Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, vaccines for COVID-19 may have additional complications; and

Whereas, this legislation must take effect immediately in order to provide a timely response to efforts related to COVID-19; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §802, sub-§7 is enacted to read:

7. Five-year moratorium on mandatory COVID-19 vaccinations. Notwithstanding any law to the contrary, mandatory vaccinations for coronavirus disease 2019, which is also known as COVID-19, are prohibited for 5 years from the date of a vaccine’s first emergency use authorization by the United States Department of Health and Human Services, Food and Drug Administration in order to allow for safety testing and investigations into reproductive harm.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

SUMMARY

This bill prohibits mandatory vaccinations for COVID-19 for 5 years from the date of a vaccine’s first emergency use authorization by the United States Department of Health and Human Services, Food and Drug Administration in order to allow for safety testing and investigations into reproductive harm.
