The Department of Administrative and Financial Services, Maine Revenue Services shall study the effectiveness of the income modification required pursuant to the Maine Revised Statutes, Title 36, section 5200-A, subsection 1, paragraph FF regarding a taxpayer's foreign-derived intangible income deduction, referred to in this section as “the deduction,” claimed pursuant to the federal Internal Revenue Code of 1986, Section 250(a)(1)(B) and the effect of decoupling from that deduction.

In performing the study, Maine Revenue Services shall determine:

3. The annual cost in revenue to the State by that deduction;
4. The annual revenue that would be generated by decoupling from the deduction; and
5. Whether there is some other deduction or incentive that would fulfill the purpose of the deduction in a more effective or efficient manner.

Maine Revenue Services shall report, with suggested legislation, to the Joint Standing Committee on Taxation no later than December 1, 2021. The joint standing committee may report out a bill related to the report.'

**SUMMARY**

This amendment strikes Part U, which expands the addition modification for the amount of the global intangible low-taxed income deduction, and replaces it. The amendment requires Maine Revenue Services within the Department of Administrative and Financial Services to study the income modification that requires the add-back for Maine tax purposes of a taxpayer's deduction claimed pursuant to the federal Internal Revenue Code of 1986 from federal taxation for foreign-derived intangible income. Maine Revenue Services is required to determine the cost of the deduction, whether it effectively meets the purpose for the deduction, the revenue that would be generated without the deduction and whether there is another more effective or efficient manner of encouraging the domestic filing of taxes by corporations. Maine Revenue Services is required to provide a report, along with suggested legislation, to the Joint Standing Committee on Taxation.
