

§2325-A. Mental health services coverage

1. Findings. The Legislature finds that:

A. Mental illness affects nearly 170,000 Maine people each year, resulting in anguish, grief, desperation, fear, isolation and a sense of hopelessness of significant levels among victims and families; [PL 1983, c. 515, §4 (NEW).]

B. Consequences of mental illness include the expenditure of millions of dollars of public funds for treatment and losses of millions of dollars by Maine businesses in accidents, absenteeism, nonproductivity and turnover. Excessive stress and anxiety and other forms of mental illness clearly contribute to general health problems and costs; [PL 1983, c. 515, §4 (NEW).]

C. Typical health coverage in this State discriminates against mental illness, the victims and affected families with nonexistent or limited benefits compared to provisions for other illnesses; and [PL 1983, c. 515, §4 (NEW).]

D. Experience in this State and several other states demonstrates that the risk of mental illness can be insured at reasonable cost and with adequate controls on quality and utilization of treatment. [PL 1983, c. 515, §4 (NEW).]

[PL 1983, c. 515, §4 (NEW).]

2. Policy and purpose. The Legislature declares that it is the policy of this State to:

A. Promote equitable and nondiscriminatory health coverage benefits for all forms of illness, including mental and emotional disorders, which are of significant consequence to the health of Maine people and which can be treated in a cost-effective manner; [PL 1983, c. 515, §4 (NEW).]

B. Assure that victims of mental and other illnesses have access to and choice of appropriate treatment at the earliest point of illness in least restrictive settings; [PL 1983, c. 515, §4 (NEW).]

C. Assure that costs of treatment of mental illness are supported through an equitable combination of public and private responsibilities; and [PL 1983, c. 515, §4 (NEW).]

D. Assure that the Legislature reasonably exercises its legal responsibility for insurance policy in this State by prescribing types of illnesses and treatment for which benefits shall be provided. [PL 1983, c. 515, §4 (NEW).]

[PL 1983, c. 515, §4 (NEW).]

3. Definitions. For purposes of this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Day treatment services" includes psychoeducational, physiological, psychological and psychosocial concepts, techniques and processes to maintain or develop functional skills of clients, provided to individuals and groups for periods of more than 2 hours but less than 24 hours per day.
