactment of this bill contingent upon the approval of the voters of the State at a statewide referendum election.
