28 Amend the bill by relettering or renumbering any nonconsecutive Part letter or
29 section number to read consecutively.

30 **SUMMARY**

31 This amendment changes the provisions of the bill establishing the Accidental Drug
32 Overdose Review Panel to: update the name of the office of behavioral health in the
33 Department of Health and Human Services; limit the representation of families affected
34 by drug overdose deaths to one member; add a member who is a person in recovery from
35 substance use disorder, to be appointed by the Governor; and remove the provision
36 authorizing the Attorney General and the Governor to appoint additional members. This
37 amendment also requires that the appointments to the panel take into consideration the
38 racial and ethnic diversity of the State.

39 The amendment changes the date by which the first meeting is to be convened from
40 July 1, 2020 to January 1, 2021.

1 The amendment provides that when the subset of all drug overdoses is selected for
2 review, the racial and ethnic composition of the population of individuals associated with
3 those deaths must be considered.

4 The amendment defines "accidental drug overdoses" to mean overdoses that are
5 presumed to be self-administered by individuals and excludes any overdose that occurs
6 within a licensed health care facility. Overdoses in licensed health care facilities are
7 currently subject to review as sentinel events under the Maine Revised Statutes, Title 22,
8 chapter 1684.

9 The amendment removes the authority of the panel to request and receive
10 confidential criminal history record information.
