30 SUMMARY

31 This amendment, which is the minority report of the committee, clarifies that sellers of
32 real property must notify buyers whether the property is in an area of special flood hazard
33 mapped on the effective flood insurance rate map at the time of the required disclosure.
34 The amendment also removes the provision of the bill that includes an active flood
35 insurance policy as an indicator of a flood hazard. Finally, the amendment removes the
36 requirement to disclose the amount of insurance claims and the amount of disaster-related
37 aid received related to the property being conveyed and defines the term "flood."
