Sec. 2. 7 MRSA §3906-B, sub-§12-A is enacted to read:

12-A. Right to call and designate assistance. The commissioner may employ a person considered necessary to assist in a response to a natural or man-made disaster affecting animals. A person called and employed for assistance shall proceed to help resolve the natural or man-made disaster as directed by the commissioner or the commissioner's designee.

A. A person considered necessary to assist in a response must receive compensation for services at the prevailing rate in the State, except that animal control officers, veterinarians, animal shelter staff or other groups used outside the State may receive pay at their usual rates. Equipment may be provided by individuals or groups during a response. Equipment used in a response must, upon application, be compensated for at an amount fixed by the state in which the response occurred. A person responding under this subsection may be provided with subsistence pay during the response.

B. The commissioner or the commissioner's designee shall promptly prepare a report of the commissioner's or the designee's investigation of the response detailing the cause of the natural or man-made disaster and recommendations for future prevention and response. The commissioner or the commissioner's designee shall prepare and include in the report a detailed statement of expenses incurred immediately after the natural or man-made disaster on forms provided by the department.

All requests for reimbursement must be presented to the commissioner or the commissioner's designee within 60 days after demobilization or become void. The commissioner or the commissioner's designee may extend the time as long as a preliminary report has been made.

The commissioner or the commissioner's designee shall examine all invoices presented to the State for reimbursement or direct payment. After items not qualifying for reimbursement have been deducted, the commissioner or the commissioner's designee shall approve the remaining items for payment.

SUMMARY

This bill amends the laws pertaining to agriculture and animals to allow the Commissioner of Agriculture, Conservation and Forestry to employ any person considered necessary to assist in any response to a natural or man-made disaster affecting animals both in the State and outside the State and provides for such a person's compensation. It also establishes reporting requirements regarding such a disaster response. It allows the Animal Welfare Advisory Council to have as a member a person who is a pet food supplier and an attorney with experience in the state court system. It changes the rabies vaccination requirement to provide that an owner or keeper of a dog over 3 months of age must have the dog vaccinated. It adds dangerous dogs and nuisance dogs to those animals that are excluded from obtaining dog licenses through the Internet licensing project. It provides for the revocation of animal control officer certification if the officer refuses or intentionally fails to perform the officer's statutory duties. It amends animal welfare laws to define "animal care facility" and to provide that the definition of "boarding kennel" applies to all privately owned animals that are kept for a fee.
