25 1. Delegate authority. A pharmacist may not delegate the pharmacist's authority to 26 administer drugs or vaccines; except that a pharmacist licensed under this chapter who has 27 obtained a certificate of administration pursuant to section 13832 may delegate the authority to administer drugs and vaccines to a pharmacy technician who is under that 28 29 pharmacist's direct supervision and has met the requirements of section 13831, subsection 30 6 or to a pharmacy intern who is under that pharmacist's direct supervision and who has 31 obtained drug administration training pursuant to section 13832, subsection 3. A pharmacy 32 intern may administer drugs and vaccines only to a person 18 years of age or older.

2. Administer drugs. A pharmacist may not engage in the administration of drugs or
vaccines unless the pharmacist meets the qualifications and requirements of section 13832
and the pharmacist has obtained a board-issued certificate of administration. <u>A pharmacy</u>
<u>technician may not engage in the administration of drugs or vaccines unless the pharmacy</u>
technician meets the qualifications and requirements of section 13831, subsection 6 and the
pharmacy technician has obtained a board-issued certificate of administration.'

Amend the bill by relettering or renumbering any nonconsecutive Part letter or sectionnumber to read consecutively.

- 41
- This amendment replaces the bill. The amendment authorizes pharmacy technicians to administer vaccines under the direct supervision of a pharmacist if they have met certain

specified training requirements and have been issued a certification of administration by
the Maine Board of Pharmacy. The amendment authorizes a fee to be established for the
certificate of administration. The amendment also clarifies the timing of when drug or
vaccine administration training requirements must be completed by pharmacists.

## FISCAL NOTE REQUIRED
