4	Reproduced and distributed under the direction of the Clerk of the House.
5	STATE OF MAINE
6	HOUSE OF REPRESENTATIVES
7	125TH LEGISLATURE
8	FIRST REGULAR SESSION
9 10	COMMITTEE AMENDMENT "" to H.P. 583, L.D. 776, Bill, "An Act To Create a Fair Process for Energy Service Companies Contracting with Maine Schools"
11 12	Amend the bill by striking out everything after the enacting clause and before the summary and inserting the following:
13 14	'Sec. 1. 20-A MRSA §15915, sub-§1, as amended by PL 2005, c. 499, §1, is repealed and the following enacted in its place:
15 16 17 18 19 20 21 22 23 24 25	<b>1. Initial agreement for energy conservation improvements.</b> A school administrative unit may enter into an agreement of up to 20 years with an energy services company. For the purposes of this section, "energy services company" means a company or 3rd-party financing company that provides design, installation, operation, maintenance and financing of energy conservation or combined energy conservation and related air quality improvements at existing school administrative unit facilities. The school administrative unit's costs to enter into such an agreement are not applicable to the unit's school construction project costs, the debt service on which is eligible for subsidy purposes under section 15907. Such an agreement is deemed to be a professional service, which is not subject to the competitive bidding requirements of Title 5, section 1743-A, if the agreement:
26 27	A. Provides for operation or maintenance of the improvement for at least 5 years or the entire term of the financing agreement if longer than 5 years;
28 29 30	B. Requires a guaranty by the contractor that the improvement will meet performance criteria set forth in the agreement for at least 5 years or for the entire term of the financing agreement if longer than 5 years; and
31 32	C. Has a total contract cost, excluding private or federal grant funds, interest and operating and maintenance costs, of less than \$2,500,000 for any school building.
33 34 35 36	A school administrative unit may select an energy services company on the basis of a request for qualifications or a request for proposals, and it is not required to use a competitive method set forth in this chapter and Title 5, section 1743-A and Private and Special Law 1999, chapter 79. The selection process must include at a minimum a

## **COMMITTEE AMENDMENT**

1 request for qualifications or a request for proposals that is advertised in a newspaper of general circulation in the school administrative unit and a newspaper of general 2 3 circulation in the City of Augusta. The deadline for receipt of requests for qualifications 4 or requests for proposals may not be less than 15 days from the last day the advertisement 5 was published. The school administrative unit shall establish an interview committee, 6 which must include the superintendent of the school administrative unit and at least one 7 school board member. The interview committee shall interview not fewer than 3 energy 8 services companies unless a smaller number of energy services companies responds to the 9 request for qualifications or request for proposals. A request for qualifications or a 10 request for proposals may not contain terms that require an energy services company to 11 have more than 3 years of experience in the energy conservation field, a minimum 12 number of prior projects or project references or membership in or accreditation from a 13 regional, national or international association of energy services companies or to use 14 equipment that is not generally available to energy services companies or terms that are otherwise included for the purpose of bias or favoritism toward a particular energy 15 16 services company. 17 Objections to the terms of a request for qualifications or a request for proposals under this 18 subsection are deemed waived if not delivered in writing to the office of the 19 superintendent of schools in that school administrative unit within 7 days of the last 20 publication of the newspaper advertisement. If an objection is received, the school board 21 shall conduct a hearing on the objection within 14 days of its receipt. The school board 22 shall allow interested energy services companies to speak at the hearing and shall issue a decision to either validate or invalidate the request for <u>qualifications or the request for</u> 23

24 proposals within 7 days of the close of the hearing. A decision by the school board in 25 response to an objection is a final government action subject to appeal to the Superior 26 Court.

## 27 Sec. 2. 20-A MRSA §15915, sub-§1-A is enacted to read:

1-A. Performance criteria. An agreement under this section between a school
 administrative unit and an energy services company must include performance criteria
 that guarantee:

- 31 <u>A. Energy savings;</u>
- 32 <u>B. A maximum price, including operation, maintenance and financing costs;</u>
- 33 <u>C. That the project will meet local, state and federal codes;</u>
- 34D. That measurement and verification of energy savings are determined using the35international performance measurement and verification protocol published by the36United States Department of Energy, Office of Scientific and Technical Information;37and
- 38 E. An annual reconciliation of energy savings based on the measurement and
  39 verification process under this section.
- 40Prior to entering into an agreement, a school administrative unit may request that the41Department of Administrative and Financial Services, Bureau of General Services review
- 42 the performance criteria in the agreement for conformance with this subsection. The

COMMITTEE AMENDMENT " " to H.P. 583, L.D. 776

1Bureau of General Services shall review and advise school administrative units to the2extent resources allow.

**Sec. 3. Guidance for procuring energy conservation and air quality improvement services.** The Department of Administrative and Financial Services, Bureau of General Services and the Department of Education, in consultation with representatives of energy services companies and representatives of school management, shall develop guidance for school administrative units procuring energy conservation and related air quality improvement services under the Maine Revised Statutes, Title 20-A, section 15915. No later than January 1, 2012, the agencies shall make accessible:

- Guidance for preparing a request for qualifications and a request for proposals,
  including a sample of each type of request and a sample of a notice to be given;
- A list of performance criteria recommended for inclusion in an energy services
  agreement; and
- Guidelines for obtaining independent 3rd-party verification of energy savings by a
  qualified professional.'

This amendment replaces the bill. The bill removes provisions of law that allow school administrative units to use a process other than a competitive bidding process in selecting energy service providers for the design, installation, operation, maintenance and financing of energy conservation or combined energy conservation and air quality improvements. The amendment retains a school administrative unit's authority to use a process other than a competitive bidding process while revising the current law to:

**SUMMARY** 

- 1. Increase the length of an agreement from 15 years to 20 years;
  - 2. Define "energy services company" and use that term in the statute;

Increase the total contract cost allowed without going to competitive bidding from
 \$2,000,000 to \$2,500,000 and exclude private and federal grant funds from counting
 toward that maximum figure;

- 4. Prohibit a request for qualifications or a request for proposals from containing
  certain requirements that might exclude qualified energy services companies from
  competing;
- 5. Establish performance criteria that must be included in an agreement for energy
  services;

6. Establish a minimum time period for accepting responses to a request for
 qualifications or a request for proposals and a maximum period for responding to
 objections to the terms of a request; and

7. Require the Department of Administrative and Financial Services, Bureau of
 General Services and the Department of Education to provide guidance to school
 administrative units regarding these agreements.
