

CHAPTER 353**LAND FOR MAINE'S FUTURE****§6200. Findings**

The Legislature finds that Maine is blessed with an abundance of natural resources unique to the northeastern United States; that these natural resources provide Maine residents and visitors to the State with an unparalleled diversity of outdoor recreation opportunities during all seasons of the year and a quality of life unmatched in this nation; that the continued availability of public access to these recreation opportunities and the protection of the scenic and natural environment are essential for preserving the State's high quality of life; that public acquisition programs have not kept pace with the State's expanding population and changing land use patterns so that Maine ranks low among the states in publicly owned land as a percentage of total state area; that rising land values are putting the State's real estate in shoreland and resort areas out of reach to most Maine citizens and that sensitive lands and resources of statewide significance are currently not well protected and are threatened by the rapid pace of development; and that public interest in the future quality and availability for all Maine people of lands for recreation and conservation is best served by significant additions of lands to the public domain. [PL 1993, c. 728, §2 (AMD).]

The Legislature further finds that Maine's private, nonprofit organizations, local conservation commissions, local governments and federal agencies have made significant contributions to the protection of the State's natural areas and that these agencies should be encouraged to further expand and coordinate their efforts by working with state agencies as "cooperating entities" in order to help acquire, pay for and manage new state acquisitions of high priority natural lands. [PL 1987, c. 506, §§ 1, 4 (NEW).]

The Legislature declares that the future social and economic well-being of the citizens of this State depends upon maintaining the quality and availability of working lands for farming, commercial fishing and forestry and natural areas for recreation, hunting and fishing, conservation, wildlife habitat, vital ecologic functions and scenic beauty and that the State, as the public's trustee, has a responsibility and a duty to pursue an aggressive and coordinated policy to assure that this Maine heritage is passed on to future generations. Prior to determining a final award, the board shall publish a notice of its intent to fund the purchase of land offered for acquisition in a newspaper or newspapers of general circulation that identifies the

land proposed by the board for funding and that notifies the residents of the area that the board will accept public comments on the proposed award. [PL 2025, c. 471, Pt. A, §8 (AMD).]

§6207. Acquisition criteria

1. Distribution of funds. The board shall authorize the distribution of funds from the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund and the Public Access to Maine Waters Fund to state agencies and cooperating entities for the acquisition of natural lands that meet the criteria set forth in this chapter.

[PL 2023, c. 284, §15 (AMD).]

2. Determination of statewide significance. In determining whether a proposed acquisition may be funded, in full or in part, by the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund or the Public Access to Maine Waters Fund, the board shall consider whether the site is of statewide significance and:

A. Contains recreation lands, prime physical features of the Maine landscape, areas of special scenic beauty, farmland or open space, undeveloped shorelines, significant undeveloped archeological sites, wetlands, fragile mountain areas or lands with other conservation, wilderness or recreation values; [PL 2007, c. 64, §1 (AMD).]

B. Is habitat for plant or animal species or natural communities considered rare, threatened or endangered in the State; [PL 2007, c. 353, §1 (AMD).]

C. Provides nonmotorized or motorized public access to recreation opportunities or those natural resources identified in this section; [PL 2021, c. 409, §2 (AMD).]

D. Provides public water supply protection when that purpose is consistent and does not conflict with the natural resource conservation and recreation purposes of this chapter; or [PL 2021, c. 409, §2 (AMD).]

E. Contains deer wintering areas and satisfies all the requirements of subsection 3, paragraph A. [PL 2021, c. 409, §2 (NEW).]

[PL 2025, c. 471, Pt. A, §9 (AMD).]

3. Priorities. Whenever possible, the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund and the Public Access to Maine Waters Fund must be used for land acquisition projects when matching funds are available from cooperating entities, as long as the proposed acquisition meets all other criteria set forth in this chapter. For acquisitions funded by the Land for Maine's Future Trust Fund and the Conservation and Recreation Fund, the board shall give priority to projects that conserve lands with multiple outstanding resource or recreation values or a single exceptional value, that help the State's natural ecosystems, wildlife and natural resource-based economies adapt to a changing climate, that provide geographic representation and that build upon or connect existing holdings.

A. When evaluating projects to be funded, the board shall give a preferential consideration to projects that conserve lands that have been determined by the Department of Inland Fisheries and Wildlife to be important for conserving deer in northern, eastern and western Maine. To be given preferential consideration under this paragraph, a project must result in the acquisition of a fee interest or an easement interest in the land, the department's holding the interest in the land and the department's managing the land area as a wildlife management area, as defined in Title 12, section 10001, subsection 74, with deer conservation as the highest management priority. Only projects that satisfy the requirements of this paragraph may be given preferential consideration. Nothing in this paragraph limits the ability of the board to use the Land for Maine's Future Trust Fund or the

Conservation and Recreation Fund to fund other projects that may also help conserve deer or deer habitat but that do not receive preferential consideration under this paragraph. [PL 2023, c. 284, §15 (AMD).]

When acquiring land or interest in land, the board shall examine public vehicular access rights to the land and, whenever possible and appropriate, acquire guaranteed public vehicular access as part of the acquisition.

[PL 2023, c. 284, §15 (AMD).]

4. Nonqualifying expenditures. The board may not fund:

A. Facilities for organized recreational activities, including, but not limited to, ballparks, tennis courts or playgrounds; [PL 1987, c. 506, §§1,4 (NEW).]

B. Except as provided in section 6203-A, subsection 3, paragraph B, section 6203-D, subsection 2 and section 6203-E, subsection 3, paragraph B, capital improvements on any publicly owned facilities; and [PL 2023, c. 284, §15 (AMD).]

C. The acquisition of a fee interest in land of which the primary use has been and will be as commercially harvested or harvestable forest land. [PL 2025, c. 471, Pt. A, §10 (AMD).]

[PL 2025, c. 471, Pt. A, §10 (AMD).]

5. Estimation of monitoring and management costs. Prior to final approval of a project under this chapter, a person submitting a proposal to acquire property or an interest in property with funding from the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund or the Public Access to Maine Waters Fund shall provide:

A. A description of the management envisioned for the property for the first 10 years following acquisition. When the application proposes acquiring an interest in property, the application must provide a description of the anticipated management responsibilities retained by the landowner and those to be assumed by the State or a cooperating entity; [PL 2001, c. 564, §1 (NEW).]

B. Preliminary estimates of the costs to the State or a cooperating entity of managing the land for the uses proposed in the application; and [PL 2001, c. 564, §1 (NEW).]

C. Preliminary estimates of the costs associated with monitoring compliance with an easement when an interest in land is acquired. [PL 2001, c. 564, §1 (NEW).]

[PL 2023, c. 284, §15 (AMD).]

6. Public uses. Hunting, fishing, trapping and public access may not be prohibited on land acquired with proceeds from the Land for Maine's Future Trust Fund or the Conservation and Recreation Fund, except to the extent prohibited by applicable state, local or federal laws, rules and regulations and except for working waterfront projects and working farmland preservation projects.

§6207-A. Use of eminent domain

The board may expend funds to acquire an interest in land obtained by the use of eminent domain only if the acquisition has been approved by the Legislature or is with the consent of the owner or owners of the land, as the identity and address of the owner or owners is shown on the tax maps or other tax records of the municipality in which the land is located. If the land is located within the

unorganized territory, for purposes of this section the identity of the owner or owners must be as shown on the tax maps or other tax records of the State Tax Assessor. [PL 1995, c. 139, §1 (AMD).]

§6208. Municipal approval

1. Approval. Approval by the elected municipal officials is required when more than 1% of a municipality's state valuation is considered for acquisition under a bond issue. [PL 1993, c. 728, §12 (AMD).]

2. Transactions. Any acquisition by eminent domain funded by the board, when the land exceeds either 50 acres or \$100,000 in assessed value, is subject to the approval of the municipality in which the land is located. That approval may be obtained either from the elected municipal officials or, if those officials do not approve, by vote of the town meeting or by referendum of the electorate. If the land involved is located within the unorganized territory, this requirement does not apply. [PL 1993, c. 728, §12 (AMD).]

2. Transactions. Any acquisition of land within an unorganized territory by eminent domain funded by the board, when the land exceeds either 50 acres or \$100,000 in assessed value, must be approved by the county in which the land is located. [PL 2025, c. 471, Pt. A, §11 (RP).]

5. Land evaluated. All interests in property acquired with money from the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund or the Public Access to Maine Waters Fund must be evaluated for rare, threatened or endangered species of plants and animals, exemplary natural communities, features of historic significance and other high priority natural features and ecologic functions as determined by the board, with reference to the best inventory data available to the State.

Subsequent management by state agencies holding properties found to have such important features and functions must reflect the objective of maintaining and protecting those features and functions.

For the purposes of this subsection, "rail trail" means a former railroad right-of-way in which the Department of Agriculture, Conservation and Forestry holds an ownership interest and that is:

A. No longer used for rail service; and [PL 2011, c. 278, §2 (NEW).]

2. Agreement. If the Land for Maine's Future Board enters into an agreement with a financial institution, credit union or other credit card issuer in accordance with subsection 1, the Land for Maine's Future Board shall negotiate the most favorable agreement for the Land for Maine's Future Board, considering such factors as:

A. The rate for the Land for Maine's Future Board's fee by a credit card issuer; [PL 1995, c. 358, §1 (NEW).]
