1           **Emergency preamble.** Whereas, acts and resolves of the Legislature do not  
2 become effective until 90 days after adjournment unless enacted as emergencies; and

3           **Whereas,** the sole purpose of the Board of Dental Practice is to protect the public  
4 health and welfare by ensuring that the public is served by competent and honest  
5 practitioners and by establishing minimum standards of proficiency; and

6           **Whereas,** pursuant to Public Law 2019, chapter 388, section 11, the Board of Dental  
7 Practice issued a legislative report dated January 31, 2020, making recommendations to  
8 further revise the Dental Practice Act by revising existing supervision and scopes of  
9 practice provisions, to consider technological advances such as the use of teledentistry to  
10 provide greater flexibility in the delivery of dental services and to improve access to dental  
11 care in Maine; and

12           **Whereas,** LD 2146, An Act To Implement the Recommendations of the Board of  
13 Dental Practice Related to the Definitions of "Supervision" and "Teledentistry," was  
14 introduced during the Second Regular Session of the 129th Legislature, but was not enacted  
15 due to the existing state of civil emergency due to the COVID-19 pandemic; and

16           **Whereas,** substantive policy decisions such as authorizing the use of teledentistry and  
17 refining scopes of practice, including levels of supervision, are appropriate for the  
18 legislative process, not an administrative rule-making process; and

19           **Whereas,** immediate enactment of this legislation is necessary to authorize dental  
20 professionals to fully exercise their scopes of practice and use available technologies to  
21 provide care; and

22           **Whereas,** in the judgment of the Legislature, these facts create an emergency within  
23 the meaning of the Constitution of Maine and require the following legislation as  
24 immediately necessary for the preservation of the public peace, health and safety; now,  
25 therefore,
