Chapter 33: MAINE GOVERNMENTAL FACILITIES AUTHORITY

§1601. SHORT TITLE

This chapter is known and may be cited as the "Maine Governmental Facilities Authority Act." [1997, c. 523, §2 (AMD).]

SECTION HISTORY

§1602. MAINE GOVERNMENTAL FACILITIES AUTHORITY; MEMBERS; COMPENSATION

1. Establishment; membership. The Maine Governmental Facilities Authority is created as a body corporate and politic and a public instrumentality of the State. The exercise by the authority of powers conferred by this chapter is considered to be the performance of essential governmental functions. The authority consists of 5 members, one of whom is the Treasurer of State, serving as an ex officio, voting member, one of whom is the Commissioner of Administrative and Financial Services, serving as an ex officio, voting member, and 3 other members who shall each serve for a term of 5 years and are appointed by the Governor, subject to review by the joint standing committee of the Legislature having jurisdiction over state and local government and confirmation by the Legislature. Any member of the authority may be removed by the Governor for cause. In the event of vacancy occurring in the membership, the Governor shall appoint a replacement member for the remainder of that term. Each member of the authority shall serve until that member's successor is appointed and qualified. Any member of the authority is eligible for reappointment.

A. The initial appointed members of the authority are appointed in a manner to stagger the terms of the members. Of the initial 3 appointed members, one is appointed to a term of 3 years; one is appointed to a term of 4 years and one is appointed to a term of 5 years. [1997, c. 523, §2 (AMD).]

[ 1997, c. 523, §2 (AMD). ]

2. Oath. Each member of the authority before commencing the member's duties shall take an oath to administer the duties of that office faithfully and impartially and that oath must be filed in the office of the Secretary of State.

[ 1997, c. 523, §2 (AMD). ]

3. Officers; quorum. The authority shall elect from its membership a chair and a vice-chair. In addition, the authority may have a secretary and a treasurer, who may be members or nonmembers of the authority. Three members of the authority constitute a quorum and the vote of 3 members is necessary for any action taken by the authority. A vacancy in the membership of the authority does not impair the right of a quorum to exercise all the rights and perform all the duties of the authority.

The authority may meet by telephonic, video, electronic or other similar means of communication with less than a quorum assembled physically at the location of a public proceeding identified in the notice required by Title 1, section 406 only if:

A. Each member can hear all other members, speak to all other members and, to the extent reasonably practicable, see all other members by videoconferencing or other similar means of communication during the public proceeding, and members of the public attending the public proceeding at the location.
identified in the notice required by Title 1, section 406 are able to hear and, to the extent reasonably practicable, see all members participating from other locations by videoconferencing or other similar means of communication; [2015, c. 449, §1 (NEW).

B. Each member who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication identifies all persons present at the location from which the member is participating; [2015, c. 449, §1 (NEW).

C. A member who participates while not physically present at the location of the public proceeding identified in the notice required by Title 1, section 406 does so only when the member's attendance is not reasonably practical. The reason that the member's attendance is not reasonably practical must be stated in the minutes of the meeting; and [2015, c. 449, §1 (NEW).

D. Each member who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication has received prior to the public proceeding all documents and materials discussed at the public proceeding, with substantially the same content as those presented at the public proceeding. Documents or other materials made available at the public proceeding may be transmitted to the member not physically present during the public proceeding if the transmission technology is available. Failure to comply with this paragraph does not invalidate an action taken by the authority at the public proceeding. [2015, c. 449, §1 (NEW).

[ 2015, c. 449, §1 (AMD) .]

4. Compensation. Each member of the authority is entitled to compensation in accordance with Title 5, chapter 379. Each member of the authority must be indemnified by the authority against expenses actually and necessarily incurred by the member in connection with the defense of any action or proceeding in which the member is made a party by reason of being or having been a member of the authority, and against any final judgment rendered against the member in that action or proceeding.

SECTION HISTORY
§1605. LEASING OR RENTING PROPERTY OF THE AUTHORITY

For the purposes of this chapter, the authority may lease, rent, assign or otherwise dispose of a project, projects or part of any project only to the State, any agency, instrumentality or department of the State or branch of State Government or any related agency of state, county or local government and the revenues derived by the authority from any lease or rental agreement must be used, as necessary, to pay the principal interest and other associated costs on or with respect to any securities issued pursuant to this chapter.

[1997, c. 523, §13 (AMD).]

SECTION HISTORY

§1606. ISSUANCE OF SECURITIES

1. Resolution for issuance of securities. The authority may provide by resolution, at one time or from time to time, for the issuance and sale by it of securities, in its own name, for the purpose of paying the cost of any project, projects or part of any project, or the refinancing of existing indebtedness, approved by the authority. Securities of the authority may not be authorized and issued except pursuant to a resolution adopted by the vote of not less than a majority of the members of the authority. The resolution must describe the general purpose or purposes for which the securities are to be issued and state the maximum principal amount of the securities proposed to be issued. Securities may not be issued by the authority without a 2/3 vote of approval in each House of the Legislature.

[1997, c. 523, §14 (AMD).]

1-A. Resolution for issuance of securities.

[1987, c. 872, §4 (RP).]

2. Limitation on securities issued. The authority may not issue securities in excess of $189,000,000 outstanding at any one time, of which no less than $136,000,000 must be specifically allocated to projects relating to the Judicial Branch, except for the issuance of revenue refunding securities authorized by section 1610 and securities issued under section 1610-A. The amount of securities that may be outstanding in the name of the authority may be increased by the Legislature upon a showing by the authority that its available revenues are sufficient to support additional issuance of securities and that the issuance of securities will not materially impair the credit standing of the authority, the investment status of securities issued by the authority or the ability of the authority to fulfill its commitments to holders of securities. Nothing in this chapter may be construed to authorize the authority to issue securities to fund the construction, reconstruction, purchase or acquisition of facilities without a majority vote of approval in each House of the Legislature.

[2009, c. 213, Pt. WWWW, §1 (AMD).]

3. After issuance. After issuance, all securities of the authority shall be conclusively presumed to be fully and duly authorized and issued under the laws of the State and any person or governmental unit shall be estopped from questioning their authorization, sale, issuance, execution or delivery by the authority.

[1987, c. 438, §1 (NEW).]

4. Form of securities. The securities of each issue shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates and shall bear interest at such rate or rates, including variable, floating or adjustable rates, as may be authorized by the authority. These securities may be made redeemable, callable or subject to purchase or tender before maturity, at such price or prices and under such terms and conditions as may be provided for by the authority prior to the issuance of the securities. The authority shall determine the form of the securities, including any interest coupons to be attached to the securities, if any, and the manner of execution of the securities and shall fix the denomination or denominations of the
securities and the place or places of payment of principal and interest, which may be at any bank, national banking association or trust company within or without the State. Securities shall be executed in the name of the authority by the manual or facsimile signature of such official or officials as may be authorized in the resolution to execute those securities. Coupons, if any, attached to securities, shall be executed with the facsimile signature of the official or officials designated in the resolution. If any official whose signature or a facsimile of whose signature appears on any securities or coupons ceases to be an official before the delivery of the securities, the signature or the facsimile shall be valid and sufficient for all purposes, with the same effect as if he had remained in office until the delivery.

Notwithstanding any of the other provisions of this Act or any recitals in any securities issued under this Act, all such securities shall be deemed to be negotiable instruments issued under the laws of the State. The securities may be issued in coupon or registered form, or both, as the authority may determine. Provisions may be made for the registration of any coupon securities as to principal alone and as to both principal and interest, and for the reconversion into coupon securities of any securities registered as to both principal and interest. The authority may sell the securities in such manner, either at public or private sale, and for such price as it may determine to be for the best interests of the authority.

[ 1987, c. 438, §1 (NEW) .]

5. **Award and select securities.** The power to fix the date of sale of any securities, to receive bids or proposals, to award and sell any securities, to set the terms and provisions of any securities and to take all other action necessary to sell and deliver any securities may be delegated to any officer of the authority by a majority of the members of the authority.

[ 1987, c. 438, §1 (NEW) .]

6. **Proceeds of securities.** The proceeds of the securities of each issue shall be used solely for the purpose or purposes for which the securities were authorized and shall be disbursed in such manner and under such restrictions as the authority may provide in the resolution authorizing the issuance of the securities or in the trust agreement securing the securities. If the proceeds of the securities, by error of estimates or otherwise, are less than the cost, additional securities may, in like manner, be issued to provide the amount of the deficiency and, unless otherwise provided in the authorizing resolution or in the trust agreement securing the securities, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the securities first issued for the same purpose. The resolution providing for the issuance of securities and any trust agreement securing the securities may contain such limitations upon the issuance of additional securities as the authority may consider proper. Any additional securities shall be issued under such restrictions and limitations as may be prescribed by the resolution or trust agreement. The authority may provide for the replacement of any securities which become mutilated, destroyed, stolen or lost. Securities may be issued under this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the State and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this Act.

[ 1987, c. 438, §1 (NEW) .]

7. **Use of proceeds.** The proceeds of the securities of each issue must be used for the payment of all or part of the cost of the project, projects or part of any project for which authorized and must be disbursed in such manner and under such restrictions as are provided in the resolution authorizing the issuance of the bonds or in the trust agreement securing the securities. Proceeds may be used to pay all costs incurred in issuing the securities, interest on the securities for such time as may be authorized by the authority, subject to the provisions of this Act and to establish reserve funds and sinking funds for the securities.

[ 1997, c. 523, §16 (AMD) .]
8. **Interim or temporary securities.** Prior to the preparation of definitive securities, the authority may, under like restrictions, issue interim or temporary securities with or without coupons, exchangeable for definitive securities when those securities are executed and are available for delivery.

[1987, c. 438, §1 (NEW).]

9. **Securing of principal and interest.** The principal of and interest on any securities issued by the authority, together with any related costs and expenses, must be secured by a pledge of the revenues and receipts derived by the authority from the project, projects or part of any project financed and from such other revenues of the authority as may be specially pledged by the authority and may be secured by a mortgage covering all or any part of the project, projects or part of any project, including any enlargements of and additions to the project, projects or part of any project made. The resolution under which the securities may be issued and any mortgage may contain any agreements and provisions respecting the maintenance of the project, projects or part of any project covered, the fixing and collection of rents, fees or other charges, the creation and maintenance of special funds from the revenues and any reserve funds and the rights and remedies available in the event of default, all as the authority considers advisable and not in conflict with the provisions of this Act. Each pledge, agreement and mortgage made for the benefit or security of any of the holders of securities continues in effect until the principal of and interest and any related costs and expenses on the securities for the benefit for which the securities were made have been fully paid.

[1997, c. 523, §16 (AMD).]

§1607. PLEDGES AND COVENANTS; TRUST AGREEMENT

In the discretion of the authority, any securities issued under this Act may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank or national banking association having the powers of a trust company within or without the State. The trust agreement or the resolution providing for the issuance of the securities may pledge or assign all or any portion of the revenues of the authority or any project, projects or part of any project of the authority and may contain such provisions for protecting and enforcing the rights and remedies of the holders of securities as may be reasonable and proper and not in violation of law. The provisions may include covenants setting forth the duties of the authority in relation to the acquisition of property and the construction, reconstruction, renewal, replacement and insurance of any project, projects or part of any project in connection with which the securities have been authorized, the fees, charges or rents to be charged or other payments to be made for the use thereof or payment therefor, and the custody, safeguarding and application of all money. It is lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of securities or of revenues of the authority or any project, projects or part of any project to furnish such indemnifying bonds or to pledge such instruments as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the holders of the securities and of the trustee and may restrict the individual right of action by holders of securities. A judgment for possession may be without conditions and such a sale or lease shall not be subject to any right to redeem the mortgaged property. Upon satisfaction at any time of the obligations secured by the mortgage in respect to the project, projects or any part of a project, which shall be deemed to include all applicable fees and expenses, any surplus proceeds from the operation, sale or lease of the project, projects or any part of a project shall be paid to the mortgagor of the project, projects or any part of a project or to those claiming under the mortgagee and, subject to any sale or lease under this paragraph, the mortgaged property in respect to the project, projects or any part of a project shall revert or be returned to the mortgagor or to those claiming under the mortgagee. [1987, c. 438, §1 (NEW).]

All expenses incurred in carrying out the trust agreement, financial document or resolution may be treated as a part of the cost of the operation of a project, projects or part of any project. All pledges of revenues under this Act shall be valid and binding from the time when the pledge is made. All such revenues so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledges without any physical delivery or further action under the Uniform Commercial Code of the State or otherwise.
