Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, on October 7, 2022 the Department of Administrative and Financial Services, Office of Cannabis Policy issued guidance stating that a medical use of cannabis registrant or adult use cannabis licensee must obtain a retail tobacco license in order to sell or give away certain products including electronic smoking devices, rolling papers, prerolled cannabis cigarettes, pipes or liquids used in electronic smoking devices, whether or not they contain nicotine; and

Whereas, according to the October 7, 2022 guidance, the penalty for selling these products without a retail tobacco license may include criminal charges, imprisonment and fines in excess of $1,000 per violation; and

Whereas, enforcement of Maine's tobacco law is ongoing; and

Whereas, the Maine Medical Use of Cannabis Act authorizes a person to provide products such as those listed in the October 7, 2022 guidance to a qualifying patient or caregiver for purposes of the qualifying patient’s medical use of cannabis; and

Whereas, the Cannabis Legalization Act authorizes a cannabis store to sell cannabis paraphernalia pursuant to its license; and

Whereas, Maine’s tax laws under the Maine Revised Statutes, Title 36, chapter 704 specifically exclude any product that contains cannabis or cannabis products from the definition of tobacco products; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §1551, sub-§3, as repealed and replaced by PL 2017, c. 308, §3, is amended to read:

It clarifies that cannabis paraphernalia is not a tobacco product under the laws governing the retail sale of tobacco. It permits a caregiver to sell or provide cannabis paraphernalia to a qualifying patient for the patient's medical use of cannabis.
