Correctional/Judicial Impact: The bill creates the Class C crime of manufacturing, importing or offering for sale an undetectable firearm. It also creates a Class C crime for a second or subsequent offense of possessing, importing, transferring or offering to purchase a firearm without a serial number. The current average cost of incarcerating one individual for a single year is \$55,203. It is not known how many individuals may be incarcerated who otherwise would not be. No additional funding has been included at this time.

The additional workload associated with the minimal number of new cases filed in the court system does not require additional funding at this time. The collection of additional fines will increase General Fund or other dedicated revenue by minor amounts.

Correctional/Judicial Impact: The additional workload associated with the minimal number of new felony cases filed in the court system does not require additional funding at this time. The collection of additional fines will increase General Fund or other dedicated revenue by minor amounts.

The bill increases the statute of limitations on Class A or Class B crimes involving aggravated sex trafficking from 6 to 20 years. The current average cost of incarcerating one individual for a single year is \$55,203. It is not known how many individuals may be imprisoned longer under this bill. No appropriations have been added to the bill.

Committee: Criminal Justice and Public Safety

Law Ref.:

House Status: Enacted

Fiscal Note Summary: Potential current biennium cost increase - General Fund  
Minor cost increase - General Fund  
Minor revenue increase - General Fund  
Minor revenue increase – Other Special Revenue Funds

Correctional/Judicial Impact: The bill adds a definition for "retail merchandise", which includes, among other things, the theft of gift cards. Specifically identifying gift card theft as a theft of merchandise could result in an increase in incarcerations. The number of any potential increased incarcerations is not known. The current average cost of incarcerating one individual for a single year is \$55,203.

The additional workload associated with the minimal number of new felony cases filed in the court system does not require additional funding at this time. The collection of additional fines will increase General Fund or other dedicated revenue by minor amounts.
