

1           The Legislature finds and declares that:

2           **1. Blighted, abandoned, environmentally hazardous and functionally obsolete**  
3 **property burdens public resources.** There exist areas in the State in need of economic  
4 revitalization where blighted, abandoned and environmentally hazardous property and  
5 property that is both functionally obsolete and unfit to be repurposed for another use present  
6 burdens on municipal revenues and public health and safety;

7           **2. Need for revitalization.** In order to strengthen and revitalize the economy of the  
8 State and municipalities, it is in the best interest of the State to assemble and dispose of  
9 blighted, abandoned and environmentally hazardous property and property that is both  
10 functionally obsolete and unfit to be repurposed for another use in a coordinated manner to  
11 foster development of that property and promote economic growth;

12           **3. Coordinated development of blighted, abandoned, environmentally hazardous**  
13 **and functionally obsolete property serves the public interest.** The planning and  
14 preparation for revitalizing the economy through the acquisition of blighted, abandoned  
15 and environmentally hazardous property and property that is both functionally obsolete and  
16 unfit to be repurposed for another use using public money are a governmental concern and  
17 serve a valid public purpose;

18           **4. Facilitate coordinated redevelopment of blighted, abandoned, environmentally**  
19 **hazardous and functionally obsolete property.** The establishment of the redevelopment  
20 authority is necessary to facilitate the relief of the conditions described in this section by  
21 assisting public entities, including, but not limited to, municipalities, counties, regional  
22 planning organizations and state agencies, in the redevelopment of blighted, abandoned  
23 and environmentally hazardous property and property that is both functionally obsolete and  
24 unfit to be repurposed for another productive use; and

25           **5. Municipalities, counties and unorganized territories have properties that they**  
26 **cannot restore to productive use due to a variety of technical or financial issues.** The  
27 establishment of the redevelopment authority is necessary to provide technical and  
28 financial assistance to local governments upon request for the purpose of returning to  
29 productive use blighted, abandoned, environmentally hazardous and functionally obsolete  
30 property, including property acquired by a municipality through the municipal foreclosure  
31 process.

14 deposited into the fund. Other sources of funding may include, but are not limited to, state  
15 or federal funds received by the redevelopment authority to support community

18 this chapter must be deposited into the fund.

19           **§5157. Eligible properties; exemption of certain properties**

20           **1. Eligible properties.** The redevelopment authority may acquire property through  
21 an agreement under section 5158, subsection 4, which may include:

25                   unlocked;

33                   nor anyone on the mortgagor's behalf has requested entrance to, or taken other steps  
34                   to gain entrance to, the property;
- 35                   (7) Reports of trespass, vandalism or other illegal acts being committed on the  
36                   property have been made to local law enforcement authorities;

38                   or finding that the property is abandoned or unfit for occupancy;

10 due to a substantial loss in value resulting from factors such as overcapacity, changes  
11 in technology, deficiencies or superadequacies in design or other similar factors that  
12 affect the property itself or the property's relationship with other surrounding property;
- 13           D. Property that is environmentally hazardous; and
- 14           E. Property that a municipality or county has determined is not within the capacity of  
15 the municipality or county to redevelop and for which the municipality or county has  
16 requested the assistance of the redevelopment authority.

17           **2. Exemption.** Notwithstanding any provision of this chapter to the contrary, the  
18 redevelopment authority may not:

- 19                   A. Acquire land or other natural resources owned by a federally recognized Indian  
20 tribe or owned by the United States for the benefit of a federally recognized Indian  
21 tribe;

25 inclusion in the Defense Environmental Restoration Program under 10 United States  
26 Code, Section 2701.

27           **§5158. Powers and duties generally**

28           The redevelopment authority has the following powers and duties:

- 29                   **1. Suit.** To sue and be sued;
- 30                   **2. Seal.** To adopt an official seal;
- 31                   **3. Office.** To maintain an office at a place designated by the redevelopment authority  
32 within the State;
- 33                   **4. Agreements with public entities.** To enter into agreements with public entities,  
34 including, but not limited to, municipalities, counties, regional planning organizations, state  
35 agencies and municipal or regionally organized land banks in order to effectuate the  
36 purposes of this chapter. Agreements may include the acquisition of property or rights in  
37 property from a municipality or county whose governing unit declares the need for such an  
38 agreement;

1 **5. Agreements with federal agencies.** To enter into agreements with federal agencies  
2 related to funding of the redevelopment of property acquired in accordance with this  
3 chapter;

4 **6. Assistance.** To provide assistance, by request, to entities in the State engaged in  
5 redevelopment activities by using the best practices adopted by the Development Ready  
6 Advisory Committee under section 5161;

12 municipality or county, eligible property by the exercise of the power of eminent domain  
13 as provided in section 5159;

14 **10. Rules.** To adopt rules for the purposes of carrying out this chapter. Rules adopted  
15 pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375,  
16 subchapter 2-A; and

17 **11. Other functions.** To perform other functions necessary or useful for carrying out  
18 any of its powers, duties or purposes.

19 **§5159. Eminent domain**

20 The redevelopment authority may acquire all or any part of real property in accordance  
21 with this chapter by the exercise of the power of eminent domain whenever the  
22 redevelopment authority determines that the acquisition of the real property is in the public  
23 interest or necessary for the purposes of this chapter.

24 **1. Resolution; documents filed; damages determined.** The necessity of an  
25 acquisition under this section is conclusively presumed upon the redevelopment authority's  
26 adoption of a resolution declaring that the acquisition of the real property described in the  
27 resolution is in the public interest and necessary for the purposes of this chapter.

28 A. Within 3 months after a resolution is adopted under this subsection, the  
29 redevelopment authority shall file in the registry of deeds of the county in which the  
30 real property is located:

31 (1) A copy of the redevelopment authority's resolution;

32 (2) A plat of the real property described; and

33 (3) A statement, signed by the chair of the redevelopment authority, that the real  
34 property is taken under this chapter.

35 B. After the documents are filed under paragraph A, the redevelopment authority shall  
36 determine the damages for the real property taken in the same manner as is provided  
37 for land taken for highway purposes under Title 23, chapter 3 and shall file a statement  
38 of this determination in the appropriate Superior Court.

39 **2. Title vests in redevelopment authority; bonds deposited.** Title to real property  
40 under this section vests in the redevelopment authority in fee simple absolute and the  
41 redevelopment authority may take possession of the real property when:

- 1           A. The copy of the resolution, plat and statement is filed in the registry of deeds;  
2           B. The statement is filed in the Superior Court; and  
3           C. Bonds, to the use of persons entitled to them, are deposited in the Superior Court  
4           with surety satisfactory to the clerk of the court in the amounts that the court determines  
5           to be sufficient to satisfy the claims of all persons interested in the real property. The  
6           court may, in its discretion, take evidence on the question to determine the amounts of  
7           the bonds to be deposited.

8           **3. Service on owners; nonresidents; unknown owners.** After the copy, plat and  
9           statement are filed under subsection 1, paragraph A, a sheriff or a sheriff's deputy shall  
10          serve notice of the taking of the real property upon the owner of the real property by  
11          delivering a true and attested copy of the description and statement under subsection 1 to  
12          the owner personally or at the owner's last and usual place of abode in the State or to a  
13          person living there.

14          A. If an owner is not a resident of the State, a true and attested copy of the notice must  
15          be sent by registered mail, return receipt requested, to the owner at the owner's last  
16          known address.

17          B. If the ownership of the real property cannot be ascertained after due and diligent  
18          search, an award must be made to persons unknown for the value of the real property  
19          and bonds for that amount running to the treasurer of the county for the use of persons  
20          entitled to the bonds must be deposited in the Superior Court. If, within 2 years after  
21          the bonds are deposited, no person has been able to prove ownership of the real  
22          property, the Superior Court shall order these bonds to be cancelled and returned to the  
23          redevelopment authority.

24          **4. Notice published.** After the resolution, plat and statement are filed under subsection  
25          1, paragraph A, the redevelopment authority shall publish a copy of the resolution and  
26          statement in a newspaper having general circulation in the county at least once a week for  
27          3 successive weeks. The statement must set forth the names of the owners of the real  
28          property to be taken and the amount awarded to them.

29          **5. Agreement and cancellation of bonds.** When an owner of real property taken under  
30          this section agrees with the redevelopment authority on the price of the real property and  
31          the sum agreed upon is paid by the redevelopment authority, the court shall order the bonds  
32          deposited under subsection 2, paragraph C to be cancelled and returned to the  
33          redevelopment authority.

34          **6. Complaint to Superior Court; trial.** An owner of real property taken under this  
35          section who cannot agree with the redevelopment authority on the price of the real property  
36          may within 3 months after personal notice of the taking or, if the owner has no personal  
37          notice, within one year from the first publication of the copy of the resolution and statement  
38          under subsection 4 apply by complaint to the Superior Court in the applicable county,  
39          setting forth the taking of the real property and petitioning for an assessment of damages  
40          by a jury or, by agreement of the parties, a referee or referees appointed by the court.

41          A. When a complaint is filed under this subsection, the court shall give 20 days' notice  
42          of the pendency of the action to the redevelopment authority by serving the chair of the  
43          redevelopment authority with a certified copy of the complaint. The court may proceed  
44          after this notice to the trial of the action. The trial must determine all questions of fact

1 relating to the value and the amount of the real property, and judgment must be entered  
2 upon the verdict of the jury. Execution must be issued for that judgment against the  
3 money deposited in the court under subsection 2, paragraph C.

4 **7. Conflicting ownership.** If the redevelopment authority is in doubt as to conflicting  
5 ownership or interest, the redevelopment authority may file a complaint in the Superior  
6 Court for a determination of the various rights and amounts due. If 2 or more conflicting  
7 plaintiffs claim the same real property or different interests in the same parcel of real  
8 property, the court, upon motion, shall consolidate their several complaints for trial at the  
9 same time by the same jury and may frame all necessary issues for the trial of that action.

10 **8. Appeal.** Appeal from the decision of the Superior Court may be made in the same  
11 manner as is provided for appeals in civil cases.

12 **9. Property of incapable persons.** If any real property in which a person not capable  
13 in law to act in the person's own behalf is interested is taken by the redevelopment authority  
14 under this chapter, the Superior Court, upon the filing of any complaint by or in behalf of  
15 the person, may appoint a guardian ad litem for the person. This guardian may appear and  
16 be heard on behalf of the person and may, with the advice and consent of the Superior Court  
17 and upon any terms that the Superior Court prescribes, release to the redevelopment  
18 authority all claims for damages for the real property of the person. Any lawfully appointed,  
19 qualified and acting guardian or other fiduciary of the estate of such a person, with the  
20 approval of the Probate Court having jurisdiction to authorize the sale of real property  
21 within the State of the person, may, before the filing of any such complaint, agree with the  
22 redevelopment authority upon the amount of damages suffered by the person by any taking  
23 of real property and may, upon receiving that amount, release to the redevelopment  
24 authority all claims for damages of the person for the taking.

25 **10. Expediting proceedings; taking public property.** In any proceedings for the  
26 assessment of compensation and damages for real property taken or to be taken by eminent  
27 domain by the redevelopment authority, the following provisions apply.

28 A. At any time during the pendency of the action or proceedings, the redevelopment  
29 authority or an owner may apply to the court for an order directing the redevelopment  
30 authority or the owner to show cause why further proceedings should not be expedited.  
31 Upon this application, the court may order that the hearings proceed and that any other  
32 steps be taken with all possible expedition.

33 B. If any of the real property taken or to be taken is devoted to a public use, it may  
34 nevertheless be acquired, and the taking is effective, except that no real property  
35 belonging to the municipality or to any other government may be acquired without its  
36 consent and that real property belonging to a public utility corporation may not be  
37 acquired without the approval of the Public Utilities Commission or an officer or  
38 tribunal having regulatory power over that corporation.

39 C. Any real property already acquired by the redevelopment authority may nevertheless  
40 be included within this taking for the purpose of acquiring any outstanding interests in  
41 the real property.

42 **§5160. Bonds**

43 **1. Authorization.** The redevelopment authority may provide by resolution for the  
44 issuance of bonds for the purpose of funding the Maine Redevelopment Land Bank Fund,

1 or any successor to the fund. The bonds of the redevelopment authority do not constitute a  
2 debt or liability of the State or of any agency or political subdivision of the State other than  
3 the redevelopment authority but are payable solely from the revenue of the redevelopment  
4 authority, and neither the faith nor credit nor taxing power of the State or any political  
5 subdivision of the State is pledged to payment of the bonds. Notwithstanding any provision  
6 of law to the contrary, bonds issued pursuant to this chapter are fully negotiable. If a  
7 commissioner of the redevelopment authority whose signature appears on any bonds or  
8 coupons ceases to be a commissioner of the redevelopment authority before the delivery of  
9 those bonds or coupons, that signature is valid and sufficient for all purposes as if that  
10 commissioner had remained a commissioner until delivery.

11 **2. General characteristics.** The redevelopment authority may, by resolution, provide:

12 A. The manner of executing bonds and coupons;

13 B. The form and denomination of bonds and coupons;

14 C. Maturity dates;

15 D. Interest rates on bonds and coupons;

16 E. For redemption prior to maturity and the premium payable;

17 F. The place or places for the payment of interest and principal;

18 G. For registration if the redevelopment authority determines registration is desirable;

19 H. For the pledge of all or any of the revenue for securing payment;

20 I. For the replacement of lost, destroyed or mutilated bonds;

21 J. For the setting aside and the regulation and disposition of reserve and sinking funds;

22 K. For limitation on the issuance of additional bonds;

23 L. For the procedure, if any, by which the contract with a bondholder may be abrogated  
24 or amended;

25 M. For the manner of sale and purchase of bonds;

26 N. For the issuance of bonds in a series; and

27 O. Any other matter relating to the bonds that the redevelopment authority determines  
28 appropriate.

29 **3. Liability.** A member or employee of the redevelopment authority or a person  
30 executing the bonds may not be liable personally for the bonds or subject to any personal  
31 liability by reason of the issuance of the bonds.

32 **4. Trust indenture.** In the discretion of the redevelopment authority, bonds may be  
33 secured by a trust indenture by and between the redevelopment authority and a corporate  
34 trustee, which may be any trust company or bank having the powers of a trust company,  
35 located either within or outside the State. Such a trust indenture may pledge or assign the  
36 revenues of the redevelopment authority or any part of it. A trust indenture may set forth  
37 the rights and remedies of the bondholders and the trustee, restrict the individual right of  
38 action of bondholders and contain such other provisions as the redevelopment authority  
39 may consider reasonable and proper for the security of bondholders. Expenses incurred in  
40 carrying out any trust indenture may be treated as a part of maintenance.

1           **5. Rights of bondholders.** Provisions may be made for protecting and enforcing the  
2 rights and remedies of bondholders, including covenants as to acquisition of property,  
3 construction, maintenance, operation and repair, insurance and the custody, security and  
4 application of all money.

5           **6. Depositories.** Any trust company or bank having the powers of a trust company and  
6 located either within or outside the State may act as a depository of the proceeds of bonds  
7 and revenue and may furnish such indemnity or pledge such securities as may be required  
8 by the redevelopment authority.

9           **7. Tax free.** The purposes of this chapter being public and for the benefit of the people  
10 of the State, bonds of the redevelopment authority are free from taxation by the State.

11           **8. Revenue refunding bonds.** The redevelopment authority may issue revenue  
12 refunding bonds for the purpose of refunding revenue bonds issued under this chapter. The  
13 issuance of any refunding bonds is the same as is provided for in this chapter relating to  
14 revenue bonds.

15           **9. Default.** In the event of default on bonds and in the event the default continues for  
16 a period of 3 months, action may be brought to enforce the rights of the bondholders by  
17 ensuring that the operation by the redevelopment authority is in conformity with the  
18 covenants of the bonds or trust indenture.

19           **§5161. Development Ready Advisory Committee**

20           The Development Ready Advisory Committee, referred to in this section as "the  
21 committee," is established pursuant to Title 5, section 12004-I, subsection 6-J to develop  
22 and maintain best practices for community development.

23           **1. Membership.** The members of the committee are as follows:

24           A. The executive director of the redevelopment authority;

25           B. The Commissioner of Economic and Community Development or the  
26 commissioner's designee;

28           D. The Commissioner of Environmental Protection or the commissioner's designee;

29           E. The Commissioner of Agriculture, Conservation and Forestry or the commissioner's  
30 designee;

31           F. The Director of the Maine State Housing Authority or the director's designee;

32           G. The Director of the Maine Historic Preservation Commission or the director's  
33 designee; and

34           H. The following members, selected by and serving at the pleasure of the executive  
35 director of the redevelopment authority:

36                   (1) A representative of a statewide association of municipalities;

37                   (2) A representative from each regional planning organization in the State;

38                   (3) A representative of an organization that advocates for the rights of low-income  
39 renters and homeowners;

1 (4) A representative of a local or statewide organization promoting civil rights that  
2 has racial justice or racial equity as its primary mission; and

3 (5) Two residents of the State with experience in real estate development.

4 **2. Duties.** The committee shall develop best practices for community development  
5 intended to support the following goals:

6 A. Assisting communities in preparing for new investment and development that  
7 maximize financial return for state and local economies, improve quality of life for  
8 local residents, address housing needs for households of all income levels and advance  
9 environmental protection and transportation goals and specific locally identified  
10 priority needs;

11 B. Assisting communities in designating priority investment areas in consultation with  
12 regional planning organizations, including but not limited to village centers,
