Chapter 855-A: GENERAL PROVISIONS

§3200. SHORT TITLE

This Part may be cited as the 1974 State Supplemental Income Act. [1973, c. 790, §3 (NEW).]

SECTION HISTORY
1973, c. 790, §3 (NEW).

§3201. DECLARATION OF OBJECTIVES AND PURPOSE

1. Objective. In keeping with the American heritage that each person in our society has an inherent human dignity, it is declared that blind, disabled and elderly people of our State of Maine are entitled to sufficient income to attain a reasonable standard of living, which will encourage the pursuit of a meaningful life of greatest value to the nation, State of Maine, and fellow human beings. It is the mutual and shared duty of first, the individual and his family, second the community and private agencies of the community, and ultimately the governments of the political subdivisions of this State, the State of Maine, and the United States of America to enable blind, disabled and elderly people to secure income. The objective of this Part is to reduce income barriers to personal and economic independence by encouraging blind, disabled and elderly people to secure and maintain maximum dignity, independence, and self care in a home environment, and if needed, with an appropriate state supplemental income.

[1973, c. 790, §3 (NEW) .]

2. Purpose. It is further declared that many blind, disabled and elderly people in the State of Maine do not have income sufficient to meet the minimum cost of living budget relating to Maine as determined by the United States Department of Labor, Bureau of Labor Statistics. It is therefore the purpose of this Act, in support of the above objective, to make available to blind, disabled and elderly people a program of state supplemental income.
