

## 130th MAINE LEGISLATURE

## FIRST REGULAR SESSION-2021

**Legislative Document** 

No. 1288

H.P. 949

House of Representatives, March 30, 2021

An Act Regarding Interconnectivity of Small Electric Distributed Generation Resources

Received by the Clerk of the House on March 26, 2021. Referred to the Committee on Energy, Utilities and Technology pursuant to Joint Rule 308.2 and ordered printed pursuant to Joint Rule 401.

ROBERT B. HUNT Clerk

R(+ B. Hunt

Presented by Representative KINNEY of Knox.

1	Be it enacted by the People of the State of Maine as follows:
2	Sec. 1. 35-A MRSA §3483, sub-§5 is enacted to read:
3 4	5. Interconnection of in-state distributed generation resources. A standard buyer shall give preference in a list of requests for the interconnection of new, or uprated to
5 6	increased capacity, distributed generation resources to those resources of 500 kilowatts or less owned by a resident of the State or owned by an entity with its principal place of hardware in the State. For example, the state of the State
8	business in the State. For purposes of this subsection, "resident of the State" includes a business or entity with 51% or more ownership by one or more residents of the State.
9	SUMMARY
10 11 12 13	This bill requires that a transmission and distribution utility give preference in a list requesting interconnection to the transmission and distribution utility's electric distribution system to renewable electricity generators of 500 kilowatts or less owned by a resident of the State or owned by an entity that has its principal place of business in the State.
