26 SUMMARY

27 This bill amends the law banning the use of single-use plastic carry-out bags at retail
28 establishments to clarify the scope of that law by incorporating new definitions for
29 "recycled paper carry-out bag," "reusable fabric carry-out bag" and "reusable plastic carry-
30 out bag." It also amends related definitions and makes other associated technical changes,
31 including amending the definition of "point of sale" to provide that the law's prohibitions
32 and other provisions apply to bags provided to a customer at self-service check-out kiosks,
33 at in-store or curbside pickup locations and at any other location, including a customer's
34 home, at which purchased merchandise is delivered or otherwise transferred to the
35 customer.

36 The bill also increases from 5 cents to 10 cents the fee that a retail establishment must
37 charge for each recycled paper carry-out bag or reusable plastic carry-out bag used to bag
38 products at the point of sale.

39 These changes to the law banning the use of single-use plastic carry-out bags at retail
40 establishments are effective January 1, 2026.
