ORDERED,

That the State Controller increase allotment in account 014-10A-0147-17, Home and Community Based Services - American Recovery Plan Savings, by \$2,542,783 in the All Other line category for the purpose of allotting the unencumbered balance forward and additional revenues to fund close out activities related to Home and Community Based Services; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2027," for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots the unencumbered balance forward of \$387,126 and \$2,155,657 of additional revenues to provide total allotment of \$2,542,783 to fund Medicaid Home and Community Based Services (HCBS) projects. Payments will be consistent with the projects proposed to the Centers for Medicare and Medicaid Services (CMS) in Maine's approved 9817 spending plan. Revenue has been collected through the 10% Federal Medical Assistance Percentage (FMAP) increase on HCBS services related claims and sufficient cash exists to support this request. Failure to allot these funds will negatively impact the Department's obligation to support and enhance HCBS services according to the plan approved by CMS. Funding is authorized by the American Rescue Plan Act of 2021 and CMS has extended the deadline for Maine to fully exhaust these funds through September 30, 2026.

Statement of Fact

Public Law 2025, chapter 650, Part JJ allows the commissioner to pay professional and administrative support staff costs to implement the allocations from the fund to school administrative units (SAUs). These SAUs have assumed the responsibility for child find activities and for ensuring a free, appropriate public education for special education and related services pursuant to section 7006, subsection 2 as outlined in each child's individualized education program. These costs include the general education costs incurred in the provision of special education services to children eligible under Part B, Section 619. This financial order establishes two Management Analyst II positions in order to manage all aspects of these allocations. The positions will begin on August 15, 2026 and end on August 14, 2028. Failure to allot these funds will result in the department's inability to pay costs attributed to staff support to manage the requirements of this section.

Be it further ordered,

This financial order transfers General Fund All Other allotment from the Housing Opportunity Fund program to Division of Building Codes and Standards program. This adjusts General Fund All Other allotment that was erroneously reduced in the Public Law 2025, chapter 650 in Division of Building Codes and Standards program rather than the Housing Opportunity Fund program to fund a position reorganization. This will resolve the current negative All Other allotment in Division of Building Codes and Standards program, General Fund account. that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2027", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots the unencumbered balance forward in the Collections Preservation account. Funding is required for the conservation, restoration, preservation and storage of historically significant materials at the Maine State Library. With the Library's collections now returned to the Cultural Building, access to these funds is necessary to purchase the supplies and materials required to properly rehouse and protect valuable collection items. Many preservation projects were delayed while the collections were stored at three off-site locations over the past six years. The Library has identified these priorities and is prepared to move forward with this work. Failure to allot these funds will result in the inability to protect historically significant materials.

ORDERED,

That the State Controller increase allotment in account 014-94Q-Z144-01, Maine Public Library Fund, by \$10,000 in the All Other line category for the purpose of funding expenditures related to the Maine State Library's redesigned Library Development grant program; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2027", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward in the Maine Public Library Fund account. Funding is required to support the implementation of the Maine State Library's redesigned Library Development grant program. The program has shifted its focus from providing one-time programmatic grants to offering capacity-building strategic grants that support long-term improvements for Maine public libraries and the communities they serve. This redesigned grant program will serve as the Library's annual grant model going forward. Failure to allot these funds will delay the implementation of the redesigned grant program and the distribution of strategic grant funding to Maine public libraries.
