Sen. Craig Hickman and Rep. Anne-Marie Mastraccio:

As a member of the Government Oversight Committee, I respectfully request that the Maine Department of Public Safety (DPS) provide a briefing on its efforts to protect the rights and safety of Maine residents – given the apparent violations of such by federal immigration agents. Given the urgency of this issue, I suggest that this Committee, as well as the Criminal Justice and Public Safety Committee, either receive a report in writing from DPS or conduct a special meeting to hear directly from them.

I thank you for your consideration of this request.

Sincerely,
