SUMMARY

This amendment, which is the majority report of the committee, replaces the bill with a resolve. The amendment directs the Department of Health and Human Services, Office of Child and Family Services to convene a working group to study the laws regarding endangering the welfare of a child. In conducting the study, the working group must study developments in state law regarding endangering the welfare of a child; whether establishing a felony-level crime for endangering the welfare of a child when it results in serious bodily injury will deter actions that endanger the welfare of a child or if it would deter parents from seeking medical assistance for their child; and how other states' criminal statutes establish crimes for endangering the welfare of a child. The office is required to submit a report by January 1, 2026 to the Joint Standing Committee on Criminal Justice and Public Safety, which may submit legislation to the Second Regular Session of the 132nd Legislature. The amendment adds an appropriations and allocations section.
