The registrar shall also enter any designations of challenged ballots in the applicable voter records in the central voter registration system. The registrar shall notify the Secretary of State as soon as these tasks are complete.

After the registrar has completed the update of the central voter registration system, as required by this section, and no later than 45 business days after the election, unless a recount has been requested pursuant to section 737-A, the clerk shall update the central voter registration system by entering voter participation history for that election and, if the election was a primary election, by identifying which party's ballot, if any, was issued to each participating unenrolled voter. The clerk shall notify the Secretary of State as soon as this task is completed.

In a municipality in which a recount has been requested pursuant to section 737-A, the clerk shall update the central voter registration system by entering voter participation history for that election and, if the election was a primary election, by identifying which

party's ballot, if any, was issued to each participating unenrolled voter within 20 business days after receiving the incoming voting list that has been returned by the Secretary of State after the recount. The clerk shall notify the Secretary of State as soon as this task is completed.

If the clerk determines that there is a defect on the return envelope of an absentee ballot under section 756, subsection 2 and that defect is cured pursuant to section 756-A, the clerk shall note whether the ballot was accepted or accepted but challenged and shall list the date that the defect was cured as the date that the ballot was received. The clerk must also indicate on the list when the absentee voter is a uniformed service voter, overseas voter or township voter. By the time that all absentee ballots have been processed on election day, the clerk must update the central voter registration system or annotate the printed list of absentee voters to reflect all ballots that were received by the close of the polls on election day, including a notation of whether the ballots were accepted, accepted but challenged or rejected and the reasons for such rejections. This list, reflecting all absentee ballots received by the close of the polls, must be made available for public inspection. Any absentee voter certified as a participant in the Address Confidentiality Program pursuant to Title 5, section 90-B must be listed by the voter code assigned to that individual under the program instead of by the voter's name and reflect the Address Confidentiality Program address assigned to the voter. The list of absentee voters must be sorted so that the program participants appear at the end of the list and must be printed on a separate page of the list. The portion of the list of absentee voters relating to Address Confidentiality Program participants must be kept under seal and excluded from public inspection.
