Justification:

The Maine State Police force provides full law enforcement services to areas that do not have their own police departments. Officers patrol the rural roads, interstate system, and Maine Turnpike enforcing motor vehicle laws and responding to accidents. They investigate all homicides outside of Portland and Bangor as well as other major crimes. The State Police operates a crime lab as well as other specialized law enforcement services, and maintains the criminal history records information.

GENERAL FUND TOTAL	\$948,806	\$1,548,614

Justification:

This initiative provides funding to reflect the results of a staffing capacity study which demonstrates severe staffing shortages in specific areas. These shortages have been created through a combination of increased volume and complexity of investigative casework, decreased staffing capacity due to training demands and emerging need for specialized response to support all Maine law enforcement, and lastly the identified need for 24-hour coverage in certain areas and corridors of Maine.

State Police 0291

GENERAL FUND TOTAL	\$66,576	\$66,576

Justification:

The lease for the main offices of the Department of Public Safety was recently renewed by the Department of Administrative and Financial Services and was converted from a gross lease to a modified gross lease. The new lease requires the department to pay a portion of some costs that exceed the base year amounts as defined in the lease agreement. These costs include: property taxes, fuel for heat, electricity, water and sewage, insurance and parking lot maintenance. This funding is necessary for the Department of Public Safety to meet its obligations.

Justification:

These positions assist with equipment installation and set-up for law enforcement vehicles. Through agreement of the departments, the positions are better aligned with agency duties within the Office of Information Technology. The corresponding initiative in the Department of Administrative and Financial Services is CA530.

State Police 0291

Initiative: Transfers one Computer Forensic Analyst position from the State Police program, Federal Expenditures Fund to the Computer Crimes program, General Fund and reallocates the funding in the State Police program, Federal Expenditures Fund to All Other. Justification:

The Computer Crimes Unit was first established as a task force to address internet crimes against children. The State Police stood up the unit with staffing from within its ranks and some support from a federal grant. Today, the demand for services has grown from the initial, targeted mission to requests from law enforcement agencies across the state for assistance in analyzing electronic devices used in the commission of crimes. The role of technology in our society and in the investigation of major crimes such as homicides has made access to this expertise critical to a successful prosecution. The need for this skillset in law enforcement is very specialized and constantly evolving, requiring a dedicated, specialized unit encompassing officers and analysts from across Maine. The proposed reorganized unit will include an expansion of the core full-time laboratory staff and investigators, augmented with the assistance of affiliate officers from local, county, and state agencies to address their individual needs for these services. This restructuring recognizes three distinction operational areas : Computer forensic analysis, technology support for major or complex investigations, and Internet Crimes Against Children. The additional staffing requested is critical to meeting the demand for service.

Justification:

The Traffic Safety - Commercial Vehicle Enforcement unit oversees and enforces the laws regarding vehicle size and weight for the protection of Maine's infrastructure. Verifies compliance of the Federal Motor Carrier Safety Regulations through both roadside enforcement efforts and terminal safety reviews of Motor Carriers, all in an effort to reduce commercial vehicle related crashes statewide. Roadside enforcement includes the verification of valid commercial driver's licenses, hours-of-service for drivers, vehicle safety inspections, and the weighing of vehicles.

Justification:

The Bureau of Motor Vehicles (BMV) was established to provide public safety and better regulation of traffic through administration of the laws of the State relating to motor vehicles and to the operators and operation thereof. Under the auspices of the Secretary of State, the Bureau provides the general public with a main office, thirteen branch office locations, and 506 municipalities throughout the state, where motor vehicle registrations may be obtained. There are approximately 1.4 million vehicle registrations processed annually.

The Bureau provides titling of approximately 400,000 motor vehicles annually. The Bureau collects and submits sales tax to Maine Revenue Services when a vehicle is purchased and registered through a private sale. There were approximately 221,824 vehicles registered as private sales and BMV collected \$40,731,511 in sales tax revenues in fiscal year 2017-18.

The Bureau is also responsible for implementing commercial vehicle laws, including truck registration, weight permits, and fuel tax programs.

Driver licenses may be obtained at the main office, in the 13 branch office locations, 9 AAA locations and 19 mobile unit locations. There are roughly 1,032,703 licensed drivers in the State. The Bureau ensures that applicants applying for operator licenses have the ability, knowledge and necessary skills for safe vehicle operation.

The Bureau investigates and licenses motor vehicle and trailer dealers; conducts hearings on violations of motor vehicle laws to determine if the individual's privilege to operate or register a vehicle should be suspended, withheld or revoked and also determines when reinstatement is permissible. There are approximately 6,000 hearings conducted on an annual basis and approximately 48,000 reinstatement fees collected.

The Bureau administers the driver and motorcycle education programs, by licensing and monitoring 167 driver education schools, 33 motorcycle schools, 17 truck schools and 370 instructors.

The Bureau also has a Medical Review unit which is responsible for the determination of a driver's ability to operate a vehicle based on various functional ability profiles and on adverse driving reports received. The unit conducted 35,260 reviews in 2017.

The total estimated undedicated revenue the Bureau will be collecting for the Highway Fund for the 2020-2021 biennium is \$197,584,391.

All Other	\$10,739	\$0
Capital Expenditures	\$120,102	\$0
OTHER SPECIAL REVENUE FUNDS TOTAL	\$130,841	\$0

Justification:

The equipment in the plate shop is at least 40 years old and needs updating. The new embosser takes up less floor space and can alternately be used for motorcycle and other embossed license plates. The dry roll coat machines use a nontoxic, thermal transfer ribbon that is applied to the embossed letters and rim of the license plate.

All Other	\$1,100,000	\$1,100,000	\$1,100,000	\$1,100,000
OTHER SPECIAL REVENUE FUNDS TOTAL	\$1,100,000	\$1,100,000	\$1,100,000	\$1,100,000

Justification:

The Municipal Excise Tax Reimbursement Fund is a dedicated, non-lapsing fund established by 29-A MRSA, section 533-A1. An apportioned excise tax is collected and deposited into the fund from nonresident owners of commercial vehicles participating in the International Registration Plan who are paying an apportioned registration fee to the State of Maine. The revenue collected is used to reimburse municipalities for lost excise tax revenue. The Secretary of State reimburses participating municipalities the difference between the amount of excise tax that would have been collected on certain commercial vehicles in the previous fiscal year based on the manufacturer's suggested retail price (MSRP), and the actual amount of excise tax that was collected in the previous year based on the vehicle selling price. Municipal participation in the reimbursement program is optional. Any revenue collected in the previous fiscal year over and above the total amount reimbursed to all participating municipalities in the current fiscal year reverts back to the Highway Fund.

PART Q in 4.4.19

Sec. Q-1. Department of Administrative and Financial Services; lease-purchase authorization. Pursuant to the Maine Revised Statutes, Title 5, section 1587, the Department of Administrative and Financial Services, in cooperation with the Treasurer of State, on behalf of the Department of Public Safety, may enter into financing agreements in fiscal years 2019-20 and 2020-21 for the acquisition of motor vehicles for the State Police. The financing agreements entered into in each fiscal year may not exceed \$2,300,000 in principal costs, and a financing agreement may not exceed 3 years in duration. The interest rate may not exceed 5%. The annual principal and interest costs must be paid from the appropriate line category appropriations and allocations in the State Police accounts.

**PART Q
SUMMARY**

This Part authorizes the Department of Administrative and Financial Service to enter into financing arrangements in fiscal years 2019-20 and 2020-21 for the acquisition of motor vehicles for the Department of Public Safety.
