9 **§8811. Definitions**

10 As used in this subchapter, unless the context otherwise indicates, the following terms
11 have the following meanings.

12 **1. Program fund.** "Program fund" means the Summer Success Pilot Program Fund
13 established in section 8812.

14 **2. Summer success pilot program.** "Summer success pilot program" means a pilot
15 program offered by a public school that provides traditional and alternative teaching
16 methods to ensure that every student has access to a high-quality extended school year
17 program that helps the student improve the student's academic achievement and addresses
18 the needs of the student to demonstrate content area proficiency based on the student's
19 grade level.

20 **§8812. Summer Success Pilot Program Fund**

21 **1. Establishment.** The Summer Success Pilot Program Fund is established as a
22 General Fund carrying account within the department to be directed and administered by
23 the commissioner and held by the Treasurer of State.

24 **2. Sources of money.** Money appropriated from the General Fund may be paid into
25 the program fund.

26 **3. Application of program fund.** Money in the program fund must be continuously
27 applied by the commissioner to carry out this section and may not be used for any other
28 purpose. A school administrative unit shall ensure that program funds made available to
29 the school administrative unit to provide grants for access to summer success pilot
30 programs for elementary and secondary school students supplement and do not supplant
31 federal funding.

32 **§8813. Standards; approval**

33 The commissioner shall use the program fund to encourage the facilitation of high-
34 quality summer success pilot programs in school administrative units throughout the State.

35 **1. Standards.** The commissioner shall establish standards for summer success pilot
36 programs consistent with the basic school approval requirements as set forth in subchapter
37 1 for summer school programs offered at elementary or secondary schools in the State. In

1 establishing standards for summer success pilot programs, the commissioner may also
2 consider the following:

3 A. Guidelines similar to, but not identical with, the requirements of the community
4 learning centers program authorized under Title IV, Part B of the federal Elementary
5 and Secondary Education Act of 1965, as amended by the federal Every Student
6 Succeeds Act, 20 United States Code, Chapter 70, to help students improve their
7 academic achievement by providing educational opportunities that close the
8 achievement gap between high-performing and low-performing students, including the
9 gap between economically disadvantaged students and their peers;

10 B. Effective models of summer success programs that improve student achievement,
11 including model programs that involve networking and partnerships with
12 community-based organizations that provide a range of high-quality services to support
13 student learning and development. In order to partner with a summer success pilot
14 program, a community-based organization must be exempt from federal income
15 taxation under the United States Internal Revenue Code of 1986, Section 501(a),
16 pursuant to the United States Internal Revenue Code of 1986, Section 501(c)(3); and

17 C. Implementation of the formative and summative assessment methods used by a
18 school administrative unit during the school year to measure student achievement in
19 order to monitor the progress of students in that school administrative unit who are
20 participating in the summer success pilot programs.

21 **2. Approval.** A summer success pilot program may be offered by a school
22 administrative unit with the approval of the commissioner. The commissioner may inspect
23 a summer success pilot program, after which the commissioner shall approve and grant a
24 certificate to a school that maintains approval standards under subsection 1. The
25 department shall pay the expense of the inspection.

26 **§8814. Program fund grants; eligibility**

27 **1. Program fund grants.** Beginning in fiscal year 2021-22 and each subsequent year,
28 the department, through a grant application process, shall provide from the program fund
29 funding to cover 90% of the costs of summer success pilot programs in school
30 administrative units. Those school administrative units with greater than 50% student
31 participation in the federal free and reduced-price lunch program pursuant to section 6602,
32 subsection 1, paragraph A must be given priority in the distribution of funding from the
33 program fund.

34 **2. Eligibility.** To receive program fund money, a school administrative unit must be
35 in compliance with any applicable standards and program requirements for summer success
36 pilot programs established by the commissioner pursuant to section 8813.

37 **§8815. Report**

38 The department shall report by June 30, 2022 and annually thereafter to the joint
39 standing committee of the Legislature having jurisdiction over education and cultural
40 affairs on the number of school administrative units administering summer success pilot
41 programs, the nature of the summer success pilot programs receiving money from the
42 program fund, the amount of money distributed and the number of children participating
43 in a summer success pilot program. The report must also include a recommendation on

1 whether the summer success pilot program should continue as a pilot program, be modified
2 or become a permanent program.

3 **Sec. 3. 20-A MRSA §15688-A, sub-§10** is enacted to read:

4 **10. Summer success pilot programs.** Beginning in fiscal year 2021-22 and for each
5 subsequent fiscal year, the commissioner may expend and disburse funds to provide grants
6 for access to summer success pilot programs for elementary and secondary school students

8 qualified school administrative units pursuant to chapter 317, subchapter 2 are limited to
9 the amounts appropriated, allocated or authorized by the Legislature for the operation of
10 summer success pilot programs. Any balance of funds appropriated, allocated or
11 authorized by the Legislature remaining at the end of a fiscal year do not lapse and are
12 carried forward to the next fiscal year to carry out the purposes of chapter 317, subchapter
