**SUMMARY**

This amendment removes from the bill the requirement that the Department of Health and Human Services cross-check data of lottery winners with recipients of Medicaid benefits or the Supplemental Nutrition Assistance Program and deduct from the winnings the past 5 years of benefits received by the prize winner and administrative costs. It limits the department’s duty to monitor solely out-of-state electronic benefits transfer, or EBT, card transactions to swiped transactions, defined as transactions that require the user to insert or present an EBT card into or to a physical card reading device to complete the transaction. It excludes purchases made in New Hampshire from the monitoring requirement. It changes from 90 to 45 days the time after which solely out-of-state transactions trigger a department response. The amendment also changes the title of the bill.
