1           **Sec. W-17. 20-A MRSA §7209-A** is enacted to read:

2           **§7209-A. Transition of responsibility for ensuring a free, appropriate public**  
3           **education for children eligible under Part B, Section 619**

4           In order to meet the requirement that, beginning July 1, 2028, all school administrative  
5           units are designated as responsible for child find activities and for ensuring a free,  
6           appropriate public education for children eligible under Part B, Section 619 pursuant to  
7           section 7006, the following transition schedule and supports apply.

8           **1. Transition year one.** Beginning July 1, 2024, school administrative units may be  
9           approved by the commissioner to assume the responsibility for child find activities and for  
10           ensuring a free, appropriate public education for children eligible under Part B, Section  
11           619. The department shall approve readiness plans in accordance with subsection 8 and  
12           shall provide professional learning in working with young children and their families and  
13           technical support throughout the planning and implementation of the first year to assist  
14           school administrative units to prepare to meet the standards of the readiness plans. Funding  
15           must be provided to school administrative units on a quarterly basis in accordance with  
16           section 7303. Prior to a school administrative unit assuming responsibilities for child find  
17           activities and for ensuring a free, appropriate public education, the department shall  
18           establish a memorandum of understanding with the school administrative unit to determine  
19           the services to be provided by the department and the regional support and service hub.  
20           The memorandum of understanding must be reviewed and updated in response to  
21           unanticipated needs each month. The department shall contract with a national expert to  
22           regularly monitor funding and programming and recommend changes to be considered as  
23           part of the transition year one activities.

24           **2. Additional transition years.** During the 2025-2026, 2026-2027 and 2027-2028  
25           school years, the commissioner shall approve school administrative units in addition to  
26           those approved under subsection 1 to assume responsibility for child find activities and for  
27           ensuring a free, appropriate public education. The department shall provide professional  
28           learning, funding and technical assistance in the same manner as provided to school  
29           administrative units in subsection 1.

30           **3. Additional time for certain school administrative units.** If the commissioner  
31           determines that a school administrative unit is not able to assume responsibility for child  
32           find activities and for ensuring a free, appropriate public education by July 1, 2028 because  
33           the school administrative unit requires additional time and support in regions where related  
34           services and staffing are not available to support the transition, the commissioner shall  
35           provide that school administrative unit with necessary resources and an additional year to  
36           assume responsibility for child find activities and for ensuring a free, appropriate public  
37           education. If the school administrative unit cannot assume responsibility for child find  
38           activities and for ensuring a free, appropriate public education, as determined by the  
39           commissioner, the school administrative unit may qualify for a modified plan for managing  
40           children eligible under Part B, Section 619 in accordance with section 7006, subsection 4.

41           **4. Service provision.** A school administrative unit that has assumed responsibility for  
42           child find activities and for ensuring a free, appropriate public education may directly  
43           provide special education and related services to children eligible under Part B, Section  
44           619, may contract with public and private providers to provide special education and related  
45           services and may access the school administrative unit's regional site or regional support

1 and service hub to provide certain services as delineated in the memorandum of  
2 understanding between the school administrative unit and the department.

3 **5. Transition of Child Development Services System regional sites to regional**  
4 **support and service hubs.** When a school administrative unit is responsible for child find  
5 activities and for ensuring a free, appropriate public education, the Child Development  
6 Services System site in that region shall transition to serve as a regional support and service  
7 hub to meet the requirements of section 7212 and to make necessary services and supports  
8 available in accordance with a memorandum of understanding developed between the  
9 department and the school administrative unit before the transition of responsibility occurs.  
10 The regional support and service hubs must be aligned with the 9 superintendent regions  
11 established by the statewide association of superintendents.

12 **6. Annual report.** Beginning March 1, 2025 and in each subsequent year of the  
13 transition phase in subsections 1 to 3, the department shall submit a report to the joint  
14 standing committee of the Legislature having jurisdiction over education matters. The  
15 report must include data and information regarding the number of school administrative  
16 units that have assumed responsibility for child find activities and for ensuring a free,  
17 appropriate public education and progress on the implementation of the transition under  
18 this section. During the transition, this report must include the annual report requirements  
19 under section 7006, subsection 5. The joint standing committee of the Legislature having

23 System is responsible for ensuring due process and shall pay 100% of costs for  
24 compensatory services for children eligible under Part B, Section 619 who have been  
25 underserved through the Child Development Services System. The Child Development  
26 Services System shall conduct a review of the files of children eligible under Part B, Section  
27 619 to determine whether legally required special education and related services have been  
28 provided. The review must be conducted for children eligible under Part B, Section 619:

29 A. Who are entering kindergarten; and

30 B. For whom responsibility for a free, appropriate public education is being transferred  
31 to a school administrative unit. For children eligible under this subsection, the review  
32 must be conducted prior to the school administrative unit assuming responsibility for  
33 child find activities and for ensuring a free, appropriate public education.

34 If legally required special education and related services have not been provided or have  
35 only partially been provided, the Child Development Services System shall schedule an  
36 individualized education program meeting to determine the compensatory services that are  
37 warranted and to develop a plan to provide necessary compensatory services.

38 **8. Readiness plans; assessment.** Before a school administrative unit may be approved

12          parents. The rest of the membership of the parental advisory committees must reflect  
13          representatives from the regional support and service hubs, school administrative units  
14          and statewide associations dedicated to assisting parents and families of persons with  
15          disabilities. Members of the parental advisory committees are not entitled to  
16          compensation.

29          recommendations from the parental advisory committees regarding the implementation of  
30          child find activities and the provision of free, appropriate public education for children  
31          eligible under Part B, Section 619. The joint standing committee of the Legislature having  
32          jurisdiction over education matters may report out a bill related to the report to the session  
33          of the Legislature in which the report was received.

34          **10. Coordination.** The department shall designate an individual to coordinate the  
35          concurrent transition of responsibility for ensuring a free, appropriate public education for  
36          children eligible under Part B, Section 619 and for children participating in universal  
37          public-preschool consistent with the goals outlined in section 4501. This individual shall
