Statement of Fact

This financial order continues four limited-period positions approved by the Maine Jobs and Recovery Plan (MJRP), previously continued by Financial Order CV0718 F5, that will manage approved public drinking water construction projects, ensure compliance with the Safe Drinking Water Act, and coordinate projects to address emerging water contaminants. These positions will support efforts to expand addressing imminent risk to public health through investment in public water system improvements, including mitigation of lead in drinking water at schools and daycares and perfluoroalkyl and polyfluoroalkyl (PFAS) substances. Public Law 2021, chapter 483 did not establish Personal Services allotment to allow for the establishment of limited-period positions. This transfer is needed to meet the requirements of the approved business case, since the original appropriation for this project did not provide Personal Services allotment. Statement of Fact

This financial order continues one limited-period position established by financial order 004060 F5 using funding from the National Oceanic and Atmospheric Administration Coastal Zone Management Administration (NOAA CZMA) State Cooperative Agreement and a portion of the anticipated unencumbered balance forward in the Non Federal Grants Other Special Revenue Funds account. This position will support the department's lead hydrographer on inshore and offshore mapping projects and will be responsible for vessel-based fieldwork and data collection. This position began March 1, 2025 and will end February 28, 2027. Failure to allot these funds will prevent the department's mapping surveys from running at capacity, causing survey inefficiencies and the failure to produce data in a timely manner.
