

**STATE OF MAINE
ONE HUNDRED AND TWENTY-THIRD LEGISLATURE
SECOND REGULAR SESSION
JOURNAL OF THE SENATE**

SULLIVAN, TURNER, WESTON, THE PRESIDENT
- BETH G. EDMONDS

In Senate Chamber
Wednesday
January 2, 2008

Pursuant to the provisions of Article 5, Part 1, Section 1 of the Constitution and the laws of the State of Maine, the Senate convened in the Senate Chamber at 1:40 in the afternoon and was called to order by President **BETH EDMONDS** of Cumberland County.

32 Senators having answered the Roll, the Chair declared a quorum present.

At this point, a message was received from the House of Representatives, borne by Representative **PINGREE** of North Haven, informing the Senate that a Quorum of Representatives was assembled for the consideration of such business as may come before that Body.

Prayer by Reverend Frank J. Murray of Sacred Heart, Saint Louis and Saint Philip Catholic Churches of Auburn, Saint Catherine Catholic Church of Norway and Our Lady of Ransom of Mechanic Falls.

Out of order and under suspension of the Rules, on motion by Senator **MITCHELL** of Kennebec, the following Senate Order:
S.O. 19

REVEREND MURRAY: Let us pray. We gather today to again begin yet another regular session of the Maine Legislature. The challenging work of this great institution and that of the State of Maine is daunting, but the resolve of our people and the determination of the members of this State Senate are even greater. We come together today aware of our collective gifts, ready to find effective ways to use them and humbly asking for God's grace to bring all these things together.

Ordered, that a message be sent to Governor John E. Baldacci, informing him that a quorum of Senators is assembled in the Senate Chamber for the consideration of such business as may come before the Senate.

Loving God, we ask You to send Your spirit upon us today and every day of this Second Regular Session of the 123rd Legislature. Help us appreciate the challenges, the proposals, the debates, the differences, the compromises and the solutions which lie ahead for this Legislative Body. Please give us the wisdom and the energy to do the work necessary to discern Your will and create a better State of Maine. We ask this prayer this day in Your name. Amen.

READ and PASSED.

The Chair appointed the Senator from Kennebec, Senator **MITCHELL** to deliver the message to the Governor. The Senator was escorted to the Governor's Office.

Subsequently, the Senator from Kennebec, Senator **MITCHELL** reported that she had delivered the message with which she was charged.

Pledge of Allegiance led by Senator Dennis S. Damon of Hancock County.

**STATE OF MAINE
JUVENILE JUSTICE ADVISORY GROUP
111 STATE HOUSE STATION
AUGUSTA, MAINE 04333**

July 24, 2007

Dear Governor Baldacci and Members of the 123rd Legislature:

In accordance with Title 34A M.R.S.A. §1209 2. G. Submit to the Governor and the Legislature, at least annually, recommendations with respect to matters related to its functions, including recommendations on state compliance with the requirements of the Juvenile Justice and Delinquency Prevention Act the statutorily created Maine Juvenile Justice Advisory Group (JJAG) presents to you the 2006 Annual Report. For many years now the JJAG has been a leader in promoting innovative funding opportunities, as well as advice to the legislature on many sensitive issues that involve those juveniles who come in contact with the criminal justice system.

The JJAG is made up of a tremendous group of Maine's best leadership from a large variety of disciplines as well as youth, former offenders, and parents of offenders. We use this collective power to work on behalf of some of Maine's most challenging children. As many parents know, involvement in the juvenile justice system and working with their at-risk child is an extremely difficult task. The members of the JJAG are consistently working to reduce this impact and see that this population of kids becomes valuable and productive citizens of Maine.

In this Report you will read about challenges and successes.

- The Office of Juvenile Justice and Delinquency Prevention allocations continue to decline.
- The Juvenile Drug Treatment Court has been absorbed into departmental budgets.

- Congressman Michael Michaud provided a Congressional earmark in support of this project to bridge the gap in the transition from Federal to State Funding.
- A Pilot project using the Massachusetts Youth Screening Instrument (MAYSI) for mental health screening of pre-adjudicated youth.
- The JJAG funded many tested effective prevention programs in communities.
- The Disproportionate Minority Contact study trained the gatekeepers of the juvenile justice system in best practice of sensitively determining race and ethnicity and reporting that information.
- The JKAC provided information to a variety of legislative committees and the Governor on bills that impact the juvenile justice system.

The JJAG thanks the Governor and the Legislature for listening to us and supporting our challenges. We hope you find the following report enlightening and informative. We, the Juvenile Justice Advisory Group, consider ourselves honored to provide our services to the Maine youth.

Sincerely,

S/Paul K. Vestal, Jr.
Chair

Dear President Edmonds:

In accordance with Title 5, M.R.S.A., §13070-J, we are pleased to submit the "agency report" for the Governor's Training Initiative (GTI). GTI has been instrumental in the creation and retention of high skill, quality employment for Maine residents since its inception in 1996.

In calendar year 2006, thirty two companies received GTI reimbursement payments totaling \$10,000 or more. The attached report lists the amounts paid and the anticipated job growth and retention associated with those funds. Because the GTI funding cycle is spread over a two-year period, funds related to the Economic Development Incentive Report (EDIR) reporting requirements for calendar year 2006 may be associated with GTI contract allocations spanning three funding cycles (program years 2004, 2005 and 2006).

Statistics included in this report indicate the public benefit derived from GTI assistance, including actual private dollars leveraged via company match for direct training related activity. A short

selection of company comments has been provided representative of responses received regarding company and public benefit.

GTI ensures that the needs of small firms are addressed via the scoring process, and requires applicants to identify the public benefit resulting from proposed training projects. GTI continues to be a primary vehicle for achieving sustainable long-term economic growth for Maine. Incumbent and new hire worker training continue to be referenced in numerous benchmarks of the "Measures of Growth" report submitted annually by the Maine Economic Growth Council.

Sincerely,

S/Laura A. Fortman
Commissioner

September 11, 2007

Senator Beth Edmonds
President of the Senate

Representative Glenn Cummings
Speaker of the House of Representatives

The Honorable John E. Baldacci
Governor of Maine

I am pleased to submit this Single Audit of the State of Maine for the fiscal year ended June 30, 2006. The audit was conducted in accordance with Government Auditing Standards, issued by the Comptroller General of the United States; the requirements of the Single Audit Act Amendments of 1996; and the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. This report complies with the State's audit responsibilities, required for the receipt of over \$2.8 billion in federal financial assistance during the fiscal year.

This document contains the following reports and schedules:

- Independent Auditor's Report
- Basic Financial Statements, Management's Discussion and Analysis, and Notes to the Financial Statements
- Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Financial

Statements Performed in Accordance with Government Auditing Standards

- Report on Compliance with Requirements Applicable to each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133
- Schedule of Expenditures of Federal Awards
- Schedule of Findings and Questioned Costs
- Financial Statement Findings
- Indexes to Federal Program Findings
- Federal Findings, Questioned Costs and Corrective Action Plan
- Summary Schedule of Prior Audit Findings

On behalf of the Department of Audit, I thank employees throughout Maine government who have assisted us during our audit. I know that we all work to improve financial reporting and accountability for our citizens and our State.

Please contact me if you have questions or comments about the 2006 Single Audit of the State of Maine.

Respectfully submitted,

S/Neria R. Douglass, JD, CIA
State Auditor

24 STATE HOUSE STATION
AUGUSTA, MAINE

October 1, 2007

Senate President Edmonds
Speaker of the House Cummings
Members of the 123rd Maine Legislature:

Pursuant to 5 MRSA Section 13070-J, the State Tax Assessor is required to submit a report to the legislature identifying the amount of revenues foregone as the result of the Jobs and Investment Tax Credit (JITC), the Research Expense Tax Credit (R&D), the Seed Capital Investment Tax Credit, the Shipbuilding Facility Credit, the Credit for Pollution-Reducing Boilers, and public funds spent on the Business Property Tax Reimbursement Program (BETR). Attached are four reports providing you with this information.

The first table lists corporations that reduced their Maine income tax liability with the JITC, the R&D credit, and/or the Seed Capital credit in tax year 2005, as well as the value of the credits. Table II provides information on individual filers that reduced their Maine income tax liability with the JITC, the R&D credit, and/or the Seed Capital credit by Maine adjusted gross income in tax year 2005. Tax year 2005 is the last year for which we have full information on both corporate and individual filers. Statutes governing the release of confidential taxpayer information prevent us from reporting the names of the corporations or individuals that benefited from these tax credits. No taxpayer took advantage of the Credit for Pollution-Reducing Boilers in tax year 2005.

The third attachment explains the Shipbuilding Facility credit. As required by statute the report provides information on the level of employment, yearly investment and the cumulative amount of investment. Since the inception of the credit, the level of employment has been such that the annual cost to the state treasury has exceeded the base credit amount of \$3 million per year.

The fourth attachment is a list of BETR recipients by municipality. For purposes of this report, businesses that filed for reimbursement during calendar year 2006 are listed. BETR recipients filed between August 1, 2006 and December 31, 2006 for eligible property taxes paid during calendar year 2005. For that period the state reimbursed \$66.6 million to over 1,700 companies. Please note that in FY07 BETR reimbursement was limited to 90% of property taxes paid.

If you have any questions on this report please do not hesitate to contact me.

Sincerely,

S/Jerome D. Gerard

Off Record Remarks

THE PRESIDENT: Welcome back. It's very good to see you all again. The messages have already started arriving. I was hoping, and I'm sure, that we were all going to have a happy and healthy New Year and I extend my greetings to all of you. I am especially pleased that you made it through the snow and got here in time and so on.

We are going to have a busy and hard year. The list of legislative items before us is substantial. I'm confident we can and will responsibly address each of them, from jail consolidation to the budget shortfall.

There is a very hard winter ahead and that concerns me and I know it concerns you. I want to talk about that today. What I want to talk about is how Maine people are going to make it through this winter and how they are going to prosper over the next 10 to 20 winters. Largely due to worldwide escalating fuel and food prices, many Maine families are at risk of being cold and hungry this winter. I just filled the tank of my car for \$38. I have a small tank. Last month Maine state leaders called on the federal government to step forward and meet the need regarding fuel assistance. Since then, thankfully, Congress has authorized a \$10 million to \$25 million increase in fuel assistance. That may not be enough.

Also, in an expression of the promise of public/private partnerships, many Maine people and businesses have generously contributed to charities to help their neighbors make it through these cold months. Petroleum delivery companies have donated to the Keep Me Warm Fund and similar charities; for instance, Irving Oil with \$100,000 and Downeast Energy with \$50,000. Numerous food banks are working hard to meet the expanding need. Mainers are clearly demonstrating their commitment to take care of each other. That's the only way we're going to get through this period, together.

In the long run we will continue to encourage and innovate for ways to become a more energy independent state. Those solutions do not come quickly.

We want to prosper. We want every Mainer to have the opportunity to reach their goals. Last November, thankfully, we, the people of Maine, took a major step forward when we approved bonds for research, development and innovation and for higher education. Participating in the new international economy requires a well-educated workforce and support to develop new ideas and to bring them to market. That's not an inexpensive thing, that support. That's the strategy that Maine has been following. The public/private partnerships created when the Maine Technology Institute invests in a new product or company will provide a basis for a stronger and more diverse Maine economy, those are costs.

However, to grow companies here Maine must be a place where people want to be and can operate a business. Maine, as we know just looking outside the window, has many positive attributes. We've even gotten a report, Quality of Places, that stated the obvious to us. Increasingly, those things that we cherish most about Maine, it's natural beauty and it's vibrant and livable communities, are prized by those who have the energy and skills to build businesses for the coming century.

To build these businesses in Maine, they need to be able to efficiently move people and products from Maine to their customers and clients around the world. Unfortunately, Maine's transportation network is in poor condition right now and getting worse every year. The recent report of the Bridge Task Force concluded that an additional \$50 million to \$60 million a year is needed to keep Maine's bridges maintained. That is just maintained. That doesn't begin to address the many other miles of roadway or an entire railroad system. Maine's not alone. The entire U.S. transportation network is in disrepair, as dramatically demonstrated by the recent bridge collapse in Minnesota. The U.S. Department of Transportation has acknowledged as much and urged states to move on their own, would that they could help us more. Those who invest in their own roads and rails will be best positioned for growth in the future.

This does present Maine with historic opportunities. Expanding the Downeaster to Brunswick will open up passenger rail from Rockland to Boston. It will increase freight opportunities to Augusta and to Lewiston/Auburn. It will begin to lay the groundwork for the mountain division.

Skilled professionals are already fleeing Boston in favor of Maine's quality of life. Imagine how many more will bring their educations and businesses to Maine if they have reliable, hassle free transportation as they go back and forth to Boston on the occasional business trip.

Embracing innovative public and private partnerships will allow Maine to repair its north/south roadways and perhaps build an east/west access. A glance at the map tells us, contrary to some people's opinion, that Maine is not at the end of the line. We are in the middle of a vibrant regional economy that includes New England, Quebec and the Maritime Provinces. We need to start acting like that, improving our links with that entire region.

Maine has spent the last 7 years trimming much of its state budget. Adjusted for inflation, our spending has been flat. At the same time, we have met a citizen's initiative mandate to provide 55% of K-12 school funding and managed a double digit inflation in health care costs, which are increasingly a large share of the budget. When you think about rising health care costs remember those increases are imbedded in every aspect of the state budget, from inmate health care within the Correctional system to the cost of contracted services.

Despite these pressures, we have managed to hold the line on taxes by diligently cutting, consolidating and streamlining government. Just last year, we all sat here together and cut \$100 million in order to avoid a tax increase. This year we have to keep everything available and on the table for us.

This year is unlike any since the early 1990s. House prices across America are falling. Foreclosures, bankruptcies are up and fuel and food prices are rising. State agencies, which are struggling to address the unbudgeted increases in gas and heating costs, are being asked to find another \$95 million in cuts just as the need for government assistance is growing. At the beginning of the last decade Maine addressed this budget crunch through a combination of cuts, increased efficiencies and temporary revenue increases. We have to think about where we are now.

After 7 years we have cut all the fat. Now we are down to muscle and bone. If we cut too far our communities will not be able to bounce back when the economy does improve. In the meantime our people will be suffering.

You know, it occurs to me that in time of economic trouble domestic violence increases. All the social services increase their needs. We can't forget that. We can't pretend that those things are not going to happen. I, personally, and we, collectively, will not allow this to happen. I hope everyone in this Chamber, regardless of political party, will join me in making sure that Maine's safety net remains intact. It is our responsibility. It is our job.

I have hope for us. I've worked with you all for many years and I know that you have big hearts and smart minds, that you don't spend injudiciously, that you put behind your work in government the effort that says it's our responsibility to take care of every Mainer and to make sure, as Dr. Seuss would say, the small and the tall are all looked after. I am eager to work with you but I am going to underscore that this is going to be a tough year. I want us to know and face that toughness and realize that all of us are going to have to do things that are challenging for us.

Thank you for your attention and I look forward to this coming period.
