19 **SUMMARY**

20 This bill requires the Commissioner of Education to exempt a school from making up
21 missed instructional days in cases when the school is located in a section of the State for
22 which a state of emergency has been declared by the Governor and the school was in fact
23 unable to operate due to circumstances or conditions related to the reason for the emergency
24 proclamation. The bill requires the Department of Education to update its rules and requires
25 that the rules clarify that a school requesting the exemption may not be required to submit
26 a waiver application.
