S.P. 162 - L.D. 370

**Resolve, Directing the Department of Education to Collect Data on
Secondary School Mathematics Requirements**

Sec. 1. Secondary school mathematics requirements. Resolved: That the Department of Education shall, within existing resources, collect data on the number of mathematics classes required for a high school diploma at secondary schools in the State. Data collected must include, but is not limited to:

1. The number of secondary schools that require 2 years of mathematics for a high school diploma;
2. From secondary schools that require 2 years of mathematics for a high school diploma, estimated costs associated with raising the mathematics requirements from 2 to 3 years;
3. The number of secondary schools that require more than 2 years of mathematics for a high school diploma; and
4. The number of secondary schools that accept credits from alternative mathematics classes, such as accelerated 8th-grade mathematics classes and early college classes, toward fulfillment of the mathematics requirements for a high school diploma.

Sec. 2. Report. Resolved: That, by January 15, 2026, the Department of Education shall submit a report based on the data collected in section 1 to the Joint Standing Committee on Education and Cultural Affairs. The committee is authorized to submit legislation related to the report to the Second Regular Session of the 132nd Legislature.
