ORDERED,

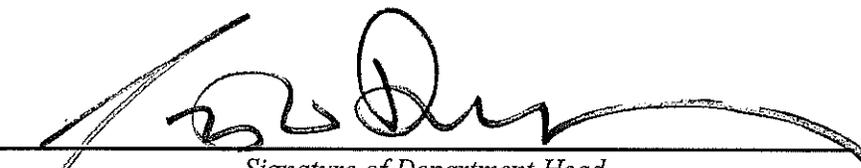

That the State Controller transfer \$64,806 from the All Other line category to the Capital Expenditures line category within account 012-29B-0077-04, Administration - Motor Vehicle for the purpose of installation of a clean agent fire suppression system in an existing, functioning computer server room and adjacent spaces totaling approximately 2,000 square feet in area; and,

Be it further ordered,
that the State Controller increase the allotment in account 012-29B-0077-04, Administration - Motor Vehicle, by \$64,806 in the Capital Expenditures line category, and decrease the allotment in account 012-29B-0077-04, Administration - Motor Vehicle, by \$64,806 in the all Other line category for the purpose of installing a clean agent fire suppression system; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

This fire suppression system is needed to provide the computer room with adequate fire protection. If there was a fire, the department would be in danger of losing their primary servers. These All Other funds are available by a one-time reduction in the purchase of miscellaneous minor computer equipment. Failure to authorize this transfer would be detrimental as it would leave the department with inadequate fire protection for the computer room.
