Vice President, Maine Association of Retirees

SUBJECT: LD 37, An Act to Amend the Laws Governing Property Tax Stabilization for Senior Citizens to Eliminate the Requirement of an Annual Application

Senator Grohoski, Representative Perry, and Members of the Committee, I am Thomas Record and am Vice President of the Maine Association of Retirees (MAR), a nonprofit organization comprised of public service retirees including state retirees, retired educators, and retirees from participating local districts.

We thank Senator Pouliot for bringing LD 37 forward.

The Property Tax Stabilization Program which was enacted during the 130th Legislature is designed to protect senior citizens who qualify for the Maine homestead exemption from property tax increases. During MAR's regional member meetings in the fall of 2022, we learned that the program was extremely popular with our members as the majority had already signed up.

As currently structured, seniors must apply to their municipality for the program by December 1 of each year. In addition to the burden on seniors, this also places an administrative burden on municipalities which must process applications received. As currently structured, municipalities are not reimbursed for processing applications.

By providing for only a single application for the Property Tax Stabilization Program as is already done with respect to the homestead exemption, LD 37 replaces needless bureaucracy with a common sense and much simpler process.

MAR is ready to participate in work sessions on the bill or to provide whatever other assistance the Committee may require.

CC Senator Michael Pouliot
