This portion of All Other funding is no longer required in the Repairs cost category and the All Other line category will have sufficient funding to meet its obligations for the full fiscal year. These marine patrol vessels are used to conduct search and rescue missions, federal fisheries law enforcement monitoring, border patrol, and overall enforcement of state commercial and recreational fisheries.

Be it further ordered,  
that the State Controller increase allotment in the Personal Services line category and decrease allotment in the All Other line category by \$482,590 within account 023-10A-0143-01; and,  
Be it further ordered,  
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2025," for which this shall be our sufficient warrant.

**Statement of Fact**

This financial order continues four limited-period positions approved by the Maine Jobs and Recovery Plan (MJRP), previously continued by Financial Order CV0610 F4, that will manage approved public drinking water construction projects, ensure compliance with the Safe Drinking Water Act, and coordinate projects to address emerging water contaminants. These positions will support efforts to expand addressing imminent risk to public health through investment in public water system improvements, including mitigation of lead in drinking water at schools and daycares and perfluoroalkyl and polyfluoroalkyl (PFAS) substances. Public Law 2021, chapter 483 did not establish Personal Services allotment to allow for the establishment of limited-period positions. This transfer is needed to meet the requirements of the approved business case, since the original appropriation for this project did not provide Personal Services allotment. These positions started on July 17, 2022 and will end June 14, 2025.
