LD 718 An Act To Protect Maine Food Consumers' Right To Know about Genetically Engineered Food

PUBLIC 436

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HARVELL CAIN	OTP-AM OTP-AM OTP-AM	H-393 H-444 TIMBERLAKE

This bill was enacted by the Legislature during the First Regular Session of the 126th Legislature and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

Joint Standing Committee on Agriculture, Conservation and Forestry

The bill requires disclosure of genetic engineering at the point of retail sale of food and seed stock and provides that food or seed stock for which the disclosure is not made is considered to be misbranded and subject to the sanctions for misbranding. The bill provides that food or seed stock may not be labeled as "natural" if it has been genetically engineered. The bill exempts products produced without knowledge that the products or items used in their production were genetically engineered; animal products derived from an animal that was not genetically engineered but was fed genetically engineered food; and products with only a minimum content produced by genetic engineering. The bill also provides that the disclosure requirements do not apply to restaurants, alcoholic beverages or medical food. The disclosure provisions are administered by the Department of Agriculture, Conservation and Forestry.

Committee Amendment "A" (H-393)

This amendment is the majority report. The amendment adds a purpose section to the proposed new chapter on genetically engineered products in the Maine Revised Statutes, Title 22. It also changes the conditions governing the effective date and the repeal date of the bill. The amendment establishes a process for the Commissioner of Agriculture, Conservation and Forestry to report to the Secretary of State, the Revisor of Statutes and the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters when four other northeastern states have adopted mandatory labeling legislation. The amendment provides that the section of the bill that enacts Title 22, chapter 565 takes effect 30 days after the date of the commissioner's certification. The amendment also removes all references to seed stock.

Committee Amendment "C" (H-395)

This amendment is one of two minority reports. It differs from the majority report by requiring substantially similar legislation to have been enacted in five contiguous states, including Maine before it takes effect. The amendment adds a purpose section to the new chapter on genetically engineered products. It also changes the conditions governing the contingent effective date and the contingent repeal date of the bill. The amendment establishes a process for the Commissioner of Agriculture, Conservation and Forestry to report to the Secretary of State, the Revisor of Statutes and the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters when five contiguous states, including Maine have adopted substantially similar legislation. The amendment provides that the section of the bill that enacts Title 22, chapter 565 takes effect 30 days after the date of the commissioner's certification. The amendment also proposes to exempt from the labeling requirements of the bill food products derived from any highly refined ingredients, where the effect of the purification process is to remove DNA or novel protein.

Committee Amendment "B" (H-394)

This amendment, which is one of two minority reports, changes the bill into a resolve. It directs the Commissioner of Agriculture, Conservation and Forestry to petition the United States Secretary of Agriculture and the United States Commissioner of Food and Drugs to develop a nationwide system to more fully evaluate, monitor and provide for necessary labeling to reinforce consumer confidence in the safety of the nation's food system.

House Amendment "B" To Committee Amendment "A" (H-444)

This amendment defines "food" to mean food intended for human consumption and changes the contingent effective date to provide that the Act takes effect when legislation requiring mandatory labeling of genetically engineered food has been adopted by five contiguous states, including Maine.

Enacted Law Summary

Public Law 2013, chapter 436 requires disclosure of genetic engineering at the point of retail sale of food and provides that food for which the disclosure is not made is considered to be misbranded and subject to the sanctions for misbranding.

The law provides that food may not be labeled as "natural" if it has been genetically engineered. It defines "food" to mean food intended for human consumption. It exempts products produced without knowledge that the products or

Joint Standing Committee on Agriculture, Conservation and Forestry

items used in their production were genetically engineered; animal products derived from an animal that was not genetically engineered but was fed genetically engineered food; and products with only a minimum content produced by genetic engineering.

The law also provides that the disclosure requirements do not apply to restaurants, alcoholic beverages or medical food. The disclosure provisions are administered by the Department of Agriculture, Conservation and Forestry.

Public Law 2013, chapter 436 goes into effect when legislation requiring mandatory labeling of genetically engineered food has been adopted by five contiguous states, including Maine.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAVIS	ONTP	

This bill was carried over from the First Regular Session of the 126th Legislature.

The bill repeals the definition of "intermittent agent" in the animal welfare laws. It changes the definitions of "kennel," "boarding kennel" and "breeding kennel" to create three new kennel license designations: personal kennel license, commercial boarding or training kennel license and commercial breeder kennel license. It also defines "serious bodily injury". The bill also makes the changes to the animal welfare laws necessary to reflect the changes made in the defined terms. It removes the provision of law that requires a person to obtain a vendor's license to sell a dog or cat.

LD 1431 An Act To Support School Nutrition and Expand the Local Foods Economy Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JOHNSON C	OTP-AM	S-466
HICKMAN	OTP-AM	S-495 LANGLEY

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill requires the Department of Agriculture, Conservation and Forestry and the Department of Education to administer programs to support the expansion and coordination of the use of fresh local foods in public school food service programs. The Department of Agriculture, Conservation and Forestry is directed to provide grants in two phases for the identification of local food suppliers and the establishment of local food hubs to connect local food producers with public school food service programs and facilitate the operation of local food programs in schools. The bill also directs the Department of Education to develop and support local food training programs for public school food service personnel and facilitate the use of local food hubs to expand the use of local foods in schools.

The bill also provides a bond issue in the amount of \$12,000,000 to be used to develop up to ten local food hubs.

Committee Amendment "A" (S-466)

This amendment, which retains the emergency preamble and clause, strikes and replaces the bill and is the majority report. The amendment requires the Department of Agriculture, Conservation and Forestry and the Department of Education to administer programs to support the expansion and coordination of the use of fresh Maine foods in aggregated and institutional markets, including school food service programs.

Joint Standing Committee on Agriculture, Conservation and Forestry

The Department of Agriculture, Conservation and Forestry is directed to provide grants under the Agricultural Development Grant program for the purpose of conducting market feasibility studies and developing business plans for local food hubs in Maine to connect and enhance relationships between fresh food producers in Maine and aggregated and institutional markets, including school food service programs. The Commissioner of Agriculture, Conservation and Forestry may not award a local foods grant unless the applicant provides matching funds in an amount that is no less than 50 % of the grant amount.

The department is also directed to provide loans under the Agricultural Marketing Loan Fund to applicants in diverse geographic areas in the State for the purpose of establishing local food hubs located in Maine. Prior to awarding a local food hub loan, the Commissioner of Agriculture, Conservation and Forestry is required to determine that the potential overall impact of a proposal to Maine's agricultural economy and industry is beneficial to and in the best interest of the State. This amendment differs from the majority report, in that it provides that a loan for a local food hub project may not exceed 50 % of the total cost of the project.

The amendment also establishes the Maine Food Hub Advisory Committee, which includes representatives of statewide and regional organizations involved in supporting agriculture, public health, the environment and the state economy, including representatives of the member entities of the farm-to-school work group established by Resolve 2009, chapter 106.

The amendment directs the Department of Education to develop and support local food training programs for public school food service personnel, and facilitate the use of local food hubs to expand the use of local foods in schools. It retains the provision from the bill that increases the limit on the amount that the State matches for the acquisition of local food by a school administrative unit if the unit sends a food service employee for training in the acquisition and use of local foods. It also directs the department to develop and post a position description for school food service program personnel on its publicly accessible website and to develop an annual competitive skill-oriented school food service recognition.

The amendment adds an appropriations and allocations section.

Committee Amendment "B" (S-467)

This amendment, which retains the emergency preamble and clause, strikes and replaces the bill and is the minority report. The amendment requires the Department of Agriculture, Conservation and Forestry and the Department of Education to administer programs to support the expansion and coordination of the use of fresh Maine foods in aggregated and institutional markets, including school food service programs.

The Department of Agriculture, Conservation and Forestry is directed to provide grants under the Agricultural Development Grant program for the purpose of conducting market feasibility studies and developing business plans for local food hubs in Maine to connect and enhance relationships between fresh food producers in Maine and aggregated and institutional markets, including school food service programs. The Commissioner of Agriculture, Conservation and Forestry may not award a local foods grant unless the applicant provides matching funds in an amount that is no less than 50% of the grant amount.

The department is also directed to provide loans under the Agricultural Marketing Loan Fund to applicants in diverse geographic areas in the State for the purpose of establishing local food hubs located in Maine. Prior to awarding a local food hub loan, the Commissioner of Agriculture, Conservation and Forestry is required to determine that the potential overall impact of a proposal to Maine's agricultural economy and industry is beneficial to and in the best interest of the State. The amendment also provides that a loan for a local food hub project may not exceed 50% of the total cost of the project (this is the only difference from the majority report).

The amendment also establishes the Maine Food Hub Advisory Committee, which includes representatives of statewide and regional organizations involved in supporting agriculture, public health, the environment and the state economy, including representatives of the member entities of the farm-to-school work group established by Resolve

Joint Standing Committee on Agriculture, Conservation and Forestry

2009, chapter 106.

The amendment directs the Department of Education to develop and support local food training programs for public school food service personnel and facilitate the use of local food hubs to expand the use of local foods in schools. It retains the provision from the bill that increases the limit on the amount that the State matches for the acquisition of local food by a school administrative unit if the unit sends a food service employee for training in the acquisition and use of local foods. It also directs the department to develop and post a position description for school food service program personnel on its publicly accessible website and to develop an annual competitive skill-oriented school food service recognition.

The amendment adds an appropriations and allocations section.

Senate Amendment "A" To Committee Amendment "A" (S-495)

This amendment amends Committee Amendment "A." The amendment directs the Department of Education to apply for federal grant funding for the implementation of the local foods training program and the increased state contribution for the Local Produce Fund, and it makes implementation contingent on receipt of funding.

Committee Amendment "A" (S-415)

This amendment, which is the majority report of the committee, removes from the bill the list of specific pesticides that may be used by a primary caregiver or registered dispensary under the medical marijuana laws, and instead provides that primary caregivers and registered dispensaries may use pesticides whose product labels allow for such use. Like the bill, the amendment retains the provisions of current law that require the pesticides to be registered with the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control and to be used in accordance with best management practices approved by the Commissioner of Agriculture, Conservation and Forestry, but the amendment clarifies that the approved best management practices relate to pest management.

This bill requires a person licensed to conduct harness horse racing by the Department of Agriculture, Conservation and Forestry, State Harness Racing Commission, to establish a trust account for the benefit of the persons who race horses at that licensee's facility. All funds, that by statute must be used to pay purses, must be deposited in that account and used exclusively to pay purses. If a licensee fails to conduct a race meet during a calendar year, all remaining funds held in the trust account established by that licensee must be returned to the commission and redistributed by the commission to the trust accounts of all racetracks that continue to conduct racing. It also requires a statewide association of horsemen to have been qualified as a tax-exempt organization under federal law before January 1, 2007 in order to be eligible to receive funds designated to supplement purses. It allows one new racetrack to replace a commercial track that closes.

Committee Amendment "A" (H-654)

This amendment removes the requirement proposed in the bill that a statewide association of horsemen qualify as a tax-exempt organization under federal law before January 1, 2007 in order to be eligible to receive funds designated to supplement harness racing purses. The amendment requires instead, that a majority of the membership of a statewide association of horsemen be composed of owners, trainers and drivers, or any combination of owners, trainers and drivers licensed by the Department of Agriculture, Conservation and Forestry, State Harness Racing Commission in order to be eligible to receive funds designated to supplement harness racing purses.

The amendment specifies which funds used to pay harness racing purses must be deposited into a licensee's trust account for the benefit of persons who race horses. The amendment also provides that funds in the trust account are not considered to be property of the licensee, may not be pledged as security for the debts of the licensee and are not subject to attachment or execution by creditors of the licensee. The amendment provides that a licensee, solely for the purpose of funding racing operations, may make interim use of the funds in the trust account if certain conditions are met.

The amendment clarifies that if one new racetrack replaces a commercial track that ceases operations, the new racetrack is not required to have conducted racing during the preceding two calendar years but is required to conduct racing during each calendar year after initial licensure.

The amendment also provides that if one new racetrack replaces a commercial track that ceases operations, the racetrack that ceases operations is entitled to distribution of funds maintained by the State based on the number of days on which racing was conducted, not including funds used exclusively to pay harness racing purses.

This bill facilitates direct sales of dairy products sold on the same farm on which the product is produced by exempting those sales from state licensing and inspection requirements if certain conditions are met.

Committee Amendment "A" (H-761)

This amendment, which is the majority report, strikes and replaces the bill. The amendment provides that the term "unpasteurized" has the same meaning as "not pasteurized." Current law defines a "milk distributor" as any person who offers for sale or sells to another person any milk or milk products in their final form. The amendment provides that a milk distributor who sells unpasteurized milk or unpasteurized milk product is exempt from licensing requirements if the following conditions are met.

1. The sale of the unpasteurized milk or unpasteurized milk product in its final form is made directly to the end consumer on the premises of the dairy farm, including a farm stand or eating establishment located on property contiguous to the dairy farm.
2. The milk distributor allows each person who purchases unpasteurized milk or unpasteurized milk product to visually inspect the dairy farm where the unpasteurized milk or unpasteurized milk product is produced. The milk distributor may require a person who chooses to inspect the dairy farm to follow sanitary procedures determined by the milk distributor.
3. The milk distributor does not promote the unpasteurized milk or unpasteurized milk product in any manner other than in person or a face-to-face exchange between the milk distributor and the end consumer.
4. Prior to selling unpasteurized milk or unpasteurized milk product, the milk distributor must complete a course on the sanitation of milk offered by the University of Maine Cooperative Extension. The milk distributor must complete this course at least every 3 years.
5. The milk distributor must sample source water and recirculating water on the dairy farm at least once a year, maintain records of all sampling results at the dairy farm, and post the most recent sampling result in a conspicuous place in locations where sales may occur. This requirement does not apply if the dairy farm's water is from a public source.
6. The unpasteurized milk or unpasteurized milk product must be sold in a package that meets applicable labeling requirements in law and has a label containing the name, address and phone number of the milk distributor and the following statement: "This food has been produced by a milk distributor that is exempt from licensing and inspection by the State of Maine."

LD 1847 An Act To Clarify Outcome-based Forestry PUBLIC 542

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BOYLE CRAY	OTP-AM	S-502

Joint Standing Committee on Agriculture, Conservation and Forestry

This bill amends the laws governing outcome-based forest policy experimental areas. It amends the membership of the technical panel assessing those experimental areas to consist of at least six members, at least one of whom is a member of the public, and specifies that they must have expertise in the areas of outcome-based principles. The technical panel is required to determine whether the practices applied in an experimental area provide at least equivalent forest and environmental protection as provided by the local, state and federal rules and regulations that would otherwise apply to that experimental area.

This bill requires the Director of the Bureau of Forestry, within the Department of Agriculture, Conservation and Forestry to brief the joint standing committee of the Legislature having jurisdiction over forestry matters prior to entering into an outcome-based forestry experiment agreement. The bill also requires the director and the technical panel each to submit two different reports to the joint standing committee. The first is an annual report regarding the progress on the outcome-based forestry experiment and the second is a report that must be completed every five years after entering into an agreement, which must include an analysis as to whether the practices applied on the experimental area provide at least the equivalent forest and environmental protection as provided by rules and regulations in existence on the date of the agreement.

The bill also amends current reporting requirements to require the director to make a recommendation to continue, change or discontinue the outcome-based forestry experiment.

Committee Amendment "A" (S-502)

This amendment replaces the term "experimental area" with "outcome-based forestry area" in the laws governing forestry practices. The amendment requires the Director of the Bureau of Forestry, within the Department of Agriculture, Conservation and Forestry to seek to designate outcome-based forestry areas of various sizes owned by different landowners. The amendment explicitly authorizes the director to renew an outcome-based forestry agreement if all applicable requirements are met. The amendment provides that the term of a subsequent outcome-based forestry agreement may not exceed five years.

The amendment provides that the panel of technical experts, when conducting an assessment, may consider information provided by the Bureau of Forestry, the landowner, or a third-party forest certification program auditor. The amendment strikes the requirement as proposed in the bill that the panel of technical experts must include at least one member representing the public.

The amendment adds forest health and economic and social considerations to the list of outcome-based forestry principles.

The amendment makes changes to the reporting requirements as proposed in the bill. The amendment requires the Director of the Bureau of Forestry, in consultation with the technical panel, beginning March 1, 2015, and annually thereafter, to submit a report to the joint standing committee of the Legislature having jurisdiction over forestry matters detailing the progress on each outcome-based forestry agreement. The amendment also provides that when an initial outcome-based forestry agreement is approved by the Director of the Bureau of Forestry, the director is required to notify the joint standing committee of the Legislature having jurisdiction over forestry matters within 15 days. In the notification, the director is required to address how the proposed agreement will provide at least the equivalent forest and environmental protection as provided by applicable rules and regulations. The amendment provides that when an outcome-based forestry agreement is renewed, the director is required to notify the joint standing committee of the Legislature having jurisdiction over forestry matters within 15 days. Enacted Law Summary

Public Law 2013, chapter 542 replaces the term "experimental area" with "outcome-based forestry area" in the laws governing forestry practices. The law requires the Director of the Bureau of Forestry, within the Department of Agriculture, Conservation and Forestry to seek to designate outcome-based forestry areas of various sizes owned by different landowners. It explicitly authorizes the director to renew an outcome-based forestry agreement if all applicable requirements are met. The law provides that the term of a subsequent outcome-based forestry agreement may not exceed five years.

The law provides that the panel of technical experts, when conducting an assessment, may consider information provided by the Bureau of Forestry, the landowner or a third-party forest certification program auditor.

The law also adds forest health and economic and social considerations to the list of outcome-based forestry principles.

The law requires the Director of the Bureau of Forestry, in consultation with the technical panel, beginning March 1, 2015, and annually thereafter, to submit a report to the joint standing committee of the Legislature having jurisdiction over forestry matters detailing the progress on each outcome-based forestry agreement. The law also provides that when an initial outcome-based forestry agreement is approved by the Director of the Bureau of Forestry, the director is required to notify the joint standing committee of the Legislature having jurisdiction over forestry matters within 15 days. In the notification, the director is required to address how the proposed agreement will provide at least the equivalent forest and environmental protection as provided by applicable rules and regulations.

The law provides that when an outcome-based forestry agreement is renewed, the director is required to notify the joint standing committee of the Legislature having jurisdiction over forestry matters within 15 days. It also requires that reports, notifications and other information relating to outcome-based forestry projects must be placed on the Department of Agriculture, Conservation and Forestry's publicly accessible website.

The law provides that the exemption for outcome-based forestry projects pertains to clear-cutting requirements only.

It also provides that the state of the State's forests report include a recommendation to continue, change or discontinue designated outcome-based forestry projects.

This amendment replaces the bill. It amends the law regarding the restoration of service for state employees and teachers by providing that, effective August 1, 2014, certain "classroom-based employees" who have reached normal retirement age and who have retired after September 1, 2011 may be restored to service as classroom-based employees at 100% of the compensation established for the positions to be filled through one-year contracts for no more than 5 one-year contracts per school administrative unit.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill establishes the Maine Secure Choice Retirement Savings Trust within the Department of Labor, which:

1. Requires eligible employers to offer a payroll deduction retirement savings arrangement so that eligible employees can contribute a portion of their salary or wages to a retirement savings program account in the Maine Secure Choice Retirement Savings Program, also created by the bill;
2. Requires an eligible employee to participate in the Maine Secure Choice Retirement Savings Program, unless the employee specifically opts out of the program. The Bureau of Labor Standards is required to provide forms to employers for employees to opt out of the program;
3. Establishes the seven-member Maine Secure Choice Retirement Savings Investment Board to administer the trust;
4. Specifies risk management and investment policies that the board must follow in administering the program.;
5. Requires a specific percentage of the annual salary or wages of an eligible employee participating in the program to be deposited in the trust, which is divided into a program fund and an administrative fund, and authorizes the board to establish a gain and loss revenue account within the program fund;
6. Requires the board to establish a retirement investment clearinghouse on the Internet and a vendor registration process through which information about employer-sponsored retirement plans and payroll deduction individual retirement accounts and annuities offered by private sector providers is available for consideration by eligible employers contingent upon sufficient interest and funding by vendors;
7. Requires the Bureau of Labor Standards to assess a penalty on an eligible employer who fails to make the program available to eligible employees;
8. Provides that the State has no liability for the payment of benefits under the program;

Joint Standing Committee on Appropriations and Financial Affairs

9. Directs the board to conduct a market analysis to determine whether the necessary conditions needed to implement the provisions of the trust can be achieved. The analysis may be conducted only where sufficient funding is available from the nonprofit or private sector or the state or federal government. The provisions of the bill establishing the Maine Secure Choice Retirement Savings Investment Board and the trust are repealed December 31, 2015 unless the board reports to the Legislature the board's determination, through the market analysis, that those provisions of the trust are self-sustaining and that funds exist to allow the board to implement the program until sufficient funds become available to make it self-sustaining and the Legislature takes action based on the board's determination and requires the board to ensure that insurance, annuity or other funding mechanisms are in place to protect the value of individuals' accounts; and

10. Prevents the board from implementing the trust if the individual retirement account arrangements offered fail to qualify for favorable federal income tax treatment ordinarily accorded to individual retirement accounts under the Internal Revenue Code or if the program is determined to be an employee benefit plan under the federal Employee Retirement Income Security Act.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill is a concept draft pursuant to Joint Rule 208, which proposes to amend the retirement provisions for state employees and teachers participating in the Maine Public Employees Retirement System in the following ways:

1. It would increase the cost-of-living adjustment formula for all individuals receiving a pension benefit from the State and provide adjustment options for employees at retirement;

The intent of this provision is to increase the flexibility of the program for employees choosing retirement at any age and to increase the financial benefits from continuing to work;

Joint Standing Committee on Appropriations and Financial Affairs

3. The baseline pension formula for retirement at the normal retirement age would provide a benefit amount of 2% of final average salary per year of service through June 30, 2013, plus 1.5% of final average salary per year of service after June 30, 2013; and

4. A state employee or teacher would automatically be enrolled in an opt-out defined contribution plan with a default employee contribution rate of 4% of salary. The State or the participating local school district would match 25% of the employee's or teacher's contribution, up to a maximum of 2% of the employee's or teacher's salary.

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

This bill was reported out by the Joint Standing Committee on Appropriations and Financial Affairs pursuant to Joint Order, H.P. 1140. It corrects minor technical errors and inconsistencies in the Binnial Budget, Public Law 2013, chapter 368, including:

1. Correcting a technical conflict created where two sections of the public law amended the same section of law;
2. Clarifying that the temporary increase in the sales tax to 5.5% applies to the services currently subject to the 5% sales tax;
3. Correcting a numbering error created where two different provisions of law were enacted with the same title and section number by reallocating the provision establishing the Maine capital investment credit for 2013;
4. Resolving a conflict created where two sections amended the provision of law that provides for an annual adjustment for inflation of the income tax rate brackets in different ways, one by delaying the annual adjustment of the income tax rate brackets and the other by providing for an annual adjustment of the itemized deduction limitation amount. Both provisions are maintained;
5. Correcting an initiative to reflect that the MaineCare reimbursement is limited to behavioral health services; and
6. Deappropriating funds to offset an appropriation in an initiative in the committee amendment that should have been eliminated when statutory changes were made in the enacted version of the unified budget bill.

House Amendment "A" (H-575)

This amendment specifies that the temporary sales tax increase applies to products transferred electronically, as intended in the unified budget bill, Public Law 2013, chapter 368.

House Amendment "B" (H-581)

This amendment removes the emergency preamble and emergency clause.

LD 111 An Act To Restrict the Sale, Purchase and Use of Fireworks in the State

**Accepted Majority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LAJOIE CLEVELAND	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill repeals the provisions of law enacted in Public Law 2011, chapter 416 that permit the sale, purchase and use of consumer fireworks.

Committee Amendment "A" (H-593)

This amendment, which is the minority report of the committee, adds an appropriations and allocations section.

LD 168 An Act To Establish Reasonable Restrictions on the Use of Fireworks

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JOHNSON C LAJOIE	OTP-AM ONTP	S-380

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill is a concept draft pursuant to Joint Rule 208. It proposes to establish reasonable restrictions on the sale and use of fireworks in the State. This bill would establish a mechanism for reviewing and determining whether restrictions should be placed on the use of fireworks depending on factors, including, but not limited to:

1. The level of fire danger within the area at the time of intended use;
2. The presence of farm animals in the area, and the propensity of such animals to suffer adverse health effects from exposure to the noise accompanying fireworks or, as a result of fear resulting from exposure to such noise, to endanger others;
3. The interests of summer residents and tourists, and the interests of local businesses that provide services to such residents and tourists;
4. The interests of year-round residents in living without unreasonable disturbances to their peace and tranquility; and
5. The effects on veterans who suffer from post-traumatic stress disorder, for whom exposure to fireworks carries the potential to trigger debilitating symptoms that have severe and long-lasting effects on their health and ability to function.

The mechanism for reviewing and determining the establishment of fireworks restrictions must evaluate the impact of the use of fireworks on tourism in the State, and balance the interests of the private individuals who choose to use fireworks and the members of the public who are then necessarily exposed to those fireworks. Restrictions imposed on the use of fireworks may include, among other things, a requirement to obtain a permit from the State Fire Marshal, a requirement to obtain local fire permits, limitations on the times during the day, week or month that

Joint Standing Committee on Criminal Justice and Public Safety

fireworks may be used and the establishment of firework-free zones throughout the State.

Committee Amendment "A" (S-380)

This amendment, which is the majority report of the committee, replaces the concept draft and makes the following changes to the consumer fireworks law.

1. It changes the hours that consumer fireworks can be used to specify that they may not be used before noon.
2. It prohibits the use of consumer fireworks whenever the Governor issues a proclamation prohibiting out-of-door fires.
3. It clarifies that the use of consumer fireworks may constitute loud and unreasonable noise under the disorderly conduct law pursuant to the Maine Revised Statutes, Title 17-A, section 501-A.

LD 222 An Act Regarding the Issuance of a Permit To Carry a Concealed Handgun

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARKS	OTP-AM OTP-AM	H-730 H-739 SHAW S-547 HILL

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill makes the Chief of the State Police in the Department of Public Safety the sole issuing authority in the State for concealed weapons permits.

Committee Amendment "A" (H-730)

This amendment is the majority report and replaces the bill and does the following.

1. It amends the definition of "issuing authority" to remove the authority of municipal officers and councilors and assessors of plantations to issue concealed handgun permits, and makes the municipality's full-time chief of police the sole issuing authority for that municipality. If the municipality does not have a full-time chief of police, the Chief of the State Police is the issuing authority unless the municipality has an agreement with the county sheriff in the county in which the municipality is located to serve as that municipality's issuing authority.
2. It provides that a nonresident must have a valid concealed handgun permit in that person's state of residence before that person is eligible for a Maine concealed handgun permit unless that person's state of residence does not require a permit to carry a concealed handgun.
3. It provides that the State Police must conduct record checks on an applicant for a concealed handgun permit and provide that information to the issuing authority for consideration when processing the application. It expressly provides that unless the State Police is the issuing authority, the State Police does not have the power to issue or prevent the issuance of a concealed handgun permit. Only the issuing authority can make that determination.
4. It requires the State Police to establish a confidential database containing information about concealed handgun permit holders and applicants for concealed handgun permits. It provides that the database must be accessible by law enforcement agencies or law enforcement officers at any time, and that information about a permit holder or an applicant must be purged from the database within five years after the permit expires or after the period for an appeal on a denial or a revocation of a permit has run.

Joint Standing Committee on Criminal Justice and Public Safety

5. It authorizes the Attorney General to modify or reword the statutory application questions for a concealed handgun permit to improve readability and clarity as long as the subject matter of those questions is retained. It also requires the Attorney General to provide the proposed changes to the wording of the questions to the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters for review.
6. It increases the application and renewal fee for a concealed handgun permit for a resident from \$35 to \$52.50, and from \$20 to \$52.50, respectively, and for a nonresident from \$60 to \$120. It also extends the period a permit is valid from four years to six years.
7. It allows applicants to provide signatures on concealed handgun permit applications by an electronic means approved by the State Police.
8. It allows the holder of a valid resident concealed handgun permit issued before January 1, 2016 to replace that permit with the new standard concealed handgun permit developed by the State Police on or before January 1, 2016 for a fee of \$15.
9. It provides that, by January 1, 2016, the State Police must develop and make available a uniform concealed handgun permit form, which must be used by all issuing authorities.
10. It provides that concealed handgun permit fees paid to the Treasurer of State must be deposited in a special revenue account for the sole purpose of reimbursing the issuing authority for expenditures related to the development and the issuance of concealed handgun permits.
11. It provides that the legislation does not apply to a valid concealed handgun permit issued before the effective date of the legislation. An application for a concealed handgun permit or for renewal of a valid existing concealed handgun permit submitted on or after the effective date of the legislation is subject to the provisions of the legislation.
12. It makes the changes to the current types of concealed handgun model forms the Attorney General must develop, effective January 1, 2016, to coincide with the date the State Police must produce a uniform concealed handgun permit.
13. It expands the issuing authority's access to records pertaining to patient committals to include all state mental health institutes and nonstate mental health institutions.

Committee Amendment "B" (H-731)

This amendment is the minority report and allows a person who is not otherwise prohibited from possessing a handgun to carry a concealed handgun without a permit. It also allows the Chief of the State Police to enter into reciprocity agreements with another state to permit a person holding a Maine concealed handgun permit to carry a concealed handgun in the other state. This amendment requires a nonresident to have a valid concealed handgun permit in that person's state of residence before that person is eligible for a Maine concealed handgun permit unless that person's state of residence does not require a permit to carry a concealed handgun.

House Amendment "A" To Committee Amendment "A" (H-739)

This amendment removes the requirement that a course that includes handgun safety taken by an applicant for a permit to carry a concealed handgun must have been taken by the applicant within five years prior to the date of application.

Senate Amendment "B" To Committee Amendment "A" (S-547)

This amendment requires the State Controller to transfer \$157,175 no later than August 1, 2014 from the Gambling Control Board, Other Special Revenue Funds account to the unappropriated surplus of the General Fund, and provides an allocation of concealed handgun permit fees for positions in the Department of Public Safety for a

Joint Standing Committee on Criminal Justice and Public Safety

concealed handgun permit database and to perform record checks.

**LD 297 An Act To Require Forest Rangers To Be Trained in Order To Allow
Them To Carry Firearms**

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DUNPHY LACHOWICZ	OTP-AM ONTP	H-608 S-546 HILL

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill repeals two requirements: that the Commissioner of Conservation sell all bulletproof vests, firearms and related equipment and that the commissioner is prohibited from purchasing bulletproof vests, firearms or related equipment without specific authorization by the Legislature.

This bill requires the Director of the Division of Forestry within the Department of Agriculture, Conservation and Forestry to develop a policy that requires all forest rangers to attend and complete a law enforcement training course at the Maine Criminal Justice Academy as a condition of continued employment. Forest rangers employed as such on the day this bill takes effect are required to attend the 4-week preservice training course and forest rangers hired after the effective date are required to take the basic law enforcement training course. A forest ranger who has already attended a law enforcement training course at the Maine Criminal Justice Academy is exempt.

The bill also requires the State Supervisor of the forest protection unit in the Division of Forestry and the director of the Maine Criminal Justice Academy to develop a plan to provide training to forest rangers in the use of firearms, bulletproof vests and other related equipment. The State Supervisor is directed to develop a plan to furnish such firearms and equipment to those forest rangers for the performance of their law enforcement duties. The plans must be submitted to the Joint Standing Committee on Agriculture, Conservation and Forestry and the Joint Standing Committee on Criminal Justice and Public Safety for review no later than November 1, 2013 and implemented, including furnishing firearms and related equipment, no later than January 1, 2014.

Committee Amendment "A" (H-608)

This amendment is the majority report. It removes the requirement that forest rangers complete firearms training by a date certain and instead requires forest rangers with limited enforcement powers under the Maine Revised Statutes, Title 12, section 8901 to take at least seven hours of firearms classroom work and at least forty hours of firearms training on a firing range taught by an instructor certified by the Maine Criminal Justice Academy. In addition, it requires forest rangers to take at least eight hours of training regarding the use of force taught by the Office of the Attorney General and at least another eight hours of training on weapon retention and use-of-force scenarios taught by a Maine Criminal Justice Academy instructor.

The bill requires the State Supervisor of the forest protection unit in the Bureau of Forestry and the director of the Maine Criminal Justice Academy to develop a plan to provide training to forest rangers in the use of firearms, bulletproof vests and other related equipment. The State Supervisor is directed to develop a plan to furnish such firearms and equipment to those forest rangers for the performance of their law enforcement duties. This amendment changes the date by which these plans must be reported and implemented from November 1, 2013 to November 1, 2014 and from January 1, 2014 to January 1, 2016, respectively.

Senate Amendment "B" To Committee Amendment "A" (S-546)

This amendment deappropriates from Personal Services in the Division of Forest Protection account within the Department of Agriculture, Conservation and Forestry to recognize salary savings from managing vacancies. This offsets the General Fund appropriations still in the bill.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill allows the county jails to apply savings from the county's correctional budget to jail debt service without a reduction in payments from the State Board of Corrections.

Committee Amendment "A" (S-374)

This amendment, which is the minority report of the committee, provides clarification by replacing the term "efficiencies" with "reduced jail expenditures."

LD 662 An Act Regarding Sexually Explicit Text Messaging by Minors

**Accepted Majority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MASTRACCIO TUTTLE	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to prohibit sexually explicit text messaging, also known as sexting, by a minor in a manner different from the prohibition in current law. Sexting is the act of recording, copying or transmitting images, photographs or videos of a person's breasts, genitals, anus or pubic area using a telephone, computer, camera, memory device or other piece of electronic equipment. Sexting is a practice that is common and widespread among minors in the State, with minors sexting images of themselves and of other minors with and without consent of the persons who are the subjects of the images. The current provisions in the criminal law that prohibit sexting images of a minor do not except minors, even minors who transmit images of themselves, and potentially subject minors prosecuted for sexting to being listed on the sex offender registry for life.

This bill would create exceptions or other avenues in the law to discourage sexting by minors and provide educators and other adults with tools to prevent sexting and to punish minors short of treating them as sexual predators or serious criminals as current law does.

Committee Amendment "A" (H-586)

This amendment is the minority report. It directs the Criminal Law Advisory Commission to study the legal and policy ramifications of a minor texting a sexually explicit image of that minor or another minor. It also requires the commission to report its findings, recommendations and any proposed legislation to the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters by January 15, 2015.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DION PLUMMER	OTP-AM OTP-AM	H-696

This bill changes the title of the chief administrative officer of the Maine Correctional Center from "superintendent" to "warden." It also provides that a corrections officer, corrections supervisor or law enforcement officer is justified in using deadly force against a person confined in the Maine Correctional Center when the officer or supervisor reasonably believes that deadly force is necessary to prevent an escape from custody.

Committee Amendment "A" (H-696)

This amendment is the majority report of the committee and does the following.

1. It removes the provisions of the bill that authorize a corrections officer at the Maine Correctional Center to use deadly force against an inmate.
2. It establishes the existing Bolduc Correctional Facility in statute following the language that established the Charleston Correctional Facility and the Downeast Correctional Facility.
3. It makes technical changes to the bill.

Committee Amendment "B" (H-697)

This amendment is the minority report and establishes the existing Bolduc Correctional Facility in statute following the language that established the Charleston Correctional Facility and the Downeast Correctional Facility. It also makes technical changes to the bill.

Enacted Law Summary

Public Law 2013, chapter 508 changes the title of the chief administrative officer of the Maine Correctional Center from "superintendent" to "warden" and establishes the existing Bolduc Correctional Facility in statute following the language that established the Charleston Correctional Facility and the Downeast Correctional Facility.

This bill applies the requirements of the Sex Offender Registration and Notification Act of 2013 to a person who is sentenced on or after January 1, 2015 in a foreign country for an offense that, if committed in this State, would subject that person to inclusion on this State's sex offender registry.

Committee Amendment "A" (H-600)

This amendment is the minority report. It restricts the application of the provisions of the bill to the foreign countries of Canada, the United Kingdom, New Zealand, and Australia.

House Amendment "A" To Committee Amendment "A" (H-619)

This amendment amends Committee Amendment "A" to strike the bill and directs the Commissioner of Public Safety to convene a task force that includes members of the Maine Sheriffs' Association, members of the Maine Chiefs of Police Association, the Attorney General and the commissioner to develop a procedure for notifying affected members of the public of the location in this State of a person who was convicted in a foreign country of a crime that, if committed in this State, would subject a person to inclusion on this State's sex offender registry.

NUTTING GERZOFKY	OTP-AM	H-614

This bill amends the laws regarding operating under the influence, or OUI, in the following ways.

1. It increases the minimum administrative license suspension imposed by the Secretary of State to 150 days for a person convicted of OUI once in a ten-year period. This length of suspension mirrors the length of suspension imposed by the court for the same crime.
2. It increases the minimum administrative license suspension imposed by the Secretary of State to eight years for a

person convicted of four or more OUI offenses within a ten-year period. This length of suspension mirrors the length of suspension imposed by the court for a person convicted of OUI when that person has been convicted of OUI three or more times within a ten-year period at the time of sentencing.

3. It clarifies that the license of a person convicted of OUI who installs an ignition interlock device may be reinstated by paying a reinstatement fee of \$50 and an administrative fee of \$50.

Committee Amendment "A" (H-614)

This amendment does the following.

1. It removes references to "breath" from the evidentiary rules because police no longer use balloon kits for breath analysis; police now use a self-contained, breath-alcohol testing apparatus.
2. It amends the law governing the administration of tests for the presence of drugs to remove antiquated references to drug "concentrations" and replaces them with "the presence of drugs or drug metabolites." The inclusion of metabolites conforms this section of law with other laws pertaining to drug testing.
3. It removes a reference to the Department of Health and Human Services in the statute that provides liability protection for people who draw blood at the request of a law enforcement officer, because the department no longer certifies this group of people. It also explicitly provides liability protection for people whose occupational license or training allows them to draw blood.

Public Law 2013, chapter 459 amends the laws regarding operating under the influence, or OUI, in the following ways.

1. It increases the minimum administrative license suspension imposed by the Secretary of State to 150 days for a person convicted of OUI once in a ten-year period. This length of suspension mirrors the length of suspension imposed by the court for the same crime.

It also authorizes the commissioner to appoint regional correctional administrators as necessary.

LD 1656 An Act To Increase Safety for Victims of Domestic Violence and Victims of Sexual Assault

**PUBLIC 478
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAIN HERBIG	OTP-AM	S-409

Current law limits the ability of bail commissioners to set preconviction bail in cases involving domestic violence; as a result, the period of time between the arrest and the setting of bail by a judge or justice for alleged perpetrators of domestic violence may be greater than it is with other crimes. In order to increase the safety of victims of domestic violence during the period between arrest and the setting of bail, this bill provides that a person is guilty of improper contact prior to the establishment of bail if, while being detained as a result of the person's arrest for specified domestic violence offenses and prior to the establishment of preconviction bail, the person intentionally or knowingly makes direct or indirect contact with the victim of the alleged crime.

Current law also requires that law enforcement officers use and be trained in how to administer an evidence-based domestic violence risk assessment. In order to increase the ability of Maine criminal justice agencies to use information gathered in the course of the risk assessment to keep victims and families safe, this bill permits those agencies to share confidential criminal history record information with advocates for the purpose of planning for the safety of a victim of domestic violence.

This bill also expands the definition of "advocate" to include an employee or volunteer of a Maine tribal program. Under this bill, an advocate who receives confidential criminal history record information must use the information solely for the purpose of planning for the safety of a victim of domestic violence and is prohibited from further disseminating the information.

Joint Standing Committee on Criminal Justice and Public Safety

This bill also clarifies that once a person is certified as a participant in the Address Confidentiality Program that person's actual residential street, school or work address or United States Postal Service address may not be used or disclosed by any state or local agency or the courts unless such use or disclosure is approved by the Secretary of State under the circumstances set forth in the program.

Committee Amendment "A" (S-409)

The amendment:

1. Changes the title of the bill to include victims of sexual assault; and
2. Provides that prior to criminal liability for the crime, county jail staff must notify a defendant arrested for a domestic violence offense or sexual assault, and prior to the setting of bail, not to make direct or indirect contact with a specifically identified family or household member who is the victim of the offense.

The bill permits a law enforcement agency to share confidential criminal history record information with an advocate for the sole purpose of planning for the safety of a victim of domestic violence. This amendment also allows the sharing of this information with an advocate of a victim of sexual assault for the same purpose.

This amendment also directs the State Board of Corrections to establish a minimum, uniform policy by June 1, 2014, for notifying defendants detained at a county jail or other correctional facility after being arrested for a domestic violence offense or sexual assault, and prior to the setting of preconviction bail by a justice or judge, that it is a crime to make direct or indirect contact with a victim who is a member of the defendant's family or household.

Finally, the amendment adds an emergency preamble and emergency clause.

Enacted Law Summary

Public Law 2013, chapter 478 creates the new crime of improper contact with a family or household member prior to the setting of preconviction bail, which applies in cases of domestic violence and sexual assault. It provides that prior to criminal liability for the crime, county jail staff must notify a defendant arrested for a domestic violence offense or sexual assault, and prior to the setting of bail, not to make direct or indirect contact with a specifically identified family or household member who is the victim of the offense. Prior to the enactment of Public Law 2013, chapter 475, the law limited the ability of bail commissioners to set preconviction bail in cases involving domestic violence; as a result, the period of time between the arrest and the setting of bail by a judge or justice for alleged perpetrators of domestic violence may be greater than it is with other crimes. This law increases the safety of victims of domestic violence during the period between arrest and the setting of bail.

Current law also requires that law enforcement officers use and be trained in how to administer an evidence-based domestic violence risk assessment. In order to increase the ability of Maine criminal justice agencies to use information gathered in the course of the risk assessment to keep victims and families safe, Public Law 2013, chapter 478 permits those agencies to share confidential criminal history record information with advocates for the purpose of planning for the safety of a victim of domestic violence.

This law expands the definition of "advocate" to include an employee or volunteer of a Maine tribal program and provides that an advocate who receives confidential criminal history record information must use the information solely for the purpose of planning for the safety of a victim of domestic violence and is prohibited from further disseminating the information. It permits a law enforcement agency to share confidential criminal history record information with an advocate. Public Law 2013, chapter 478 also clarifies that once a person is certified as a participant in the Address Confidentiality Program that person's actual residential street, school or work address, or United States Postal Service address may not be used or disclosed by any state or local agency, or the courts unless such use or disclosure is approved by the Secretary of State under the circumstances set forth in the program.

Joint Standing Committee on Criminal Justice and Public Safety

This law also directs the State Board of Corrections to establish a minimum, uniform policy by June 1, 2014, for notifying defendants detained at a county jail or other correctional facility after being arrested for a domestic violence offense or sexual assault, and prior to the setting of preconviction bail by a justice or judge, that it is a crime to make direct or indirect contact with a victim who is a member of the defendant's family or household.

Public Law 2013, chapter 478 was enacted as an emergency measure effective March 16, 2014.

Committee Amendment "A" (H-698)

This amendment is the majority report and amends the provision of the bill regarding the prohibition on the possession of firearms by certain persons in cases involving a deferred disposition. The bill provides that in cases of deferred disposition, a person is deemed to have been convicted when the court imposes the sentence; however, this amendment provides that in cases involving certain crimes, including domestic violence crimes, the person is prohibited from possessing a firearm when the deferred disposition period begins and not at the point when the sentence is imposed.

1. In regard to the prohibition on the possession of firearms for certain persons, it adds an exception to the prohibition for a person under a deferred disposition until sentence imposition, but it excludes from that exception cases involving certain crimes, including domestic violence crimes, in which case the person is prohibited from possessing a firearm when the deferred disposition period begins and not at the point when the sentence is imposed.

LD 1782 An Act To Make Technical Amendments to the Criminal History Record Information Act and the Intelligence and Investigative Record Information Act and a Related Provision in the Maine Revised Statutes, Title 20-A

PUBLIC 507

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM	S-427

This bill implements the recommendations of the Criminal Law Advisory Commission to make technical amendments to the Criminal History Record Information Act and the Intelligence and Investigative Record Information Act enacted by Public Law 2013, chapter 267. Specifically, the bill makes changes to the Maine Revised Statutes, Title 16 as follows:

1. Amends section 703, subsection 2, paragraph E by replacing the phrase "indefinitely postponed" with the phrase "postponed for a period of more than one year";
2. Amends section 705, subsection 3 by replacing the incorrect term "use" in the final sentence with "employment";
3. Amends section 804 by adding the omitted words "is or" to conform with section 802, and includes the inadvertently omitted word "Maine" before the term "criminal justice agency";

Joint Standing Committee on Criminal Justice and Public Safety

4. Amends section 805, subsection 3, paragraph B by adding "or court decision" for purposes of completeness;
5. Amends section 806, subsection 1 by adding government agencies or subunits of government agencies in this State or another state that by statute are responsible for licensing or regulating the programs or facilities that provide care to children or incapacitated or dependent adults, and changing the conditions under which intelligence and investigative record information may be provided to these agencies and investigatory agencies. The licensing agencies were unintentionally omitted from subsection 1 when it replaced former section 614, subsection 3, paragraphs B and B-1;
6. Amends section 806, subsection 2 by adding "foster parent or guardian" for purposes of completeness;
7. Amends section 807 by adding the inadvertently omitted word "Maine" before the words "criminal justice agency"; and
8. Amends section 809 by adding the inadvertently omitted word "confidential" to describe the words "intelligence and investigative record information."

The bill also makes a correction in Title 20-A. It amends Title 20-A, section 6103, subsection 1 to correct an error made in Public Law 2013, chapter 267 concerning sharing criminal history record information with the Department of Education. The law prior to 2013 authorized the sharing of conviction data, which was defined to be public information. Chapter 267 inadvertently and incorrectly revised the type of information available to confidential criminal history record information. The bill corrects that error by limiting the information to be provided to the Department of Education to public criminal history record information and corrects a cross-reference.

Committee Amendment "A" (S-427)

This amendment amends the Maine Revised Statutes, Title 16, section 703, subsection 2, paragraph F regarding confidential criminal history record information to be consistent with other changes proposed in the bill. This recommendation of the Criminal Law Advisory Commission was inadvertently omitted from the bill.

It also restores the ability of an insurer to receive confidential investigative records. Public Law 2013, chapter 267, Part A, section 3 inadvertently changed the long-standing practice of law enforcement's sending this information to insurers.

Enacted Law Summary

Public Law 2013, chapter 507 implements the recommendations of the Criminal Law Advisory Commission to make technical amendments to the Criminal History Record Information Act and the Intelligence and Investigative Record Information Act enacted by Public Law 2013, chapter 267. Specifically, Public Law 2013, chapter 507 makes changes to the Maine Revised Statutes, Title 16 as follows:

1. Amends section 703, subsection 2, paragraph E by replacing the phrase "indefinitely postponed" with the phrase "postponed for a period of more than one year";
2. Amends section 705, subsection 3 by replacing the incorrect term "use" in the final sentence with "employment";

investigative record information may be provided to these agencies and investigatory agencies. The licensing agencies were unintentionally omitted from subsection 1 when it replaced former section 614, subsection 3, paragraphs B and B-1;

- 6. Amends section 806, subsection 2 by adding "foster parent or guardian" for purposes of completeness;
- 7. Amends section 807 by adding the inadvertently omitted word "Maine" before the words "criminal justice agency";
- 8. Amends section 809 by adding the inadvertently omitted word "confidential" to describe the words "intelligence and investigative record information";
- 9. Amends Title 20-A, section 6103, subsection 1 to correct an error made in Public Law 2013, chapter 267, concerning sharing criminal history record information with the Department of Education. The law prior to 2013 authorized the sharing of conviction data, which was defined to be public information. Chapter 267 inadvertently and incorrectly revised the type of information available to confidential criminal history record information. Public Law 2013, chapter 507 corrects that error by limiting the information to be provided to the Department of Education to public criminal history record information and corrects a cross-reference; and

This bill provides funding for 14 Investigative Agent positions in the Department of Public Safety, Maine Drug Enforcement Agency and funding for training and costs associated with conducting investigations.

This bill also provides funding for four Assistant Attorney General positions in the Department of the Attorney General that will be dedicated to prosecuting drug crimes.

Committee Amendment "A" (S-498)

This amendment is the majority report. It creates two new District Court Judge positions within the Judicial Department instead of four as proposed in the bill. These judges are appointed to the District Court in a manner that ensures geographic distribution and the ability of the court to address drug-related criminal matters expeditiously.

This amendment provides ongoing funding for two Assistant Attorney General positions in the Department of the Attorney General dedicated to prosecuting drug crimes instead of four as proposed in the bill.

This amendment reduces the ongoing General Fund appropriation to the Department of Public Safety to support drug enforcement activities from \$1,692,123 to \$920,812.

Finally, this amendment also provides an ongoing General Fund appropriation of \$750,000 to the Department of Health and Human Services for substance abuse treatment programs.

Committee Amendment "C" (S-500)

This amendment is a minority report. It provides that the four new judge positions are appointed to the District Court and assigned in a manner that ensures geographic distribution and the ability of the court to address drug-related criminal matters expeditiously, and adds a General Fund appropriation for the appointment of the four new judges and their support staff.

Committee Amendment "B" (S-499)

This amendment is a minority report of the committee and provides that four new judge positions are appointed to the District Court and assigned in a manner that ensures geographic distribution and the ability of the court to address drug-related criminal matters expeditiously.

This amendment requires the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations to develop a plan that includes proposed rules and any legislation needed to implement the personal use, taxation, and regulation of marijuana. The bureau is required to report its plan to the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters by January 31, 2015 and authorizes the joint standing committee to report out legislation, which includes enforcement and prosecution of drug crimes, and the treatment of substance abuse, to the First Regular Session of the 127th Legislature.

This amendment amends the bill by submitting the question of legalizing and taxing marijuana to voters in the State at a referendum, and makes establishing the new positions related to the enforcement and prosecution of drug crimes contingent on the availability of sufficient funding received from tax revenues on the sale of marijuana.

Joint Standing Committee on Criminal Justice and Public Safety

provides therapeutic care for forensic patients and authorizes involuntary placement in or transfer to the secure, therapeutic mental health unit for civilly committed patients with mental illness who pose a likelihood of serious harm to others. The bill establishes the unit as follows.

1. It directs the Commissioner of Corrections and the Commissioner of Health and Human Services to enter into an agreement to establish the unit with the sheriff of either Cumberland County or Somerset County.
2. It directs the Department of Corrections to provide security for the unit. Security staff must be dedicated to the unit and trained to provide security in a mental health hospital environment.
3. It directs the Department of Corrections to provide therapeutic mental health care for the unit. The therapeutic mental health care must meet standards established by a national organization on correctional facilities mental health standards. The Department of Health and Human Services may also provide mental health services to the unit upon agreement with the Department of Corrections and the county jail.
4. It requires that the population in a secure, therapeutic mental health unit be separated by sight and sound from the general jail population, and that forensic patients and civil patients must also be separated by sight and sound within the unit.
5. It specifies that a person under a court order to undergo a mental evaluation by the State Forensic Service must be admitted in the unit unless the Department of Health and Human Services determines that the person's mental health condition contraindicates admittance to the unit, the person is an inmate at a state correctional facility, or there is not a suitable bed available.
6. It also provides that a person not in a state correctional facility who poses a likelihood of serious harm must be admitted to the unit unless the Commissioner of Health and Human Services determines that the person's mental health condition contraindicates admittance to the unit or the unit does not have a suitable bed. Inmates with mental illness housed in a state correctional facility must be treated at the Maine State Prison's mental health unit and are not eligible to be admitted to the unit.

This bill establishes a procedure through which a patient who has been involuntarily committed to a state mental health institute may be involuntarily transferred to the secure, therapeutic mental health unit upon the order of a clinical review panel and after completion of a procedure that protects the rights of the patient and provides due process.

It also authorizes a court, in the process of ordering involuntary civil commitment for a person, to order placement in the secure, therapeutic mental health unit and provides for transfer of physical custody to a state mental health institute at the end of the order of involuntary placement.

GERZOFSKY DION	OTP-AM OTP-AM ONTP	S-511 S-533 HILL

This bill directs the State Board of Corrections to establish an essential programs and services funding formula for county jails and to review county jail management models in other states. The bill also authorizes the board to:

1. Approve the budget of each county jail in the State;

Joint Standing Committee on Criminal Justice and Public Safety

2. Review management decisions concerning county jail staffing and the use of overtime;
3. Withhold state funds from a county jail that fails to comply with a decision of the board; and
4. Rescind county jail employee salary and wage increases, and funding for county jail expenditures that exceed levels approved by the board.

Committee Amendment "A" (S-511)

This amendment is the majority report and replaces the bill. It makes the following changes to the process for approving county correctional budgets, and to the authority of the State Board of Corrections.

1. It clarifies that the correctional services budget for a county does not include county jail debt.
2. It establishes a growth factor for county correctional budgets that is equivalent to the growth limitation factor established in the Maine Revised Statutes, Title 30-A, section 706-A.
3. It requires the State Board of Corrections to approve a county budget that does not exceed the budget growth factor that is calculated on the total county budget that includes both the state and county share of the budget.
4. It authorizes the State Board of Corrections to manage county inmate bed space and direct the transfer of inmates between county jails. If the State Board of Corrections fails to manage inmate bed space or inmate transfers, or if the State Board of Corrections requests that the Commissioner of Corrections take on one or more of these functions and the commissioner agrees, it authorizes the Commissioner of Corrections to perform these functions.
5. It clarifies the purpose of the State Board of Corrections to promote public safety and establish and implement a unified and efficient county jail system.
6. It adds to the list of goals for the State Board of Corrections benchmarks for performance that include increased standardization, economies of scale, a long-term capital improvement budget, addressing mental health and substance abuse issues, and best practices used at the national level.
7. It changes the membership of the State Board of Corrections from nine members to five members to include one sheriff, one county commissioner, two representatives of the executive branch and one member representing the public. It also repeals the requirement that one member must have expertise in mental health issues and directs the State Board of Corrections to consult with mental health and drug abuse experts to assist the board with issues related to mental health and drug abuse.
8. It allows the State Board of Corrections to enter into contracts on behalf of county jails and regional jails for goods and services and requires the counties to meet the terms of the contract and pay their pro rata share.
9. It amends the responsibilities of the Executive Director of the State Board of Corrections to include reviewing and making recommendations concerning the proposed county corrections budgets, preparing the State Board of Corrections budget, coordinating the long-term county improvement plans into a single document and preparing performance metrics. It also allows the executive director to appoint a financial analyst to assist the State Board of Corrections.
10. It provides that a county may exceed the budget growth factor as applied to personnel costs but may not exceed the county's overall budgeted growth factor cap.
11. It requires the State Board of Corrections to adopt and enforce standards related to the efficiency of the county correctional system including information systems, security equipment, inmate classification, pretrial services, staffing qualifications and staffing levels, ratios of personnel across different levels of command and other matters

Joint Standing Committee on Criminal Justice and Public Safety

related to construction, maintenance and operations.

12. It requires the State Board of Corrections to receive and review all reports and results of county jail inspections conducted by the Department of Corrections.

13. It provides that the laws governing the State Board of Corrections do not authorize it to engage in collective bargaining obligations under the Maine Revised Statutes, Title 26, section 965.

14. It changes the name of the State Board of Corrections Investment Fund program to the State Board of Corrections Operational Support Fund program.

15. It provides that expenditures from the State Board of Corrections Operational Support Fund program are only for expenses approved by the board for personnel, goods and services, including, but not limited to, motor vehicles, information technologies and office equipment, that do not exceed \$50,000 per item.

16. It provides that in the first fiscal year in which any unencumbered balance in the corrections-related account of a county arises out of savings realized during the course of that fiscal year, the county may retain the unencumbered balance for future corrections-related purposes; however, 10% of savings in any subsequent fiscal year must be submitted to the State Board of Corrections.

17. It creates the County Corrections Capital Improvement Fund and requires the State Board of Corrections to prepare a 10-year system-wide capital investment plan with the assistance of an independent entity for the purpose of determining capital projects that can be funded for each county jail facility from the fund.

18. It directs the State Board of Corrections to contract with an independent entity with expertise in developing a capital investment plan for correctional facilities to assist in developing the ten-year system-wide capital investment plan.

19. It requires the State Board of Corrections to report on the status of a capital investment plan to the Legislature by no later than January 15th of each first regular session of the Legislature.

20. It requires the State Board of Corrections to develop a capital expenditure budget for each county jail facility based on a capital investment plan to be submitted by each county with the operational budget for inclusion in the biennial budget or as required by the State Budget Officer.

21. It establishes a uniform method of accounting and budgeting for county jail facilities.

22. It provides that federal or state inmate boarding revenues are retained by the county jail facility generating the funds and are not offset against the state appropriation otherwise due that county under the approved allocation formula.

23. For remaining federal revenues, it provides that federal inmate boarding revenues are retained by the county up to budgeted amounts approved as part of budgeted county correctional services. It requires a county jail holding jail debt on or before July 1, 2008 to transfer to the County Corrections Capital Improvement Fund 25% of any remaining federal revenue and apply 75% to the jail debt until the full discharge of that debt. A county jail without any jail debt must transfer 75% of any remaining federal revenue to the County Corrections Capital Improvement Fund.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MALABY BURNS	OTP-AM	H-611

This bill was carried over from the First Regular Session of the 126th Legislature.

Under current law, until January 1, 2015, a municipality that wishes to withdraw from a regional school unit must approve that withdrawal by a majority vote, with the total number of votes cast at least equal to 50% of the total number of votes cast in that municipality for Governor in the last gubernatorial election. If the municipality is part of a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws, a 2/3 approval is needed. Beginning January 1, 2015, any withdrawal must be approved by 2/3 of the voters, without any requirement regarding the total number of votes cast.

This bill allows a municipality to withdraw from a regional school unit by a majority vote and eliminates the requirement regarding the total number of votes cast.

This bill requires that a facilitator to oversee negotiations be appointed if, after 90 days of its formation, the withdrawal committee that is selected by the municipality seeking to withdraw from the regional school unit fails to reach an agreement with the regional school unit.

Committee Amendment "B" (H-611)

The bill proposes changes to the laws regarding voting requirements for the withdrawal of a municipality from a regional school unit and the withdrawal of a member municipality from a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws. This amendment changes the bill to remove its time limits for negotiations between the withdrawal committee and the regional school unit. The amendment retains the provisions in the bill striking the provisions in current law that repeal the existing voting requirements on January 1, 2015 and that provide that a 2/3 majority of the voters voting on a withdrawal agreement is required for the withdrawal of a municipality from a regional school unit and retains the provision in the bill changing the percentage of votes required when determining whether a municipality may petition to withdraw within two years of the vote on a previous withdrawal agreement that was not approved by the voters, but changes the bill's 50% of votes cast to 45%.

The bill proposes to eliminate the provisions of current law that require that the total number of votes cast for and

Joint Standing Committee on Education and Cultural Affairs

against withdrawal at the municipal vote must equal or exceed 50% of the total number of votes cast in the municipality for Governor at the last gubernatorial election. The amendment retains those provisions of current law.

The amendment also adds a distinct provision to the bill that restricts a withdrawal petition for a period of two years for a municipality that seeks to withdraw from a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws if the municipal vote on a petition for withdrawal received less than 45% of the votes cast or if the withdrawal agreement received less than 60% of the votes cast during the municipal vote.

Enacted Law Summary

Public Law 2013, chapter 461 amends the laws regarding voting requirements for the withdrawal of a municipality from a regional school unit and the withdrawal of a member municipality from a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws. Under current law, until January 1, 2015, a municipality that wishes to withdraw from a regional school unit must approve that withdrawal by a majority vote, with the total number of votes cast at least equal to 50% of the total number of votes cast in that municipality for Governor in the last gubernatorial election. If the municipality is part of a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws, a 2/3 approval is needed. Beginning January 1, 2015, any withdrawal must be approved by 2/3 of the voters, without any requirement regarding the total number of votes cast.

Chapter 461 changes the laws governing the voting requirements for the withdrawal of a municipality from a regional school unit as follows.

1. It strikes the provisions in current law that repeal the existing voting requirements on January 1, 2015, including the stipulations that provide that a 2/3 majority of the voters voting on a withdrawal agreement is required for the withdrawal of a municipality from a regional school unit and for the withdrawal of a member municipality from a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws.
2. It amends the provision in current law regarding the percentage of votes required when determining whether a municipality may petition to withdraw from a regional school unit within two years of the vote on a previous withdrawal agreement that was not approved by the voters to provide that the percentage of votes required for this restriction is reduced from less than 60% of votes cast to less than 45% of votes cast during the municipal vote on the withdrawal agreement.
3. It also adds a distinct provision to the law that restricts a withdrawal petition for a period of two years for a municipality that seeks to withdraw from a school administrative district that was reformulated as a regional school unit pursuant to the school consolidation laws if the municipal vote on a petition for withdrawal received less than 45% of the votes cast or if the withdrawal agreement received less than 60% of the votes cast during the municipal vote.

Joint Standing Committee on Education and Cultural Affairs

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

The bill makes the following changes to the early postsecondary education programs statutes.

1. It creates a permanent Commission on Expanding Early Postsecondary Access for High School Students.
2. It clarifies that adult education students, home school students and students from private schools are eligible for state subsidy for postsecondary courses. It also clarifies that a student may be eligible if the parents, school administrative unit and postsecondary institution approve.
3. It requires high schools to grant academic credit for postsecondary courses rather than allowing discretion.
4. It requires postsecondary institutions to provide information to students on the transferability of academic credit between postsecondary institutions.
5. It requires the Department of Education to pay 50% of tuition for up to 12 credit hours in an academic year rather than only the first three credit hours up to a possible 6-credit-hour maximum.
6. It adds instructors of postsecondary education courses that are offered in secondary schools to the list of personnel that are subject to the fingerprinting and background check requirements.
7. It requires career and technical education centers to serve as sites for the administration of assessment tests to determine college-level academic skills.

The bill also requires the Department of Education and the Commission on Expanding Early Postsecondary Access for High School Students to establish and maintain a single publicly accessible website with information on early postsecondary education programs and research as well as hyperlinks to those programs and the research.

Committee Amendment "A" (H-545)

This amendment makes several changes to the bill.

1. It adds the definition of "secondary school student" to the definitions in the Maine Revised Statutes, Title 20-A, chapter 208-A in order for the definition to apply to the entire chapter and clarifies that "secondary school student" includes a student enrolled in an adult education program or participating in an approved home instruction program.
2. It requires that in order to be eligible to receive state subsidy for postsecondary courses, a secondary school student must be a Maine resident.
3. It limits the total number of secondary school students enrolled in a postsecondary school course to no more than 1/3 of the total number of students enrolled in the course.
4. It requires the school administrative unit to inform a student enrolled in a postsecondary school course of the extent to which high school credit will be granted toward graduation requirements as a result of successfully completing the course.
5. In current law, the department pays 50% of the in-state tuition for the first three credit hours taken each semester. The amendment doubles the amount to six credits.
6. It reduces the percentage of total funding available that can be used to support secondary school students enrolled in summer term courses.

Joint Standing Committee on Education and Cultural Affairs

7. It increases the membership of the Commission on Expanding Early Postsecondary Access for High School Students from 19 to 20.

Senate Amendment "A" To Committee Amendment "A" (S-328)

This amendment removes the Commission on Expanding Early Postsecondary Access for High School Students from the bill.

**LD 995 An Act To Establish a Moratorium on the Approval and Operation of
Virtual Public Charter Schools**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ALFOND MACDONALD W	OTP ONTP	S-514 MILLETT

This bill was carried over from the First Regular Session of the 126th Legislature.

This emergency bill provides that the Maine Charter School Commission may not authorize the operation of any virtual public charter school until the Legislature enacts legislation that expressly authorizes the operation of virtual public charter schools in the State. The moratorium applies to the operations of any virtual public charter school that has not commenced operations as of the effective date of this legislation, regardless of whether the commission has approved, authorized or executed a contract for the virtual public charter school.

The bill amends the definition of "virtual public charter school" to specify that virtual public charter schools provide education services through an online learning program that enrolls students on a part-time basis in grades nine to 12.

The bill also requires the Maine Charter School Commission to review the law and the virtual public charter school models that have been implemented in other states and develop a virtual public charter school model that will best serve the learning needs of students. The virtual public charter school model developed must apply only to part-time students in grades nine to 12 and must place emphasis on blended learning models for high school students. The Maine Charter School Commission is directed to report its findings, recommendations and any necessary implementing legislation with respect to the authorization or operation of virtual public charter schools to the Joint Standing Committee on Education and Cultural Affairs no later than December 1, 2013 and authorizes the joint standing committee to report out a bill to the Second Regular Session of the 126th Legislature related to the recommendations included in this report.

Senate Amendment "B" (S-514)

This amendment extends the reporting date from December 1, 2013 to December 1, 2014 and changes other references to reflect this change.

**LD 1096 An Act To Amend the Laws Governing Students Experiencing
Education Disruption**

PUBLIC 439

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LANGLEY	OTP-AM	S-243 S-347 HILL

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

The bill makes the following changes to the laws governing students who experience an education disruption.

Joint Standing Committee on Education and Cultural Affairs

1. It redefines "education disruption" to eliminate disruption caused by homelessness or foster care and adds enrollment in three or more schools or educational programs in a single school year.
2. It modifies the standards for diplomas issued by the Department of Education to students who experience education disruption to require achievement of the content standards of the system of learning results only, eliminating the requirement the student meet any other standards that are set forth in the school work recognition plan or specified by the school attended by the student.
3. It modifies the process by which diplomas are issued by the Department of Education to provide that the student applies to the commissioner and supplies evidence of achievement, that the commissioner forms a review team to review the evidence and make recommendations to the commissioner and that the commissioner then makes the final determination.
4. It modifies the law governing school work recognition plans. It designates a responsible school for preparing the school work recognition plan and certain other materials. It removes a provision allowing the plan to be developed through email or teleconferencing, a provision providing that a plan is not required if an existing plan such as an individualized education plan or a transition plan addresses school completion, and the requirement that the plan include any local diploma requirements beyond state learning results. It establishes the process and responsibility for school work recognition plans in cases where the disruption is caused by enrollment in three or more schools or educational programs in a single school year.

This bill also modifies the law governing excusable absences from compulsory attendance to include the new definition of "education disruption," thus eliminating from excusable absences those resulting from disruptions caused by homelessness or foster care and disruptions from an interim placement that results in an absence of less than 10 days.

Committee Amendment "A" (S-243)

This amendment:

1. Removes the provision of the bill that alters the law governing compulsory attendance and excused absences, leaving in place the current law;
2. Amends the bill's definition of "education disruption" to include homelessness and foster care placement and identifies the school in which the student is enrolled or entitled to enroll as the responsible school for developing a school work recognition plan; and
3. Repeals a provision of law that is replaced by new provisions included in the bill.

Senate Amendment "A" To Committee Amendment "A" (S-347)

This amendment adds a mandate preamble.

3. It modifies the process by which diplomas are issued by the Department of Education to provide that the student applies to the commissioner and supplies evidence of achievement, that the commissioner forms a review team to review the evidence and make recommendations to the commissioner and the commissioner then makes the final determination.

4. It modifies the law governing school work recognition plans. It designates a responsible school for preparing the school work recognition plan and certain other materials. It removes a provision allowing the plan to be developed through email or teleconferencing, a provision providing that a plan is not required if an existing plan such as an individualized education plan or a transition plan addresses school completion, and the requirement that the plan include any local diploma requirements beyond state learning results. It establishes the process and responsibility for school work recognition plans in cases where the disruption is due to homelessness or foster care placement and in cases where the disruption is caused by enrollment in 3 or more schools or educational programs in a single school year.

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

The bill requires a school administrative unit with a public school in which at least 50% of students qualified for a free or reduced-price lunch during the preceding school year to operate a federal summer food service program in the area served by that public school during the following summer vacation if that public school operates a summer educational or recreational program. 	ONTP	

This bill was carried over from the First Regular Session of the 126th Legislature.

The bill requires implementation of universal voluntary prekindergarten education by the 2017-2018 school year. The Commissioner of Education is required to establish a stakeholder group to work with the commissioner and interested parties to establish a plan to implement the requirement. The stakeholder group is required to develop standards for prekindergarten education programs, recommend uniform statewide procedures for screening children and assessing program performance and recommend best practices to coordinate early childhood education programs with child care providers. The commissioner is required to submit a report of the work of the stakeholder group to the Joint Standing Committee on Education and Cultural Affairs by January 15, 2014, and the committee is authorized to submit a bill to the Second Regular Session of the 126th Legislature regarding the report.

The bill also clarifies the role of the State Board of Education with regard to prekindergarten education, changes the compulsory age for school attendance from seven years of age to five years of age beginning July 1, 2016 and provides that funding provided to a school administrative unit for prekindergarten purposes may not be used for other purposes. The bill provides that the Commissioner of Education must provide implementation grants and provides funds for those grants and for a position in the Department of Education to oversee early childhood education programs.

Committee Amendment "A" (S-508)

This amendment is the majority report of the committee and replaces the bill to provide that the implementation of universal voluntary public preschool programs by the 2018-2019 school year is subject to the extent that the State provides school administrative units with adequate funding to operate public preschool programs or provide for students to participate in such programs. The amendment makes the following changes to the bill.

1. It strikes the term "prekindergarten" and inserts in its place the term "public preschool program," which currently is defined in the Maine Revised Statutes, Title 20-A, section 1, subsection 23-A as a program offered by a public school that provides instruction to children who are four years of age.
2. It strikes the provisions in the bill that propose to change the compulsory age for school attendance from seven years of age to five years of age.
3. It amends the provision in Title 20-A that requires school boards to operate or otherwise provide for the availability of kindergarten programs for students in order to:
 - A. Provide that school boards must also operate or otherwise provide for the availability of public preschool programs for children four years of age to the extent that the State provides adequate funding to operate public preschool programs; and
 - B. Clarify that a school administrative unit is not required to expend local revenues to operate public preschool programs or to provide for students to participate in such programs.

Joint Standing Committee on Education and Cultural Affairs

4. It strikes the provision in the bill that proposes to appropriate money from the General Fund for awarding grants to school administrative units beginning in the 2014-2015 school year to implement and expand prekindergarten programs. It authorizes the Commissioner of Education to provide grant funding, beginning in the 2015-2016 school year and for each subsequent school year, to qualified school administrative units to implement plans to develop and operate public preschool programs from state, federal or private funds appropriated, allocated or authorized by the Legislature for that purpose, including revenues distributed from general purpose aid for local schools that the Department of Education receives from casino slot machines or casino table games pursuant to Title 20-A, section 15671, subsection 5-A.

5. It establishes the goal that the State provide adequate funding to ensure that public preschool programs for children four years of age are offered by all school administrative units by the 2018-2019 school year and ensure that adequate funding is provided for the operation of public preschool programs for children four years of age by all school administrative units during each subsequent school year.

6. It clarifies that, beginning with the 2015-2016 school year and for each subsequent school year, in addition to the grant funds awarded under this legislation, a school administrative unit that operates a public preschool program must receive an additional weight for the count of public preschool program students under Title 20-A, section 15675, subsection 3 and must receive targeted funds for public preschool to grade 2 students pursuant to Title 20-A, section 15681, subsection 4.

7. It provides that, beginning in fiscal year 2015-16, the grant funds provided for the costs of operating public preschool programs for children four years of age must be added to the adjustments to the state share of the total allocation received by qualified school administrative units pursuant to Title 20-A, section 15689 and provides that the amount of the adjustment for operating public preschool programs for children four years of age that is added to the state share of the total allocation under this legislation may not be included in the calculation of the local share amount of the qualified school administrative unit.

8. It amends the provision in the bill that directs the Commissioner of Education to establish rules to implement a uniform common statewide screening and assessment program for kindergarten by clarifying that the rule may establish only a uniform common statewide assessment program for kindergarten and by specifying that school administrative units may also implement other quality assessment programs they determine to be necessary for kindergarten.

9. It changes the proposed amount of the General Fund appropriation for the Early Childhood Coordinator position.

10. It changes the requirement in the bill that the Commissioner of Education establish a stakeholder group to require that, prior to beginning the process of adopting the Department of Education's rules related to the quality standards of program practice for public preschool programs for children four years of age, the Commissioner of Education invite stakeholders to provide their feedback and perspectives on the department's plan for the phase-in of the universal availability of public preschool programs for children four years of age beginning with the 2018-2019 school year and the recommended standards of program practice for public preschool programs for children four years of age. It also amends the provision that requires the commissioner to submit a report to the Legislature by clarifying that the report must contain a summary of the work of the stakeholders, as well as an outline of the rules proposed by the department to implement the universal availability of public preschool programs for children four years of age by the 2018-2019 school year, and providing that the report must be submitted to the Joint Standing Committee on Education and Cultural Affairs by December 3, 2014.

Committee Amendment "B" (S-509)

This amendment is the minority report of the committee and replaces the bill to provide that the implementation of universal voluntary public preschool programs by the 2018-2019 school year is subject to the extent that the State provides school administrative units with adequate funding to operate public preschool programs or provide for

students to participate in such programs. The amendment makes the following changes to the bill.

1. 4. It strikes the provision in the bill that proposes to appropriate money from the General Fund for awarding grants to school administrative units beginning in the 2014-2015 school year to implement and expand prekindergarten programs. It authorizes the Commissioner of Education to provide grant funding, beginning in the 2015-2016 school year and for each subsequent school year, to qualified school administrative units to implement plans to develop and operate public preschool programs from state, federal or private funds appropriated, allocated or authorized by the Legislature for that purpose, which may include revenues distributed from general purpose aid for local schools that the Department of Education receives from casino slot machines or casino table games pursuant to Title 20-A, section 15671, subsection 5-A.
5. It establishes the goal that the State provide adequate funding so that public preschool programs for children four years of age may be offered by all school administrative units by the 2018-2019 school year and promote the provision of adequate funding for the operation of public preschool programs for children four years of age by all school administrative units during each subsequent school year.
6. It clarifies that, beginning with the 2015-2016 school year and for each subsequent school year, in addition to the grant funds awarded under this legislation, a school administrative unit that operates a public preschool program must receive an additional weight for the count of public preschool program students under Title 20-A, section 15675, subsection 3 and must receive targeted funds for public preschool to grade 2 students pursuant to Title 20-A, section 15681, subsection 4.

11. It adds an appropriations and allocations section.

Senate Amendment "A" To Committee Amendment "A" (S-518)

This amendment amends Committee Amendment "A." The amendment differs from Committee Amendment "A" in the following ways.

1. It removes the provisions that would have required school administrative units to submit an implementation plan for operating a new or expanded public preschool program by the 2018-2019 school year and provides that, beginning in the 2015-2016 school year and for each subsequent school year, a school administrative unit may receive start-up funding if the school administrative unit submits an implementation plan for operating a new or expanded public preschool program that is approved by the Department of Education.

2. It defines "start-up funding" as a one-time, start-up grant for the operation of a new or expanded public preschool program and it provides that, to the extent the Legislature appropriates or allocates adequate start-up funding from state, federal or private funds for these grants, the Commissioner of Education may award grants to qualified school administrative units to operate a new or expanded public preschool program.

3. It provides that, beginning in the 2015-2016 school year, \$4,000,000 of revenues received by the Department of Education from casino slot machines or casino table games must be distributed by the department to provide annual start-up funds for approved public preschool programs for children four years of age.

4. It provides that, beginning with funding for the 2015-2016 school year, the count for students four years of age and five years of age attending public preschool programs must be based on the most recent October 1st pupil count prior to the year of funding.

5. It modifies the rule-making provision related to the qualifications to be included in the Department of Education rules for the approval of implementation plans and the awarding of grants to school administrative units for operating new or expanded public preschool programs. The amendment strikes the requirement that the application submitted by a school administrative unit must meet standards and best practices for public preschool programs and must be coordinated with other early childhood programs in the community and replaces these provisions with language that permits the department's rules to address these criteria.

6. It strikes the provision that would have established an adjustment to the state share of the total allocation for new or expanded public preschool programs and replaces this provision to authorize the Commissioner of Education to expend and disburse one-time, start-up funds to provide grants for expanded access to public preschool programs for children four years of age.

7. It adds a new appropriations and allocations section to transfer General Fund funds from the bus refurbishing

Joint Standing Committee on Education and Cultural Affairs

program to fund the costs of an early childhood coordinator position.

Enacted Law Summary

Public Law 2013, chapter 581 establishes a process for the implementation of universal voluntary public preschool programs by providing that, beginning in the 2015-2016 school year and for each subsequent school year, a school administrative unit may receive start-up funding if the school administrative unit submits an implementation plan for operating a new or expanded public preschool program that is approved by the Department of Education. Chapter 581 amends the laws related to the operation of public preschool programs as follows.

1. It establishes the goal that the State provide adequate funding to ensure that public preschool programs for children four years of age are offered by all school administrative units by the 2018-2019 school year and ensure that adequate funding is provided for the operation of public preschool programs for children four years of age by all school administrative units during each subsequent school year.
2. It amends the provision in Title 20-A that requires school boards to operate or otherwise provide for the availability of kindergarten programs for students in order to provide that school boards may also operate or otherwise provide for the availability of public preschool programs for children four years of age to the extent that the State provides adequate funding to operate public preschool programs.
3. It defines "start-up funding" as a one-time, start-up grant for the operation of a new or expanded public preschool program and it provides that, to the extent the Legislature appropriates or allocates adequate start-up funding from state, federal or private funds for these grants, the Commissioner of Education may award grants to qualified school administrative units to operate a new or expanded public preschool program.
4. It authorizes the Commissioner of Education to provide grant funding, beginning in the 2015-2016 school year and for each subsequent school year, to qualified school administrative units to implement plans to develop and operate public preschool programs from state, federal or private funds appropriated, allocated or authorized by the Legislature for that purpose; and it requires that, \$4,000,000 of revenues received by the Department of Education from casino slot machines or casino table games pursuant to Title 20-A, section 15671, subsection 5-A must be distributed by the department to provide annual start-up funds for approved public preschool programs for children four years of age.
5. It provides that, beginning with funding for the 2015-2016 school year, the count for students four years of age and five years of age attending public preschool programs must be based on the most recent October 1st pupil count prior to the year of funding.
6. It provides that the Commissioner of Education shall promulgate rules that establish qualifications for the approval of implementation plans and the awarding of grants to school administrative units for operating new or expanded public preschool programs, including implementation plan qualifications that contain standards and best practices for public preschool programs and that encourage coordination with other early childhood programs in the community.
7. It also directs the Commissioner of Education to establish rules that strongly encourage the use of a uniform common statewide assessment program for kindergarten that school administrative units may implement along with other quality assessment programs they determine to be necessary for kindergarten beginning in the 2016-2017 school year.
8. It provides General Fund appropriations for an Early Childhood Coordinator position in the Department of Education and transfers General Funds from the bus refurbishing program to fund the costs of this position.
9. It requires the Commissioner of Education, prior to beginning the process of adopting rules related to the quality standards of program practice for public preschool programs for children four years of age, to invite stakeholders to

Joint Standing Committee on Education and Cultural Affairs

provide their feedback on the department's plan for the phase-in of the universal availability of public preschool programs and the department's current partnership with other states and researchers in a consortium to establish a state-of-the-art system for assessing children's learning from kindergarten entry to grade three. It requires the commissioner to submit a report, including a summary of the work of the stakeholder group and an outline of the department's proposed rules to implement the universal availability of public preschool programs by the 2018-2019 school year, to the Joint Standing Committee on Education and Cultural Affairs by December 3, 2014.

LD 1579 An Act To Authorize Public Safety Personnel and Members of the Military To Wear Their Uniforms When Visiting Schools in Their Official Capacities

PUBLIC 450

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DEVIN BURNS	OTP-AM	H-594 H-597 MACDONALD W

This bill requires publicly supported secondary schools and secondary public charter schools to adopt and implement policies ensuring that members of the United States Armed Forces or the Maine National Guard and public safety personnel, including but not limited to firefighters, police officers, emergency medical technicians, game wardens and park rangers, may wear their uniforms when visiting schools in their official capacities.

Committee Amendment "A" (H-594)

This amendment explicitly adds forest rangers to the list of public safety personnel in the bill.

House Amendment "A" To Committee Amendment "A" (H-597)

This amendment, like the bill, as amended by the committee amendment, ensures the ability of members of the military and public safety personnel to wear their uniforms when visiting certain publicly supported schools in their official capacities. Unlike the bill, as amended by the committee amendment, which requires school boards to adopt policies ensuring this ability, this amendment provides that such persons may not be denied access to a publicly supported secondary school or secondary public charter school solely because they are wearing their uniforms.

Enacted Law Summary

Public Law 2013, chapter 450 ensures the ability of members of the military and public safety personnel to wear their uniforms when visiting publicly supported schools in their official capacities. The law provides that such persons may not be denied access to publicly supported secondary school or secondary public charter school solely because they are wearing their uniforms.

LD 1591 An Act To Amend the Process Controlling the Transfer of a Student between School Administrative Units

PUBLIC 456

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HUBBELL	OTP-AM	H-612

Under current law, a student or the parent of a student may request a transfer to a school administrative unit in which the student does not reside. The superintendents of both the sending and the receiving school administrative units may approve the transfer if they find that it is in the best interests of the student. The decision is appealable to the Commissioner of Education, who may approve or disapprove the transfer. That decision is appealable to the State Board of Education, which may approve or disapprove the transfer.

This bill provides a standard for what constitutes a student's best interest. The bill requires that, if the decision of

Joint Standing Committee on Education and Cultural Affairs

one or both of the superintendents to deny the transfer is appealed, the Commissioner of Education must uphold the decision unless the commissioner determines that the decision to deny the transfer was arbitrary and capricious, in which case the commissioner may approve the transfer. If that decision is appealed to the State Board of Education, the board must uphold the decision to deny the transfer unless the board determines that the decision was arbitrary and capricious, in which case the board may approve the transfer.

Committee Amendment "A" (H-612)

This amendment strikes and replaces the bill. The bill provides a standard for what constitutes a student's best interest when requesting a transfer from one school administrative unit to another; the amendment removes that standard. In current law, the superintendents of the receiving school administrative unit and the sending school administrative unit must both consent to a student's transfer. This amendment changes that provision to require that if a superintendent disapproves, that superintendent must provide the parent of the student with a written description of the superintendent's determination. The amendment also removes the provisions in the bill that direct the Commissioner of Education, or subsequently the State Board of Education, to uphold the decision of one or both superintendents to deny a transfer unless the commissioner or the board determines that the decision to deny the transfer was arbitrary and capricious. The amendment also retains the provision in the bill that extends from 30 to 45 calendar days the period of time within which the State Board of Education must make a decision on a review of a request for transfer.

Enacted Law Summary

Public Law 2013, chapter 456 changes the provision in current law which provides that the superintendents of the sending school administrative unit and the receiving school administrative unit must both consent to the approval of a request for a student to transfer to a school administrative unit in which the student does not reside by requiring that if a superintendent disapproves, that superintendent must provide the parent of the student with a written description of the superintendent's determination.

Chapter 456 also extends from 30 to 45 calendar days the period of time within which the State Board of Education must make a decision on a review of a request for transfer that was made by a parent of a student requesting transfer or a superintendent of either the sending or the receiving school administrative unit who is dissatisfied with the Commissioner of Education's decision to approve or disapprove the transfer upon the initial request of a parent to have the commissioner review the decision of the superintendents of the sending and the receiving school administrative units related to the transfer request.

This bill makes the following changes to the laws governing virtual public charter schools.

1. It provides that a virtual public charter school must be approved by the Legislature before it may operate.
2. It requires a virtual public charter school to be accredited by an organization approved by the Department of Education based on a demonstration that the organization's accreditation process is rigorous and aligned with state policy.
3. It requires the Maine Charter School Commission to evaluate applications for a virtual public charter school based on certain criteria.

Joint Standing Committee on Education and Cultural Affairs

4. It requires the governing board of a virtual public charter school to submit annually a performance report, operations report and independent financial audit to the Maine Charter School Commission and the joint standing committee of the Legislature having jurisdiction over education matters.
5. It sets standards for teachers in virtual public charter schools.
6. It sets standards to maintain the integrity of student learning and assessment in virtual public charter schools.
7. It requires the Department of Education to adopt major substantive rules governing virtual public charter schools. These rules must include a method for funding virtual public charter schools based on the cost per unit of instruction provided in each subject area to each student. These unit costs may include teacher costs, based on the average cost per student to employ a teacher in this State; administrative costs; costs of facilities; and capital costs.

Committee Amendment "A" (H-796)

This amendment, which is the majority report of the committee replaces the bill to establish provisions in the Maine Revised Statutes, Title 20-A, chapter 112 related to funding for students enrolled in a virtual public charter school and to establish provisions in Title 20-A, chapter 802 related to funding for students enrolled in a full-time, online learning program established by a school administrative unit.

This bill requires that, beginning in fiscal year 2015-16, appropriations and allocations in the budget document and the budget bills for the Board of Trustees of the University of Maine System must be separated into two separate line items: one reflecting those amounts to be allocated to the individual campuses of the University of Maine System and one reflecting those amounts to be used by the University of Maine System for administration costs.

GRATWICK PRIEST	ONTP	

The school district reorganization law enacted in 2007 established a uniform school budget validation referendum process for state-approved units of school administration composed of two or more member municipalities. The new budget process requires that a state-approved unit of school administration composed of a single municipality must also integrate the referenda procedures with any school budget adoption procedures that may have been previously established in a municipal charter. This emergency bill clarifies in time for budgets developed after January 1, 2014 that the statute integrating the budget adoption law for municipal school units with municipal charters does not preempt municipal charter provisions that establish school budget development, review and recommendation procedures that occur prior to the meeting held by the municipal legislative body to vote on the school budget.

This bill provides that, for the 2013-2014 school year only, the maximum allowable tuition charged to a school administrative unit by a private school that participates in the Maine Public Employees Retirement System must be increased above the amount otherwise permitted by an amount equal to 60% of the calculated normal cost of teacher retirement for that school divided by the number of enrolled students as of October 1, 2012. Current law allows this increase in the maximum allowable tuition for the 2013-2014 and 2014-2015 school years and allows the entire cost of teacher retirement to be recovered through the tuition increase. The bill also corrects a conflict that was created when two public laws amended the same provision of law.

This resolve directs the University of Maine System and the Maine Community College System to study the establishment of a pilot program based on Oregon's "Pay Forward, Pay Back" model to replace the current system of charging a resident of the State tuition and fees for enrollment at a state public institution of higher education. Under the pilot program, a student who is a resident of the State and who qualifies for admission to an institution would be able to enroll in the institution without paying tuition or fees; instead, the student would sign a binding contract to pay to the State or the institution for a specified number of years a certain percentage of the student's annual adjusted gross income upon graduation from the institution. Under the resolve, the University of Maine System and the Maine Community College System are directed to report their findings and any proposed implementing legislation to the joint standing committee of the Legislature having jurisdiction over education matters by December 3, 2014.

ALFOND WILLETTE	OTP-AM	

This bill is a concept draft pursuant to Joint Rule 208. The bill would implement a comprehensive strategy to keep the cost of public postsecondary education in the State affordable, thereby increasing the graduation rate from state public institutions of higher education. The comprehensive strategy may include, but is not limited to:

1. Adoption of Oregon's "Pay Forward, Pay Back" pilot project's model of funding public postsecondary education, under which a student enrolled in a public institution of higher education, in lieu of paying tuition or fees, contracts to pay to the State a certain percentage of the student's annual income upon graduation for a specified number of years;
2. Scholarships to provide incentives for degree completion with agreements to remain in the State after graduation for specified periods. Under this program, a full scholarship for the 4th and final year of school at a public institution of higher education will be provided to students who agree to work in the State for a certain period of time following graduation;
3. Tuition guarantees that ensure that students will pay the same tuition for four years while attending one of the State's public institutions of higher education;
4. Low interest rates for student loans issued by the State for students meeting certain criteria, such as financial need, academic merit, graduating within four years or agreeing to work in public service for a certain period after graduation;
5. Adoption of performance-based higher education funding that links the level of funding of a state public institution of higher education to a metric such as the graduation rate of that state public institution of higher education;
6. Transition from the provision of tax credits for higher education to the provision of state grants and other forms of financial aid for higher education;
7. Increased funding to the State of Maine Grant Program;
8. Facilitation of expedient graduation through establishment of dual enrollment programs and so-called three plus 1 programs, in which students attend community colleges for three years and transfer for the final year to a four-year program at another of the State's public institutions of higher education; and
9. Expansion of online learning opportunities, including the use of online course providers to develop online courses.

Committee Amendment "A" (S-489)

This amendment replaces the bill, which is a concept draft, with a resolve to establish the Task Force To Increase College Affordability and the Rate of Degree Completion. The task force is directed to study and make recommendations on issues associated with college affordability and degree completion and develop a 10-year statewide economic and policy strategy. The task force is required to submit a report by January 31, 2015 to the joint standing committee of the Legislature having jurisdiction over education matters. The report submitted by the task force must include findings, recommendations and any suggested legislation. The joint standing committee of

Joint Standing Committee on Education and Cultural Affairs

This resolve directs the Department of Education to establish a virtual academy administered by the State providing all public schools in the State access to online courses for their students and to submit implementing legislation to the joint standing committee of the Legislature having jurisdiction over education matters. It also imposes a moratorium on the authorization of virtual public charter schools and public charter schools that integrate online and on-site instruction until after the virtual academy administered by the State is operational.

Committee Amendment "A" (S-392)

This amendment, which is the majority report of the committee strikes and replaces the resolve to accomplish the following.

1. It directs the Department of Education to convene a stakeholder group to develop plans to establish online and digital learning opportunities, which may include a state-administered virtual academy and a state-administered digital learning exchange, that provide all public schools in the State access to online instruction, online courses and digital learning resources for their students.
2. It directs the stakeholder group, in collaboration with the Department of Education, to complete the design of online and digital learning opportunities for Maine students and submit a report, including findings and any necessary implementing legislation, to the joint standing committee of the Legislature having jurisdiction over education matters by January 15, 2015.
3. It directs the stakeholder group, in collaboration with school administrative units in the State, to develop a memorandum of understanding with the Virtual Learning Academy Charter School in New Hampshire to provide Maine secondary school students with access to virtual learning programs during the 2014-2015 school year and it directs the Commissioner of Education to notify the Legislature whether or not the stakeholder group and the participating school administrative units in the State made a good faith effort to develop a memorandum of understanding in accordance on or before July 31, 2014.
4. It imposes a moratorium on the authorization and operation of virtual public charter schools subject to authorization by the Maine Charter School Commission until January 15, 2015 unless the Commissioner of Education notifies the Legislature that the stakeholder group and the participating school administrative units in the State failed to make a good faith effort to develop a memorandum of understanding on or before July 31, 2014.
5. It stipulates that the moratorium established by the resolve regarding the authorization or operation of virtual public charter schools prohibits a virtual public charter school that has not commenced operations as of the effective date of the resolve from commencing operations, regardless of whether the Maine Charter School Commission has approved, authorized or executed a contract authorizing that virtual public charter school prior to the effective date of the resolve; and it prohibits the Maine Charter School Commission from executing a contract or authorizing a virtual public charter school, including an application for a virtual public charter school pending approval by the commission on the effective date of the resolve.

Committee Amendment "B" (S-393)

This amendment, which is the minority report of the committee provides that the Department of Education must include two members of the joint standing committee of the Legislature having jurisdiction over education matters, members of the Maine Charter School Commission and providers of online learning programs in the group collaborating in the design of a state-administered virtual academy that the department must establish by August 1, 2016 to provide all public schools in the State access to online courses for their students.

The amendment provides that in designing the virtual academy the Department of Education must propose:

1. A funding model for the state-administered virtual academy that provides that state funding is allocated as a separate line item in the General Purpose Aid for Local Schools program; and

Joint Standing Committee on Education and Cultural Affairs

2. An amendment to the existing funding model for virtual public charter schools in order to provide that state funding is allocated as separate line items in the General Purpose Aid for Local Schools program and that the amount of funding provided for a student enrolled in a virtual public charter school does not exceed \$6,000 per student.

Current law prohibits the approval of transfer of a student from one school administrative unit to another if the receiving school administrative unit does not operate a public school that includes the grade level of the student whose parent requests the transfer. This bill repeals that prohibition, but does not allow a parent to request a review of a decision by a superintendent to deny a transfer if the receiving school administrative unit does not operate a public school that includes the grade level of the student whose parent requests the transfer.

Committee Amendment "A" (H-815)

This amendment replaces the bill and provides that the approval of the transfer of a student from one school administrative unit to a school administrative unit that does not operate a public school that includes the grade level of the student whose parent requests the transfer may not be approved unless the superintendents of both the sending and receiving school administrative units approve the transfer.

DUNPHY SHERMAN	OTP-AM ONTP	

This bill was carried over from the First Regular Session of the 126th Legislature.

LD 796 Resolve, To Enhance Economic Development by Encouraging Businesses Adjacent to Electric Power Generators To Obtain Power Directly **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAMPBELL R TUTTLE	ONTP	

This bill was carried over from the First Regular Session of the 126th Legislature. The committee, by letter dated June 19, 2013, requested that the Public Utilities Commission provide a report on the progress of a pending rate design case at the commission as it pertains to the policy issues raised in this bill. The commission submitted that report to the committee on December 10, 2013.

This resolve is a concept draft pursuant to Joint Rule 208.

This resolve proposes to establish a stakeholder group to identify barriers to and incentives for the direct purchase of electricity by businesses adjacent to electricity-generating facilities, with the intent that the direct purchase of the electricity will decrease total electricity costs to the businesses.

The stakeholder group may be chaired by a representative of the Public Utilities Commission, the Office of the Public Advocate or the Governor's Energy Office. Stakeholders may include representatives from the Public Utilities Commission, the Office of the Public Advocate, the Governor's Energy Office, the Department of Economic and Community Development, municipalities, business associations, transmission and distribution

utilities, electricity generators and up to two Legislators appointed by the presiding officers. Other than the two Legislators appointed by the presiding officers, the members of the stakeholder group may be appointed by the Public Utilities Commission, the Office of the Public Advocate or the Governor's Energy Office.

The stakeholder group is required to examine the effects of exit fees, limitations on authority to construct electric transmission lines and the need for backup service from transmission and distribution utilities on the ability of a business to purchase electricity directly from an electricity-generating facility adjacent to the business's property. Additionally, the stakeholder group may consider the feasibility of designating businesses located adjacent to electricity-generating facilities as Pine Tree Development Zone businesses, regardless of the type of business, in order to encourage development in those locations so that the businesses may take advantage of the benefits provided in the Maine Revised Statutes, Title 35-A, section 3210-E.

The stakeholder group is required to report to the Joint Standing Committee on Energy, Utilities and Technology by January 15, 2014 the findings and recommendations of the stakeholder group, including any suggested legislation. The committee is authorized to report out a bill relating to the report to the Second Regular Session of the 126th Legislature.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
NEWENDYKE	OTP-AM OTP-AM	H-646

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill requires that the Public Utilities Commission may not issue a certificate of public convenience and necessity for the construction of a transmission line unless a description of the need for the proposed transmission line is provided; an analysis of nontransmission alternatives is conducted by an independent third party selected by the Public Utilities Commission; the projected cost of the proposed transmission line is compared to the projected cost of feasible nontransmission alternatives based on total projected costs, regardless of who pays; preference is given to lower-cost alternatives; cleaner alternatives are given preference over alternatives that rely on fossil fuels; the Public Utilities Commission makes specific findings as to whether alternatives can address the identified need at lower total cost; and all cost-effective energy efficiency and demand response resources are being acquired in the applicable service territory of the utility that has proposed the project. This bill requires that, when the commission determines that the nontransmission alternatives can address the need at lower total cost but represent a larger increased cost to ratepayers of the State than the proposed transmission line, the commission make reasonable efforts to achieve an agreement among the states within the New England independent system operator region to allocate the cost of the nontransmission alternatives among the ratepayers of the region using the allocation method used for transmission lines or another allocation method that results in lower increased cost to ratepayers of the State.

This bill also requires that lower-voltage projects that are capable of operating at less than 69 kilovolts and projected to cost in excess of \$20,000,000 must be reviewed and approved by the Public Utilities Commission before erection of the transmission line. The bill also establishes standards the Public Utilities Commission must use to review a lower-voltage project.

The committee included provisions related to non-transmission alternatives in LD 1559, An Act to Reduce Energy Costs, Increase Energy Efficiency, Promote Electric System Reliability and Protect the Environment during the First Regular Session of the 126th Legislature.

LD 1147 An Act To Protect Maine's Scenic Character

**Accepted Majority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HAYES	ONTP OTP-AM	

This bill was reported out of the Joint Standing Committee on Environment and Natural Resources during the First Regular Session of the 126th Legislature with a majority report to refer the bill to the Joint Standing Committee on Energy Utilities and Technology. The bill was referred to the Joint Standing Committee on Energy, Utilities and Technology and carried over from the First Regular Session of the 126th Legislature.

This bill makes several changes to the scenic impact provisions of the laws governing expedited permitting of grid-scale wind energy development enacted in 2008. It offers the possibility of protecting scenic resources that have been identified as significant by municipalities in their comprehensive plans and the scenic resources of certain great ponds on which there are commercial sporting camps; increases from 8 miles to 15 miles the jurisdictional distance for requiring visual impact assessments; and creates a rebuttable presumption that proposed grid-scale wind energy development projects within 15 miles of Acadia National Park, Baxter State Park, the Appalachian Trail, a federally designated wilderness area or the Allagash Wilderness Waterway will have an unreasonable adverse effect on a scenic resource. It requires the Department of Environmental Protection to consider the cumulative impacts of development when permitting grid-scale wind energy development projects under the laws governing expedited permitting of grid-scale wind energy development. It requires the Department of Environmental Protection to undertake rulemaking with respect to required decommissioning plans and directs updates of the great ponds studies done in 1987 and 1989.

Committee Amendment "A" (H-550)

This amendment is the minority report of the Joint Standing Committee on Environment and Natural Resources during the First Regular Session of the 126th Legislature and replaces the bill. It adds a new definition of "cumulative scenic impact or effect" to address potential cumulative impacts related to multiple wind energy generating facilities that are observed from a scenic resource of state or national significance. It changes the size of the area in which an analysis of visual impact must be undertaken from 3 and 8 miles currently to 8 and 15 miles. It creates a rebuttable presumption of unreasonable adverse effect on scenic character if the generating facility is located within 15 miles of Acadia National Park, the Appalachian Trail, a federally designated wilderness area, Baxter State Park or the Allagash Wilderness Waterway.

Committee Amendment "B" (H-738)

This amendment is the minority report of the Joint Standing Committee on Energy, Utilities and Technology during the Second Regular Session of the 126th Legislature. It makes changes to the bill, including:

1. Creating several new definitions relating to the scenic impact of a wind energy development;
2. Adding to the definition of "scenic resource of state or national significance" great ponds that were not studied for their scenic values in 1987 or 1989 and that the Department of Environmental Protection finds have outstanding or significant scenic quality using the assessment criteria in the 1989 Maine's Finest Lakes study;
3. Removing from current law a requirement that judicial appeals of final action by the Board of Environmental Protection or the Commissioner of Environmental Protection regarding an expedited wind energy development be taken directly to the Supreme Judicial Court sitting as the Law Court;
4. Removing the provisions of the bill that apply the scenic impact laws to scenic resources of local significance;

Joint Standing Committee on Energy, Utilities and Technology

and

5. Creating a rebuttable presumption of unreasonable adverse effect on scenic character if a generating facility is located within 15 miles from certain scenic resources of state or national significance.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill reinstates the solar and wind energy rebate program to provide rebates for the purchase of certain solar and wind energy equipment until June 30, 2018. The program expired December 31, 2010. This bill also increases the limit on the total amount of renewable capacity allowed under the community-based renewable energy pilot program from 50 megawatts to 60 megawatts and requires the Public Utilities Commission to reserve 10 megawatts in that program for solar-powered generating systems. The bill increases the limit on the contract price the commission can authorize for eligible solar-power generation under the community-based renewable energy pilot program and indexes the price limit to the Consumer Price Index. It also extends the repeal date for the Community-based Renewable Energy Act from December 31, 2015 to December 31, 2017. The bill requires the commission to submit to the Legislature by January 15, 2014 a report on options for establishing setting an amount of energy purchased that must be solar within the State's renewable portfolio standard.

Committee Amendment "A" (H-650)

This amendment is the majority report of the Joint Standing Committee on Energy, Utilities and Technology. This amendment replaces the bill. It establishes the Renewable Energy Rebate Program Fund under the Efficiency Maine Trust. The trust is required to provide rebates for the purchase of certain solar energy equipment until December 31, 2016. The rebate program is funded by an assessment of .011¢ per kilowatt-hour on electricity bills. The amendment also adds an appropriations and allocations section.

Committee Amendment "B" (H-651)

This amendment is the minority report of the Joint Standing Committee on Energy, Utilities and Technology and replaces the bill. This amendment establishes a sales tax exemption for solar photovoltaic and solar thermal systems purchased for the purpose of generating energy for personal or private use. The sales tax exemption is repealed December 31, 2016. The amendment allows the joint standing committee of the Legislature having jurisdiction over energy and utilities matters to report out legislation to change the repeal date if the federal tax credit for residential energy efficient property is extended beyond December 31, 2016.

House Amendment "C" To Committee Amendment "A" (H-744)

This amendment changes the name of the fund established in Committee Amendment "A" to the Solar Energy and Heat Pump Rebate Program Fund and expands the permitted use of the fund to include rebates for heat pumps. The amendment requires the Efficiency Maine Trust to establish, by routine technical rules, criteria for eligibility of technology and entities. Only persons who are residents of this State or that are domiciled in this State are eligible for rebates. In addition, only individuals who qualify for the Low-income Home Energy Assistance Program are eligible to receive rebates for both solar technologies and heat pumps. Other persons, including individuals and commercial, nonprofit or government entities that do not qualify for the Low-income Home Energy Assistance Program may qualify for rebates only for solar technologies and only if the solar technologies are installed on facilities located in this State.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
YOUNGBLOOD CAMPBELL R	OTP-AM	S-384

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill ensures that consumers of investor-owned transmission and distribution utilities in the State equitably share in the costs and direct benefits of long-term capacity resource contracts and community-based renewable energy projects. The bill provides that eligible costs and benefits related to these contracts are determined annually based on a forecast and reconciled the following year. The recovery mechanism established in this bill applies to existing long-term contracts and replaces any other recovery mechanism currently in place.

Committee Amendment "A" (S-384)

This amendment clarifies that the Act is to apply to investor-owned transmission and distribution utilities rather than all transmission and distribution utilities. The amendment removes the prescriptive requirements of how the benefit and cost mechanism is to be created in order to provide the Public Utilities Commission with the flexibility to identify the best process. This amendment clarifies that the Act is meant to equally distribute the benefits and costs of long-term energy contracts more equitably among those that currently receive the benefits and pay the costs of long-term energy contracts and that it is not intended to make classes or certain bodies of ratepayers who do not currently receive the benefits or pay the costs of long-term energy contracts do so. This amendment removes the 25-megawatt cap under the community-based renewable energy pilot program. This amendment does not change the total 50-megawatt statewide cap.

Enacted Law Summary

Public Law 2013, chapter 454 requires that customers of investor-owned transmission and distribution utilities in the State equitably share in the costs and direct benefits of long-term capacity resource contracts and community-based renewable energy projects. Chapter 454 provides that eligible costs and benefits related to these contracts are determined annually by the Public Utilities Commission. The recovery mechanism established in chapter 454 applies prospectively to existing long-term contracts and replaces any other recovery mechanism currently in place. Chapter 454 is meant to equally distribute the benefits and costs of long-term energy contracts more equitably among those that currently receive the benefits and pay the costs of long-term energy contracts and is not intended to make classes or certain bodies of ratepayers who do not currently receive the benefits or pay the costs of long-term energy contracts do so. Chapter 454 removes the 25-megawatt cap per utility territory under the community-based renewable energy pilot program but does not change the total 50-megawatt statewide cap.

Joint Standing Committee on Energy, Utilities and Technology

This bill was reported out of the Joint Standing Committee on Environment and Natural Resources during the First Regular Session of the 126th Legislature with a majority report to refer the bill to the Joint Standing Committee on Energy Utilities and Technology. The bill was referred to the Joint Standing Committee on Energy, Utilities and Technology and carried over from the First Regular Session of the 126th Legislature.

This bill provides that before the Department of Environmental Protection may approve a proposal for a grid-scale wind energy development in the unorganized or deorganized area of the State, the Maine Land Use Planning Commission must certify that the area where the development will be located has been zoned for planned development and removes a legislative finding regarding wind energy development in the unorganized and deorganized areas of the State.

Committee Amendment "A" (H-549)

This amendment is the minority report of the Joint Standing Committee on Environment and Natural Resources during the First Regular Session of the 126th Legislature and replaces the bill. It repeals the provision of law specifying that an expedited wind energy development is a use requiring a permit but not a special exception. It repeals the requirement that the Department of Agriculture, Conservation and Forestry, Maine Land Use Planning Commission make expedited wind energy development a use allowed with a permit in expedited permitting areas. The effect of the repeals is to require that, in order for a wind energy development in the unorganized or deorganized area of the State to receive a permit from the Department of Environmental Protection or the Maine Land Use Planning Commission, the development must be located in a subdistrict in which it is an allowed use. It also replaces a legislative finding regarding wind energy development in the unorganized and deorganized areas of the State and requires the Maine Land Use Planning Commission to amend its rules regarding allowed uses. This amendment adds an appropriations and allocations section.

CLEVELAND HOBBINS	OTP-AM	S-471

This bill makes liquefied propane gas distribution systems that are not included within the scope of 49 Code of Federal Regulations, Part 192 subject to the so-called Dig Safe Law, with the exception of distribution systems that provide service to single-family residences or businesses with fewer than five employees. The bill also changes the requirement that an excavator notify the Dig Safe system of the location of the intended excavation from not more than 30 calendar days prior to commencement of the excavation to not more than 60 days and clarifies that excavators must renew notification to the owners or operators of underground facilities for each successive 60-day period during which they will be excavating.

The bill also modifies the provision that allows excavators to commence excavation on underground facilities located on private property that are owned and operated by the owner of that property before those facilities are marked or the passing of three business days from the date of notification, whichever occurs earlier so that it only applies when the underground facilities provide service to a single-family residence.

Committee Amendment "A" (S-471)

This amendment strikes section 1 of the bill, which expanded the types of underground facility operators who are required to be members of the underground damage prevention system. This amendment also strikes section 2 of the bill, which increased the number of days within which an excavator is required to provide notice to the system from 30 days before the excavation to 60 days before the excavation.

This amendment adds a provision that requires the Public Utilities Commission to review its rules regarding underground facility damage prevention and excavator and underground facility operator practices to identify ways to decrease the number of notices that do not result in a marking that are issued by the damage prevention system. The commission may submit a report with recommended changes to the law to the joint standing committee of the Legislature having jurisdiction over utility matters. The committee may report out a bill to the First Regular Session of the 127th Legislature.

2. Specifies ways a request for exemption may be initiated;
3. Lists specific provisions of Title 35-A from which a consumer-owned water utility may not be exempted;
4. Directs the commission to ensure that customers of consumer-owned water utilities still have access to the services provided by the consumer assistance division within the commission; and
5. Directs the commission to establish by rule a process by which customers of a consumer-owned water utility can request that an exemption be rescinded.

This amendment requires that rate schedules issued by a consumer-owned water utility be submitted to the commission.

This bill changes the goals for wind energy development in the Maine Wind Energy Act from a schedule of increasing levels of installed capacity to a statement that the goals are expanded economic opportunities in the State, including increasing the number of jobs in the manufacturing, construction and development of wind energy projects, and lower electricity prices for the State's residential, commercial and industrial consumers.

Committee Amendment "A" (H-726)

This amendment is the minority report of the committee. This amendment strikes the section of the bill that repeals the megawatt goals for wind energy development. It also slightly modifies the wording of the bill relating to wind energy goals to provide that the State must aspire to advance those goals.

Current law restricts the ability of Great Northern Paper, LLC, to receive revenue from the sale of electricity from Brookfield Renewable Energy Partners when there is a cessation or reduction of paper production. In order to allow the Millinocket or East Millinocket paper production facility to benefit from the electricity revenue during the closure period and help the facility sustain its operations and remain viable during the closure, this bill amends the law to require Brookfield Renewable Energy Partners to transfer to Great Northern Paper, LLC, certain windfall revenue received from sales of electricity available due to the cessation or reduction of paper production and sold to other purchasers or into the wholesale electric market as long as there is no reduction in labor force associated with the cessation or reduction of paper production, commencing after the restart of the East Millinocket paper production facility.

Committee Amendment "A" (H-758)

Current law restricts the ability of Great Northern Paper, LLC, to receive revenue from the sale of electricity from Brookfield Renewable Energy Partners when there is a long-term cessation of paper production for a period of at least 90 days. This amendment, which replaces the bill, clarifies that the current law does not prohibit short-term load-shedding agreements and expressly authorizes such agreements for the purpose of promoting the continued viability of the paper production facilities and preserving the work force employed at those facilities and thereby promoting the public welfare. It also allows a one-time, limited exemption from certain provisions of current law, including the prohibition on agreements relating to longer-term paper mill closings, for the current cessation of paper production at the East Millinocket paper production facility that began on January 23, 2014, as long as certain conditions are met, including a reopening of the facility no later than June 30, 2014 with the number of employees agreed upon by the unions representing the employees and the owner of the paper production facility.

Public Law 2013, chapter 556 requires transmission and distribution utilities to implement arrearage management programs to assist eligible low-income residential customers who are in arrears on their electricity bills. The Efficiency Maine Trust must provide access to complementary energy efficiency programs for program participants. The bill requires that a transmission and distribution utility recover in rates all costs of the program except those arrearages that are forgiven and written off as bad debt. The Public Utilities Commission shall submit a report to the joint standing committee of the Legislature having jurisdiction over utilities matters by January 28, 2018 regarding the effectiveness of the program. That committee may report out legislation related to the report.

The law is repealed September 30, 2018.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill amends the composition and duties of the Maine Children's Growth Council by:

1. Requiring the Governor, President of the Senate and Speaker of the House of Representatives, when making appointments to the council, to ensure that appointees represent a diversity of interests including early learning coalitions, public health and safety networks, organizations that prevent and address child abuse and neglect and philanthropic organizations;
2. Increasing the number of members who represent statewide associations of business and industry to two;
3. Adding the commissioner, or the commissioner's designee, of the Department of Corrections, the Department of Economic and Community Development, the Department of Labor and the Department of Public Safety and the Superintendent of Insurance, or the superintendent's designee, as members;
4. Adding three more employees from the Department of Health and Human Services or the Department of Education;
5. Staggering the terms of appointed members;
6. Requiring the Governor, when appointing the chairs of the council, to consider the recommendations of the council;
7. Specifying that certain public members not otherwise compensated are entitled to receive mileage and a per diem;
8. Specifying that staff members of the council are authorized to undertake certain actions, such as entering into contracts and providing funding;
9. Repealing the current law that requires the council to develop a long-term plan for investment in the healthy development of young children and replacing it with the requirement to develop a long-term plan in accordance with

Joint Standing Committee on Health and Human Services

specific requirements, including:

- A. Requirements for the council to consult with specified state agencies and local governments when developing the long-term plan; and

- B. Strategies and timelines that provide for the coordination of resources and services across state government and the elimination of duplicate programs and services to reflect the diversity of and uniqueness of young children and their families and to maximize federal funding; and

10. Requiring the long-term plan to be developed within 12 months of the effective date of this bill.

Committee Amendment "A" (S-401)

This amendment is the majority report of the committee. This amendment deletes any proposed duties of the Maine Children's Growth Council to implement and ensure implementation of the long-term plan. The amendment changes the required qualifications for state agency representatives who are appointed to the council by requiring a representative to be knowledgeable about the healthy development of the State's young children and their families and the work of the council. The amendment adds to the Maine Children's Growth Council a representative of the federally recognized Indian tribes in the State. The representative of the Indian tribes must be chosen by the tribe whose turn it is in rotation to serve on the council, nominated to the Governor and appointed by the Governor. The amendment corrects the designation of a council member from the director of the Head Start collaboration project within the Department of Health and Human Services, Office of Child Care and Head Start to the director of the Head Start collaborative office within the Department of Health and Human Services and provides for a designee of the director to serve on the council. The amendment substitutes the Commissioner of Health and Human Services for the Commissioner of Public Safety in the membership of the council. The amendment makes the state agency commissioners and representatives nonvoting members of the council. The amendment removes reimbursement and compensation for public members of the council.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KATZ	OTP-AM ONTP	S-419

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill establishes managed care in the MaineCare program. The bill includes requirements for managed care plans and for contracting by the Department of Health and Human Services for managed care services. The bill specifies how MaineCare members enroll in managed care plans. The bill requires the Department of Health and Human Services to apply for approval of a Medicaid state plan amendment to allow use of MaineCare funds to purchase available employer-sponsored health coverage and delays implementation of that provision until approval has been granted.

Committee Amendment "B" (S-419)

This amendment, which is the majority report of the committee, replaces the bill. The amendment contains the following provisions.

Part A establishes managed care in the MaineCare program. It includes requirements for managed care plans and for contracting by the Department of Health and Human Services for managed care services. It specifies how MaineCare members enroll in managed care plans, provides opportunities for disenrollment, provides for capitated payments to managed care plans, establishes a minimum loss ratio for managed care plans, provides a choice of plans and a choice counseling system that ensures the consumer has access to accurate information, establishes an

Joint Standing Committee on Health and Human Services

ombudsman funded by the managed care plans to identify and report on systemic issues and to assist MaineCare members and providers with grievances and appeals, sets the minimum benefit package and authorizes major substantive rulemaking by the department. It establishes a managed care stakeholder group on capitated managed care in the MaineCare program to design and plan for implementation and make recommendations for implementation of managed care to the department. It requires the department to issue a request for information to determine whether there is sufficient interest among managed care companies to provide managed care as set forth in the law and in a manner that is consistent with and compatible with the goals and structure of the value-based purchasing initiatives being undertaken by the department, including but not limited to health homes, patient-centered medical homes, accountable communities, peer support organizations and other issues that are identified in the responsibilities of the stakeholder group. It requires the department to report by March 1, 2015 to the joint standing committee of the Legislature having jurisdiction over health and human services matters on the status of implementation of managed care pursuant to the Maine Revised Statutes, Title 22, section 3174-WW, each of the areas addressed by the managed care stakeholder group, the specific recommendations of the stakeholder group and the department's value-based purchasing initiative, including accountable care. The report must also include actual and projected cost savings and the structure of the managed care program. Beginning April 1, 2015, the department is required to provide a report every month to the joint standing committee of the Legislature having jurisdiction over health and human services matters on the implementation of managed care. It imposes a schedule of required rulemaking to ensure prompt implementation of managed care. It requires the department to apply to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services for approval of a state plan amendment under the United States Social Security Act, Section 1932(a) to implement the provisions of this amendment and to apply for all necessary waivers. It provides a contingent effective date that requires notification from the department to the Revisor of Statutes that all necessary approvals have been granted.

Part B expands medical coverage under the MaineCare program to adults who qualify under federal law with incomes up to 133 percent of the nonfarm income official poverty line, with the 5 percent federal income adjustment for family size, and qualifies Maine to receive federal funding for 100 percent of the cost of coverage for members who enroll under the expansion. Adults eligible are those 21 to 64 years of age, effective July 1, 2014, and, if the expansion of MaineCare coverage is not repealed, adults 19 and 20 years of age, beginning October 1, 2019. The expansion of Medicaid eligibility contained in this Part is repealed the earlier of either December 31, 2016 or three circumstances occurring: the enhanced Federal Medical Assistance Percentage for calendar years 2014 to 2016 is reduced below certain stated levels; the reduced enhanced Federal Medical Assistance Percentage has taken effect; and after the occurrence of the reduction of the enhanced Federal Medical Assistance Percentage the Legislature has convened and conducted a session of at least 30 calendar days.

Part C requires the Office of Fiscal and Program Review to contract with a nonpartisan research organization to evaluate the financial feasibility of providing health care coverage to newly eligible MaineCare members through the health insurance marketplace, modeled after Medicaid expansion coverage in Arkansas or Iowa, and the feasibility of establishing a state basic health program similar to Washington's basic health plan and to report the findings of the evaluation to the joint standing committee of the Legislature having jurisdiction over health and human services matters by February 15, 2015. It directs the Office of Fiscal and Program Review to contract for an examination of the impact of the MaineCare expansion on programs and services that do not currently receive Federal Medical Assistance Percentage matching funds or do not qualify for enhanced Federal Medical Assistance Percentage matching funds under the federal Patient Protection and Affordable Care Act, 42 United States Code, Section 18001 et seq., with the goal of identifying and maximizing General Fund savings. It requires that the research organization report by February 15, 2015 and February 15, 2016 to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters on the amount of General Fund savings resulting from the MaineCare expansion. The reports must include the amount of savings expected and realized during fiscal years 2014-15 and 2015-16 by service area or program. It requires the State Budget Officer to calculate the amount of savings that applies against each General Fund account for all departments and agencies from savings associated with the MaineCare expansion and to transfer the amounts by financial order upon the

Joint Standing Committee on Health and Human Services

approval of the Governor. It requires the State Controller to transfer any remaining savings to the MaineCare Stabilization Fund. This bill accomplishes the following.

Part A expands medical coverage under the MaineCare program to adults who qualify under federal law with incomes up to 133% of the nonfarm income official poverty line, with the 5% federal income adjustment for family size, and qualifies Maine to receive federal funding for 100% of the cost of coverage for members who enroll under the expansion. Adults who will be eligible are those 21 to 64 years of age effective July 1, 2014 and adults 19 and 20 years of age beginning October 1, 2019. The expansion of Medicaid eligibility contained in this Part is repealed if three circumstances occur: the enhanced Federal Medical Assistance Percentage for calendar years 2014 through 2020 is reduced below certain stated levels; the reduced enhanced Federal Medical Assistance Percentage has taken effect; and after the occurrence of the reduction of the enhanced Federal Medical Assistance Percentage the Legislature has convened and conducted a session of at least 30 calendar days. This bill repeals the expansion of medical coverage under the MaineCare program on December 31, 2016.

Part B requires the Commissioner of Health and Human Services to take all steps necessary to secure an enhanced federal match rate for services provided to the MaineCare childless adult waiver population and to report to the Joint Standing Committee on Appropriations and Financial Affairs and the Joint Standing Committee on Health and Human Services by November 1, 2014 on these efforts.

Part C requires the Office of Fiscal and Program Review to contract with a nonpartisan research organization to evaluate the impact of the MaineCare expansion on programs and services that do not currently receive Federal Medical Assistance Percentage matching funds or do not qualify for enhanced Federal Medical Assistance Percentage matching funds under the federal Patient Protection and Affordable Care Act, 42 United States Code, Section 18001, et seq., with the goal of identifying and maximizing General Fund savings. Part C requires a report by October 1st in 2014 and 2015 and February 15, 2016 to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over health and human services matters and the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters on the amount of General Fund savings resulting from the MaineCare expansion. The report must include the amount of savings expected and realized during fiscal years 2014-15 and 2015-2016 by service area or program. Part C requires the State Budget Officer to calculate the amount of savings that applies against each General Fund account for all departments and agencies from savings

associated with the MaineCare expansion and to transfer the amounts by financial order upon the approval of the Governor. It requires the State Controller to transfer any remaining savings to the MaineCare Stabilization Fund. Part C requires the State Budget Officer to provide a report of the transferred amounts to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs no later than June 30, 2015 for fiscal year 2014-15 and no later than June 30, 2016 for fiscal year 2015-16.

Part D provides funding for positions in the Department of Health and Human Services, Office of Family Independence.

Part E amends current law on copayments in the MaineCare program. This bill directs the Department of Health and Human Services to increase copayments for adults with income above 100% of the nonfarm income official poverty line to the maximum allowable under federal law and to increase nominal copayments by the annual percentage increase in the medical care component of the Consumer Price Index for All Urban Consumers. It directs the department to increase MaineCare copayments for services provided in a hospital emergency room when the services are not emergency services and requires the department to track aggregate copayments in compliance with federal law. Part E provides that until the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services confirms that the State will get the enhanced reimbursement rate, the expansion of medical coverage under the MaineCare program will not take effect.

Committee Amendment "A" (H-704)

This amendment, which is the majority report of the committee, replaces the bill. The amendment contains the following provisions.

Part A expands medical coverage under the MaineCare program to adults who qualify under federal law with incomes up to 133% of the nonfarm income official poverty line, with the 5% federal income adjustment for family size, and qualifies Maine to receive federal funding for 100% of the cost of coverage for members who enroll under the expansion. Adults eligible are those 21 to 64 years of age, effective July 1, 2014, and, if the expansion of MaineCare coverage is not repealed, adults 19 and 20 years of age, beginning October 1, 2019. The expansion of Medicaid eligibility contained in this Part is repealed the earlier of either December 31, 2016 or three circumstances occurring: the enhanced Federal Medical Assistance Percentage for calendar years 2014 to 2016 is reduced below certain stated levels; the reduced enhanced Federal Medical Assistance Percentage has taken effect; and after the occurrence of the reduction of the enhanced Federal Medical Assistance Percentage the Legislature has convened and conducted a session of at least 30 calendar days.

Part B requires the Office of Fiscal and Program Review to contract with a nonpartisan research organization to evaluate the financial feasibility of providing health care coverage to newly eligible MaineCare members through the health insurance marketplace, modeled after Medicaid expansion coverage in Arkansas or Iowa, and the feasibility of establishing a state basic health program similar to Washington's basic health plan and to report the findings of the evaluation to the joint standing committee of the Legislature having jurisdiction over health and human services matters by February 15, 2015. It directs the Office of Fiscal and Program Review to contract for an examination of the impact of the MaineCare expansion on programs and services that do not currently receive Federal Medical Assistance Percentage matching funds or do not qualify for enhanced Federal Medical Assistance Percentage matching funds under the federal Patient Protection and Affordable Care Act, 42 United States Code, Section 18001 et seq., with the goal of identifying and maximizing General Fund savings. It requires that the research organization report by February 15, 2015 and February 15, 2016 to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over health and human services matters, and the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters on the amount of General Fund savings resulting from the MaineCare expansion. The reports must include the amount of savings expected and realized during fiscal years 2014-15 and 2015-16 by service area or program. It requires the State Budget Officer to calculate the amount of savings that applies against each General Fund account for all departments and agencies from savings associated with the MaineCare expansion and to transfer the amounts by financial order upon the

approval of the Governor. It requires the State Controller to transfer any remaining savings to the MaineCare Stabilization Fund. It requires the State Budget Officer to provide a report of the transferred amounts to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs no later than April 30, 2015 for fiscal year 2014-15 and to submit adjustments to baseline budget requests totaling no less than \$11,800,000 per year to reflect the continuation of the identified savings in the 2016-2017 biennium.

Part C provides funding for positions in the Department of Health and Human Services, Office of Family Independence - District program.

Part D requires the department, when enrolling a MaineCare member who is eligible under the Maine Revised Statutes, Title 22, section 3174-G, subsection 1, paragraph H or I, to provide written notice that is readable at the 6th-grade reading level to the member that the member's MaineCare coverage will end no later than December 31, 2016 unless a law is passed to extend coverage past that date.

Part E directs the department to implement reforms specified in Public Law 2013, chapter 368, Part SS, section 4, to carry out the directives and implement the initiatives contained in Resolve 2013, chapter 24 and Public Law 2013, chapter 368, Part NN and Part SS, section 1 and to consider five reforms. This Part requires that savings resulting from accomplishing the required reforms in programs for adults with intellectual disabilities and autism be used to serve persons on the waiting lists for benefits under the MaineCare Benefits Manual, Chapter 101, Chapter II, Section 21, Home and Community Benefits for Members with Intellectual Disabilities or Autistic Disorder and Section 29, Support Services for Adults with Intellectual Disabilities or Autistic Disorder. This Part authorizes the department to adopt emergency rules to accomplish the duties contained in law.

Part F directs the Department of the Attorney General to undertake an initiative to strengthen fraud investigation in the MaineCare program. The Department of the Attorney General is directed to establish two new positions within the Health Care Crimes Unit to investigate allegations of misuse of public funds in the MaineCare program and to aid the Attorney General in the prosecution of crimes and other legal actions related to misuse of public funds.

House Amendment "A" To Committee Amendment "A" (H-849)

This amendment is modeled on the marketplace premium assistance program enacted into law in New Hampshire. Beginning August 1, 2014, it provides medical assistance under the MaineCare program as a bridge to purchasing insurance coverage from qualified health plans on the federally facilitated exchange for newly eligible adult populations. Beginning July 1, 2015, medical assistance for childless adults is limited to assistance in purchasing insurance coverage from qualified health plans on the federally facilitated exchange under a new program, the Maine Marketplace Premium Assistance program, administered by the Department of Health and Human Services and any additional services approved by the federal Centers for Medicare and Medicaid Services pursuant to a waiver submitted by the department. The person purchasing such insurance coverage is responsible for assuming cost sharing authorized under federal law, and employees who have access to employer health plans are required to participate in those plans. In order for qualified health plans to participate in the Maine Marketplace Premium Assistance program, plans must offer to each federally qualified health center an opportunity to contract with the plans and ensure that reimbursement for each center is according to the federal Patient Protection and Affordable Care Act. The amendment directs the Commissioner of Health and Human Services to prepare and submit to the federal Centers for Medicare and Medicaid Services any necessary waivers to implement the Maine Marketplace Premium Assistance program and provides funding for the one-time costs of preparing and submitting any Maine Marketplace Premium Assistance program waivers. The amendment retains the provisions in Committee Amendment "A" providing for the repeal of the expansion of MaineCare if the enhanced Federal Medical Assistance Percentage for calendar years 2014 to 2016 is reduced below certain stated levels or December 31, 2016, whichever is earlier. In addition, it provides that if a waiver to implement the Maine Marketplace Premium Assistance program has not been approved by July 1, 2015, the expansion of MaineCare eligibility provided under this legislation is repealed 90 days thereafter.

BERRY	OTP-AM	H-656
CRAVEN	ONTP	H-816 SANDERSON

This bill requires the Department of Health and Human Services to establish a four-step child care quality rating system and provide quality differential payments of 5%, 10% and 25% for the three highest steps. It removes language relating to requirements in the department rules regarding substantial progress toward meeting quality ratings. It provides that the department is not required to pay a quality differential rate for child care services provided through the Temporary Assistance to Needy Families block grant.

Committee Amendment "A" (H-656)

This amendment is the majority report of the committee. The bill provides exact mandatory amounts for the quality child care differentials at steps 2, 3 and 4 of the four-step child care quality rating system required by the bill. This amendment instead requires the Department of Health and Human Services to pay quality child care differential rates of at least 2% for step 2 child care services, at least 5% for step 3 child care services and at least 10% for step 4 child care services. These minimum rates are lower than those proposed in the bill. The amendment also adds an appropriations and allocations section.

House Amendment "A" To Committee Amendment "A" (H-816)

This amendment amends Committee Amendment "A" to remove the requirement that the Department of Health and Human Services adopt rules to implement a differential rate for child care services as specified in the bill. This amendment also removes the specific quality differential rates for step 2, step 3 and step 4 child care services as specified in the committee amendment and instead requires the rules to provide for graduated quality differential rates for step 2, step 3 and step 4 child care services. Like the bill, this amendment removes the requirement that the rules limit payment of the differential for substantial progress to a period of one year.

LD 1640 An Act To Expand MaineCare for Veterans and Low-income Residents Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T EVES	OTP-AM ONTP	S-464

Joint Standing Committee on Health and Human Services

This bill is a concept draft pursuant to Joint Rule 208. It proposes to enact measures designed to enhance the stability and predictability of health care costs for returning veterans and others by addressing the issues associated with hospital charity care and bad debt. In order to address that portion of uncompensated care provided by hospitals that is directed to low-income patients who do not have health insurance, measures proposed in this bill may include, but are not limited to, expanding MaineCare coverage in the State.

Committee Amendment "A" (S-464)

This amendment, which is the majority report of the committee, replaces the concept draft. The amendment contains the following provisions.

Part A expands medical coverage under the MaineCare program to adults who qualify under federal law with incomes up to 133% of the nonfarm income official poverty line, with the 5% federal income adjustment for family size, and qualifies Maine to receive federal funding for 100% of the cost of coverage for members who enroll under the expansion. Adults eligible are those 21 to 64 years of age, effective July 1, 2014, and, if the expansion of MaineCare coverage is not repealed, adults 19 and 20 years of age, beginning October 1, 2019. The expansion of Medicaid eligibility contained in this Part is repealed the earlier of either December 31, 2016 or three circumstances occurring: the enhanced Federal Medical Assistance Percentage for calendar years 2014 to 2016 is reduced below certain stated levels; the reduced enhanced Federal Medical Assistance Percentage has taken effect; and after the occurrence of the reduction of the enhanced Federal Medical Assistance Percentage the Legislature has convened and conducted a session of at least 30 calendar days.

Part B requires the Office of Fiscal and Program Review to contract with a nonpartisan research organization to evaluate the financial feasibility of providing health care coverage to newly eligible MaineCare members through the health insurance marketplace, modeled after Medicaid expansion coverage in Arkansas or Iowa, and the feasibility of establishing a state basic health program similar to Washington's basic health plan and to report the findings of the evaluation to the joint standing committee of the Legislature having jurisdiction over health and human services matters by February 15, 2015. It directs the Office of Fiscal and Program Review to contract for an examination of the impact of the MaineCare expansion on programs and services that do not currently receive Federal Medical Assistance Percentage matching funds or do not qualify for enhanced Federal Medical Assistance Percentage matching funds under the federal Patient Protection and Affordable Care Act, 42 United States Code, Section 18001 et seq., with the goal of identifying and maximizing General Fund savings. It requires that the research organization report by February 15, 2015 and February 15, 2016 to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, the joint standing committee of the Legislature having jurisdiction over health and human services matters, and the joint standing committee of the Legislature having jurisdiction over criminal justice and public safety matters on the amount of General Fund savings resulting from the MaineCare expansion. The reports must include the amount of savings expected and realized during fiscal years 2014-15 and 2015-16 by service area or program. It requires the State Budget Officer to calculate the amount of savings that applies against each General Fund account for all departments and agencies from savings associated with the MaineCare expansion and to transfer the amounts by financial order upon the approval of the Governor. It requires the State Controller to transfer any remaining savings to the MaineCare Stabilization Fund. It requires the State Budget Officer to provide a report of the transferred amounts to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs no later than April 30, 2015 for fiscal year 2014-15 and to submit adjustments to baseline budget requests totaling no less than \$11,800,000 per year to reflect the continuation of the identified savings in the 2016-2017 biennium.

Part C provides funding for positions in the Department of Health and Human Services, Office of Family Independence - District program.

Part D requires the department, when enrolling a MaineCare member who is eligible under the Maine Revised Statutes, Title 22, section 3174-G, subsection 1, paragraph H or I, to provide written notice that is readable at the 6th-grade reading level to the member that the member's MaineCare coverage will end no later than December 31, 2016 unless a law is passed to extend coverage past that date.

Joint Standing Committee on Health and Human Services

This resolve directs the Department of Health and Human Services to terminate its August 1, 2013 agreement to purchase nonemergency medical transportation services to MaineCare and Children's Health Insurance Program recipients.

Committee Amendment "A" (S-441)

This amendment, which is the majority report of the committee, replaces the resolve. It prohibits the Department of Health and Human Services from renewing the contracts for MaineCare nonemergency transportation beyond June 30, 2014. It also cancels the request for proposals that was issued on February 26, 2014. The department is required to develop a new request for proposals that maximizes the scoring criteria evaluating a bidder's economic impact on the Maine economy and employment, reconnects with existing regional transportation resources and infrastructure and penalizes any bidders with a previous contract for MaineCare nonemergency transportation services that have a record of poor performance or for whom there was a corrective action plan in place. The request for proposals must include a transition period of no more than three months after June 30, 2014 if it is necessary for the current brokers to continue to provide services on a temporary basis as long as suitable contractual protections are in place. The department is required to provide monthly reports that include performance data on the new system to the joint standing committee of the Legislature having jurisdiction over health and human services matters from one month after the effective date of this resolve until one year after the new contracts are in place.

This bill authorizes the prescription, possession and administration of opioid antagonists under certain circumstances and provides criminal and civil immunities for such prescription, possession and administration; provides for Medicaid coverage of naloxone hydrochloride using existing resources; authorizes standing orders and collaborative practice agreements for the dispensing of opioid antagonists; provides for an annual report on unintentional drug overdose; and directs the Department of Health and Human Services to make grants from existing resources for various drug overdose prevention projects.

Committee Amendment "A" (H-711)

This amendment is the majority report of the committee. The amendment strikes the emergency preamble and emergency clause. Like the bill, the amendment defines "opioid antagonist" and "opioid-related drug overdose" and authorizes emergency medical personnel to administer opioid antagonists, but the amendment adds a provision authorizing law enforcement officers and municipal firefighters to administer intranasal opioid antagonists. Like the bill, the amendment allows the prescribing and dispensing of an opioid antagonist to a person at risk of an opioid-related drug overdose and to a person who may be in a position to assist an individual experiencing an

Joint Standing Committee on Health and Human Services

opioid-related drug overdose and allows such persons to possess and administer opioid antagonists, but the amendment removes the provisions regarding liability. It clarifies the provision in the bill that provides an exemption from pharmacy license requirements for a person who stores or dispenses an opioid antagonist under a standing order from an appropriate health care professional to provide that the person must be employed by an organization that provides a significant level of services to persons who are actively using drugs or have a history of actively using drugs. Like the bill, the amendment allows collaborative practice between a pharmacist and a health care professional with respect to opioid antagonist therapy, but the amendment expands the provision to include all opioid antagonists, not just naloxone hydrochloride. It removes the provisions of the bill that require the Department of Health and Human Services to make grants from existing resources for drug overdose education projects, to publish an annual report on unintentional drug overdose fatalities in the State and to add naloxone hydrochloride to the department's Medicaid drug formulary.

Committee Amendment "B" (H-712)

This amendment is the minority report of the committee. This amendment clarifies language in the emergency preamble. This amendment retains the provision of the bill that defines "opioid antagonist." This amendment provides that emergency medical personnel may, in accordance with policies applicable to the performance of their duties, administer opioid antagonists in accordance with the provisions of the Maine Revised Statutes, Title 32, chapter 2-B. This amendment authorizes law enforcement officers in accordance with policies adopted by a law enforcement agency and municipal firefighters in accordance with policies adopted by a municipality to administer intranasal opioid antagonists. This amendment strikes provisions of the bill pertaining to grants for drug overdose education projects, an annual report on unintentional drug overdose fatalities in the State, immunity for prescribing, possessing and administering opioid antagonists, Medicaid coverage for opioid antagonists, pharmacy licensure and collaborative practice.

Senate Amendment "A" To Committee Amendment "B" (S-527)

This amendment does the following.

1. It allows certain emergency medical personnel, law enforcement officers and municipal firefighters to administer naloxone hydrochloride.
2. It allows prescribers to prescribe naloxone hydrochloride to persons at risk of an opioid-related drug overdose and members of their family.
3. It allows a family member to possess and administer the drug in the event of a suspected opioid-related drug overdose.

Enacted Law Summary

Public Law 2013, chapter 579 allows the following persons to possess and administer naloxone hydrochloride to a person believed to be experiencing an opioid-related drug overdose: (1) a law enforcement officer in conformance with policies adopted by the law enforcement agency if the law enforcement officer has been trained in administering the drug, (2) a municipal firefighter in conformance with policies adopted by the municipality if the firefighter has been trained in administering the drug, and (3) a family member who was prescribed the drug or who was provided the drug by the individual who was prescribed the drug.

During the First Regular Session of the 126th Legislature, the Legislature passed six separate laws that affected the Maine Medical Use of Marijuana Act in various ways. The purpose of this bill is to clarify and coordinate those

Joint Standing Committee on Health and Human Services

changes, including doing the following:

1. Defining "medical provider" to mean a physician or a certified nurse practitioner and adding a definition of "certified nurse practitioner" in order to authorize a certified nurse practitioner who is a qualifying patient's primary care provider to issue a written certification for the qualifying patient's medical use of marijuana;
2. Defining and prohibiting the use, possession or sale of kief;
3. Clarifying that tinctures containing marijuana are considered food or goods containing marijuana;
4. Clarifying that a medical provider's written certification for the medical use of marijuana expires within one year after issuance;
5. Authorizing disclosure of registered primary caregiver and dispensary information to the Department of Administrative and Financial Services, Maine Revenue Services for taxation compliance purposes;
6. Enacting provisions regarding compliance, including collection of evidence, complaint investigation, penalty and injunctive relief provisions; and
7. Authorizing the Department of Health and Human Services to transport marijuana for laboratory testing and evidence collection purposes.

Committee Amendment "A" (H-713)

This amendment is the majority report of the committee. It makes the following changes to the bill.

1. The amendment removes the requirement that a certified nurse practitioner who may certify medical use of marijuana for a patient must be the patient's primary care provider.
2. The amendment adds to the definition of "prepared marijuana" to include the by-products of leaves and flowers and provides that prepared marijuana does not include hashish.
3. The amendment removes from the bill provisions that change the commissioner with responsibility for best practices in pest management from the Commissioner of Agriculture, Conservation and Forestry to the Commissioner of Health and Human Services.
4. The amendment adds to the provisions on confidentiality in the medical use of marijuana program that the confidentiality provisions do not prevent the Department of Health and Human Services from complying with the Maine Revised Statutes, Title 36, section 175. The amendment strikes from the bill a provision that creates an exception to confidentiality for release by the department to Maine Revenue Services for taxation compliance purposes.
5. The amendment removes from the bill provisions on complaint investigation, penalties, injunctive relief and attorneys' fees and costs. The amendment retains provisions in the bill allowing the department to ensure compliance, including, but not limited to, laboratory testing on soil, marijuana plant samples and samples of products.
6. The amendment directs the Department of Health and Human Services to develop a framework for processing, documenting and investigating complaints concerning the implementation of the Maine Medical Use of Marijuana Act. It directs the department to review mechanisms for processing, documenting and investigating complaints and to report its recommendations to the joint standing committee of the Legislature having jurisdiction over health and human services matters by December 1, 2014. The amendment directs the department to include in its report whether enacting new laws or authorizing new rules, either routine technical or major substantive, is required to

Joint Standing Committee on Health and Human Services

implement the recommendations of the department.

House Amendment "A" To Committee Amendment "A" (H-732)

This amendment removes the exclusion of hashish from the definition of "prepared marijuana" as proposed in Committee Amendment "A."

Joint Standing Committee on Health and Human Services

Commission on Long-term Care is required to submit a report that includes its findings and recommendations, including suggested legislation, to the Joint Standing Committee on Health and Human Services. The joint standing committee may report out a bill regarding the subject matter of the report to the First Regular Session of the 127th Legislature. The bill also includes an appropriations and allocations section to provide funds for reimbursement under the MaineCare program for nursing facilities.

Committee Amendment "A" (S-497)

This amendment is the unanimous report of the committee. This amendment clarifies that the rules regarding the principles of reimbursement for nursing facilities must establish a nursing facility's base year every two years and increase the rate of reimbursement beginning July 1, 2014 and every year thereafter. The amendment also clarifies that the rate of reimbursement for nursing facilities that results from amending the rules to reflect rebasing the nursing facility's base year may not result for any nursing facility in a rate of reimbursement that is lower than the rate in effect on April 1, 2014. The amendment also clarifies that the rules regarding the principles of reimbursement for nursing facilities must be amended in Sections 91 and 91.1 to provide for ongoing, annual rate changes beginning July 1, 2014 to adjust for inflation and to set the inflation adjustment cost-of-living percentage change in nursing facility reimbursement each year in accordance with the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index. This amendment replaces the appropriations and allocations section in the bill.

Senate Amendment "A" To Committee Amendment "A" (S-521)

This amendment removes the provisions that require the Department of Health and Human Services to amend rules governing principles of reimbursement for nursing facilities as they relate to the inclusion of the costs of health insurance for nursing facility personnel. It delays by one year the supplemental payment to nursing facilities with a high percentage of MaineCare residents. It requires the Commission To Continue the Study of Long-term Care Facilities to determine the extent that collections of cost-of-care overpayments and other savings initiatives of the department have resulted in savings in excess of amounts projected to be saved in developing and reporting budget information to the Legislature or the Governor. These savings must provide a minimum of \$8,000,000 in General Fund savings in fiscal year 2014-15. This amendment replaces the appropriations and allocations section in the committee amendment.

Senate Amendment "B" To Committee Amendment "A" (S-559)

This amendment strikes the committee amendment. It incorporates the substance of the bill as amended by Committee Amendment "A," but removes the provisions that require the Department of Health and Human Services to amend rules governing principles of reimbursement for nursing facilities as they relate to the inclusion of the costs of health insurance for nursing facility personnel. It provides funding for the first year of the rate provisions of the bill based on collections of cost-of-care overpayments in excess of amounts projected to be saved in developing and reporting budget information to the Legislature or the Governor. It caps the actual rate increases to be provided in each of the next three fiscal years based on the amount appropriated by the Legislature to fund those increases. These savings are expected to provide \$4,000,000 in General Fund savings in fiscal year 2014-15. This amendment removes the Blue Ribbon Commission on Long-term Care established in the bill. This amendment replaces the appropriations and allocations section in the committee amendment. It also requires the department to carry over any debts collected in fiscal year 2014-15 in excess of \$13,000,000 to fiscal year 2015-16 to provide additional funding. Finally, the amendment requires the department to report bimonthly to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs on the department's efforts to collect the debt arising from cost-of-care overpayments.

The copayment for each service provided in the course of an office visit to a chiropractic doctor may not exceed \$5 or 10% of the covered payment for such services, whichever is greater. <u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PRIEST GRATWICK	OTP-AM ONTP	H-771

This bill was carried over from the First Regular Session of the 126th Legislature.

Part A of the bill establishes the Maine Health Benefit Marketplace as the State's health benefit exchange as authorized by the federal Patient Protection and Affordable Care Act to facilitate the purchase of health care coverage by individuals and small businesses. The Maine Health Benefit Marketplace is established within the Department of Professional and Financial Regulation. The bill requires coverage to be available through the State-based marketplace no later than January 1, 2015 and requires the Executive Director of the Maine Health Benefit Marketplace to submit a declaration of intent to establish a state-based exchange under federal law to the federal Department of Health and Human Services no later than November 18, 2013. The bill also requires the executive director to submit applications for any available federal grant funding to support planning and implementation of the exchange as soon as practicable.

Part B of the bill establishes the Maine Health Care Plan to provide security through high-quality, affordable health care for the people of the State. The plan will become effective and binding on the State upon the approval of a waiver from the United States Department of Health and Human Services. All residents and nonresidents who maintain significant contact with the State are eligible for covered health care services through the Maine Health Care Plan. The Maine Health Care Plan must conform to the minimum essential benefits required under federal law, but may require additional benefits within existing resources. Health care services under the Maine Health Care Plan are provided by participating providers in organized delivery systems and through the open plan, which is available to all providers. It establishes the Maine Health Care Agency to administer and oversee the Maine Health Care Plan, to act under the direction of the Maine Health Care Council, and to administer and oversee the Maine Health Care Trust Fund. The Maine Health Care Council is the decision-making and directing council for the agency and is composed of five full-time appointees.

Part B also directs the Maine Health Care Agency to establish programs to ensure quality, affordability, efficiency of care and health care planning. The agency health care planning program includes the establishment of global budgets for health care expenditures for the State and for institutions and hospitals. The health care planning program also encompasses the certificate of need responsibilities of the agency pursuant to the Maine Revised Statutes, Title 22, chapter 103-A. The bill contains a directive to the State Controller to advance \$600,000 to the Maine Health Care Trust Fund. This amount must be repaid by the Maine Health Care Agency by June 30, 2018.

Part C of the bill establishes the Maine Health Care Plan Transition Advisory Committee. Composed of 20 members, appointed by the Governor, President of the Senate and Speaker of the House of Representatives, and subject to confirmation by the Legislature, the committee is charged with holding public hearings, soliciting public comments, and advising the Maine Health Care Agency on the transition from the current health care system to the Maine Health Care Plan. Members of the committee serve without compensation but may be reimbursed for their expenses. The committee is directed to report to the Governor and to the Legislature every six months beginning July 1, 2017. The committee completes its work when the Maine Health Care Plan becomes effective.

Joint Standing Committee on Insurance and Financial Services

Part D of the bill establishes the salaries of the members of the Maine Health Care Council and the executive director of the Maine Health Care Agency.

Part E of the bill prohibits the sale on the commercial market of health insurance policies and contracts that duplicate the coverage provided by the Maine Health Care Plan. It allows the sale of health care policies and contracts that do not duplicate, and are supplemental to the coverage of the Maine Health Care Plan.

Part F of the bill directs the Maine Health Care Agency to submit two financing plans to the Legislature by January 15, 2016. Part F also directs the Maine Health Care Agency to ensure employment retraining for administrative workers employed by insurers and providers who are displaced by the transition to the Maine Health Care Plan. It directs the Maine Health Care Agency to study the delivery and financing of long-term care services to plan members. Consultation is required with the Maine Health Care Plan Transition Advisory Committee, representatives of consumers and potential consumers of long-term care services, and representatives of providers of long-term care services, employers, employees and the public. A report by the agency to the Legislature is due January 1, 2018.

Part G clarifies that throughout the Maine Revised Statutes, the words "payer" and "payor" have the same meaning.

Committee Amendment "A" (H-771)

The amendment, which is the majority report, replaces the bill and changes it into a resolve.

The amendment expresses the Legislature's intent that all Maine residents have access to and coverage for affordable, quality health care. The amendment requires the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters to solicit the services of one or more consultants to propose design options for creating a universal system of health care in the State. The resolve requires the consultant or consultants to submit a proposal by December 2, 2015, containing at least three design options that comply with the federal Patient Protection and Affordable Care Act.

The amendment includes a provision requiring the State Controller to transfer \$100,000 from the State Innovation Model grant received by the Department of Health and Human Services pursuant to the federal Patient Protection and Affordable Care Act before June 30, 2015, to fund the study required by the resolve. If funds exceeding \$100,000 are received from other public and private sources before December 1, 2015, the amendment requires that the money be transferred back to the Department of Health and Human Services.

3. The bill amends the laws governing the information that hospitals and ambulatory surgical centers are required to make available to consumers by adding a requirement that these entities prominently display a notice informing consumers of their ability to request and receive information on the average charges for any inpatient service or outpatient procedure provided by the hospital or center upon request.
4. The bill amends the annual statutory reporting requirement for the Maine Health Data Organization to include language requiring the Maine Health Data Organization to include in its report an update on its collaborative efforts with other health data organizations to improve consumer access to information on health care quality and price and health care transparency initiatives in this State. The bill also amends the statutory provisions governing the Maine Health Data Organization annual report to require that the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters, in addition to the joint standing committee of the Legislature having jurisdiction over health and human services matters, be provided with the annual report.

If the practitioner or facility is unable to provide an accurate estimate of the total price because the amount of a medical service to be consumed during the medical encounter is unknown in advance, the practitioner or facility must provide a brief description of the basis for determining the total price. Public Law 2013, chapter 560 requires that health care practitioners and health care facilities provide uninsured patients, upon request, with an estimate of the total price of a single medical encounter, and notification of any charity care policy adopted by the practitioner or facility. If the practitioner or facility is unable to provide an accurate estimate of the total price because the amount of a medical service to be consumed during the medical encounter is unknown in advance, the practitioner or facility must provide a brief description of the basis for determining the total price. If a single medical encounter will involve medical services to be rendered by one or more third-party health care practitioners or facilities, the practitioner or facility must identify each third-party practitioner or facility to enable the uninsured patient to seek an estimate of the total price of medical services to be rendered directly by each practitioner or facility.

The law amends the laws governing the information that hospitals and ambulatory surgical centers are required to make available to consumers by adding a requirement that these entities prominently display a notice informing consumers of their ability to request and receive information on the average charges for any inpatient service or outpatient procedure provided by the hospital or center upon request. In addition, if a single medical encounter will involve medical services to be rendered by one or more third-party health care practitioners or facilities, the hospital or ambulatory surgical center must identify each third-party practitioner or facility to enable an individual to seek an estimate of the total price of medical services to be rendered directly by each practitioner or facility.

The law amends the annual statutory reporting requirement for the Maine Health Data Organization to include language requiring the Maine Health Data Organization to include in its report an update on its collaborative efforts with other health data organizations to improve consumer access to information on health care quality and price and health care transparency initiatives in this State. The law also amends the statutory provisions governing the Maine Health Data Organization annual report to require that the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters, in addition to the joint standing committee of the Legislature having jurisdiction over health and human services matters, be provided with the annual report.

This bill was carried over from the First Regular Session of the 126th Legislature.

It eliminates the superpack license and replaces it with a comprehensive license that includes all hunting and fishing licenses and permits including entries into the moose and antlerless deer permit lotteries. The comprehensive license differs from the superpack license in that:

1. The license holder is not allowed to take more deer than is permitted for other hunting license holders;
2. The license does not include an antlerless deer permit for use in wildlife management districts in which 3,500 such permits are issued;
3. The resident fee for the license is \$35 instead of \$200;
4. The license is available to nonresidents and aliens for a fee of \$125; and
5. There is no license fee category for a person who holds two or more lifetime licenses.

PUBLIC 437

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T WOOD	OTP-AM ONTP	S-305 S-340 HILL

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

This bill is a concept draft pursuant to Joint Rule 208. It proposes to provide economic support for certain sporting camps by directing the Department of Inland Fisheries and Wildlife to offer for sale a certain number of moose permits for the camps' use. In order to qualify, a sporting camp must be a facility licensed by the Department of

Joint Standing Committee on Inland Fisheries and Wildlife

Health and Human Services that offers American plan fully guided taxable moose hunting packages. The moose permits would be transferable and valid for one-time use during the current season or the next season on an American plan fully guided hunt within the eligible camp's zone or up to two contiguous zones.

The following provisions apply when the Department of Inland Fisheries and Wildlife offers the moose permits for sale:

1. The total number of moose permits must be greater than the number issued in calendar year 2012;
2. All hunters must hold valid Maine hunting licenses;
3. The fee per permit is \$1,500;
4. The number of permits offered for sale to the sporting camps must be capped at 250; and
5. The revenue received from the sale of the permits must be used to offset any loss from the moose permit auction by youth conservation education programs.

Committee Amendment "A" (S-305)

This amendment, which is the majority report of the committee, replaces the bill and creates a new moose hunting permit lottery system for hunting outfitters, who may sell or transfer the permits as part of a food, lodging and hunting package. The permits made available for this lottery, if any, will come from 10% of the number of permits that exceed 3,140, which is the total number of moose hunting permits issued in 2010. Individuals hunting with permits issued under this system must hunt with a licensed Maine guide. Proceeds of the new lottery system will be allocated to youth conservation education programs under certain conditions and any remainder will be allocated to the Moose Research and Management Fund.

Senate Amendment "A" To Committee Amendment "A" (S-340)

This amendment lapses \$10,374 for each of fiscal years 2013-14 and 2014-15 from the Inland Fisheries and Wildlife Carrying Balances - General Fund account to the General Fund unappropriated surplus to offset the loss in revenue from changes made to moose permit fees.

Enacted Law Summary

Public Law 2013, chapter 437 creates a new moose hunting permit lottery system for hunting outfitters, who may sell or transfer the permits as part of an eating, lodging and hunting package. The permits made available for this lottery, if any, will come from 10% of the number of permits that exceed 3,140, which is the total number of moose hunting permits that were issued in 2010. Individuals hunting with permits issued under this system must hunt with a licensed Maine guide. Proceeds of the new lottery system will be allocated to youth conservation education programs under certain conditions and any remainder will be allocated to the Moose Research and Management Fund. This law provides for the transfer of \$10,374 in both fiscal years 2013-14 and 2014-15 from the Inland Fisheries and Wildlife Carrying Balances - General Fund account to the General Fund unappropriated surplus to offset the loss in revenue from changes made to moose permit fees.

See also Public Law 2013, chapter 538 (LD 1667), which repeals Public Law 2013, chapter 437, section 1, and, for purposes of entry into the moose permit lottery and allocation of moose lottery permits, defines "hunting outfitter" to include sporting camp owner-operators who are licensed to provide package deals for food, lodging and the services of a guide. It prohibits the sale or transfer of the permit by a hunter who receives it through a hunting outfitter.

**PUBLIC 580

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCLELLAN	OTP-AM OTP-AM	H-692 H-750 SHAW

This bill increases the fees collected for watercraft operating on inland waters of the State by \$7 for residents and establishes a \$35 fee for nonresidents. It also directs the Department of Environmental Protection to establish a program within the department that uses the revenue from the increased fees to work on removing invasive aquatic plants that exist in lakes of 10,000 acres or more in area. The department is also directed to establish a long-term management program to prevent future infestation of invasive aquatic plants.

Committee Amendment "A" (H-692)

This amendment, which is the majority report of the committee, increases the fees collected for watercraft operating on inland waters of the State by \$5 beginning in 2015. This amendment also increases the lake and river protection sticker fee for nonresidents by \$5. It directs that the revenue from these increased fees be directed to the Invasive Aquatic Plant and Nuisance Species Fund established within the Department of Environmental Protection beginning in 2015. Finally, this amendment eliminates the proposed invasive aquatic plant removal and long-term management programs within the Department of Environmental Protection and the proposed nonresident registration fees that are contained in the bill.

The amendment also strikes the emergency preamble and emergency clause and adds an appropriations and allocations section.

Committee Amendment "B" (H-693)

This amendment, which is the minority report, replaces the bill. It requires the Department of Inland Fisheries and Wildlife and the Department of Environmental Protection to report annually on the Lake and River Protection Fund and the Invasive Aquatic Plant and Nuisance Species Fund, respectively, and activities and accomplishments related to invasive species prevention and control supported by the funds, to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters.

House Amendment "C" To Committee Amendment "A" (H-750)

This amendment retains the emergency preamble and emergency clause in the bill. It removes from Committee Amendment "A" the provisions that increase fees for watercraft operating on the inland waters of the State and for lake and river protection stickers. It increases from 60% to 80% the percentage of these fees that is dedicated to the

Joint Standing Committee on Inland Fisheries and Wildlife

Invasive Aquatic Plant and Nuisance Species Fund in the Department of Environmental Protection and reduces from 40% to 20% the percentage of these fees that is dedicated to the Lake and River Protection Fund in the Department of Inland Fisheries and Wildlife. It requires the Commissioner of Environmental Protection to use at least 20% of the money in the Invasive Aquatic Plant and Nuisance Species Fund for eradication activities. It allocates funds from the Inland Fisheries and Wildlife Carrying Account, General Fund account within the Department of Inland Fisheries and Wildlife to the Lake and River Protection Fund in an amount equal to the reduction in funding to the Lake and River Protection Fund caused by the reduction in the percentage of fees dedicated to the fund for the current biennium.

Enacted Law Summary

Public Law 2013, chapter 580 increases from 60% to 80% the percentage of fees for watercraft operating on the inland waters of the State and for lake and river protection stickers that is dedicated to the Invasive Aquatic Plant and Nuisance Species Fund in the Department of Environmental Protection, and reduces from 40% to 20% the percentage of these fees that is dedicated to the Lake and River Protection Fund in the Department of Inland Fisheries and Wildlife. This bill makes the following changes to inland fisheries and wildlife laws.

1. It eliminates the delinquency fee charged to agents of the Department of Inland Fisheries and Wildlife who sell licenses and registrations for the department but fail to remit the funds within 60 days.
2. It clarifies changes made by Public Law 2013, chapter 236 (LD 1015) to the laws regarding hunting with a crossbow.
3. It clarifies a change made to the law regarding resident junior hunting licenses to specify that the license does not exempt the holder from having to comply with the requirements of the lottery process, including those of the lottery for an antlerless deer permit.
4. It corrects an error made in Public Law 2013, chapter 408 (LD 1435), which amended the qualifications for an antlerless deer permit for a person with a disability and inadvertently removed from eligibility a person who is suffering from the permanent loss of use of both lower limbs.
5. It adds the discharge of a bow and arrow to the prohibition against discharging a weapon over or near a public paved way.
6. It resolves a conflict created by Public Law 2013, chapters 380 (LD 932) and 408 (LD 1435), which repealed the same provisions of law regarding nonresident junior fishing licenses, except that chapter 380 delayed the repeal

until January 1, 2015 to minimize the fiscal impact to the department. The conflict is resolved by delaying the repeal until January 1, 2015, as in chapter 380.

Committee Amendment "A" (S-474)

This amendment adds the following provisions to the bill.

1. It changes the libel proceedings statute by adding an exemption for a person who is found hunting after revocation to allow a law enforcement officer to seize hunting equipment without following the libel proceedings for hunting with a suspended or revoked license.
2. It creates a mandatory fee of \$25 to reinstate a license after a suspension.
3. It clarifies that the time frame for which a person is ineligible to obtain any license issued by the Department of Inland Fisheries and Wildlife following a conviction for disturbing traps is three years from the date of conviction for a first offense and five years following the date of conviction for a second or subsequent offense. Current law makes it a mandatory license revocation of any license in effect at the time of the violation for disturbing traps.
4. It adds unlawfully hunting or possessing an antlerless deer in wildlife management areas, in which no antlerless deer permits are issued, to the list of offenses that are subject to mandatory license revocation. It also makes hunting or fishing with a suspended or revoked license subject to mandatory hunting license revocation for a minimum of one year.
5. It exempts a person who loses a license under the interstate wildlife violator compact as a result of a conviction occurring out of state from the requirement that the person complete Maine's outdoor ethics course in order to have the Maine license reinstated once the person has met the eligibility requirements for reinstatement of the license in the state in which the conviction occurred.
6. It reallocates the provision of law regarding the outdoor ethics course.
7. It exempts a person who applies for a Maine apprentice hunter license from the requirement to take a hunter safety course as otherwise required by law.
8. It amends the junior hunting, apprentice hunting and junior trapping laws in order to make them more consistent and, in the context of the provisions for the supervision of junior hunters and junior trappers, clearly defines "in the presence of" to include visual and voice contact that does not include the use of technology, including but not limited to binoculars and citizen band radios.
9. It repeals Public Law 2013, chapter 437 (LD 738), section 1, which established moose permits for hunting lodges, and, for purposes of entry into the moose permit lottery and allocation of moose lottery permits, defines "hunting outfitter" to include sporting camp owner-operators who are licensed to provide package deals for food, lodging and the services of a guide. It prohibits the sale or transfer of the permit by a hunter who receives it through a hunting outfitter.
10. It removes the restriction against discharging a bow and arrow or causing a projectile to pass as a result of that discharge, within 100 yards of a building or residential dwelling without permission from the building's owner or occupant or owner's authorized representative.
11. It repeals the law requiring a grouse hunter to label ruffed grouse the hunter harvested when travelling within or through the unorganized territory.
12. It corrects a reference to junior hunting licenses in the provision on hunter safety requirements to consistently use the term "junior" when referring to a hunting license for people between 10 and 16 years of age.

Joint Standing Committee on Inland Fisheries and Wildlife

13. It requires the Commissioner of Inland Fisheries and Wildlife to provide an annual report to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters documenting any rulemaking actions taken to amend the list of waters containing state heritage fish adopted by the commissioner by rule. It also changes the designation of rules governing the removal of waters from the list from major substantive to routine technical.

14. It adds an emergency preamble and emergency clause.

House Amendment "A" (H-806)

Public Law 2013, chapter 368 (LD 1509) authorized the transfer of \$150,000 to fund security improvements and renovations at the Gray headquarters facility. This amendment, instead, authorizes the funds to be used for the construction of a new headquarters facility in Gray.

This bill allows an employee of a financial institution or credit union who is not an attorney to appear for that institution in connection with a foreclosure action. The bill also clarifies the standards for foreclosure mediation and allows for an expedited foreclosure of abandoned property.

Committee Amendment "A" (H-734)

This amendment replaces the bill. It is based on the recommendations the Attorney General developed through the Attorney General's working group on residential foreclosures.

Part A amends the laws regarding the real estate transfer tax to ensure that the tax is paid on property transferred when there is a foreclosure sale, regardless of whether the transfer is done by deed, assignment or other method of transfer. Part A specifically includes assignments by the plaintiff in a foreclosure action of the rights as high bidder or the foreclosure judgment itself.

Part B establishes an expedited procedure for properties that are abandoned in uncontested foreclosure cases.

Part C provides that there may be only one adjournment in a foreclosure action if the court determined the property to be abandoned. The court may permit additional adjournments if the bank or servicer can demonstrate good cause for the adjournment or in accordance with regulations concerning loss mitigation procedures in Title 12 of the Code of Federal Regulations, Section 1024.41.

Current law provides that, when property is acquired by a municipality for unpaid taxes, the new owner does not obtain marketable title until 15 years has passed from the time of the foreclosure. Part D shortens the challenge period from the current 15 years to five years for property subject to tax liens recorded after October 13, 2014. For property subject to a tax lien recorded after October 13, 1993 and on or before October 13, 2014, the challenge

Joint Standing Committee on Judiciary

period ends upon the earlier of the expiration of the 15-year period immediately following the expiration of the period of redemption and October 13, 2019.

Part E gives the Department of Professional and Financial Regulation, Bureau of Consumer Credit Protection the authority to regulate residential real estate property management providers that enter presumably abandoned residences to winterize those residences, change the door locks or remove items of personal property. Part E further prohibits providers from breaching the peace against any person and requires providers to inventory personal property removed from a residence and immediately notify the appropriate consumer that the personal property will be made available in a manner convenient to the consumer.

Part F adds standards to those required of mediators in the foreclosure mediation program under the Maine Revised Statutes, Title 14, section 6321-A.

Enacted Law Summary

Public Law 2013, chapter 521 amends the foreclosure statutes in the following manner.

Part A amends the laws regarding the real estate transfer tax to ensure that the tax is paid on property transferred when there is a foreclosure sale, regardless of whether the transfer is done by deed, assignment or other method of transfer. Part A specifically includes assignments by the plaintiff in a foreclosure action of the rights as high bidder or the foreclosure judgment itself.

Part B establishes an expedited procedure for properties that are abandoned in uncontested foreclosure cases. If a foreclosure plaintiff produces clear and convincing evidence of abandonment and the case is uncontested, the court may declare the property abandoned, advance the foreclosure on the docket and grant judgment for the plaintiff. In such cases the redemption period is shortened from 90 days to 45 days. Part B suggests indicia of abandonment, but does not direct the court to limit its findings to these factors. Upon the later of the issuance of the order of abandonment or the judgment of foreclosure, if the premises include dwelling units occupied by tenants as their primary residence, the plaintiff must assume the duties of a landlord. In addition, the plaintiff must notify the municipality in which the premises are located and record the order of abandonment in the appropriate registry of deeds within 30 days from the later of the order of abandonment or the foreclosure judgment.

Part C provides that there may be only one adjournment in a foreclosure action if the court determined the property to be abandoned. The court may permit additional adjournments if the bank or servicer can demonstrate good cause for the adjournment or in accordance with regulations concerning loss mitigation procedures in Title 12 of the Code of Federal Regulations, Section 1024.41. Current law requires that the public sale must be held no less than 30 days and no more than 45 days after the first date of publication. Part C adds an exception for requirements included in Title 12 of the Code of Federal Regulations, Section 1024.41.

Current law provides that, when property is acquired by a municipality for unpaid taxes, the new owner does not obtain marketable title until 15 years has passed from the time of the foreclosure. Part D shortens the challenge period from the current 15 years to five years for property subject to tax liens recorded after October 13, 2014. For property subject to a tax lien recorded after October 13, 1993 and on or before October 13, 2014, the challenge period ends upon the earlier of the expiration of the 15-year period immediately following the expiration of the period of redemption and October 13, 2019.

Part E gives the Department of Professional and Financial Regulation, Bureau of Consumer Credit Protection the authority to regulate residential real estate property management providers that enter presumably abandoned residences to winterize those residences, change the door locks or remove items of personal property. Part E further prohibits providers from breaching the peace against any person and requires providers to inventory personal property removed from a residence and immediately notify the appropriate consumer that the personal property will be made available in a manner convenient to the consumer. The provider must make a permanent record of all steps taken to preserve and secure the dwelling and must produce that record and the inventory of removed unsecured

items upon written request of the resident.

Part F adds standards to those required of mediators in the foreclosure mediation program under the Maine Revised Statutes, Title 14, section 6321-A. Part F requires mediators to ensure the parties appropriately determine net present value by using either the Federal Deposit Insurance Corporation Loan Modification Program Guide worksheet or other way of determining net present value that is as reasonable as the worksheet. Part F also requires that the mediator's report contain greater detail regarding the agreements made among the parties and the time frames within which the parties are required to provide information and reach determinations of loss mitigation eligibility.

This bill proposes to assist victims of human trafficking in three ways.

First, it establishes a defense for a person charged with engaging in prostitution if the person proves that the person was compelled to do so as set forth in the law that describes aggravated sex trafficking.

Second, it creates the Trafficking Prevention and Intervention Fund to support state and local efforts to reduce human trafficking offenses, including sex trafficking. At least half the funds must be spent on prevention, including education programs for offenders and rehabilitation services, such as mental health and substance abuse counseling, parenting skills training, housing relief, education, vocational training, drop-in centers and employment counseling to help individuals transition out of the commercial sex industry. The Department of the Attorney General, Victims' Compensation Board is required to administer the fund, which is funded through an assessment imposed on persons convicted of certain sex crimes and may receive private donations and federal and state funds.

Third, it authorizes a person to file a petition seeking a pardon immediately upon the imposition of a sentence for a crime if the person engaged in the conduct constituting the crime did so as a direct result of being a victim of a human trafficking offense.

Committee Amendment "A" (H-763)

This amendment amends the victims' compensation laws to include two additional crimes for which a victim may seek compensation, as well as providing additional funding sources. This amendment makes additional corrections to the laws of Maine.

Part D further amends sections contained in the original bill.

Part E contains corrections not included in the bill.

Section E-1 amends the scheduling of reviews under the State Government Evaluation Act to make the reviews of the Department of Professional and Financial Regulation be conducted by two different joint standing committees of the Legislature in 2015. Public Law 2013, chapter 505 enacted different years for review. Section E-2 makes the changes in section 1 take effect the same time as chapter 505 will take effect, which is 90 days after the adjournment of the Second Regular Session of the 126th Legislature. Sections E-1 and E-2 make a substantive change that is supported by the Joint Standing Committee on State and Local Government.

Section E-3 corrects a clerical error in Public Law 2013, chapter 391 by deleting the word "retirement" and inserting the word "retired" to maintain consistency with other retirement statutes. This is a technical change.

Section E-4 corrects the wording to clearly state that the different scenarios under which a member qualifies for a service retirement benefit apply when the member is first covered under the participating local district consolidated plan under the Maine Revised 10 Statutes, Title 5, chapter 427 after June 30, 2014. This is a technical change.

Section E-5 amends the language proposed in the bill as Part A, section 16 pertaining to the issuance of elver licenses by the Penobscot Nation. Public Law 2013, chapter 604 provided for eight licenses to authorize the use of two pieces of gear, specifically an elver fyke net and a dip net. Section E-5 codifies the current practice of allowing the holders of the licenses to use two fyke nets. This is a substantive change supported by the Joint Standing Committee on Marine Resources.

Section E-6 corrects an error that occurred when an existing sunset repealed the Maine Revised Statutes, Title 12, section 13104, subsection 15 on October 1, 2013, before Public Law 2013, chapter 386, enacted during the First Regular Session of the 126th Legislature, which repealed the sunset provision regarding weekend snowmobile registration reciprocity, took effect on October 9, 2013. Section E-6 restores, in accordance with the intent of the Legislature, the reciprocal agreement between Maine and other states regarding a snowmobile weekend registration and to make that provision permanent as intended in chapter 386. Section E-7 makes section E-6 take effect retroactively to the date the sunset took effect. Sections E-6 and E-7 make a substantive change that is supported by the Joint Standing Committee on Inland Fisheries and Wildlife.

Sections E-8 and E-9 correct inadvertent omissions in the Committee Amendment of the Joint Standing Committee on Criminal Justice and Public Safety to LD 1656, An Act to Increase Safety for Victims of Domestic Violence, which is now Public Law 2013, chapter 478. LD 1656 allowed law enforcement agencies to share confidential criminal history record information with family violence advocates for the sole purpose of planning for the safety of a victim of domestic violence. The committee amended the bill to also authorize the sharing of that information with sexual assault counselors for the sole purpose of planning for the safety of a victim of sexual assault. Sections E-8 and E-9 enact the language that was inadvertently omitted. Section E-10 deletes from the family violence advocates' statute the unnecessary reference to sexual assault victims. These changes are substantive changes, supported by the Joint Standing Committee on Criminal Justice and Public Safety.

Joint Standing Committee on Judiciary

Section E-11 corrects a conflict in the sales tax laws when Part M and Part N of Public Law 2013, chapter 368 amended the same section without reference to each other. Part M increased the general sales tax temporarily. Part N clarified that the general sales tax applies to products transferred electronically. Section 11 corrects the conflict and expressly clarifies that the general sales tax applies to products transferred electronically. This is a technical change.

Enacted Law Summary

Public Law 2013, chapter 588 corrects errors and inconsistencies in the laws of Maine. It also makes a few substantive corrections as requested by the committees of jurisdiction.

Public Law 2013, chapter 588 was enacted as an emergency measure effective April 30, 2014.

Amendments Adopted

This bill was acted upon without reference to committee.

This bill corrects an inadvertent error made in the committee amendment to LD 1730, which was enacted as Public Law 2013, chapter 537. The intent was to impose an additional assessment to be paid to the Victims' Compensation Fund on persons convicted of engaging a prostitute, which is described in the Maine Revised Statutes, Title 17-A, section 853-B. The committee amendment was erroneously printed and adopted with the assessment being imposed on persons convicted of a violation of Title 17-A, section 853-A, which is engaging in prostitution. This bill corrects who is subject to the additional Victims' Compensation Fund assessment.

Enacted Law Summary

Public Law 2013, chapter 607 corrects an inadvertent error made in Public Law 2013, chapter 537 concerning Victims' Compensation Fund assessments imposed on crimes related to prostitution. Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MAKER DUTREMBLE	OTP-AM ONTP	H-644 S-545 HILL

This bill was carried over from the First Regular Session of the 126th Legislature.

It establishes the framework for a statewide pension-type program under which "bona fide volunteers" as defined in the United States Internal Revenue Code are paid length of service awards for performing qualified services. "Qualified services" is defined under the United States Internal Revenue Code, Section 457(e)(11) to mean "firefighting and prevention services, emergency medical services, and ambulance services." Under the program, volunteers have a program account that would be credited with an annual contribution deposited no later than the following July 1st for each year during which the volunteer participated in a minimum required level of volunteer activities set forth by the Maine Length of Service Award Program Board of Trustees. Upon the attainment of 60 years of age or after having earned 20 years of service credit before 60 years of age, a volunteer who had attained a vested status in the program by having earned 5 years of service credit would be paid the contributions credited to that volunteer's program account plus the net investment income earned on those contributions. The vested portion of the program account award of a participating volunteer must be paid before 60 years of age after the volunteer ceases to perform qualified services for 36 consecutive months. The program account balance of a participating volunteer is also payable before 60 years of age upon death or total and permanent disablement.

This bill authorizes the State, political subdivisions and emergency services providers within the State as well as emergency services volunteers to participate in the funding of this program. Participation in the program funding is optional for any prospective contributor, and the amount contributed may vary from year to year by a contributor based on available funds. If federal funds become available for the program, the program must accept those funds as well.

This bill raises the sales tax on consumer fireworks from 5% to 10% and dedicates the revenue from the increase to the program.

Under this bill, the Maine Length of Service Award Program Board of Trustees contracts with private sector firms to provide administration and investment services for the program.

Until the United States Internal Revenue Code is amended to provide that programs under which length of service awards are paid to emergency services volunteers may be treated as United States Internal Revenue Code, Section 457 plans of deferred compensation, the program in this bill must comply with the current applicable sections of the Internal Revenue Code.

Committee Amendment "B" (H-644)

This amendment, which is the majority report of the Joint Standing Committee on Labor, Commerce, Research and Economic Development, eliminates the 10% sales tax on consumer fireworks proposed in the bill. The program

Joint Standing Committee on Labor, Commerce, Research and Economic Development

established in the bill will receive dedicated funding from the State equivalent to 50% of the revenue received from the general sales tax currently imposed on the sale of consumer fireworks as set out in the bill, but the amendment limits this funding to two years.

This amendment adds an appropriations and allocations section to the bill.

Senate Amendment "A" To Committee Amendment "B" (S-545)

This amendment removes the provision that dedicates a portion of the sales tax imposed on the sale of consumer fireworks. It allows the Maine Length of Service Award Program to accept donations and provides a base Other Special Revenue Funds allocation of \$500 in fiscal year 2014-15.

LD 1230 An Act To Improve Access to Oral Health Care

PUBLIC 575

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
EVES BURNS	OTP-AM ONTP	H-589 H-658 SANDERSON

This bill was carried over from the First Regular Session of the 126th Legislature.

It establishes a licensure process and scope of practice for dental hygiene therapists. It requires a dental hygiene therapist to be supervised by a dentist licensed in this State. The bill also requires a written practice agreement between the supervising dentist and the dental hygiene therapist and provides rulemaking authority for the Board of Dental Examiners.

Committee Amendment "C" (H-589)

This amendment is the majority report of the committee. It makes the following changes to the bill.

1. It amends the laws governing MaineCare coverage, health insurance contracts and group and blanket health insurance to provide for dental coverage and reimbursement for services performed by dental hygiene therapists authorized to practice under the provisions of the bill.
2. It limits the time frame for a provisional dental hygiene therapy license to three years.
3. It increases the number of supervised clinical practice hours required in order to obtain a dental hygiene therapy license from 500 to 1,000.
4. It adds language to allow for the provisions regarding dental coverage and reimbursement to be enacted without review by the Department of Professional and Financial Regulation, Bureau of Insurance.
5. It adds an application section to provide that the requirements of the bill relating to insurance reimbursement apply to all policies, contracts and certificates executed, delivered, issued for delivery, continued or renewed on or after January 1, 2015 in the State.
6. It makes changes to the sections of the bill relating to scope of practice of dental hygiene therapists by removing minor surgical care, replacing the authority to prescribe medication with authority to provide, dispense and administer certain medications within the parameters of the written practice agreement and adding the authority to perform nonsurgical extractions of diseased permanent teeth if authorized in advance by the supervising dentist.
7. It adds public schools, residential care facilities and nursing facilities to the list of health settings where dental hygiene therapists may provide services within their scope of practice.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

8. The bill allows a dental hygiene therapist to provide certain services while under the general supervision of a dentist in certain health settings, including a setting in a county designated as a dental shortage area by the federal Department of Health and Human Services and in a private dental practice that serves a population that is at least 25% patients who are covered by the MaineCare program or are underserved adults. This amendment removes a designated dental shortage area as an eligible setting and increases the threshold for eligibility for private dental practices to those serving a population that is at least 50% patients who are covered by the MaineCare program or are underserved adults.

9. The bill allows a dental hygiene therapist to provide, dispense and administer certain medications, including analgesics. This amendment specifies that the analgesics are limited to nonprescription analgesics.

House Amendment "B" To Committee Amendment "C" (H-658)

This amendment makes the following changes to Committee Amendment "C".

1. It requires an applicant for a dental hygiene therapy license to meet specific education requirements, including obtaining an associate degree in dental hygiene prior to successfully completing at least four semesters of dental hygiene therapy training, which may be done at the same time as or consecutively with obtaining a Bachelor of Science degree in dental hygiene, which is also required.

2. It requires the dental hygiene therapy education program to be accredited by the American Dental Association Commission on Dental Accreditation. Until that accreditation is obtained, the Board of Dental Examiners may approve the dental hygiene therapy education program.

3. It increases from 1,000 to 2,000 the number of hours of supervised clinical practice required in order to obtain a dental hygiene therapy license, but allows the number of hours spent in supervised clinical practice while completing the four-semester dental hygiene therapy training to be included in the calculation.

4. It prohibits an applicant for a license as a dental hygiene therapist who fails the clinical examination twice from taking the examination again until after the applicant has received more education and training, as specified by the Board of Dental Examiners.

5. It specifies that a dental hygiene therapist may practice only while under the direct supervision of a dentist and clarifies that the supervising dentist must be licensed to practice in Maine.

6. It removes the ability of the supervising dentist to authorize a dental hygiene therapist to provide services to a patient who has not first seen the dentist.

7. It changes the category of rules adopted by the Board of Dental Examiners from major substantive rules to routine technical rules and requires the board to consult with dentists, dental hygienists and others before adopting the rules.

Enacted Law Summary

Public Law 2013, chapter 575 establishes a licensure process and scope of practice for dental hygiene therapists as follows.

1. It specifies that a dental hygiene therapist may practice only under the direct supervision of a dentist that is licensed to practice in Maine and in accordance with a written practice agreement.

2. It provides the list of health settings where a dental hygiene therapist may provide services within their scope of practice. It also specifies the scope of practice for this license, which includes generally: assessments and treatments; preparations; restorations; simple extractions; crowns; space maintainers; referrals; local anesthesia and

Denturist Subcommittee of the Board of Dental Examiners**

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PATRICK	OTP-AM ONTP	S-418

This bill was carried over from the First Regular Session of the 126th Legislature.

It amends the laws governing the Board of Dental Examiners as follows.

1. It renames the board the Maine Board of Oral Health, and it reassigns the membership of the board to give equitable representation to the regulated dental professions and adds additional public members. As changed, the board has nine members: two dentists, two dental hygienists, two denturists and three public members.
2. It changes the duties, functions and responsibilities of the board. The board's major roles are to perform administrative duties as a coordinating body for the board's subcommittees and to advise the subcommittees and ratify and carry out the recommendations of the subcommittees including rules recommended by the subcommittees.
3. It amends the laws governing the board's subcommittees on denturists and dental hygienists and establishes a new subcommittee on dentists. It defines the membership for each subcommittee and its duties, functions and

Joint Standing Committee on Labor, Commerce, Research and Economic Development

responsibilities.

Committee Amendment "A" (S-418)

This amendment is the majority report of the committee and replaces the bill. It changes the composition of the Board of Dental Examiners by removing the dental hygienists from the board and adding two denturists to the board. It allows the Governor to accept nominations for the positions of dentist and denturist on the board from statewide associations of dentists and denturists, as well as from other organizations and individuals. It changes the composition of the Subcommittee on Denturists by reducing from two to one the number of dentists on the subcommittee and adding a public member. It also requires that any rule adopted by the board that relates to denturist licensure, including interviews for licensing and renewal, continuing education, discipline and inactive licensure status, must be proposed by the Subcommittee on Denturists and requires the board either to proceed with the rule-making process as proposed by the subcommittee's recommendation or, by a vote of more than 2/3 of the board members present and voting, to reject that recommendation. To reject the recommendation, the board must make a specific finding that the recommendation is beyond the jurisdiction of the subcommittee, places an undue financial burden upon the board or is not supported by the record. The amendment provides that the board must adopt the subcommittee's recommended disposition with respect to a complaint involving a denturist or an application for licensure or submission relating to continuing education unless more than 2/3 of the board members who are present and voting vote to reject the subcommittee's recommended disposition and the board makes a specific finding that the recommendation is beyond the jurisdiction of the subcommittee, places an undue financial burden upon the board or is not supported by the record.

It requires the Subcommittee on Denturists to submit its budgetary requirements to the board and requires the subcommittee's budget to be fully funded from revenue generated from denturist licensing fees. It requires the board to compensate the subcommittee for any necessary expenditures incurred by the subcommittee in performing its duties. It also eliminates the Subcommittee on Dental Hygienists. It adds an application section and staggers the terms for the two new denturist appointments to the board.

CAIN FREDETTE	OTP-AM ONTP	S-439

This bill was carried over from the First Regular Session of the 126th Legislature.

The bill amends the motor vehicle dealer franchise laws. It defines "essential tool" as a tool specific to a manufacturer that is instrumental to the diagnosis or repair of a manufacturer's express warranty claim on a new motor vehicle. It amends the laws related to a manufacturer's requirement to provide a fair supply and mix of vehicles. It clarifies that when a manufacturer requires a dealer to purchase a special or essential tool a

manufacturer may charge only its actual cost for such a tool. It establishes standards protecting dealership data from unauthorized use. It clarifies the right of a dealer to see the dealer's file regarding compliance with the franchise agreement. It also amends the warranty law to clarify that if a dealer performs warranty service and the work is done in a professional manner and the repair is otherwise completed to the benefit of the consumer, if the manufacturer objects to a technical requirement associated with the warranty submission process or to a specific aspect of the repair, those elements of the warranty claim that are not objectionable must be paid.

2. It changes the provisions governing the requirement that a motor vehicle manufacturer provide a fair and adequate supply and mix of vehicles to a dealer to provide that a failure by a manufacturer to do so that results in an effort to terminate a new motor vehicle dealer for, in whole or in part, poor sales performance or market penetration may be evidence that the termination was not for good cause.

4. It clarifies the provisions governing prohibited conduct by a manufacturer relating to alterations or renovations to a dealership's premises or facilities and provides that the provisions do not supersede certain other laws, including state health and safety laws or local zoning laws.

8. It removes the provision relating to the retroactive application of contracts in the section governing security breaches.
9. It replaces the language governing a franchisor's responsibility to pay elements of a warranty claim to provide that the franchisor is prohibited from denying those elements of a warranty claim that are based on a dealer's incidental failure to comply with a claim requirement, as long as the dealer corrects any related clerical error or other technicality according to licensee guidelines.

This bill was carried over from the First Regular Session of the 126th Legislature.

The bill reassigns the responsibilities for code enforcement officer training and certification from the Department of Economic and Community Development, Office of Community Development to the Department of Environmental Protection, Bureau of Land Quality Control. Current law partially funds the position from the Maine Code Enforcement Training and Certification Fund, which receives fees and surcharges imposed for the examination of plans for construction, reconstruction or repairs, plumbing inspections and training and certification of municipal building officials and code enforcement officers. Current law also provides that if insufficient funds are available to support the training and certification program, the program is discontinued. This bill removes that provision.

CUSHING MALABY	OTP-AM ONTP	

Current law requires employers that want to provide a drug-free workplace by testing applicants or employees for substance abuse to develop and file a policy with the Department of Labor. The Bureau of Labor Standards reviews the policies to ensure compliance with state laws and rules. This bill provides employers with a single, consistent model policy. The model policy, which must be established by the Commissioner of Labor and managed by the department, is intended to encourage greater participation by employers to reduce substance abuse in the workplace. The bill requires an employer to adopt the model policy before establishing a substance abuse testing program. It removes the requirements that employers provide an employee assistance program and pay for half of rehabilitation beyond services provided through health care benefits. Employers may offer an employee assistance program if they choose. The bill amends the definition of "probable cause" to provide that a single work-related accident is probable cause to suspect an employee is under the influence of a substance of abuse. The bill specifies that when school is not in session the bureau may issue a permit for a student only after receiving satisfactory evidence of the minor's age. The bill also authorizes the bureau to revoke a permit when there is reason to believe the permit should be revoked. Finally, the bill allows a minor less than 16 years of age to work in a bowling alley or theater, which conforms to federal law, and repeals the language dealing with triplicate permits and a master permit system.

This amendment specifies that a charitable organization is a person or entity that holds itself out to be organized or operated for any charitable purpose and that solicits, accepts or obtains contributions for a charitable purpose.

This amendment also removes from the bill, the repeal of the law related to the maintenance and production of records.

Enacted Law Summary

Public Law 2013, chapter 539 amends the Charitable Solicitations Act to limit the scope and application of the Act to professional solicitors, which are persons or entities that solicit contributions from the public on behalf of a charitable organization in exchange for a fee or other remuneration, thus excluding from regulation those persons who solicit donations on behalf of a charitable organization without remuneration. This law repeals the requirement that charitable organizations annually provide a determination letter from the United States Internal Revenue Service and it clarifies the length of time that a professional solicitor's bond remains in effect. The law changes the definition of "charitable organization" to remove the exclusion of organizations serving religious purposes; the effect of this change is that a professional solicitor is subject to regulation under the law, regardless of the charitable organization for which donations are being solicited. It specifies that a charitable organization is a person or entity that holds itself out to be organized or operated for any charitable purpose and that solicits, accepts or obtains contributions for a charitable purpose.

LD 1802 An Act To Allocate a Portion of the Reed Act Distribution of 2002 To Use for the Administration of the Unemployment Insurance and Employment Services Programs

**PUBLIC 511
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PATRICK HERBIG	OTP-AM	S-437

Under federal law, Reed Act funds may be used to maintain a state's unemployment and public employment system or to pay regular unemployment benefits. Maine received \$32,486,816 in Reed Act funds in 2002. Approximately \$9,760,000 was appropriated for administrative purposes in 2003, and an additional \$5,200,000 was appropriated for administrative purposes in 2007. These appropriations were made primarily to cover technological and infrastructure needs and improvements for delivering unemployment, employment and labor market information services to Maine workers and employers. Currently, approximately \$16,803,000 of the 2002 Reed Act distribution remains in the federal Unemployment Insurance Trust Fund. Additionally, in 2009 Maine received a \$28,200,000 distribution to the trust fund under the federal American Recovery and Reinvestment Act of 2009, which may be allocated to cover administrative expenses under the same conditions as Reed Act funds. This distribution remains untouched in the Unemployment Insurance Trust Fund.

This bill authorizes the use of \$17,500,000 of the funds in the Unemployment Trust Fund, requiring that all of the 2002 Reed Act funds be used first before using any of the American Recovery and Reinvestment Act of 2009 funds to meet the \$17,500,000 allocation. The funds will be used to maintain and operate the State's unemployment and employment programs, including paying the administrative costs required to administer the unemployment insurance program, delivering employment assistance services through the Department of Labor's career center system and providing labor market information program services for Maine workers and employers.

Committee Amendment "A" (S-437)

Joint Standing Committee on Labor, Commerce, Research and Economic Development

This amendment of the Joint Standing Committee on Labor, Commerce, Research and Economic Development amends the bill by adding an appropriations and allocations section, which includes allocation of funds for the costs associated with adding ten Customer Representative Specialist - Benefits positions, ten Claims Adjudicator positions and four Hearings Examiner positions to address understaffing in areas of claims processing, adjudication and appeals.

Enacted Law Summary

Public Law 2013, chapter 511 authorizes the use of \$17,500,000 of the funds in the Unemployment Trust Fund, requiring that all of the 2002 Reed Act funds be used first before using any of the American Recovery and Reinvestment Act of 2009 funds to meet the \$17,500,000 allocation. The funds will be used to maintain and operate the State's unemployment and employment programs, including paying the administrative costs required to administer the unemployment insurance program, adding 24 new positions to address understaffing in areas of claims processing, adjudication and appeals, delivering employment assistance services through the Department of Labor's career center system and providing labor market information program services for Maine workers and employers.

Public Law 2013, chapter 511 was enacted as an emergency measure effective April 3, 2014.

Public Law 2013, chapter 576 allows a private employer to have a veteran preference employment policy. The policy must be in writing and must be applied uniformly to employment decisions regarding hiring, promotion or retention during a reduction in workforce.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

The purpose of this bill is to improve Maine's overall competitiveness and ability to attract major private investment to the State by creating a mechanism for competing for major business expansion and creation projects, referred to as transformational business expansion projects, which are the construction, development, rehabilitation, expansion, modernization or acquisition of any building, structure, system, machinery, equipment or facility in a military redevelopment zone that has a projected cost of \$50,000,000 or more and the operation of which is projected to result in a net gain of at least 1,500 job opportunities. An applicant who is certified by the Commissioner of Economic and Community Development as a transformational business expansion project is eligible for the following incentives and benefits:

1. A 20-year corporate income tax credit that includes a 100% credit for the first ten years that the project is in operation and a 50% credit for the next ten years that the project is in operation;
2. A sales tax exemption and reimbursement for expenditures made for the project for up to 20 years;
3. An annual reimbursement for up to five years from the Efficiency Maine Trust for electric rates that exceed the national average industrial rate as determined by the United States Energy Information Administration and certified by the Public Utilities Commission;
4. Employment tax increment financing benefits for qualified investments. The reimbursement is equal to 80% of Maine income tax withheld each year for which reimbursement is requested and attributed to qualified employees for a period of no more than ten years. For years of operation beginning after the 10th year until the 20th year, the certified applicant is eligible for a reimbursement of 50% of Maine income tax withheld each year for which reimbursement is requested. This benefit expires after December 31, 2034;
5. Access to a pool of up to \$500,000,000 in bond funding for transformational business expansion projects to provide long-term, credit-enhanced financing at taxable bond rates. Financing assistance for a single project may not exceed \$400,000,000;
6. Access to workforce development assistance, training and recruitment by the Commissioner of Economic and Community Development and the Commissioner of Labor, who are required to work with agencies across State Government involved in employment or skill training to identify and marshal financial resources to help a transformational business expansion project recruit and train workers; and
7. Access to the benefits available under the Governor's Jobs Initiative Program, including access to funds from the Competitive Skills Scholarship Program.

Additionally, this bill prohibits requiring a person, as a condition of employment or continuation of employment at a transformational business expansion project, to join a labor organization or pay any labor organization dues or fees and establishes, in a manner similar to laws governing the shipbuilding facility credit, a preference for Maine workers, companies and bidders as part of the contractual inducement for the qualified applicant to make a qualified investment and for the State to provide the incentives.

Committee Amendment "A" (S-516)

This amendment is a minority report of the committee and makes the following changes to the bill.

1. It adds language restricting the amount of bond proceeds used to fund capital reserve funds for revenue obligation securities issued relating to loans for transformational business expansion projects.
2. It transfers the statutory provisions governing the certification as a qualified transformational expansion project business in a military redevelopment zone from the tax code to the section of law governing Pine Tree Development Zones.

Joint Standing Committee on Labor, Commerce, Research and Economic Development

3. It requires that, prior to certification as a qualified transformational expansion project business, the business must first become certified as a qualified Pine Tree Development Zone business.
4. It changes the process by which the Commissioner of Economic and Community Development determines that a qualified transformational expansion project business is eligible to receive a certificate and the terms for revocation of the certificate and clarifies the term "incentives".
5. It changes the term "transformational business expansion project" to "qualified transformational expansion project business" in all the provisions of the bill except those affecting the Finance Authority of Maine Act.
6. It clarifies that if a business's certificate is revoked, the business is still responsible for fulfilling its responsibilities under any long-term, credit-enhanced financing that it received as a transformational business expansion project from the Finance Authority of Maine.
7. It clarifies the reimbursement process in the provisions governing the annual reimbursement for certain electricity supply costs for qualified transformational expansion project businesses.
8. It adds language in the provisions in the bill governing the right to refrain from joining a union in transformational expansion project businesses to clarify that the prohibitions are limited to employment in a military redevelopment zone in a qualified transformational expansion project business.
9. It adds an exemption from sales tax for tangible personal property and for the transmission and distribution of electricity to the incentives for a qualified transformational expansion project business.

Committee Amendment "B" (S-517)

This amendment, which is a minority report of the Joint Standing Committee on Labor, Commerce, Research and Economic Development, is identical to the committee's other minority report except for two changes. It removes the "right to refrain" provisions that prohibit requiring a person, as a condition of employment or continuation of employment at a qualified transformational expansion project business, to join a labor organization or pay any labor organization dues or fees. Additionally the amendment removes the provision in the bill and Committee Amendment "A" that allows a qualified transformational expansion project business engaged in workforce training under the Governor's Jobs Initiative Program to be eligible for funds under the Competitive Skills Scholarship Program.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GERZOFISKY PRIEST	OTP-AM	S-434

This bill allows a municipality with a shellfish conservation ordinance to apply to the Department of Marine Resources to request a prohibition on marine worm harvesting. It also makes it a civil violation to harvest marine worms from areas closed to the harvest and possession of marine worms.

Committee Amendment "A" (S-434)

This amendment replaces the bill. The amendment makes it a civil violation to disturb or molest predator protection gear that has been placed in the intertidal zone as part of a municipal shellfish conservation program. This amendment also establishes a municipal predator control pilot project within the Department of Marine Resources to evaluate the effectiveness of predator control strategies in increasing the survival rate of soft shell clams and marine worms. The amendment establishes that harvesting marine organisms from within pilot project predator control areas, except for municipal removal of green crabs, is prohibited and is a civil violation. The amendment adds an emergency preamble and an emergency clause.

Enacted Law Summary

Public Law 2013, chapter 517 makes it a civil violation to disturb or molest predator protection gear that has been

placed in the intertidal zone as part of a municipal shellfish conservation program. This law also establishes a municipal predator control pilot project within the Department of Marine Resources to evaluate the effectiveness of predator control strategies in increasing the survival rate of soft shell clams and marine worms. The law prohibits and makes the harvesting of marine organisms from within pilot project predator control areas, except for municipal removal of green crabs, a civil violation. Finally, the law directs the Commissioner of the Department of Marine Resources to develop predator control strategies, which identify the needs of both the soft shell clam and marine worm industries and recognize that both industries have an economic interest in intertidal zone management to mitigate the effects of green crabs. The commissioner is required to report back to the joint standing committee having jurisdiction over marine resources matters no later than January 31, 2015. The committee is authorized to report out a bill related to the subject matter of the report to the First Regular Session of the 127th Legislature.

Public Law 2013, chapter 517 was enacted as an emergency measure effective April 5, 2014.

PUBLIC 509

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DEVIN	OTP-AM ONTP	H-703

This bill makes a number of changes to Maine's aquaculture laws, including creating a violation provision for aquaculture leases and limited-purpose leases and clarifying that holders of limited-purpose aquaculture licenses may place marine organisms on the ocean bottom without gear and that the product associated with the license is protected. It creates a reporting requirement for limited-purpose aquaculture license holders. It provides that lease holders may sell their product from their lease sites in the retail trade. It creates an exemption from the requirement to have a cultchless American oyster growers license for those individuals who hold an aquaculture lease or limited-purpose aquaculture license.

Joint Standing Committee on Marine Resources

Committee Amendment "A" (H-703)

This amendment, which is the majority report of the committee, corrects a cross-reference to the confidentiality of statistics.

This amendment clarifies that the prohibition against a person other than a marine patrol officer or a license holder taking products from an area designated by a limited-purpose aquaculture license applies only to those organisms being grown that are listed on the license.

This amendment clarifies that the exception to growing cultchless American oysters is specific to a person who holds a lease or license that authorizes the culture of American oysters.

The amendment removes the requirement in the laws concerning aquaculture leases that authorization to delete species or gear be consistent with findings made when the lease was approved and removes the requirement that notice of proposed changes in gear authorization be provided to the lessee.

Finally, the amendment removes duplicative language in the section on limited-purpose aquaculture leases regarding the commissioner's rulemaking authority regarding gear and species amendments.

Enacted Law Summary

Public Law 2013, chapter 509 makes the following changes to Maine's aquaculture laws:

1. Creates a violation provision for standard and limited-purpose aquaculture leases and licenses and clarifies that holders of limited-purpose aquaculture licenses may place marine organisms on the ocean bottom without gear and that the product associated with the license is protected;

LD 1625 An Act Concerning Maine's Elver Fishery

**PUBLIC 485
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KUMIEGA BURNS	OTP-AM OTP-AM	H-686 H-700 BEAR

This bill provides that a license to take marine organisms issued to a member of the Passamaquoddy Tribe, Penobscot Nation, Aroostook Band of Micmacs or Houlton Band of Maliseet Indians by the tribe, nation or band is not valid until it has been submitted to the Department of Marine Resources and the license holder has received written confirmation that the license is valid. It creates a separate provision of law that describes the activities in which a person who holds an elver fishing license may engage. It clarifies that individuals who hold elver fishing licenses that authorize them to fish with elver fyke nets may assist each other in handling the nets, as long as the license holder to whom the elver fyke net tag has been issued is present and assisting. This bill criminalizes the violation of assisting in the illegal harvest of elvers. It removes the provision governing supplemental licenses for vehicles for elver dealers beginning with the 2015 elver fishing season.

Committee Amendment "A" (H-686)

This amendment, which is the majority report of the committee and replaces the bill, authorizes the Commissioner of Marine Resources to establish by rule an elver fishing weight quota for the State and allocate elver individual fishing quotas to elver harvesters licensed by the State by a formula that may take into account previous years' landings. This amendment also directs the commissioner to set aside a share of the overall quota and divide it among the federally recognized Indian tribes in Maine unless the tribes propose by March 1st of the calendar year in which the quota is allocated an alternate division of that portion of the quota that is allocated to them. The commissioner shall allocate that portion of the quota in accordance with that proposed division. This amendment makes it a Class D strict liability crime with a mandatory \$2,000 fine to violate prohibitions on possessing or selling elvers in excess of a person's elver individual fishing quota and on fishing after a person's elver individual fishing quota has been met.

Committee Amendment "B" (H-687)

This amendment, which is the minority report of the committee and replaces the bill, authorizes the Commissioner of Marine Resources to establish by rule an elver fishing quota for the State and to allocate elver individual fishing quotas to elver harvesters licensed by the State and Maine's federally recognized Indian tribes by a formula that may take into account previous years' landings. The majority report allocates a portion of the State's overall elver fishing quota to the tribes and directs each of the tribes to assign elver individual fishing quotas to its members. This amendment leaves in place the statute limiting the number of elver fishing licenses that may be issued by the Passamaquoddy Tribe to tribal members to 200 licenses. This amendment makes it a Class D strict liability crime with a mandatory \$2,000 fine for violating prohibitions on possessing, fishing for or selling elvers in excess of a person's elver individual fishing quota and on fishing after a person's elver individual fishing quota has been met.

House Amendment "B" To Committee Amendment "A" (H-700)

This amendment requires that a buyer of elvers post, at the point of sale, the price that the buyer will pay.

Enacted Law Summary

Public Law 2013, chapter 485 does the following.

1. It authorizes the Commissioner of Marine Resources to establish by rule an elver fishing weight quota for the State and allocate elver individual fishing quotas to elver harvesters licensed by the State by a formula that may take into account previous years' landings. If the overall annual quota that is allocated to elver fishing license holders is collectively exceeded, the number of pounds by which the license holders exceeded the overall annual quota must

Joint Standing Committee on Marine Resources

be deducted from the following year's overall annual quota allocated to license holders. If the overage exceeds the overall annual quota allocated to license holders for the following year, the overage must be deducted from the overall annual quota allocated to license holders in subsequent years until the entire overage has been accounted for.

2. If the commissioner adopts an elver individual fishing quota system for the State, the law directs the commissioner to set aside a share of the overall quota and divide it among the federally recognized Indian tribes in Maine unless the tribes propose by March 1st of the calendar year in which the quota is allocated an alternate division of that portion of the quota that is allocated to them. The commissioner shall allocate that portion of the quota in accordance with that proposed division.

3. It stipulates that if an elver individual fishing quota system is adopted for the State, the Passamaquoddy Tribe, Penobscot Nation, Aroostook Band of Micmacs and Houlton Band of Maliseet Indians shall allocate to each member of the tribe, nation or band to whom a license is issued a specific amount of the quota that is allocated to that tribe, nation or band and provide documentation to the Department of Marine Resources of that allocation for each individual license holder. The department will issue elver transaction cards to tribal members with elver fishing licenses once it has received documentation specifying the individual quota allocated to that person by the tribe, nation or band.

4. It adds a cross-reference to the section (above) establishing the elver quota for federally recognized Indian tribes in the State in the section of law enacted in Public Law 2013, chapter 468 (LD 1723) that established the elver transaction card that contains the license holder's name and license number and which must be used by elver fishing license holders to meet electronic reporting requirements.

5. It makes it a Class D strict liability crime with a mandatory \$2,000 fine to violate prohibitions on possessing or selling elvers in excess of a person's elver individual fishing quota and on fishing after a person's elver individual fishing quota has been met. A first offense is grounds for suspension and a second offense is cause for permanent revocation of one's elver fishing license.

6. It establishes an administrative procedure for assessing a penalty for pecuniary gain realized as a result of violations of the provisions of elver individual fishing quotas or for violations of the provisions governing elver dealer's licenses. Any payments for administrative penalties collected as a result of these infractions must be deposited into the existing Eel and Elver Management Fund.

7. It establishes resident and nonresident elver fishing licenses with crew, for either one or two devices.

8. It limits the Passamaquoddy Tribe to issue commercial elver fishing licenses that allow the taking of elvers with an elver fyke net to only six members of the tribe in any calendar year. A license that allows the taking of elvers with an elver dip net may be issued to any member of the tribe not authorized to use an elver fyke net.

9. It requires that a buyer of elvers post, at the point of sale, the price that the buyer will pay.

Public Law 2013, chapter 485 was enacted as an emergency measure effective March 18, 2014.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DOAK	OTP-AM	H-672 H-680 KUMIEGA

This bill amends the laws governing the enforcement of marine resources laws in the following ways.

1. It allows the Commissioner of Marine Resources to enter into an interstate wildlife violator compact and allows the commissioner to suspend or revoke the licenses of individuals whose licenses have been suspended or revoked for violations of marine resources law in other member states.

2. It increases the limit on the value of items seized by a marine patrol officer that need not be subject to judicial process for the disposition of property seized by the government from \$75 to \$200. It provides for the notice of judicial process for the disposition of property seized by the government to be mailed to the individual from whom the items were seized, in addition to the existing requirement to post notice in the municipality or place where the items were seized. It specifies the process for the sale or disposition of marine organisms prior to judicial process for the disposition of property seized by the government.

Joint Standing Committee on Marine Resources

3. It provides that the commissioner may suspend a license or certificate for up to the maximum time allowable for a criminal conviction or civil adjudication of the same violation.
4. It allows the commissioner to permanently revoke any license of a habitual violator who is convicted or adjudicated of six or more violations of marine resources laws.
5. It allows a court to suspend fines imposed for violations of lobster laws.
6. It creates a temporary exemption from owner-operator requirements for an individual who holds a lobster and crab fishing license, has sold one vessel and is purchasing another.
7. It lowers the fines for harvesting shellfish without a municipal shellfish license, harvesting shellfish in violation of a license restriction and violating the laws related to lobster processor licenses. It also provides that violation of certain laws governing crayfish dealers is a civil violation rather than a Class D crime, as in current law.

Committee Amendment "A" (H-672)

This amendment adds an emergency preamble and emergency clause to the bill. This amendment also:

1. Creates the Marine Science, Management and Enforcement Fund for the deposit of funds received from the proceeds of the sale of seized items that have been forfeited to the State;
2. Creates an administrative process for assessing a penalty for pecuniary gain realized from the unlawful purchase, sale or fishing of elvers;
3. Establishes an elver transaction card to be issued by the Department of Marine Resources to the holders of elver fishing licenses issued by the Department of Marine Resources and the federally recognized Indian tribes in the State and requires the holder of an elver fishing license to present the card issued to that person, which includes that person's name and license number, in order to sell or transfer elvers the license holder has taken to a dealer;
4. Requires every individual fishing for elvers to possess on that individual's actual person an elver fishing license, government-issued photo identification card and elver transaction card. Failure to present the elver fishing license and elver transaction card if required constitutes prima facie evidence of a violation;
5. Clarifies for revocation purposes that a habitual violator is a license holder and, notwithstanding other specific penalties that may be applied, the Commissioner of Marine Resources is authorized to suspend licenses for violating marine resources laws;
6. Provides a process for suspending an elver dealer's license for failure to comply with daily reporting requirements that includes telephone notification or, after 24 hours, mailing or providing the notice in hand to the license holder. The amendment stipulates that the notice must describe the information that is sought by the department and state that, if the information is not provided or a hearing requested within 12 hours, the license suspension is in effect. Current law allows a license holder three days to provide the missing information or to request a hearing;
7. Requires unlicensed crew to sell lobsters or crabs only under the direct supervision of the Class II or Class III license holder under whose authority the lobster or crabs were taken;
8. Establishes for the 2015 season an elver fishing license for a resident with crew for a fee of \$305 and a nonresident with crew for a fee of \$1,326 and allocates \$200 of each license fee to the Eel and Elver Management Fund;

Joint Standing Committee on Marine Resources

9. Allows, for the 2014 elver fishing season only, elver fishing license holders to assist each other under the direct supervision of another license holder, as long as each person sells only elvers that person has taken and the person issued the tag attached to the elver fyke net is the only person to empty the cod end of the elver fyke net. Whoever is licensed to fish with an elver fyke net may not fish with an elver dip net and anyone licensed to fish for elvers with an elver dip net may not continue to fish for or take elvers with an elver dip net once that person has met that person's quota;
10. Provides an exception for a person other than the license holder identified on the tag for an elver fyke net or a Sheldon eel trap to empty that net or trap if a license holder is temporarily disabled or has a personal or family medical condition for two weeks only and with written permission from a marine patrol officer. That person may tend the license holder's net or trap only for the purpose of releasing captured elvers into the waters of the State. The license holder issued the tag for the elver fyke net or Sheldon eel trap must be present and assisting in setting, tending or removing the net or trap;
11. Prohibits fishing for or taking elvers from noon Friday to noon Sunday. Current law prohibits fishing for or taking elvers from noon Tuesday to noon Wednesday and from noon Saturday to noon Sunday;
12. Restricts elver fishing to the use of elver dip nets only and prohibits the use of elver fyke nets to fish for or take elvers in the St. Croix River;
13. Clarifies that payment for elvers, which already must be by check or cashier's check and must identify both the seller and the buyer, must indicate the buyer under whose license the landings will be reported;
14. Makes assisting in the illegal harvest of elvers a Class D strict liability crime with a \$2,000 mandatory fine. This offense is a civil violation under current law;
15. Clarifies that a retail seafood license is required to sell shellstock, crayfish, lobsters and any marine organism that is purchased directly from a harvester; and
16. Authorizes the commissioner to delay the start to the 2014 elver fishing season if necessary in order to establish, implement and administer the elver transaction card system.

House Amendment "A" To Committee Amendment "A" (H-680)

This amendment removes the provision of Committee Amendment "A" making it a Class D strict liability crime with a mandatory \$2,000 fine to assist in the illegal harvest of elvers and repeals the law that makes it a civil violation with a \$2,000 mandatory fine to assist in the illegal harvest of elvers.

It also removes the provision in Committee Amendment "A" that proposes to criminalize this action. It is a Class D strict liability offense under the existing law. In accordance with Title 12, section 6204, the general penalty for violating any provision of marine resources' laws, including assisting in the illegal harvest of elvers, is a Class D strict liability crime. LD 1830 An Act To Further the Implementation of the Rockweed Fishery Management Plan

PUBLIC 558

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM OTP-AM	H-807

This bill changes the existing law for seaweed harvesting rules to make the rules for the allocation to sectors major substantive and not routine technical rules, as is currently the case. This bill also directs the Commissioner of Marine Resources to convene a working group that will identify criteria for the designation of no-harvest areas for conservation and to identify specific areas that are to be closed to rockweed harvesting, except for research purposes, on a seasonal or permanent basis according to the criteria identified by the working group. The commissioner is required to complete and present to the joint standing committee of the Legislature having jurisdiction over marine resources matters by January 31, 2015 a statewide management plan for rockweed. The committee is authorized to report out legislation to the First Regular Session of the 127th Legislature related to the plan.

Committee Amendment "A" (H-807)

This amendment, which is the majority report and replaces section 2 of the bill, requires the Commissioner of Marine Resources to provide an update to the joint standing committee of the Legislature having jurisdiction over marine resources matters by January 31, 2015, on the implementation of the Rockweed Fishery Management Plan.

The bill requires submission of a statewide management plan for rockweed and contains specific parameters for

Joint Standing Committee on Marine Resources

convening a working group to develop criteria to be used for designating areas closed to harvest or that are seasonally closed to harvest and to propose specific areas for those designations. The amendment leaves the working group's composition to the commissioner and clarifies that its purpose is to complete the work on developing criteria for areas that are to be seasonally or permanently closed to harvest as recommended by the Rockweed Fishery Management Plan and to determine a process for maintaining and adjusting those designations as necessary.

The amendment requires that the working group include scientists and experts with expertise relevant to this fishery and that each criterion adopted be supported by scientific or legal reasoning.

The amendment requires the update to identify:

1. The membership of the working group that is convened pursuant to the fisheries management plan;
2. The criteria and recommended process to define and designate areas closed to harvest or areas that are seasonally closed to harvest; and
3. The working group's progress in identifying areas closed to harvest or areas that are seasonally closed to harvest.

The amendment authorizes the joint standing committee of the Legislature having jurisdiction over marine resources matters to report out a bill related to the implementation of the Rockweed Fishery Management Plan.

Committee Amendment "B" (H-808)

This amendment, which is the minority report, replaces the bill and differs from the majority report in that it makes major substantive the rules establishing areas closed to harvesting rockweed or areas that are seasonally closed to harvesting rockweed.

Enacted Law Summary

Public Law 2013, chapter 558 designates seaweed harvesting rules for the allocation to sectors as major substantive rules. It also requires the Commissioner of Marine Resources to provide an update to the joint standing committee of the Legislature having jurisdiction over marine resources matters by January 31, 2015, on the implementation of the Rockweed Fishery Management Plan. As recommended in the Rockweed Fishery Management Plan, the commissioner is tasked with convening a working group whose purpose is to develop criteria to be used to designate areas that are to be seasonally or permanently closed to harvest and recommend a process for maintaining and adjusting those designations as necessary. The working group must include scientists and other experts in this fishery. Each criterion adopted by the working group must be supported by scientific or legal reasoning.

The commissioner's update on the plan must identify:

1. The membership of the working group that is convened pursuant to the fisheries management plan;
2. The criteria and recommended process to define and designate areas closed to harvest or areas that are seasonally closed to harvest; and,
3. The working group's progress in identifying areas closed to harvest or areas that are seasonally closed to harvest.

The joint standing committee of the Legislature having jurisdiction over marine resources matters is authorized to report out a bill related to the implementation of the Rockweed Fishery Management Plan.

PUBLIC 443

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LANGLEY GRANT	OTP-AM	S-194 S-364 HILL

This bill was enacted by the Legislature during the First Regular Session of the 126th and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

This bill creates the Maine Skills Gap Program to address the immediate hiring needs of Maine employers. Its goal is to encourage students and qualified experienced workers to take positions with Maine companies representing industries with significant unmet demand for skilled labor by reimbursing a portion of an employee's student debt or, in the absence of student debt, reimbursing a portion of an employee's housing expense during the employee's employment. The reimbursement is not subject to Maine income tax. A qualified employer will be considered eligible for reimbursement by the State under the Maine Employment Tax Increment Financing Program and will be reimbursed 50% of the qualified employer's employment, payroll and state income tax withholding taxes paid by the qualified employer for each qualified employee. The Maine Skills Gap Program is repealed March 31, 2021.

Committee Amendment "A" (S-194)

This amendment replaces the bill and does the following.

1. It changes the name of the program created under the bill to the Maine Workforce Opportunities Program;
2. It requires the Department of Economic and Community Development, in coordination with the Department of Labor, to create and maintain qualified employee and employer registries;
3. It charges the Department of Economic and Community Development with leading the marketing efforts to employers and employees of the Job Creation Through Educational Opportunity Program, as well as all other existing incentive programs that are aimed at attracting new employees to Maine businesses;
4. It requires the Commissioner of Economic and Community Development to report to the Joint Select Committee on Maine's Workforce and Economic Future and the Joint Standing Committee on Labor, Commerce, Research and Economic Development on the results of the marketing effort no later than January 15, 2014. It also requires the commissioner to study what the effect would be of including reimbursement of a qualified employee's housing costs as an incentive; and

Joint Select Committee on Maine's Workforce and Economic Future

5. It adds an appropriations and allocations section.

Senate Amendment "A" To Committee Amendment "A" (S-364)

This amendment delays the implementation of the Maine Workforce Opportunities Program until July 1, 2014 and delays the reporting date of the Commissioner of Economic and Community Development until December 1, 2014. The amendment also removes the funding in fiscal year 2013-14 due to the delay of the implementation of the program.

Enacted Law Summary

Public Law 2013, chapter 443 creates the Maine Workforce Opportunities Program to address the immediate hiring needs of Maine employers. It requires the Department of Economic and Community Development, in coordination with the Department of Labor, to create and maintain qualified employee and employer registries. It charges the Department of Economic and Community Development with leading the marketing efforts to employers and employees of the Job Creation Through Educational Opportunity Program, as well as all other existing incentive programs that are aimed at attracting new employees to Maine businesses. Committee Amendment "A" (H-743)

This amendment strikes and replaces the bill. It changes the name of the State Education and Employment Outcomes Commission to the State Education and Employment Outcomes Task Force. It also makes changes to the membership of the group, including reducing the membership to 15. It restricts the number of meetings the task force may have to four per year. It changes the responsibility for staffing the task force from the Department of Labor and Department of Education to the Legislative Council; under the amendment, the departments must provide information and assistance to the task force consistent with federal grant requirements and department resources. It eliminates the annual work plan duty of the task force and replaces it with a duty to explore the feasibility of

Joint Select Committee on Maine's Workforce and Economic Future

incorporating licensure and other workforce certification data into the database. It also adds a reporting duty for the task force to the joint select or joint standing committee of the Legislature having jurisdiction over workforce training matters with an annual reporting date of November 1st. The task force is required to recommend in its report whether the task force should continue and, if so, to include any suggested changes in the membership or size of the task force. Further, the amendment eliminates the Education and Employment Outcomes Technical and Data Working Group in the bill and also eliminates the provision providing for staggered terms for the membership of the task force.

Senate Amendment "A" To Committee Amendment "A" (S-537)

This amendment offsets the General Fund appropriation of \$2,500 to the Legislature in fiscal year 2014-15 with the requirement that \$2,500 lapses from the Legislature, General Fund account to the unappropriated surplus in fiscal year 2014-15.

Enacted Law Summary

Public Law 2013, chapter 593 establishes the State Education and Employment Outcomes Task Force to develop procedures to maintain and disseminate information and data from the Department of Labor's educational outcomes database. The task force is directed to report to the joint standing committees having jurisdiction over labor and workforce training matters by November 1st of each year on the status of the database. The task force is required to recommend in its report whether the task force should continue and, if so, to include any suggested changes in the membership or size of the task force. The law offsets the General Fund appropriation of \$2,500 to the Legislature to pay for the costs of the task force in fiscal year 2014-15 with the requirement that \$2,500 lapses from the Legislature, General Fund account to the unappropriated surplus in fiscal year 2014-15.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill changes the definition of "property growth factor," which is integral in the calculation of a county's annual assessment limitation, in the laws governing the limitation on county assessments. The revised definition uses state valuation data in determining the property growth factor rather than relying on municipal reporting of data based on the assessed valuation of real and personal property.

This bill was carried over from the First Regular Session of the 126th Legislature.

Current law authorizes the State to sell or lease certain real property in the City of Hallowell and establishes conditions on the sale or transfer of the property. This resolve directs the State to enter into a lease to extend the current terms of School Administrative District 16 or any successor school administrative unit that includes the City of Hallowell as a tenant at the site through June 30, 2017. This resolve also specifies that a subgroup of stakeholders must be invited to participate in interviews of qualified developers and to participate in interviews with developers prior to the transfer of any portion of the site to a developer. This resolve also directs the Commissioner of Administrative and Financial Services to provide a written report to the Joint Standing Committee on State and Local Government on the status of all efforts toward the sale or transfer of the property.

Committee Amendment "A" (H-679)

This amendment is the minority report of the committee. It changes the title and strikes and replaces the resolve to clarify legislation regarding the sale or lease by the State of real estate located in the City of Hallowell.

Part A repeals all prior legislation governing the sale or lease of the Stevens School property located in the City of Hallowell.

LD 1177 An Act To Implement the Recommendations from the Discontinued and Abandoned Roads Stakeholder Group Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SAVIELLO KESCHL	OTP-AM OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill implements the recommendations of the stakeholder group established by the Department of Agriculture, Conservation and Forestry pursuant to Resolve 2011, chapter 120 to review discontinued and abandoned roads.

This bill provides that if a municipality decides to retain a public easement after the municipality discontinues a town way, the municipality must vote in the affirmative to retain the public easement and that if the municipality fails to maintain the public easement for two years, the public easement is discontinued and the public's interest in the easement is abolished.

The bill requires that a municipality give an easement to a property owner that requires access to the property owner's property if the municipality discontinues a town way. Current law allows a municipality to discontinue a town way by giving notice to all abutting property owners and the municipal planning board and filing an order of discontinuance with the municipal clerk.

The bill, beginning on January 1, 2016, requires that a municipality must vote in order to discontinue a town way.

The bill also requires that by January 1, 2016, every municipality prepare a list of all municipal town ways that the municipality intends to keep in repair with public funds pursuant to the Maine Revised Statutes, Title 23, chapter 304 and to publish the list on its publicly accessible website. If a town way has not been included on the list by January 1, 2016, the town way is discontinued with no public easement and the abutters of the town way have two years to file a claim against the municipality pursuant to Title 23, section 3027-A, subsection 2.

Committee Amendment "A" (S-435)

Joint Standing Committee on State and Local Government

This amendment, which is the majority report of the committee, changes the laws governing discontinued and abandoned roads.

It specifies five steps a municipality must follow to discontinue a road: the notification of proposed discontinuance to the abutting property owners and municipal planning board; a meeting of municipal officers to discuss the proposed discontinuance and the filing of an order of discontinuance specifying whether or not there will be a public easement and any public use restrictions or municipal maintenance and liability responsibilities for the public easement; a public hearing on the discontinuance; approval of the order of discontinuance by the municipal legislative body; and the filing of the certificate of discontinuance by the municipal clerk in the registry of deeds, with the Department of Transportation and with the municipality.

The amendment also changes the law to require a municipality to go through the discontinuance procedure again in the 21st year after the discontinuance certificate was originally filed. If no vote is held, then the discontinuance continues until an abutting property owner petitions the municipality to reconsider the discontinuance or pursuant to other municipal action.

It requires that a public easement must be retained in a discontinued road if abutting property owners need to use it to access their property. It also provides that a public utility easement will be in place whenever a road is discontinued, regardless of whether a public easement is retained.

The amendment provides that the statutory presumption of abandonment applies only to ways that have met the statutory requirements as of January 1, 2015. For all other public ways, the new discontinuance process will be the only means to cease the maintenance obligations of the municipality or county for the public way. Going forward, if the municipal officers have determined that a town way is presumptively abandoned pursuant to statute, the municipal clerk must file a record of this determination with the county registry of deeds, the Department of Transportation and the municipality. A way that is presumptively abandoned retains a public easement, as is the default position under current law. The amendment does not modify common law abandonment.

The amendment also gives a property owner abutting a discontinued or abandoned road in which a public easement exists the ability to bring a civil action in Superior Court for damages and injunctive relief against a person who causes damage to the road.

The amendment provides that, by January 1, 2016, a municipality must prepare a list of all town ways in that municipality that are currently maintained with public funds; a list of all town ways that have been discontinued since 1965 and whether or not a public easement was retained, if known; and a list of all town ways that have been abandoned since 1965 and whether or not a public easement was retained, if known. The municipality must publish the list on its publicly accessible website or make copies available at the municipal office. The municipality must record the list at the county registry of deeds and with the Department of Transportation.

Committee Amendment "B" (S-436)

This amendment, which is the minority report of the committee, changes the laws governing discontinued and abandoned roads.

It specifies five steps a municipality must follow to discontinue a road: the notification of proposed discontinuance to the abutting property owners and municipal planning board; a meeting of municipal officers to discuss the proposed discontinuance and the filing of an order of discontinuance specifying whether or not there will be a public easement and any public use restrictions or municipal maintenance and liability responsibilities for the public easement; a public hearing on the discontinuance; approval of the order of discontinuance by the municipal legislative body; and the filing of the certificate of discontinuance by the municipal clerk in the registry of deeds, with the Department of Transportation and with the municipality.

The amendment also changes the law to require a municipality to go through the discontinuance procedure again in

Joint Standing Committee on State and Local Government

the 21st year after the discontinuance certificate was originally filed. If no vote is held, then the discontinuance continues until an abutting property owner petitions the municipality to reconsider the discontinuance or pursuant to other municipal action.

It requires that a public easement must be retained in a discontinued road if abutting property owners need to use it to access their property. It also provides that a public utility easement will be in place whenever a road is discontinued, regardless of whether a public easement is retained.

The amendment provides that the statutory presumption of abandonment applies only to ways that have met the statutory requirements as of January 1, 2015. For all other public ways, the new discontinuance process will be the only means to cease the maintenance obligations of the municipality or county for the public way. Going forward, if the municipal officers have determined that a town way is presumptively abandoned pursuant to statute, the municipal clerk must file a record of this determination with the county registry of deeds, the Department of Transportation and the municipality. A way that is presumptively abandoned retains a public easement, as is the default position under current law. The amendment does not modify common law abandonment.

The amendment also gives a property owner abutting a discontinued or abandoned road in which a public easement exists the ability to bring a civil action in Superior Court for damages and injunctive relief against a person who causes damage to the road.

The amendment provides that, during the first fiscal year when state-municipal revenue sharing is fully funded at 5 percent of the taxes imposed under the Maine Revised Statutes, Title 36, Parts 3 and 8, and Title 36, section 2552, subsection 1, paragraphs A to F and L, a municipality must prepare a list of all town ways in that municipality that are currently maintained with public funds; a list of all town ways that have been discontinued since 1965 and whether or not a public easement was retained, if known; and a list of all town ways that have been abandoned since 1965 and whether or not a public easement was retained, if known. The municipality must publish the list on its publicly accessible website or make copies available at the municipal office. The municipality must record the list at the county registry of deeds and with the Department of Transportation.

House Amendment "A" To Committee Amendment "A" (H-710)

This amendment amends Committee Amendment "A". The amendment:

1. Provides that a public easement in a discontinued or abandoned road has been retained if, as of January 1, 2016, there is no evidence of approval of an order of discontinuance by the municipal legislative body;
2. Provides that a person who causes damage to a discontinued or abandoned road in which a public easement exists commits a Class E crime; and
3. Clarifies the provision in the committee amendment that requires a public easement to be retained if the existing legal rights of abutting property owners to access their property will be eliminated. It provides that the access to the property must be in the same manner as prior to the discontinuance.

House Amendment "B" To Committee Amendment "A" (H-759)

This amendment amends Committee Amendment "A." The amendment:

1. Removes the mandate preamble;
2. Removes the requirement that the clerk of a municipality file a record of a certificate of discontinuance with the registry of deeds, the Department of Transportation and the municipality;
3. Removes the requirement that a municipality, 21 years after a certificate of discontinuance has been filed, reconsider and vote on the discontinuance;

Joint Standing Committee on State and Local Government

4. Removes the requirement that those town ways that have not met the statutory presumption of abandonment by January 1, 2015 may only be discontinued by complying with the new discontinuance process proposed in the committee amendment. It also removes the requirement that the clerk of a municipality who determines that a town way has been determined abandoned under the old process file notice of that determination with the registry of deeds, the Department of Transportation and the municipality;
5. Removes the requirement that a municipality develop lists of all town ways that are currently maintained with public funds and that have been discontinued and abandoned since 1965, publish the lists and record the lists at the appropriate county registry of deeds and the Department of Transportation;
6. Provides that a public easement in a discontinued or abandoned road has been retained if, as of January 1, 2016, there is no evidence of approval of an order of discontinuance by the municipal legislative body;
7. Provides that a person who causes damage to a discontinued or abandoned road in which a public easement exists commits a Class E crime; and
8. Clarifies the provision in the committee amendment that requires a public easement to be retained if the existing legal rights of abutting property owners to access their property will be eliminated. It provides that the access to the property must be in the same manner as prior to the discontinuance.

Senate Amendment "A" To Committee Amendment "A" (S-463)

This amendment amends Committee Amendment "A." The amendment:

1. Strikes the provision in the committee amendment that requires a municipality to go through a discontinuance procedure in the 21st year after a discontinuance certificate was originally filed;
2. Removes the provision in the committee amendment that as of January 1, 2015 the new discontinuance process will be the only means to terminate any interests held by a municipality for highway purposes;
3. Requires determinations by municipal officers or a court that a town way has been abandoned to be recorded with the registry of deeds, the Department of Transportation and the municipality. The committee amendment requires recordation of determinations only by the municipal officers;
4. Strikes the provision in the committee amendment that required municipalities to develop lists of town ways by January 1, 2016. This amendment instead authorizes municipalities to work collaboratively with the Department of Transportation to develop comprehensive road inventories; and
5. Provides that a person who causes damage to a discontinued or abandoned road in which a public easement exists commits a Class E crime.

Senate Amendment "B" To Committee Amendment "A" (S-488)

This amendment amends Committee Amendment "A." The amendment:

1. Amends the time frames in which a municipal legislative body must vote on an order of discontinuance based on the type of municipal legislative body;
2. Adds a time limit to the requirement that the municipal clerk record a certificate of discontinuance;
3. Removes the requirement that a municipality, 21 years after a certificate of discontinuance has been filed, reconsider and vote on the discontinuance; and

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
VALENTINO HOBBINS	OTP-AM	S-213 S-341 HILL

This bill was enacted by the Legislature during the First Regular Session of the 126th Legislature and was held by the Governor; final disposition occurred at the beginning of the Second Regular Session.

This bill extends the Maine Seed Capital Tax Credit Program, which is approaching the statutory cap on credits that can be authorized, and makes a number of changes. The bill makes the amount of the tax credit the same for individual investors and venture capital funds, clarifies that producers of value-added natural resource products are eligible, removes the ambiguous eligibility for businesses that "bring capital into the State" and specifies that eligible businesses must certify that the investment is necessary to allow the business to create or retain jobs in the State. The bill increases the maximum annual sales limit of \$3,000,000, which has been in effect since 1997, to \$5,000,000 for investments made in 2014 or after. The bill authorizes additional tax credits of \$2,000,000 for investments made between June 1, 2013 and December 31, 2013, \$4,000,000 for investments made in calendar year 2014 and \$5,000,000 each year for investments made in each subsequent year.

Committee Amendment "A" (S-213)

This amendment clarifies that investors other than private venture capital funds are eligible for a tax credit certificate. It requires businesses applying under the Maine Seed Capital Tax Credit Program to certify that the amount of the credit is necessary to allow the business to create or retain jobs in the State. It adds a definition of "value-added" and applies it to the term "natural resource enterprise," which is a defined term. It changes the limits on the amount of investment by a private venture capital fund eligible for a credit from \$500,000 per entity to \$500,000 multiplied by the number of investors in the private venture capital fund or \$4,000,000, whichever is less.

Senate Amendment "A" To Committee Amendment "A" (S-341)

This amendment limits the amount of additional seed capital tax credit certificates that may be issued to \$675,000 between January 1, 2014 and December 31, 2014, to \$4,000,000 for investments made in calendar year 2015 and to

\$5,000,000 each year for investments made in calendar years beginning with 2016.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill expands municipal authority to impose service charges on the owner of certain property that is currently exempt from property tax by vote at a special or general election.

Committee Amendment "A" (H-622)

This amendment, which is the minority report of the committee, provides that a municipality may impose service charges on property that is exempt from taxation because it is owned or used by entities in the following categories: benevolent and charitable institutions; literary and scientific institutions; chambers of commerce and boards of trade; fraternal organizations operating under a lodge system; and property jointly owned or used by those entities. Service charges may not be imposed on property exempt as a house of worship or parsonage or a veterans organization.

Service charges must meet the following conditions:

1. The property must be owned by an entity that owns exempt property in the municipality that would have a total assessed value of at least \$1,000,000 if assessed for property tax purposes. The property must be owned by, rented to, or otherwise occupied by a person or entity that provides any employee or independent contractor engaged to provide professional management services with compensation, exclusive of health benefits, in excess of four times the median household income for the county in which the property is located;
2. The municipality must adopt an ordinance imposing service charges approved by the voters through a referendum process;
3. The municipality may not impose a service charge on individual properties without imposing service charges on all other property in that municipality that is within the same category of exempt property;
4. The calculation of service charges imposed by municipalities must be based on the square footage of building space that is exempt from taxation, unless the municipality determines that a different measure more accurately represents the cost of services for which the service charges are imposed; and
5. Service charges must be reduced by any payments made or services provided to the municipality by the exempt entity in lieu of taxes.

The amendment provides that municipal ordinances adopted before the effective date of the legislation remain valid even if they do not comply with the new requirements. The amendment retains the requirement in current law that service charges may not exceed 2% of the entity's gross annual revenue.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill changes the method of measuring gallons of fuel for fuel tax purposes to include an adjustment for temperature based on net gallons. Currently, taxes are based on gross fuel amounts without specific adjustments for temperature or barometric pressure. This bill requires that fuel be measured in gallons after it is adjusted to a temperature of 60 degrees Fahrenheit and a barometric pressure of 14.7 pounds per square inch or in gross gallons if elected by the licensed supplier or licensed distributor.

Committee Amendment "B" (S-381)

This amendment replaces the bill and provides that, for tax returns filed beginning with calendar year 2015, a licensed distributor that accounts for taxes on internal combustion engine fuel, or a licensed supplier of special fuel that accounts for taxes on special fuel, on a net gallons basis that takes temperature into account is not allowed to use the allowance for shrinkage caused by temperature variation. An allowance may still be used for evaporation and handling losses.

LD 1751 An Act To Provide Property Tax Relief to Maine Residents

PUBLIC 551

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
EVES ALFOND	OTP-AM	H-785

This bill creates the Property Tax Fairness Fund to create a mechanism for increasing the cap on the tax credit available under the property tax fairness credit. Currently, the cap on the credit is \$300 for eligible residents under 70 years of age and \$400 for eligible residents 70 years of age and older.

This bill requires 10% of the unappropriated General Fund surplus after all required deductions of appropriations, budgeted financial commitments and adjustments considered necessary by the State Controller have been made and 20% of the amount by which General Fund budgeted revenue for that fiscal year exceeds the General Fund appropriation limitation calculated for that fiscal year to be transferred to the Property Tax Fairness Fund. The bill also decreases the amount of the unappropriated surplus transferred to the Tax Relief Fund for Maine Residents for income tax rate reductions from 20% to 10% and the amount of the excess General Fund budgeted revenue from 40% to 20%.

Annually, the State Controller is required to notify the State Tax Assessor of the amount available in the Property Tax Fairness Fund. Based on that amount, the State Tax Assessor is required to increase the maximum credit available under the property tax fairness credit in equal amounts for residents under 70 years of age and 70 years of age and older. The higher caps apply to the income tax year immediately following the increase.

Committee Amendment "A" (H-785)

This amendment strikes the bill and makes the following changes to the Maine resident property tax fairness credit for tax years beginning on or after January 1, 2014.

1. It changes the definition of "income" that is considered in determining eligibility for the credit by starting with an adjustment to federal adjusted gross income, corresponding to federal total income as reported on the individual's federal income tax return, increased by nontaxable social security and railroad retirement benefits, tax exempt interest, certain deductions and certain business and capital losses.
2. It changes the formula for calculating the amount of the credit by providing that benefits are equal to 50% of the amount by which the benefit base exceeds 6% of the individual's income up to a maximum benefit of \$600 for filers under 65 years of age and \$900 for filers 65 years of age and older. The benefit base is the amount of property taxes or rent constituting property taxes up to a maximum of \$2,000 for single filers, \$2,600 for joint filers and head of household filers claiming no more than two personal exemptions, \$3,200 for joint filers and head of household filers claiming three or more personal exemptions and, for married individuals filing separately, 1/2 of the benefit base limitation amount applicable to married individuals filing jointly.
3. It changes the portion of rent constituting property taxes from 25% to 15% and removes the exclusion of persons whose rent is subsidized by government programs.
4. It provides that the benefit base maximum amounts will be adjusted annually for inflation for tax years beginning after 2015.
5. It provides funding to cover administrative costs to implement the changes to the property tax fairness credit.

LD 1327 An Act To Provide Greater Options for Transportation of Public School Students for Cocurricular Activities

PUBLIC 484

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MASTRACCIO LANGLEY	OTP-AM	H-625

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill provides a mechanism to transport students to and from school activities by allowing the use of a motor vehicle with a carrying capacity of 10 to 15 passengers that is operated by a driver with an appropriate driver's license endorsement for a school bus that is designed to carry 15 passengers or less including the driver, as long as the vehicle is not used to transport students to and from home and school.

Committee Amendment "A" (H-625)

This amendment replaces the bill. It allows multifunction school activity buses to be used for the transportation of students for school activities other than conveying them to and from home and school, in order to provide a means of transporting students without the buses' having to adhere to certain requirements of school buses, such as a system of stop arms, the use of warning lamps and the use of national school bus yellow paint.

The amendment limits the carrying capacity of a multifunction school activity bus to 15 or fewer passengers, including the driver, requires the operator to have the appropriate school bus endorsement for the number of passengers and gross vehicle weight rating and defines the term "multifunction school activity bus."

The amendment requires a multifunction school activity bus to have markings indicating that students are aboard, the school district or administrative unit associated with the multifunction school activity bus and the location of emergency exits.

The amendment also provides that an operator of a multifunction school activity bus who is convicted of an OUI while operating a multifunction school activity bus will have that operator's school bus operator endorsement permanently revoked.

Lastly, the amendment requires that a multifunction school activity bus meet all Federal Motor Vehicle Safety Standards of 49 Code of Federal Regulations, Part 571 pertaining to this subcategory of buses.

Enacted Law Summary

Public Law 2013, chapter 484 creates a new category of school bus called a multifunction school activity bus. This law specifies that this type of noncommercial motor vehicle is to be used to transport students for school activities, other than conveying students to and from home and school. The law does not require a multifunction school activity bus to adhere to certain requirements of school buses, such as a system of stop arms, the use of warning

lamps and the use of national school bus yellow paint.

The law specifies the following requirements for a multifunction school activity bus.

1. It may have a carrying capacity of only 15 or fewer passengers, including the driver.
2. It must meet all the Federal Motor Vehicle Safety Standards of 49 Code of Federal Regulations, Part 571, that are applicable to multifunction school activity buses.

The law requires that the driver of a multifunction school activity has the required school bus operator endorsement for the number of passengers and gross vehicle weight rating.

Lastly, the law requires that a person convicted of OUI who operated a multifunction school activity bus during the commission of the offense must have their school bus operator endorsement permanently revoked.

TREAT	OTP-AM	H-664

This bill amends the Department of Transportation's biennial operations plan for transit process in order to promote and facilitate new models of mobility and service. This bill adds a declaration of policy to the public transportation administration law. This bill also provides components that must be included in the department's biennial operations plan for transit and describes how the department's plan for transit must be implemented.

This bill eliminates the Interagency Transportation Coordinating Committee and replaces it with a larger, more comprehensive Maine Public Transit Advisory Council. The role of the council is to advise the Legislature and the department regarding strategic planning for public transportation services in the State.

Committee Amendment "A" (H-664)

This amendment replaces the bill. It replaces the requirement in current law for biennial plans for regional transit with a requirement for quinquennial plans, which is consistent with federal requirements. Like the bill, this amendment eliminates the Interagency Transportation Coordinating Committee and replaces it with a new Public Transit Advisory Council. Like the bill, this amendment provides that the council must include, at a minimum, the Commissioner of Transportation, the Commissioner of Health and Human Services, the Commissioner of Labor and the Commissioner of Economic and Community Development. The amendment requires the other members to be appointed by the Commissioner of Transportation, instead of by the Governor as in the bill. The amendment establishes a three-year term for appointed council members, states how vacancies are to be filled, and provides that the Commissioner of Transportation decides how a chair is chosen and how long the chair is to serve. The amendment makes changes to the membership of the council and directs the commissioner to invite members from the joint standing committee of the Legislature having jurisdiction over transportation matters representing different

This bill clarifies that the Secretary of State is the only entity allowed to collect and process applications and fees for a learner’s permit and the only entity that can administer any required examination for a learner’s permit.

Committee Amendment "A" (H-653)

This amendment replaces the bill and removes the emergency preamble and emergency clause. It creates a new learner's permit issuance subsection in law that identifies the Secretary of State as the only entity allowed to collect learner's permit fees and application materials, administer an examination for a learner's permit and issue a learner's permit. This amendment contains transition language that allows the Secretary of State or an individual affiliated with an approved driver education course to collect fees and application materials until October 1, 2014 and to administer exams until January 1, 2015.

Enacted Law Summary

Public Law 2013, chapter 493 requires all fees and any application materials for a learner’s permit are to be collected only by the Secretary of State. This law also limits the administration of any required examination for a learner’s permit to the Secretary of State. Lastly, this law authorizes only the Secretary of State to issue a learner’s permit.

This law allows the Secretary of State to authorize an individual affiliated with an approved driver education course to collect fees or application materials for a learner’s permit until October 1, 2014 and to administer any required examination for a learner’s permit until January 1, 2015.

This bill provides the state share for the remaining Priority 3 salt and sand storage facility project sites by creating a final process to notify a municipality or county of available funds and for that entity to respond to an offer of funding from the Department of Transportation.

This bill requires that a municipality or county with a Priority 3 project respond within two months of receiving a certified letter from the Department of Transportation notifying the municipality or county of funds available to construct a facility for the storage of salt and sand. This bill requires that final plans for a Priority 3 project be reviewed with the Department of Transportation within 14 months of the notification of funds. This bill also requires that construction of a Priority 3 project be completed within 26 months of the notification of funds.

This bill changes the timeframe during which a municipality or county would be exempt from meeting groundwater classifications adopted after January 1, 1980 with respect to salt and sand storage facilities from three years to 26 months from the date of an offer of a state grant for the construction of those facilities. If a municipality or county fails to meet any of the deadlines, it is no longer exempt from licensing requirements for waste discharges.

PUBLIC 549

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM	H-814

This bill is reported out by the Joint Standing Committee on Transportation pursuant to Resolve 2013, chapter 14, section 4.

This bill repeals the law mandating signs for specific destinations on the interstate system and enacts provisions governing the placement of interchange guide signs and supplemental guide signs directing travelers to destinations of local, regional or statewide interest. This bill directs the Department of Transportation and the Maine Turnpike Authority to remove signs from the interstate system if existing signs do not comply with the new provisions.

This bill also amends existing law to allow a third-party to operate or sponsor a safety patrol service on the Maine Turnpike.

Committee Amendment "A" (H-814)

This amendment specifies that, while the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A requires rules that establish a fee to be major substantive rules, rules adopted in accordance with Maine's traveler information services laws are to be routine technical rules.

This amendment removes the requirement that a college or university must be a nonprofit institution and further specifies that the institution must be accredited and authorized to confer a degree in accordance with Title 20-A, chapter 409.

This amendment clarifies that all determinations regarding compliance as it relates to interchange and supplemental guide signs are to be made by either the Maine Turnpike Authority or the Department of Transportation.

Joint Standing Committee on Transportation

This amendment adds to the bill another allowance for a municipality to be included on an interchange guide sign when that municipality is within five miles of the exit, has a population of at least 2,000, has any portion of the interstate system pass through it and is accessible from the interstate via highways that are classified as arterials or major collectors. This amendment expands the distance a college or university with an enrollment of at least 300 students may be from the exit to qualify for a supplemental guide sign from five miles to 15 miles. This amendment combines the thresholds that must be met in order for a state park or federal park to qualify for a supplemental guide sign and increases the maximum distance a park may be from an exit from 100 miles to 120 miles when it has a minimum annual attendance of 75,000 recorded visitors. Additionally, this amendment allows a major municipality or destination that is already identified on an interchange guide sign to qualify for a supplemental guide sign under the standards for a major recreational area.

Lastly, this amendment expands the type of ski areas that may qualify for a supplemental guide sign by including a ski area that is within ten miles of an exit, with a minimum vertical drop of 200 feet with ten or more maintained trails and has an aerial lift servicing groomed trails.

LD 31 An Act To Increase Gaming Opportunities for Charitable Fraternal and Veterans' Organizations

Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PATRICK BRIGGS	OTP-AM ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill permits the Gambling Control Board, beginning January 1, 2014 to issue a license to a charitable nonprofit organization that is a fraternal organization or a veterans' organization that is tax-exempt under the federal Internal Revenue Code to operate up to five slot machines on premises that are owned or leased by the organization, serve as its primary headquarters for fulfilling its charitable mission and are located in a municipality that has, by referendum of the voters, approved the operation of slot machines in that municipality. The organization must be able to demonstrate that it has a cash reserve of \$2,000 for each machine the organization intends to operate. An organization that wishes to apply prior to January 1, 2014 may file a declaration of intent to apply with the Gambling Control Board. An application must include a refundable \$5,000 deposit. The initial application fee for a slot machine operator license is \$1,000, and the annual renewal fee is \$350. A slot machine operated by a charitable nonprofit organization is subject to the same central site monitoring that applies to casinos and slot machine facilities at harness racing tracks. The total number of slot machines allowed to be operated by charitable nonprofit organizations statewide is 250. 10% of the net slot machine income is required to be deposited directly with the Gambling Control Board for administrative expenses; 8% goes directly to the General Fund; 10% goes to the host municipality; and 2% is dedicated to gambling addiction prevention and treatment. A charitable nonprofit organization that is licensed to operate slot machines is required to establish a separate account, from which the board may withdraw funds to distribute the net revenue percentages. The remaining revenue generated from the slot machines must be used to support the charitable purposes of the fraternal organization or veterans' organization.

Committee Amendment "A" (S-399)

This amendment, which was not adopted, is the majority report of the committee. It amends the bill to provide that charitable fraternal organizations are not included in the definition of "eligible organization." The amendment provides that an eligible organization, which under the amendment is a veterans' organization, may apply to the Department of Public Safety, Gambling Control Board to operate up to three slot machines at the organization's premises, instead of five as proposed in the bill. The total number of slot machines available to be operated by all licensed eligible organizations is reduced from 250 to 150 under this amendment. The amendment also reduces the initial license fee from \$1,000 to \$500 and the annual renewal fee from \$350 to \$175. The amendment also reduces the administrative deposit required with the application from \$5,000 to \$2,500 and the amount required to be held in segregated accounts per machine from \$2,000 to \$1,000. It also provides that the Gambling Control Board may start accepting applications on January 1, 2015, rather than January 1, 2014 as provided in the bill. The amendment also includes technical changes to the bill to reflect changes made by Public Law 2013, chapter 212.

Committee Amendment "B" (S-400)

This amendment, which was not adopted, is the minority report of the committee. It adds off-track betting facilities in operation as of January 1, 2013 to the definition of "eligible organization." Under the bill, an eligible organization is authorized to operate up to five slot machines. The amendment provides that an eligible organization that is a charitable nonprofit organization may operate up to five slot machines and that an eligible organization that is an off-track betting facility may operate as many as 50 slot machines. The amendment also requires a distribution of 45% of net revenues from slot machines operated by an off-track betting facility, which includes 33% to be deposited into the Coordinated Veterans Assistance Fund. The amendment also includes technical changes to the bill to reflect changes made by Public Law 2013, chapter 212.

LD 227 An Act Concerning High-stakes Beano

**Died Between
Houses**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MITCHELL TUTTLE	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

Current law allows the Penobscot Nation, the Houlton Band of Maliseet Indians and the Aroostook Band of Micmacs to operate high-stakes beano games no more than 27 weekends a year and the Passamaquoddy Tribe to operate high-stakes electronic beano games up to 100 times per year. This bill eliminates those restrictions. The bill also allows the Penobscot Nation, the Houlton Band of Maliseet Indians, the Aroostook Band of Micmacs and the Passamaquoddy Tribe to operate high-stakes electronic beano. Electronic beano simulates traditional beano and is played on individual electronic beano terminals connected to a central computer system that generates beano games. Individual electronic beano terminals may accept cash, tokens, cards or vouchers but may not dispense cash. A prize awarded for winning electronic beano must be in the form of a voucher that may be redeemed for cash or prizes.

Committee Amendment "A" (H-627)

This amendment, which was not adopted, is the minority report of the committee and replaces the bill. The amendment authorizes the Penobscot Nation and the Aroostook Band of Micmacs to use electronic beano terminals for the operation of high-stakes electronic beano. The amendment specifies that an electronic beano terminal is not a slot machine or an illegal gambling machine. An electronic beano terminal plays a game of chance resembling a beano game using a draw of no more than 75 letters and numbers that correspond to the game. The element of chance is determined by a central computer server system that is subject to testing by an independent testing company and to which the Chief of the State Police is provided access via the Internet for the purpose of conducting audits. An electronic beano terminal is not permitted to dispense cash or prizes. Instead, prizes for high-stakes electronic beano are awarded by voucher. The amendment also clarifies that, unlike traditional beano, beano conducted on an electronic beano terminal is not required to be a group game.

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TUTTLE	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill authorizes existing off-track betting facilities in the State to conduct advance deposit wagering for pari-mutuel horse racing either individually or in partnership with other off-track betting facilities. The bill authorizes the State Harness Racing Commission to administer the conduct of advance deposit wagering and sets out the distribution of the net commission to various uses and funds. The bill also requires any person or state department or agency who is authorized to conduct gambling activity in the State through the Internet to distribute 22% of the total commission of this Internet gambling activity to various state harness racing funds and purposes.

Committee Amendment "A" (S-398)

This amendment, which was not adopted, is the minority report of the committee. It replaces the bill and establishes a framework for the conduct of advance deposit wagering on harness horse racing and thoroughbred horse racing. The amendment provides that commercial tracks are eligible for a license to accept wagers made by telephone or electronic communication using advance deposit wagering. If no commercial track is licensed to conduct advance deposit wagering as of July 1, 2015, an existing off-track betting facility is eligible for an advance deposit wagering license. The amendment provides that an off-track betting facility may apply for a license individually or in partnership with another eligible off-track betting facility. Under the amendment, advance deposit wagering is a form of pari-mutuel wagering in which a bettor establishes an account from which wagers on horse races are made and into which prizes are deposited. An advance deposit wager licensee receives a percentage of each wager made using advance deposit wagering. Advance deposit wagering licenses are issued by the State Harness Racing Commission. The amendment prescribes the duties of the commission with regard to enforcement and administration of laws and rules that govern advance deposit wagering. The amendment also adds an appropriations and allocations section.

The bill also removes language from current law requiring that instant redeemable coupons be made available to all agency store licensees electing to offer the coupon in an amount equal to the agency store's inventory of spirits products that are subject to the coupon promotion and removes language that instant redeemable coupons are for the benefit of the on-premise retail licensee. The bill also requires the State Liquor and Lottery Commission to establish rules to implement the provisions of this bill.

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill amends the eligibility requirements for slot machine operator licensing for a commercial track located

within a three-mile radius of a commercial track that supports track and harness racing. The bill eliminates the deadline for local approval of the operation of slot machines at a commercial track facility that is currently without slot machines and requires approved slot machines to be located in a building adjacent to the harness racing oval. It increases the amount of slot machines allowed in the State from 3,000 to 4,500 and subjects the slot machines to the existing racino taxes and regulatory system.

Committee Amendment "A" (H-628)

This amendment, which was not adopted, replaces the bill and is the minority report of the committee. The amendment establishes a competitive bidding process for a resort casino in York County and Cumberland County that includes a minimum bid of \$50,000,000 for a license fee. The competitive bidding process is administered by the Department of Administrative and Financial Services and requires that preference be given to a bidder who has demonstrated experience in providing entertainment to residents of the State through wagering on harness races. The amendment provides that a portion of the fee paid for a casino operator license subject to the competitive bidding process must be reimbursed by the Department of Public Safety, Gambling Control Board if another casino or slot machine facility with more than five slot machines is licensed within ten years of the award of the casino operator license. The amendment provides for a \$250,000 application fee, which is to be used to defray the cost of the process and to fund a study to determine the fair market value of a resort casino license in York County and Cumberland County. The amendment provides that 1% of the gross slot machine revenue from the casino licensed pursuant to competitive bidding will be credited to the General Fund. It further provides that the Gambling Control Board must collect 39% of the net slot machine revenue and 16% of the net table game revenue and distribute it as follows: 11% to supplement harness racing purses; 4.5% to the Sire Stakes Fund; 4.5% to the Agricultural Fair Support Fund; 4.5% to the host municipality; 1.5% divided among abutting municipalities; 1% to the Fund to Stabilize Off-track Betting Facilities; and 73% to the General Fund.

LD 1298 An Act To Authorize the Houlton Band of Maliseet Indians To Operate a Casino in Aroostook County Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BEAR	ONTP OTP-AM	

This bill was carried over from the First Regular Session of the 126th Legislature.

This bill authorizes the Department of Public Safety, Gambling Control Board to accept an application for a casino operator license to operate slot machines and table games at a casino on the North Road property of the Houlton Band of Maliseet Indians in the Town of Houlton from the Houlton Band of Maliseet Indians. A casino operated by the Houlton Band of Maliseet Indians would not be required to be approved at referendum. The bill raises the limit on the number of slot machines allowed in the State to accommodate the casino operated by the Houlton Band of Maliseet Indians. A casino operated by the Houlton Band of Maliseet Indians would be subject to the oversight of the Gambling Control Board and subject to the same laws and rules as currently licensed casinos.

Committee Amendment "A" (H-629)

This amendment, which was not adopted, is the minority report of the committee and replaces the bill. The amendment, like the bill, authorizes the Gambling Control Board within the Department of Public Safety to license the Houlton Band of Maliseet Indians to operate a casino in Aroostook County. Unlike the bill, which exempts the authorization from approval via referendum, the amendment provides that the license is contingent upon approval by the voters of Aroostook County. The amendment also provides language that exempts the casino from being subject to competitive bidding. The amendment provides for a distribution of 35% of the net slot machine revenue and 10% of the table game revenue from the casino.

Joint Standing Committee on Veterans and Legal Affairs

provides that if a recipient of slot machine revenue from the casino in Oxford is authorized to conduct its own slot machine facility or casino, any slot machine revenue distribution reverts back to the Oxford Casino. The amendment provides that distributions lost to the Passamaquoddy Tribe due to authorization to operate a casino would instead be deposited to the Coordinated Veterans Assistance Fund. The bill provides that slot machine revenue distributions from a casino operated by the Passamaquoddy Tribe are the same as distributions from the casino in Bangor. The amendment provides that distributions of table game revenues from a Passamaquoddy casino also mirror the distributions from the casino in Bangor. Finally, the amendment removes any restrictions on the dates on which federally recognized Indian tribes in the State authorized to conduct high-stakes beano may operate high-stakes beano games.

LD 1613 An Act To Clarify Disclosure Requirements for Political Statements Broadcast by Radio

PUBLIC 494

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LUCHINI	OTP-AM	H-626

This bill defines who is an agent of a candidate or the candidate's political committee for purposes of the laws regarding limitations on campaign contributions and expenditures. The bill also defines "candidate's political committee" based on the existing definition of "political committee" in the Maine Revised Statutes, Title 21-A, section 1, subsection 30. Certain individuals in positions of responsibility within a candidate's political campaign, including the treasurer and deputy treasurer, are deemed part of the candidate's political committee. An expenditure made by or in consultation with these individuals may not be considered independent of the candidate or the candidate's political committee.

Committee Amendment "A" (H-626)

This amendment replaces the bill. The amendment clarifies existing law with regard to disclosures required to be included in political statements made by radio when the communication is financed by someone other than the candidate or the candidate's political committee. The disclosure requirement states that only the city and state of the person who financed the communication must be disclosed. This is the same requirement as in current law, but the amendment states the requirement in a separate sentence. The amendment also reorganizes the relevant section of statute so that all communications that under current law are exempt from the name and address disclosure requirements are listed under the same subsection, including those communications that are on items so small that the disclosure would be illegible, such as pens, swizzle sticks or matchbooks.

Enacted Law Summary

Public Law 2013, chapter 494 clarifies existing law with regard to disclosures required to be included in political statements made by radio when the communication is financed by someone other than the candidate or the candidate's political committee. The disclosure requirement states that only the city and state of the person who financed the communication must be disclosed. This is the same requirement as in current law, but the change made by chapter 494 states the requirement in a separate sentence. The law also reorganizes the relevant section of statute so that all communications that, under current law, are exempt from the name and address disclosure requirements are listed under the same subsection, including those communications that are on items so small that the disclosure would be illegible, such as pens, swizzle sticks or matchbooks.

Part A of this bill makes several changes to the laws governing the sale of alcoholic beverages to correct errors made in Public Law 2013, chapter 368, Part V, which was enacted during the First Regular Session of the 126th Legislature. These changes include correcting cross-references to accurately refer to the section of law that allows for the State to award contracts for the wholesale distribution and administration of spirits and referring to the

Joint Standing Committee on Veterans and Legal Affairs

Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations as the entity authorized to adopt rules regarding administration of the laws governing alcoholic beverages. Part A of this bill corrects a conflict in existing law regarding the discount price for which agency liquor stores purchase spirits. It restructures the provisions that outline the duties and authorities of the Bureau of Alcoholic Beverages and Lottery Operations by separating the functions that deal with enforcement, licensing and tax collection from the functions that deal with the administration of the spirits business on behalf of the State. It removes outdated references to agency liquor stores, including a provision that authorized the Governor or the bureau to close agency liquor stores in the event of riots, hurricanes or floods. It removes the requirement that the bureau provide copies of new laws and rules that govern alcoholic beverages to licensees free of charge. It clarifies an existing process that allows for the bureau to suspend a person's liquor license when a payment for spirits purchases, taxes or other fees is not honored or is returned for insufficient funds. It makes a correction to the law that provides for the legal, commercial transport of alcoholic beverages into and within the State by ensuring it applies to all alcoholic beverages and includes transport by reselling agents to licensees who are licensed for the sale of spirits for on-premises consumption.

Part B of this bill makes technical corrections to the alcoholic beverage laws to reflect existing law that, on July 1, 2014, removes fortified wine from the spirits business administered by the State or the State's contracted wholesaler and grants the privilege of distribution to licensed beer and wine distributors exclusively. Part B of this bill takes effect July 1, 2014.

Committee Amendment "A" (H-652)

This amendment removes certain references to fortified wine in the bill to be consistent with changes made in the bill that place the jurisdiction over distributing fortified wines with licensed distributors. It also makes changes to the provisions in current law governing the process for suspension and revocation of liquor licenses to reflect the transfer of responsibilities for liquor licensing from the Commissioner of Public Safety to the Director of the Bureau of Alcoholic Beverages and Lottery Operations within the Department of Administrative and Financial Services pursuant to Public Law 2013, chapter 368. The amendment also makes nonsubstantive clarifying changes to the bill.

SAVIELLO	OTP-AM ONTP	S-446

This bill amends the laws regarding limitations on campaign contributions and expenditures to clarify that any expenditure made by a person who has been affiliated with a campaign, regardless of whether the person has been paid or the actual duties the person has performed, or by a person who has received compensation from the campaign is considered a contribution to the candidate.

Committee Amendment "A" (S-446)

This amendment is the majority report of the committee. It strikes the bill and amends the laws regarding limitations on campaign contributions and expenditures to clarify that any expenditures made by a key person who has been affiliated with a campaign in the last 120 days, regardless of whether the person has been paid or the actual duties the person has performed, or by a person who has received compensation from the campaign, are a contribution to the candidate. The amendment clarifies that the value of services provided by an individual without compensation are excluded in the definition of "expenditures." It also specifies categories of persons who are affiliated with a candidate's campaign for purposes of this provision. The amendment incorporates the term "agent" into the definition of "key person affiliated with the candidate's campaign" and thereby preserves the provision in existing law that designates expenditures by a candidate's agent as contributions to the candidate. The amendment also strikes the emergency preamble and the emergency clause from the bill.

LD 1637 An Act Regarding Taste-testing Event Licenses

**PUBLIC 531

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ALFOND MONAGHAN-DERRIG	OTP-AM ONTP	S-475

This bill amends the laws governing licensing of special taste-testing events by:

1. Allowing malt liquor and wine wholesalers and manufacturers similarly licensed in another state to qualify for a special event license;
2. Increasing the number of licenses for licensed events that may be obtained by a manufacturer or wholesaler per year from five to ten;
3. Allowing additional persons to pour samples of wine and malt liquor at such events;
4. Allowing a brewery or winery that is not a certificate of approval holder but is licensed for a special event to provide malt liquor or wine for the event when that malt liquor or wine is not registered with the State but is registered with the federal government; and
5. Changing the timing regarding when excise taxes and premiums must be paid.

Committee Amendment "A" (S-475)

This amendment replaces the bill. The amendment repeals two provisions in current law that establish a special taste-testing festival license and a special food and beverage industry taste-testing event license and replaces them with one taste-testing event license that allows for sampling of malt liquor, wine and spirits. Under this amendment, a taste-testing event license may be issued to a manufacturer or distributor who has been issued a certificate of approval from the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations. It also allows for a certificate of approval holder to sponsor manufacturers or distributors who have not been issued a certificate of approval so that they may take part in the taste-testing event. A certificate of approval holder may take part in up to ten licensed events per year. An event may last up to four consecutive days.

Joint Standing Committee on Veterans and Legal Affairs

Under the amendment, a taste-testing event must be held in a venue with clearly defined points of entry that prohibit the consumption of alcoholic beverages outside the designated area. A patron of the event pays a single admission price for the event and is not charged for samples provided. Taste-testing event licensees must ensure that persons who are intoxicated may not be served at the event and that samples of malt liquor, wine or spirits are not presented in a manner that permits patrons to help themselves. Minors are prohibited from the event unless the taste testing takes place in an area of the venue where minors are not allowed. Those providing the samples to patrons must wear identification, such as a badge, so that a person being served a sample can clearly read the name of the manufacturer or distributor providing the sample. The amendment also requires that an affidavit be provided to the bureau attesting that those pouring samples have not been found in violation of a law governing the service of alcohol to minors. Sample sizes are limited to four ounces of malt liquor, one and one-half ounces of wine and one-half ounce of spirits. The overall sample limit is 12 samples per person, per day of the event. The amendment also provides for certain exceptions to the sample size and overall limits.

Spirits provided for taste testing at the event must be spirits that are listed for sale by the Bureau of Alcoholic Beverages and Lottery Operations. The amendment provides that all required taxes on liquor served at the event must be paid in advance. Empty bottles of liquor not listed for sale in the State must be removed from the State after the event. The amendment requires that the Bureau of Alcoholic Beverages and Lottery Operations create a pamphlet or similar document, available on the bureau's publicly accessible website, that describes the requirements and conditions of the event, including generally applicable laws.

The amendment also provides that a limited certificate of approval currently available to wine manufacturers who ship less than 120 gallons of wine into the State per year is also available to manufacturers of malt liquor subject to the same gallon limit.

ALFOND	OTP-AM	S-377

This bill creates an exception to the law that prohibits a liquor license from being sold, assigned or subject to the control of a person other than the licensee. The bill allows a civic auditorium that holds a liquor license and serves as the designated host facility for a professional sports team to enter into an agreement to share the proceeds from the sale of alcoholic beverages sold in conjunction with the professional team's sporting events. In order to qualify for this exception, the civic auditorium must have the capacity to seat at least 3,000 people.

Committee Amendment "A" (S-377)

This amendment adds an emergency preamble and emergency clause to the bill and strikes the requirement that a professional sports team must play at least 15 calendar days at a host facility in order to share revenue from liquor sales with the host facility. The amendment also provides that the revenue-sharing exception applies to any licensee that has the capacity to seat at least 3,000 people and hosts a professional sports team, not just licensed civic auditoriums. The amendment also requires that the licensee disclose not only the existence of an agreement with the sports team but also the terms of the revenue-sharing agreement when applying for a liquor license.

Current law prohibits a person licensed to manufacture, sell or distribute alcoholic beverages from publishing in any form an advertisement of malt liquor that refers in any manner to the alcohol content of the malt liquor manufactured, sold or distributed by that licensee, including through the use of phrases such as "full strength," "extra strength" or "prewar strength." The inclusion of the alcohol content on the product label is permitted. This bill prohibits the use of images as well as phrases that may be considered as statements of high alcohol content but permits the advertisement of alcohol content with respect to malt liquor, wine and spirits as long as it is expressed as a percentage of alcohol by volume.

Committee Amendment "A" (H-685)

This amendment strikes the provision in the bill that prohibits a liquor licensee from displaying images or phrases that are likely to be considered statements of high alcohol content, such as "full strength," "high test" or "extra strength." It retains the provision in the bill that ensures a licensee may display the alcohol content of malt liquor, wine or spirits when it is expressed as a percentage of alcohol by volume. Current law prohibits a licensee from posting any advertisement that includes the alcohol content of malt liquor, expressed in any manner. The amendment maintains the section in the bill that repeals this prohibition.

Enacted Law Summary

Public Law 2013, chapter 504 repeals a law that prohibits a licensee from posting any advertisement that includes the alcohol content of malt liquor expressed in any manner. Chapter 504, instead, provides that a licensee may display the alcohol content of malt liquor, wine or spirits when it is expressed as a percentage of alcohol by volume.
