132ND LEGISLATURE  
FIRST SPECIAL SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 952, L.D. 1460, “An Act to Require Parents to Be Informed of Hospitals' Safe Sleep Rules”

Amend the bill by striking out everything after the enacting clause and inserting the following:

'Sec. 1. 22 MRSA §1711-H is enacted to read:

**§1711-H. Hospital safe sleep rule for infants; parental behavior**

A hospital licensed pursuant to chapter 405 that has a safe sleep rule for infants shall inform the parent or guardian of an infant who is an inpatient at the hospital of the safe sleep rule for infants, and the parent or guardian shall sign a form provided by the hospital that contains the text of the safe sleep rule for infants acknowledging that the parent or guardian knows the safe sleep rule for infants. If the parent or guardian refuses to sign the form, the hospital shall document the refusal in the medical record prior to discharge from the hospital. For purposes of this section, "safe sleep rule for infants" means a set of evidence-based practices a hospital requires to be employed in order to reduce the rate of infants' unsafe sleep injuries and sudden unexpected infant death related to unsafe sleep, including accidental suffocation and strangulation in bed and sudden infant death syndrome.'

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.
